## ELECTION INSTRAD OF AP POINTMENT.

SENATOR PENDLETON, who, by the way, manfully opposed the Edmunda bill as unco oppressive, is an ardent advocate of making elective many officers now and New Orleans packet. Golden filled by federal appointment. He says he can see no reason why the people should not elect postmasters, district attorneys, marshals, clerks of courts, collectors of customs, col-lectors of internal revenue and many

would recure to the people the choice of the men who are to exercise authority over them. It would decentralize power. It would break up the trained bands of office holders up the trained bands of office holders whom the present system fuses into a disciplined, organized army of one political opinion, fighting for the success of one political party. It would check anti-democratic tendencies in our government. would check anti-democratic ten-dencies in our government by restor-ing to the people their legitimate clinati and carried a crew of about 60. She had about 40 cabin passen-gers, 15 of whom were ladies and nine children. The cargo consisted

"Article 1.—Section i. Postmasters, marshais, district attorneys of the United States, clerks of courts inferior to the Supreme Court, and all such other civil officers of the United States exercising executive or ministerial powers within the several States or Territories and districts, composed of the whole or part of any State or Territory, as Congress may designate, shall be elected by the people of the several district, and the electors of the most numerous person of the lectors of the most numerous person of the lectors of the most numerous person of the lectors of the lectors of the most numerous person of the lectors of

Sec. 3. The time, places and anner of holding such elections ader this article shall be prescribed each State by the Legislature thereof, but Congress may, at any time, by law, alter such regulation."

## A DANGEROUS PLAYTHING.

IT is stated that the Company tributing process.

tric lighting is still within the domain of experiment. It has not city hospital, also Senior Black; Mr. Devouz is alightly burned on the mination. notwithstanding the so far been successful in street illumination, notwithstanding the flaming notices it has received in the newspapers of Europe and America, many of which there is good reason to believe were written by the agents of the companies interested. The Cincinnati Times-Star has lately opened its eyes to the trath on this subject, and now candidly crew jumped aboard a barge which significant that the predictions uttered floated down stream, but they were rescued by the harbor boat. It is a short time ago concerning electric estimated that 35 lives were loss lighting and the revolution it was Kelly and three roughbouts are th

the new light, and its sudden subaidence, the Trace-flow says:

"Some progress has been made in
using electricity for Huminating
purposes, but it cannot be regarded as a satisfactory advance. Parts
of several cities in Europe and
America are now lighted by electric lamps, and in some places the
experiment is deemed a success.
But there seems to be no indication
of the general miloption of the ave
them of Memphis being approached.
The bottom of his lamp dropped into
the jute, and before the fiames could
be extinguished they spread all over
the deck of the steamer. Purcell,
the pilot, escaped by elimbing over
the fire was all in the rear of him
when the steamer touched the
wharf. The Oriote did not born, as
reported but was sunk by the burning steamer.

West regger O of Hall Lake & Od

The New York Herald, dilating merry party aboard and nearly all on the same subject says: The recent sterference of the res of an electrollight company and hose of the Fire Department, which resulted in the estruction of some of the fire alarm boxes, forcibly ealls attention to the necessity of placing the wires of every descriptions of the sterile. tion under come systematic regulacertain that we are only in the in-
