

BOYCOTT TROUBLE IN GOLDFIELD

Mine Owners Are Determined to
Break the One on the
Sun.

IT WAS SOLD ON THE STREETS

Diamondfield Jack Davis Held On
Mob of a Hundred With
Two Pistols.

Goldfield, Nev., Sept. 6.—There is great excitement in Goldfield tonight over the Industrial Workers of the World situation. The mine owners have determined to break the boycott of the Industrial Workers of the World on the Goldfield Sun. George Wingfield and Diamondfield Jack Davis are selling papers on the street with the members of the Carpenters' union and trades council.

The action arose from the attempt of the Industrial Workers of the World to force the carpenters to join the organization. When they refused they threatened the carpenters could not work at the mines. The men went to George Wingfield who said if the carpenters did not work neither could the miners. Wingfield said he would close down all the mines. Men who attempted to sell the Sun on the street yesterday were attacked by a mob of several hundred. Diamondfield Jack Davis, with two guns, routed the mob without firing a shot. Last night Wingfield and a mob of men, gathered a number of determined influential men, and returned to Goldfield ready for battle with the agitators. He brought arms and is prepared for a serious conflict. Prominent men are selling papers.

A BALLOONIST'S DEATH.

Descending Loses Hold and Drops
To Earth Two Hundred Feet.

Oaklahoma, Kan., Sept. 6.—In full view of a crowd of 2,000 spectators at the Jefferson county fair here to-day, Jerry Turner, an inexperienced balloonist, fell 200 feet from a trapeze suspended from a parachute and was instantly killed. Turner, who was aged 35, was an employee of a street fair company, and his home was in Kansas City.

AMERICAN BATTLESHIPS.

Will be Concentrated on Home Stations.
Armored Cruisers for Asia.

Washington, Sept. 6.—The navy department has decided to concentrate all the battleships in the navy on the home stations and to replace those on the Asiatic station with armored cruisers. In accordance with this policy the battleships Ohio and Wisconsin, which have been in Chinese waters for several months past, have started back to the United States.

TUBERCULOSIS CONFERENCE.

The Hague, Sept. 6.—The international conference on tuberculosis was opened here today with a good attendance. In the presence of Prince Henry of the Netherlands, the French foreign minister, M. Bourgeois, was announced president of the Anti-Tuberculosis association.

TO EXECUTE REVOLUTIONISTS.

Warsaw, Sept. 6.—Much excitement has been caused here by the announcement in newspaper extras tonight that order had been given to execute revolutionists who might be caught red-handed.

FOUND DEAD IN LAKE.

Newark, N. J., Sept. 6.—The bodies of Eddie Diebold, aged 17, and Harry Kelly, a glass worker, aged 35, were

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerve will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerve, and used altogether eight bottles, and I became strong and healthy, and now weigh 175 pounds."

POSTAL CLERKS.

Savannah, Ga., Sept. 6.—The seventh annual convention of the National Association of Postoffice Clerks adjourned today, to meet next year in Florida. After deciding not to affiliate with the American Federation of Labor.

BRYAN TAKING A WELL-EARNED REST.

Lincoln, Neb., Sept. 6.—After the strenuous week since his arrival in New York, Mr. and Mrs. William J. Bryan today enjoyed the quiet at their Fairview home. Mr. Bryan said today that for himself and Mrs. Bryan he wanted to thank the people of the country, and especially of his home state and city, for the whole-hearted and kindly way in which he has been received. The reception at Lincoln last night, he said, was a revelation and touched his heart. The crowd, he believed, was the largest he ever addressed. Mr. Bryan will tomorrow make a short address at the state fair grounds, and in the evening will talk to his neighbors at Fairview.

Sept. 10 Mr. Bryan will leave for a tour of nearly 20 days in the south central and southeastern states. He will be home about the first of October.

RUSSIAN PRISON ATTACKED.

Stopynia, Russian Poland, Sept. 6.—Revolutionists today attacked the prison here with the purpose of liberating two political agitators. A pitched battle followed, and after several hours the attacking party withdrew, carrying several wounded.

COAL COMPANIES COMBINE.

Cologne, Sept. 6.—The Phoenix and Moeder companies, two of the largest coal and iron companies in Germany, have decided to consolidate their stock holdings. The aggregate capital of the amalgamated companies, including debts, will be \$20,250,000.

BORDER SITUATION QUIET.

Nogales, Ariz., Sept. 6.—The border situation is quiet, but the undercurrent is uncertain. A hundred rurales arrived last night. Two hundred on foot left Nogales yesterday for Cananea. The soldiers seem poorly supplied with rations. Yesterday one soldier dropped from the ranks and soon died. There are 100 Mexican troops now in Nogales, Sonora. A meeting of prominent Mexicans was held last night in a secluded room on the American side. Nothing was given out. The attendance of Sonora newspapermen at the conference excited some comment.

WALKING DELEGATE SENT UP.

Geo. A. Roberts Given Six Months in Jail for Assaulting a Man.

Tonopah, Nev., Sept. 6.—George A. Roberts, a walking delegate of the Industrial Workers of the World, was sentenced to six months in the county jail today for an assault on W. H. Nolting, a musician and member of the American Federation of Labor. A boycott had been instituted on the dance hall where Nolting was employed under the order of Roberts. All the American Federation musicians employed in the hall resented the boycott, placed because they would not join the Industrial Workers of the World. Judge Russell gave Roberts an unmerciful lecture.

CUBAN LIBERALS WANT BETTER TERMS

Insist on This and a Guarantee
That Conditions Will be
Carried Out.

DEMANDS ARE STRINGENT.

Rural Deserters Must Get Former Positions and Deposed Municipal Officers Restored.

Havana, Sept. 6.—While the peace projects have caused a general suspension of revolutionary operations, no appreciable progress toward anything like a satisfactory understanding has been made. The Liberal leaders insist that it is unjust to regard them as insurgents, and assert that they are merely seeking peace. But they declare that not only must the terms be better than heretofore talked of, but that there must be some guarantee that the conditions will be carried out.

Gen. Menocal was busy throughout today holding conferences. He said tonight he had no reason to be disappointed with the progress of the negotiations, and that the semi-official suspension of hostilities which began to-day in Santa Clara and Havana provinces would be extended to the rest of the island, giving the veterans a chance to push negotiations for peace.

The demands that come from the insurgents include the restoration of deserters from the rural guards to their former positions, the reinstatement of Liberals who last year were deposed from municipal offices, the retention of arms by the insurgents, and other equally radical propositions. The Liberals have not yet relinquished the hope that they may be able to force the resignation of President Palma and all the high government officials. The succession of Vice President Mendez Capote to the presidency is also discussed. The Liberals seem to think they could reach an understanding with him. There is nothing to indicate that Mendez Capote is a party to this project.

Many business men of Havana ridicule what they call a "patched-up peace," which, they allege, can be only temporary. Some go so far as to assert that the country never can be governed or investments be absolutely safeguarded unless the United States intervenes. This is frankly stated in some cases also by high government officials.

LABELS ON CANS.

Secy. Wilson Says They Must State Exactly What Contents Are.

Washington, Sept. 6.—After numerous conferences between Secy. Wilson, Dr. Marvin, chief of the bureau of animal industry, and about 40 representatives of the various meat packing houses, the problems which have arisen over the question of labels which, under the law, must be upon meat products, have been settled to the satisfaction of all concerned. At the conclusion of the conference, the packers announced that they would at once prepare the labels and have them ready Oct. 1, when the law goes into effect.

Throughout the discussion Secy. Wilson stood for labels which would state exactly what the package contained, and this the packers have finally accepted, although by way of compromise the secretary did not insist upon the percentages of different meats contained in any canned article put out under one name.

ARIZONA UNANIMOUSLY AGAINST JOINT STATEHOOD

Bisbee, Ariz., Sept. 6.—As a result of the conventions held here today by both the Democratic and Republican parties of Arizona, Mark Smith of Tucson was named as the Democratic candidate for Congress, and W. C. Cooper of Globe was named as the Republican candidate. This is the eighth time Mark Smith has been nominated by Democrats of Arizona, being first named in 1888.

Both parties adopted an identical resolution against joint statehood as follows:

"We are unalterably opposed to joint statehood between Arizona and New Mexico and would prefer to remain a territory forever than to have a joint state with New Mexico."

The platform of the Democratic convention thanked the Democrats in congress and the Republicans who joined with them in giving the territory the right to vote "Yes or No" on the question of joint statehood; eulogized Mark Smith, delegate in Congress, for his great work in preserving the autonomy of Arizona and declared in favor of equal taxation of all property in the territory.

The Republican platform endorsed the national administration and the territorial administration of Gov. Kibbey and in addition to the resolution against joint statehood declared for the equitable taxation of all the property of the territory.

SPEAKER CANNON THINKS ROOSEVELT MAY RUN.

Rockland, Me., Sept. 6.—"Stranger things might have happened than Roosevelt being president until 1912," said Speaker Joseph G. Cannon, in the course of a speech advocating the re-election of Representative Littlefield here tonight. The statement was made after Mr. Cannon has discussed recent utterances of William Jennings Bryan.

Speaker Cannon had a severe cold while coming here from Lewiston today, and kept to his bed after his arrival until the early evening. He recovered sufficiently to fulfill his engagement and made a vigorous speech. When Mr. Cannon left the hall he exhibited signs of weakness, but expressed the belief that a night's rest would restore his normal condition.

This is Mr. Littlefield's home city and Mr. Cannon's audience cheered his reference to Mr. Littlefield loudly.

SPAIN AND THE VATICAN.

Their Relations Occupy Attention of Spanish Press.

Madrid, Sept. 6.—The strained relations between Spain and the Vatican are occupying the attention of the entire Spanish press and public. The Liberal newspapers severely blame the government's indecision, and demand the adoption of extreme measures, including the immediate denunciation of the concordat, without waiting for the enactment of a law affecting the religious associations.

SHOT AT HER HUSBAND.

Portland, Ore., Sept. 6.—Mrs. G. H. Conrad, wife of an employee of the quartermaster's department, who last Tuesday slashed her husband's face with her razor, early today shot four times at Mr. Conrad with a small caliber revolver, one bullet inflicting a slight flesh wound in the arm. The

RETURNS TO ITALY TO COMMIT SUICIDE.

New York, Sept. 6.—A dramatic scene occurred on the French line pier today just before the steamer La Provence left for Havre. Among the passengers was Luigi Contarini, 34 years old, who was bound for his old home in Lucca, province of Lodi, Italy. He kept a suicide pact to die on his sweetheart's grave.

Andrew Contarini, a brother of the passenger, created the scene, and afterward told his brother's story. He said that Luigi became betrothed to Josephine Ballard, a girl in his native town. Her parents opposed the match, preferring a wealthier suitor, and Luigi, with his sweetheart's promise to keep faith, came to this country to seek his fortune. He established himself at Beaver, Okla., where he secured a farm. There he met Josephine's mother, but she replied that she could not, that her parents forbade, that she intended to commit suicide and that she expected Luigi to join her in death.

News that the girl had carried out her purpose followed and Luigi sold his property at Beaver and started for Italy to kill himself on the girl's grave. His brother, Antonio, lives in Paterson, N. J., and Luigi went to him, told him the story, and bade him farewell. Entreaties failed to avert the man and on the pier Antonio made his final appeal. He clung to his brother, imploring him not to go. Luigi shook his head. Antonio then half dragged his brother to an open space on the pier, fell on his knees, raised a crucifix aloft and renewed his pleadings. Luigi could not be moved, and finally, turning his back on Antonio, went on board the La Provence.

When the steamer sailed Luigi stood at the rail watching Antonio, who had again fallen to his knees and with outstretched arms was beckoning to his brother.

ALABAMA AND ILLINOIS.

Court of Inquiry Report Shows Heavy Fog at Time of Collision.

Washington, Sept. 6.—Secy. Bonaparte, who resumed charge of the navy department today, appointed a court of inquiry, to investigate the alleged collision between the Alabama and Illinois, when the Atlantic fleet was entering Newport, July 31. Rear Admiral Evans, commanding the fleet, appointed a naval court of inquiry, and it is understood that this court held Capt. Samuel P. Conly, commanding the Alabama, and Lieut. Alfred W. Pressey, the officer of the deck of the Alabama at the time of the collision, responsible and recommended their trial by court-martial for alleged mismanagement of their vessel. What action Secy. Bonaparte will take in the matter cannot be predicted.

The report of the court of inquiry shows that a heavy fog prevailed and that the Alabama was compelled to change her course to avoid running into the Kearsarge, which had steamed down. But in doing so the Alabama, according to the report, turned toward the other line of vessels instead of turning toward clear water as she should have done according to some naval authorities.

TO ESCORT PRESIDENT.

Secy. Bonaparte Has Not Yet Selected Warships.

Washington, Sept. 6.—Secy. Bonaparte returned to the navy department today after an absence of three weeks. During the naval review at Oyster Bay he discussed with the president the selection of a paymaster general, and it is expected that the appointment will be announced soon.

Secy. Bonaparte says that the selection of the ships to escort the president to Panama has not been made. It is probable that two of the larger ships will be chosen, one to carry the president and the other as an auxiliary. A smaller ship may be sent also in case the president desires to cruise along the coast and in harbors that the larger ships cannot enter.

TWELVE SOLDIERS DROWNED.

Bucharest, Sept. 6.—During the combined land and sea maneuvers at Constantza today a boatload of soldiers, members of a battalion of chasseurs, was capsized. Eleven privates and one officer were drowned.

INTERNAT'L POLICYHOLDERS' COMMITTEE MEETING.

New York, Sept. 6.—Chairman Richard Olney presided today at the meeting of the international policyholders' committee at the Waldorf Astoria.

The work in the preparation of the tickets for trustees of the Mutual Life Insurance company and New York Life Insurance company that will be placed in the field to oppose the ticket presented by the present administration of the company. The committee will not make known the names of the candidates chosen until Sept. 18, when the election will be held with the superintendent of insurance.

The action of the Mutual Life Insurance company in nominating Judge George Gray, Gen. Benjamin F. Tracy, Col. Alfred M. Shock and Harlow N. Higginbotham, members of the international policyholders' committee, as trustees against their wishes, was discussed.

The following resolution was passed: "Resolved, That the placing of the names of Gray, Tracy, Shock and Higginbotham on the administration ticket of the Mutual Life Insurance company without the consent and against the protest of those whose names were thus used, tends to deceive the policyholders who are called upon to vote, and deserves the reprobation of fair-minded men. The policyholders are warned not to vote for any ticket containing the names of these four gentlemen."
