## SCANDALS IN COURT.

The structure uttered by Judge Tibbs in deciding a noted divorce suit in his court yesterday has the right ring to them and will be favorably received by nine-tenths of the community. Aluding to the complaint, cross-complaint and all that sort of thing, his honor said: "The extraordinary charges which have been made against the other, with but meagre evidence to support them, have been an annoyance to the judge and a scandal upon the record of the court."

Strong words these, and true; but the additional declaration would be equally true that the testimony and the affidavits in the case in question have been a disgrace, to decency and an insult to reputable people generally. Something of the same nature is going on openly at this writing in another court in this city, and it is an annoyance to the judge and a scandal upon the record of the court. The charges against the other, with but meagre evidence to support them, have been an annoyance to the judge and a scandal upon the record of the court. The charges against the other, with but meagre evidence to support them, have been an annoyance to the judge and a scandal upon the record of the court.

## STRICTLY A MATTER OF BUSINESS.

All the facts, figures or statistics that anxious place-holders may exhibit or put forth will be of no effect in obscuring the main issue on which the friends of non-unionism in this city are contending. The purpose of the campaign, this issue in its plainest terms is that justice must be done to the honest laborer. The issue is not a matter of business, it is a matter of justice. The issue is not a matter of business, it is a matter of justice. The issue is not a matter of business, it is a matter of justice.

It is just to the management of a city. This particular hour has been marked by so much politics in its local affairs. Every other city of its size in the country has had a similar experience. The movement for reform is spreading among them all, and it is only a matter of time before the same will be felt in our city. The issue is not a matter of business, it is a matter of justice.

If your child looks upon Scott's Emulsion as Cod-liver Oil and is repelled by it, begin with part of a teaspoonful in twice the quantity of water, and it will take it and relish it as though it were milk. There is no food or medicine for children of from three or four to ten or twelve years of age which equals Scott's Emulsion for putting color into the cheeks, enriching the blood and bringing comfort and good nature.
