FRAGMENTS.

The emigrants arrived last evening. JOHN WILSON was fined \$5 today, in the Police Court, for having been drunk.

ARCHIE DOUGLASS, a soldier, was fined \$30 in the Justice Court yesterday for battery.

One mining man in this city is 4,000 poorer because of the defeat of the democrats in the presidential campaign.

The Ester Organ Co. has issued one of the prettiest wall pictures we have seen. The design is a maiden playing on a harp. Coaster & Saingrove are distributing them to their patrons.

Last evening the Fourth Ward Mutual Improvement Association held its annual election. Heber S. Cutler was re-elected president. Meetings are held every Wednesday evening at 7:30 o'clock.

Last evening our townsmen Joseph Barker returned from a seven month's trip to Europe. He visited England, Scotland and France, most of his time being occupied in hunting up his genealogy in Great Britain. He returns home in good health.

The fine display of chrysanthemums in the window of Johnson & Pratt's drug store has been thinned out by sales that have been made since they were placed there some days ago. There are, however, many fine specimens remaining. The flowers were grown by O. F. Due, florist.

The election bulletins thrown upon a screen in front of the News office on Tuesday night, by means of a magic lantern, were palmed on the glass slides by Mr. Scott Anderson, the well known expert and artistic sign writer. They were acknowledged to be far ahead of any other bulletins exhibited, for clearness of lettering. He also manipulated the lantern, for the use of which we are indebted to our friend, Mr. Charles R. Savage, of the Art Bazar.

A certain clothing merchant was looking for P. L. Williams today, anxious to drive a bargain for his stock of ready-made suits. This was in consequence of a statement that Mr. Williams had made a number of election bets on the success of President Cleveland, the stake in each case being a suit of clothes. One of the gentlemen, W. S. McCormick, says nothing less than a \$50 suit at Mr. Williams' expense will satisfy him. W. H. Dickson, who will also rehabilitate himself from Mr. Williams' exchequer, is considering how he can get a suit that will last him till next presidential election.

The "Exponent"

"Lib," a poem, by Orson F. Whitney, and one of the brightest poems of some literature, in prose or verse, which has made its appearance lately, is given in the current number of the Woman's Exponent. "Trials and Happiness," another poem, by Emmeline B. Wells, is a meritorious production. Several original prose contributions help to make the number one of unusual interest.

First District Court.

Proceedings at Provo yesterday before Judge Judd:

People vs. Andreas Hansen; mixing poison with food. The defendant, a resident of Lake Shore, is accused of trying to poison N. Anderson and L. Romand. The party were dining near Payson when a row was induced in by the whole party, with the result that a mixture of poison with the sugar and N. Anderson was poisoned. The case has been before the court all day and is still in progress.

"Evangeline"

Rice's Big Baroque Company will appear at the Salt Lake Theatre tomorrow and Saturday nights, in "Evangeline." This is an immense organization of its kind, the largest probably anywhere. The company numbers 60 people. They have done an almost unprecedented business at San Francisco at the Baldwin the past six weeks. The company comes direct from San Francisco to this city and then goes from here to Denver, Col. Sale of seats commenced this morning.

The Local Election.

Returns from the various parts of the Territory are coming in very slowly. All indications point to a much lighter vote than was anticipated. San Morgan City, Caline received 51 and Baskin 49; Grantsville, Tooele County, Caline 70; Baskin 30; Bountiful, Davis County, Caline 90; Baskin 12. Santaquin, Utah County, Caline 80; Baskin 20; Payson, Utah County, Caline 147; Baskin 29; Taunton, Kane County, Caline 147; Baskin 29; Stansville, Weber County, Caline 104; Baskin 47; Wellsville, Cache County, Caline 105; Baskin 9; Hyrum, Caline 92; Baskin 8; Thurman 1.

Scandinavian Theatricals.

The well known musician and dramatic actor, Mr. Fred. Monsen, assisted by his talented wife, Mrs. Sophia Monsen, and a number of Scandinavian amateurs, will give a dramatic performance in the Danish language, at the Opera House, on Monday evening the 12th inst. The name of the piece selected for the occasion is "Eventyr og Fjendenske" in English, "Incidents of a Country Trip." Mr. Monsen several years ago, played at the Salt Lake Theatre and manifested considerable ability as a comic actor. In his own language, we have no doubt, he will give excellent satisfaction. The part he assumes is that of an escaped convict.

Salt Lake & Eastern.

This morning we had the pleasure of meeting Morris R. Locke, Esq., of El Paso, Texas, a capitalist of standing in the country. He is largely interested in the Kansas City, El Paso and Mexican Railway—69 miles from El Paso to White Oak, New Mexico. Mr. Locke is also interested in the Monterey and Mexican Gulf Railway—325 miles long from Monterey to Tampico. Both these roads are in course of construction.

During the few days of Mr. Locke's visit he has been occupied in a tour of observation in regard to the prospects of Hon. John W. Young's Salt Lake and Eastern line. He has not only been over that road so far as constructed but has taken a trip over the entire district of country through which it will run, and contiguous points. In answer to a question as to what were the paying prospects of the road, Mr. Locke replied unhesitatingly—"unpaid resources of country through which it passes will make a road pay that line certainly will." He considers the prospects equal to those of any other railway with which he is acquainted. He said the Salt Lake and Eastern in combination with the S. L. & P. R. R. will be a great strengthening bond. Mr. Locke expects to leave in the morning.

THE IDAHO VOTE.

Dubois is Elected by 800 to 1000 Majority.

POCAHELLO, Nov. 8, 1888. (Special to the DESERET NEWS.)—Returns from Cassia County are all reported save those of Oakley and Rockwood, the latter being a very small precinct. The result of the vote in this county were never so badly mixed; scratching has been the order of the day, and party lines have been almost totally disregarded. There is no question, however, but that Hawley has this county by a slight majority.

The smallest of his vote is on account of local issues, notably the wool interest, many sheepmen and their herders, of the democratic following, having been frightened into the belief that their private interests were being allied with the success of the republican ticket, and therefore they voted accordingly.

Rogers, democrat, who ran for the prosecuting attorneyship, is elected, and possibly one of the three commissioners; otherwise, it is conceded in Albion, the county seat, that all the other county officers are republican.

J. W. Lamoreaux, of Albion, was put forward by the democrats of Bear Lake and Oseida counties, as joint councilman, with Cassia County, but in consequence of his failing to receive the support as such of his own county convention he withdrew. Notice of his withdrawal reached Bear Lake and Oseida counties too late to agree on another candidate and he, therefore, it is learned here, was voted for in those counties, receiving the full strength of the democratic vote. It is doubtful, therefore, which of the two candidates will fill the office of joint councilman for those counties.

It is conceded here from all quarters that Dubois is elected, sure, by a handsome majority.

BLACKFOOT, Idaho, Nov. 8. (Special to the DESERET NEWS.)—The result in Nez Perce and Latah counties is a surprise to Hawley. He anticipated that both would give him a good majority, whereas Nez Perce gave him 107 less than Dubois, and Latah 51 less. In Latah Dubois had 637 more than Hawley, and drew heavily from him, while Dubois kept the party vote.

MURRAY, Idaho, Nov. 7, 1888. (Special to the DESERET NEWS.)—The full returns from Shoshone County give Dubois 207 majority. Information from all sources show that Dubois' majority in the Territory will be not less than 800.

FRANKLIN, Idaho, Nov. 8, 1888. (Special to the DESERET NEWS.)—There is no doubt that Dubois is elected. Hawley confidently claimed that he would come to Southern Idaho within 336 votes of Dubois. Had this been the case, Bear Lake County alone would have elected him. As it is, he is not but at least 1000 behind, and Bear Lake's 400 will avail nothing against this.ingham County, which was deemed to be close, will give 100 majority for the republicans. Dubois will be the Delegate to Congress from Idaho.

George C. Parkinson was arrested on Monday, and taken to Malad. He was released on bail. The charge against him is inciting to commit perjury. He is President of the Oseida Stake, and is accused of having advised "Mormons" to take the test oath and vote.

CANAL COMPANY.

A Ditch to Reach Lands Near the Lake.

Today the articles of incorporation of the West Point Canal Company were filed with Clerk McMillan. The stock has been taken by the following owners of land in the section which is to be provided with water from the new canal:

Fred. H. Auerbach,	145 shares.
Frank H. Dyer,	132 "
S. C. Ewing,	24 "
John H. Bailey,	48 "
Thomas E. Jeremy, Jr.,	136 "
C. E. Silverwood,	36 "
Henry John,	24 "
Thos. J. Almy,	145 "
Charles Auer,	109 "
Wm. Sloan,	54 "
Henry J. Wark,	27 "
A. Peterson,	27 "

The capital stock of the company is put at \$10,000, divided into shares of \$10 each. The directors for the first year are T. J. Almy, S. C. Ewing, John H. Bailey, T. E. Jeremy, Jr., R. H. Irvine, H. J. Wark and Frank H. Dyer. Ewing is president of the organization.

The canal is expected to bring under cultivation a large tract of country northwest of the city. The water will be obtained from the Jordan River, through a long tunnel and a North Point canal. The surplus canal leaves the Jordan at the south boundary of the city; a mile along this canal is tapped by the North Point, which takes the water along the ridge to the north side of the Box Slough. It is at this place that the West Point Canal commences, and extends along the ridge seven miles to the Great Salt Lake.

A Bad Business.

The soldier, Archie Douglas, who was fined \$30 for battery yesterday, was engaged in a most reprehensible business last night at the time when he committed the offense for which he was arrested. Early in the evening he met two little girls, 11 and 12 years of age. He spoke to them, and the girls, being pretty forward, accepted an invitation to walk with him. He went into a china store, bought them handkerchiefs, and then treated them to an oyster supper. About 11 p. m. he took them to a lively stable with the intention of going out riding. At this time Marshal Solomon came along the side walk, and seeing the girls asked them what they were doing out at such a late hour. He had not seen the soldier, who came forward at this juncture and struck the Marshal a sharp blow in the face. He was quickly placed under arrest, and the girls sent home, where it was learned that their mothers had supposed them staying at their grandmother's that night, and had no idea of the escapade they were indulging in. Those children will come to trouble unless a strict watch is kept over them.

BRIEF TELEGRAMS.

Newbury, N. Y., Nov. 8.—A freight train on the Hudson River Railroad ran into a passenger train at Fishkill Landing, opposite this city this morning. It is reported several passengers were injured or killed.

MILWAUKEE, Nov. 8.—This morning the building of the Chicago & North Western grocery house of Jacob Wellmer at Lakeview, Wis., was destroyed by fire. Three firemen narrowly escaped death by suffocation.

RAILWAY RACKET.

Two Coal Cars Smashed—No One Hurt.

A smashup occurred on the Utah Central Railroad between 2 and 3 o'clock this morning, near the soap factory in the Nineteenth Ward. At that hour a freight train was coming in, and from what subsequent investigation developed it is probable that a box on one of the car wheels became loosened. The result was that the wheel came off and the axle fell, striking the ties and causing three loaded coal cars to be thrown from the track. As the accident occurred well back in the train, the wrecked cars were dragged for nearly a block before the train was stopped. Along that distance the track was torn up pretty badly, and two of the cars literally tore apart, and scattered with their contents on the street.

The crash occasioned by the occurrence aroused the people living in the neighborhood, and some of them claimed that the ground was shaken as though by an earthquake. They rushed out to the street to find the railway men already preparing to repair the damage done. This was so far accomplished that today's trains were able to go out on time. No one was injured. The coal cars were found damaged and so far as the train men were concerned was one which no amount of care could avoid. The damage will probably reach \$5,000.

CONFERENCE IN GEORGIA.

GROVETOWN, Columbia County, Ga., October 30, 1888.

Editor Deseret News: According to appointment the Elders of the Georgia Conference gathered in, on October 30th, to have a conference of reunion, and receive instructions from our leaders. There were present, President Spry, of the mission, President Smith, and Elders Brownling, Ballantyne, Duncan, Fawcett, Davis, Dunford, Van Leuven and Bennett, of this conference.

Our first meeting convened at Brother A. M. Little's, Oct. 27, at 11 a. m. After singing and prayer, President Smith arose and explained the object of the conference, to allow the Elders to meet, mingle their feelings, explain different ideas, and to receive instruction as to future labor. He also drew a comparison between what the Saints were in this section a year ago, not having heard the Gospel, what they are now, and what is before them if they prove faithful.

Elder Van Leuven bore his testimony to the truth, and spoke for some time from the text found in Romans 1, 16, showing plainly that we could obtain salvation only in the one appointed way.

Elder Ballantyne then arose, and after speaking for some time upon the first principles of the Gospel, drew a comparison between our condition and that of the outside world. They are in darkness, division, discord, with no knowledge of the truth; while we, by the blessing of God, have the Gospel of Christ, knowledge, union, light, and the communion of God.

Wm. Spry, 2 p. m.—Meeting called to order by President Smith, and after singing and prayer Elder Larsen was called upon to address the congregation. He spoke at some length upon the joy experienced by the Elders in meeting with the Saints and seeing them obeying the laws of the Lord. Exhorted all to continue in the narrow way.

President Spry expressed his pleasure at meeting with the Saints, and testified to the truth of what which had been spoken. The Saints are blessed above all men. God is willing to bless, not only the Saints, but the whole human family. Still there are certain laws that all men must obey, that they may be saved.

Elder Bennett spoke a short time upon the subject of our duties, and the necessity of observing the small things of the Gospel, as they appear to some, and thus laying a foundation to build upon. Also spoke of the necessity of improving the talents that God has given unto us, lest He come and take them away from us.

Elder Duncan followed, exhorting the people not to rely only on the word of the Lord but obey it, and teach their children by precept and example to do the same.

Adjourned until tomorrow, 28th inst. Sunday morning. Called to order at 10:30. After singing and prayer, Elder Dunford gave some interesting incidents connected with his labors in the waters of the Jordan.

President Spry was the next speaker and gave an interesting and instructive discourse upon the doctrine of Israel.

Elder Davis expressed his thankfulness that God had permitted him to come out into the world to proclaim the truth. Also spoke at some length from the text found in 1 Cor. 1, 10.

Elder Fawcett then gave some incidents connected with his labors, brought under the direction of the spirit of God, from his native country to Zion, where he had been called to testify that in the twelve years that he had belonged to the Church he had seen no cause to regret the step he had taken in accepting the truth.

Benediction by President Smith. 2 p. m.—After singing and prayer Elder Jno. M. Brownling arose, and taking a text from Psalm 11, gave an interesting discourse upon the mission of Christ and His Apostles. He was received in their day, and how the mission of the servants of God is received today; showing conclusively that the people of the world have lost sight of the Gospel in the past.

President Spry then took up the subject of the doctrine of the Gospel, in a masterly manner, and by the spirit of inspiration, showing that all the precepts any are calling down the condemnation of God upon their heads.

President Smith, although being weak from a recent severe spell of sickness, said he could not let the conference express their feelings of joy at the being among the Saints. Spoke for a short time upon the peculiar features of the faith of the Latter-day Saints, as compared with the religions of the so-called Christian sects.

Adjourned indefinitely. Benediction by President Spry.

During our conference, several council meetings were held, and much valuable instruction given to the Elders by our leaders. A good feeling prevailed among the people, and the spirit of God was manifest. But a storm was cast over the day by President Spry receiving, on Sunday morning, a telegram announcing the death of one of our members of the Alabama Conference; also by receiving intelligence about the time of the death of one of our members here in this country, Brother Mark Blackstone.

We are now paired off and our fields are assigned us, and we feel like entering into the work with renewed strength and understanding. Ever praying for the welfare of the cause of God, in all the earth, I remain, your Brother,

DAVID BENKIN, Clerk of Conference.
