In the Matter of the estate and guardianship of Brigham Pyper, et al., minors.

Order to show cause why order of sale of real estate should not be made.

JANE T. PYPER, THE GUARDIAN OF the estate of Brigham Pyper et al., minors, having filed her petition herein, duly verified, praying for an order of sale of a portion of the real estate of said deceased, for the purposes therein set forth, it is therefore ordered by the Judge of said court, that all persons interested in the estate of said deceased, appear before the said Probate Court on Wednesday, the 7th day of May, 1890, at ten o'clock a. m., at the Court Room of said Probate Court, at the County Court House, in the city and county of Salt Lake, Utah Territory, to show cause why an order should not be granted to the said guardian, to sell so much of the real estate of the said minors at private sale as shall be necessary, and that a copy of this order be published for at least four successive weeks in the DESERET EVENING NEWS, a newspaper printed and published in said city and county.

A HORSE WHO CAN TALK!

Everybody has heard of a "horse laugh," but who has ever seen an equine gifted with the power of speech? Such an animal would be pronounced a miracle; but so would the telegraph and the telephone a hundred years ago. Why, even very recently a cure for consumption, which is universally acknowledged to be scrofula affecting the lungs, would have been looked upon as miraculous, but now people are beginning to realize that the disease is not incurable. Dr. Pierce's Golden Medical Discovery will cure it, if taken in time and given a fair trial. This world-renowned remedy will not make new lungs, but it will restore diseased ones to a healthy state when other means have failed. Thousands gratefully testify to this. It is the most potent nerve, or strength-restorative, alterative, or blood-cleanser and nutritive, or flesh-builder, known to medical science. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, Catarrh in the Head, and all Lingering Coughs, it is an unequaled remedy. In derangements of the stomach, liver and bowels, as Indigestion, or Dyspepsia, Biliousness, or "Liver Complaint," Chronic Diarrhœa, and kindred ailments, it is a sovereign remedy.

"Golden Medical Discovery" is the only medicine of its class, sold by druggists, under a printed guarantee, from the manufacturers, that it will benefit or cure in every case of disease for which it is recommended, or money paid for it will be promptly refunded.

A BRIDGE BREAKS.

Four Killed and Fifty Injured at a Negro Baptizing in Ohio.

THREATENED GENERAL STRIKE IN AUSTRIA.

The Labor Unions of London Declare in Favor of the Demonstration of May 1.

By Telegraph to the NEWS.

Death at a Baptizing.

SPRINGFIELD, O., April 20.—At a colored baptizing given in Buck Creek this afternoon, part of a bridge loaded down with spectators collapsed. Four persons were injured fatally and over fifty more received severe injuries. There were about 600 people on the Limestone Street bridge, which had been condemned and afterwards repaired, and which spans a mill-race, in addition to crossing the creek. It was one of the foot bridges on the race part which gave way. The main railing did not break, and this caused the footbridge to swing around at an angle of 45 degrees. Screams, yells, shrieks and groans were commingled.

Strike in Austria.

VIENNA, April 20.—The workmen in the mines and iron works of the Prague Industrial Company and of the Austro-Alpine Mining Company threaten to strike if the eight-hour working day is not granted. The movement is ominous of a general strike throughout the country and causes the gravest fears among the authorities. At Kladno, where 17,000 men have threatened to strike, the authorities have asked for troops, and other industrial centers make similar demands, the local authorities declaring that they are powerless to maintain order.

Labor Meetings in London.

LONDON, April 20.—Eighteen district meetings were held in London today, in response to a call of the Federation of Labor Unions, and all voted in favor of the proposed demonstration on May 1st. The largest contingent assembled at Hyde Park, and was addressed by the socialist, John Williams, who said the workmen should show their pluck and unite with their brother laborers abroad in taking May 1st as their own holiday.

The Pope and the Pilgrims.

ROME, April 20.—The Pope today received 3000 Italian pilgrims. He made a forcible speech, in which he indicted the government. The audience cheered and shouted, "Long live the Pope!"

O'Brien Engaged.

LONDON, April 20. — William O'Brien, M. P., is engaged to the daughter of M. Raffaloviteh, the Parisian financier.

The Irish Land League.

ST. LOUIS, April 20. — In pursuance of instructions of the executive committee of the Irish National League, Dr. Thomas O'Reilly has written to John Dillon, asking him to procure the consent of Parnell to hold a convention of the league in this country in the near future. The convention, if held, will be at Baltimore. The letter says the necessity just now for calling a convention is pressing, "as at present the organization in this country is moribund. The apprehensions of the other side of the Atlantic, that the disturbing element on this side will do something calculated to compromise the friendly relations existing between the home rule party and the liberals throughout England, Scotland and Wales, is without foundation. This element, though small in numbers, is noisy, but cuts no figure in conventions, for the reason that the conservative sense of our people preponderates and would tolerate no language calculated to embarrass your policy, which is likely to be successful, and which up to this time has corrected many bad laws under which the Irish people suffered. We hold ourselves subordinate to the Irish organization controlled by Parnell, and will conform to any proper course dictated by him."

Australian Floods.

SYDNEY, April 20.—The Darling River is several miles wide around Bourke, and the only building not flooded is a church. Rescue boats are kept busy removing the people to safety.

Three Outlaws Killed.

CATLETTSBURG, Ky., April 20.—The killing is reported in West Virginia, near Pigeon Creek last Friday, of Smith Baisden. John Baisden and William Baisden, three brothers, noted desperadoes. Deputy Sheriff Rrewer and party attempted to arrest them and were fired upon. A battle ensued and the desperadoes were killed.

Bismarck Still in Politics.

BERLIN, April 20.—The *Hamburger Nachrichten* denies the report that the recent articles against Chancellor Von Caprivi were instigated by Bismarck. At the same time it announces that the prince will not relinquish his connection with politics, and intends soon to appear in the upper house of the Landtag, and will also accept a candidature for the Reichstag. The *Nachrichten* adds: "It would be a great mistake to imagine that the ex-chancellor is old and broken down or to suppose that he will remain a passive spectator of events. The German people have a right to know the prince's views on important questions."

A Male Flirt Killed.

NEW YORK, April 20.—John H. Griffin this afternoon began a flirtation with some young women on the roof of 63 Mott Street. They beckoned him over, and he went upstairs to 61 Mott Street, but finding the women on the adjoining roof, tried to climb across a picket fence over the shaft between the houses. The railing broke, and he fell down the shaft six stories. He was instantly killed.

A Cargo of Sealskins.

HALIFAX, April 20.—The steamer *Vinguard* has arrived at Harbor Grace, Newfoundland, with 16,500 sealskins. On her homeward voyage she encountered a heavy gale and was badly damaged. Fifteen of the crew received serious bodily injuries.

Master Carpenters Yield.

PHILADELPHIA, April 20.—It is stated that the demands of the journeyman carpenters will be conceded by the masters. This gives assurance that there will be no trouble in the building trades this year, all the other trades having made agreements.

Assuming a Nation's Debt.

NEW YORK, April 20.—The *World* says: Tangible steps have at last been taken in the Grace-Peruvian contract. The company which has been projected so long, and which is to assume the national debt of Peru, amounting to $250,000,000, in return for valuable concessions and grants is organized in London. The directorate is composed of Sir Alfred Dent; R. R. Grenfel, a director of the bank of England; the Earl of Donoughmore; J. R. Leetbeck, of Roberts, Leetbeck & Co.; W. S. Heinemann, of Heinemann & Co.; C. G. Grey Mott, director of the Great Western Railway; Sir Douglas Galton; E. F. Liddesdale, of the West Indian Dock Company; H. C. Crens, an Amsterdam banker; and Sir Henry Tyler, chairman of the Grand Trunk Company.

Serpa Pinto.

LISBON, April 20.—Major Serpa Pinto returned here today and was enthusiastically greeted by a large crowd of citizens.

Is Consumption Incurable?

Read the following: Mr. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middleart, Bentur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. C. Smith & Co.'s Drug Store. 5

[Kimball, South Dakota, Graphic.]

While the columns of the *Graphic* are open to any and all unobjectionable advertisements, yet it is quite impossible for us to speak knowingly of the merits of the various articles of merchandise advertised. Particularly is this true of patent medicines. But there are exceptions occasionally, and a noteworthy exception is the celebrated Chamberlain's Cough Remedy. This now universally known medicine has been advertised in the *Graphic* for four or five years, but not until recently had we any personal knowledge of its wonderful efficacy, which has come about through the prevailing influenza and the stubborn cough that has so often attended it. In the writer's family this medicine has, on several occasions this winter, cured a cough that baffled any and all other remedies; and the number of families in Kimball and vicinity, in which this remedy has been used with like effects, attests to its value as a specific for coughs and colds of every nature. THE LATEST INVENTION OF G. N. YOST, the inventor of the Remington and Caligraph Type-Writers.

The YOST retains all the good features of Mr. Yost's former machines, while overcoming the faults which, time and experience, have revealed in them.

The strongest point of the YOST is maintained durability over all other typewriters. We guarantee it to outlast any typewriter of any other make. In the Salt Lake Business College is a YOST that has been in constant use, ten hours a day, for five months. Hundreds have practiced on it, most of whom have been novices that would have ruined any other machine with two weeks of their punishing; yet not one cent has been expended on repairs or inkpads, and the alignment is absolutely perfect. No other type-writer could show such a record.

The YOST prints directly from the type. It uses no ribbon. It can by no possibility ever get out of alignment. It is light, simple, and can be used by beginners without possibility of injury to the machine.

The YOST is in use in over fifty business men, stenographers, and students of Salt Lake City, to all of whom we refer as to its merits.

The YOST is used by the DESERET EVENING NEWS.

OPINION OF AN EXPERT!

Mrs. Mary B. Welch, Teacher of Domestic Economy at State University of Iowa.

"My deliberate judgment is that the oven of the Range, as compared with others, is not only more equally heated in every part—front as well as rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I have found, also, that less consumption of fuel in the Range for a given amount of work, is much less than any other."
