

## MARVELOUS DISCOVERY.

What Tribune Has Found in the Way of Sensational Research.

### CRISIS THAT DOESN'T EXIST

What the Facts Are in the Brigham City Dancing Pavilion Controversy—A Complete Statement.

The Tribune has made another of its marvelous discoveries of dangers that do not exist. It is doing its utmost to sensationalize into a reality, it has recently paraded in loud print and in conspicuous style, the story of an alleged schism of deep and impassable proportions between the Church authorities at Brigham City and a number of young people who have erected a dancing pavilion at that place. The Deseret News gave no space to the silly report, preferring to wait for a full statement of facts which it received today from a reliable source. The statement is as follows:

#### WHAT THE FACTS ARE.

Editor Deseret News,  
Brigham City, June 24.—On seeing the article in the Salt Lake Tribune of June 22, headed "Church Crisis in Brigham City," we are strongly reminded of the saying that one must go away from home to learn the news: Park valley is nearly 100 miles from Brigham but even then it had to come by way of Salt Lake. There may be a grain of truth in the article referred to, but the following corrections should be noted:

- 1—There is no contest between the "Mormon" Church and the younger generation of Church members in Brigham City.
- 2—There has been no "engagement" first or last.
- 3—The Church authorities do not "need the money" from opera house dances, and have made no such statement.
- 4—The Church authorities have not warned the people that they would not be permitted to patronize the pavilion.
- 5—The Church authorities did not reply to any challenge sent out by the dancing pavilion owners.
- 6—No announcement has ever been made "that those who went to the Christensen's dance would be cut off from the Church."
- 7—There has been no fever heat excitement in Brigham City. The weather here has been cool and pleasant.
- 8—Most of the young people have not quit going to meetings.
- 9—The stake authorities were not, neither are "alarmed at the prospect."
- 10—The stake authorities have not held street meetings "to meet the ears of the rebellious flock."
- 11—The idea of holding services from the stand on the courthouse grounds was conceived only in the bewildered mind of the "young man from Park Valley."
- 12—Neither the Church authorities, nor those who are conducting the street meetings, have ever applied to the county commissioners for permission to use the stand.
- 13—Therefore, the commissioners had nothing to refuse in this respect.

The facts in the case, briefly stated, are as follows:

The Brigham City opera house is owned and controlled by the ecclesiastical wards of Brigham City. The house was thus secured by the advice of the late President Lorenzo Snow, also the former stake president, Rudger Clawson, for the express purpose of providing a proper place of amusement for the people of the city; also to foster more of a social feeling between the wards of the city. The four bishops constitute the board of directors of the house.

The Christensen orchestra had for some time furnished the music for the opera house, but owing to a disagreement on prices between the band and the management of the house, another orchestra was engaged.

Elders C. Christensen and C. O. Anderson are leading members of the Christensen orchestra. They, no doubt, during employment in the musical line, planned to build a dancing pavilion in the city. Before beginning the work, however, they, as Church members, went to the President of the Stake for counsel and advice on the matter. The president referred them to the Bishop of the ward where the proposed pavilion was to be built; but he, being somewhat directly interested in the opera house, suggested that the question be submitted to the next meeting of the stake High Council.

However, Elders Christensen and Anderson immediately began the erection of a dancing floor. An explanation was made in a public meeting that the pavilion was being erected in direct opposition to counsel of their own seeking given them by their ecclesiastical leaders. Elders Christensen and Anderson again came to the authorities for advice and suggestions, and the former counsel was reiterated; but the building went on, making a mockery of their seeming desire to be in harmony with their Church leaders.

All that the Church authorities in this city have done in this matter is to lay before the people the facts in the case and advise the Church members to respect and sustain the decision of the stake High Council.

The street meetings referred to by the Tribune were planned long before there was any pavilion question. They are conducted by the officers of the Y. M. & Y. L. A. and gospel principles only are treated by the speakers.

### LARGEST IN HISTORY.

Information for Young Utah Men Who Have Their Eyes on the Navy.

In view of the entry of Utah young men at the United States Naval Academy, this spring, it will be of interest to note that the incoming freshman class is the largest in the history of the institution. In fact, it is larger than the three remaining classes combined, and for its composition the department has issued no less than 84 permits to principals and alternates, who were designated by senators and representatives under the new law allotting two midshipmen to each. Nearly 400 of these candidates have reported at Annapolis in the last few days, and it is expected that most of the 307 vacancies in the class will be filled. The failures will provide vacancies to fill which senators and representatives may make appointments next year. An effort may be made to have the next Congress change the law so as to allow the president to fill vacancies for which congressmen have made no designation or when the principal and alternate fail to qualify. The naval academy people are also anxious that all examinations hereafter shall be held in the principal cities throughout the country under the auspices of the civil service commission.

### COMING TO SALT LAKE.

Samuel Newhouse Buys a Fine Library For His New Mansion.

While in New York recently, Jno. C. Montgomery of this city, at the request of Samuel Newhouse, selected one of the finest libraries to be found on the continent. It will be conveyed to Salt Lake and will be placed in the mansion Mr. Newhouse has just had built. The purchase is one of wide variety and contains hundreds of rare old editions of the great literary works of the world. Mr. Montgomery has displayed his excellent taste in selecting these volumes and Mr. Newhouse, having seen the list and descriptions, has expressed himself as being highly delighted with the library.

While in Denver recently, Mr. Newhouse requested a call from Dean H. Martyn Hart and promised the reverend gentleman a large check to be voted, with other donations, to the erection of a new cathedral to take the place of the cathedral of St. John, recently destroyed by fire. Mr. Newhouse's donation will exceed \$10,000.—Denver Post.

### BUSINESS SUMMER SCHOOL.

Large Attendance at L. D. S. Commercial Departments This Season.

The summer school of the Latter-day Saints' commercial college, of which the Salt Lake Business college is now a part, has been in session during the past two weeks and is the most successful in the entire history of the institution.

The work is under the immediate direction of Instructor D. J. McKee, under the instructions of President Paul, is conducting the summer term. Those who assist in the work of teaching are Instructors Leifert C. Snow and J. W. Welch in book-keeping, James D. Todd in penmanship, Ina Whittemore Evans, Ada Hiltner, and Francis Mortensen in shorthand.

The summer term, number more than 100 of these taking regular commercial work. This is about double the enrollment of previous years, and is due, in part, to the acquisition of the Salt Lake Business college.

The new typewriting department is located in the first floor of the business college, in a room 42x66 feet in area, with 15 machines.

The book-keeping and banking departments have been transferred to the top floor, while the shorthand occupies the middle floor. The cabinet book-keeping rooms are on the first floor of the new memorial building.

Altogether the present quarters and equipments of the commercial school are without a parallel in the west, and this school is one of the strongest departments of the L. D. S. university.

## MIDSUMMER DAY AT LIBERTY PARK

A Great Many Scandinavians Enjoy An Outing.

### PROMINENT MEN PRESENT.

Races, Swedish Songs, Picnic, Etc., Among the Features of the Day.

A great number of Scandinavians of the three nationalities enjoyed the "midsummer" outing to Liberty Park, Wednesday. No special effort had been made to advertise this event, beyond the notices given out in a couple of meetings, for the reason that the committee had so recently arranged for a general gathering in Logan, where several thousand met, but notwithstanding this, hundreds took themselves during the afternoon to the beautiful, shady lawns of the park, and towards evening there must have been from 1,500 to 2,000 people there, nearly all from this city. Among the visitors were President Anthon H. Lund and family, Andrew Jensen, J. S. Jensen, L. Dahlquist, J. Hoenlund, G. Teut, J. Laurentz, and families, and a great many others. One of the events of the day was the races for which prizes were distributed. The prize winners were, Lester Engberg, Master Orich S. Knudsen, Lacie Hove, Anne Christensen, Annie Smith, Laura Eriksen and Joseph Fenton. Another feature was the singing of the Swedish choir, under the direction of Mr. Sorenson. Several beautiful pieces were rendered and very much appreciated. Colored lanterns had been strung between the trees, and in several places Old Country dances and games were enjoyed by the young. Others enjoyed a ride around the park in buggies, while the merry-go-round and the donkeys were well patronized, the latter being pronounced "to cure for anything." The weather was ideal for an outing of that kind. The committee in charge were, J. S. Jensen, J. Laurentz, Tom E. Wisting, A. Eng, L. Dahlquist and G. Teut.

### TAX ABATEMENTS.

Remittances by Board of Equalization Amounted to Little Over \$800,000.

The total amount of abatements and remittances of taxes made this year by the board of county commissioners, sitting as a board of equalization, is \$841,155 as against \$857,323 for last year, a decrease of \$16,168. Even with the reduction in the assessment rolls made by the board of equalization, it is believed that this year's assessment will show an increase over that of last year. Following is a comparative statement of the abatements and remittances made by the board this year and last year:

ABATEMENTS.	1903.	1902.
Real estate .....	\$5,429	\$32,409
Improvements .....	119,528	102,910
Personal property .....	679,908	745,236
Totals .....	\$804,865	\$880,555

REMITTANCES.	1903.	1902.
.....	\$3,250	2,779
Increase .....	\$4,929	

Of the total amount of abatements this year, \$304,865 represent old, unpaid and worthless mortgages which have stood on the assessment rolls of the county for a number of years and from which the county has not realized any revenues in the way of taxes whatever. It was therefore decided by the board to strike them off the rolls and get rid of them entirely and thereby do away with a false valuation of the revenues received by the county from the taxes.

### LIST OF GRADUATES.

Those Who Received Diplomas as Relief Society Nurses.

There was a very pleasant reception last evening at the residence of Mrs. W. J. Beale, given in honor of the graduating class of the Relief society corps of nurses. The list is as follows:

The members of the class are as follows: Lillie Curney, Pearl Evans, Emeline Sykes, Martha A. Griffin, Agnes Shumway, Charlotte Van Orden, Mrs. A. McLaws, Grace Severe, Olive Wilson, Sarah W. Thatcher, Iva J. Draper, Sarah A. Hogan, Lizzie Rampton, Helen Thompson, Laura Miller, Alice L. Richards, Mary Boreman, Amelia M. King, Mary Powell, May McFarlane, Mary E. Hayden, Nellie Haugh, Lottie Hopkins, Jennett Hendry, Elizabeth Pierce, Lois Baird, Lavina Swapp, Rachel Wooley, Sarah Hughes.

### BRAIN BUILDING.

How to Feed Nervous Cases.

Hysteria sometimes leads to insanity and should be treated through feeding the brain and nerves upon scientifically selected food that restores the lost delicate gray matter. Proof of the power of the brain food Grape-Nuts is remarkably strong.

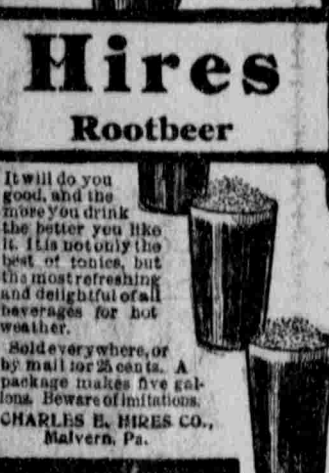

"About eight years ago when working very hard as a court stenographer I collapsed physically and then nervously and was taken to the state hospital for the insane at Lincoln, Neb., a ravaging maniac.

"They had to keep me in a straight-jacket and I was kept in the worst ward for three months. I was finally dismissed in the following May but did no brain work for years until last fall when I was persuaded to take the testimony in two cases. One of these was a murder case and the strain upon my nervous system was so great that I would have broken down again had it not been for Grape-Nuts. When I began to feel the pressure of the work on my brain and nerves I simply increased the amount of Grape-Nuts and used the food more regularly.

"I now feel like my old self again and am healthy and happy. I am sure that if I had known of Grape-Nuts when I had my trouble 1 year ago I would never have collapsed and this dark age in my life would never have happened. Grape-Nuts' power as a brain food is simply wonderful and I do not believe I had my trouble 1 year ago if I would digest this wonderful food. I feel a delicacy about having my name appear in public but if you think it would help your sufferer you can use it. Name Grape-Nuts by Postum Co., Battle Creek, Mich.

There are desserts and deserts. The delicious health-giving kind are told about in the little recipe book found in each package of Grape-Nuts.

### DEATH FROM PARALYSIS.

Old Resident of Provo Succumbs to Its Deadly Ravages.

(Special to the "News.")

Provo, June 25.—Mrs. Jane H. Thomas, of Pleasant View ward died at the home of her daughter, Mrs. T. H. Cluff, of the fifth ward, yesterday afternoon, from paralysis, with which she was stricken on Tuesday last. The deceased was born July 2, 1832, at Susquehanna, Pa., and moved with her father's family, the late Mr. and Mrs. Jacob Baum, who had been members of the Church, to Nauvoo in 1842. The family remained in Nauvoo when the people were driven from there and came to Provo in 1852, since which time she has resided in Provo. She leaves a husband, five children and numerous other relatives to mourn her death.

The funeral will be held from the Pleasant View ward meetinghouse tomorrow, Friday, at 2 p. m.

### FUNERAL OF MISS PILLING.

Touching Tributes to Young Lady Who Met Death by Accident.

The meetinghouse at Kaysville was packed yesterday afternoon with an audience that came from a wide area, to be present at the funeral of Miss Amanda Pilling of Carleton, Canada, whose death by being thrown from a horse, was recently told in this paper. The choir sang and Thos. Roache offered prayer. Consolatory remarks were made by Elders Fairbanks, Davis, Taggart, and by the Rev. Mr. Mary F. Kelly and Prof. J. H. Paul.

Mrs. Kelly told of the maturity in thought and action, the self-control, and the beautiful disposition of the young lady, who had been a student in her class at the Latter-day Saints' university.

President Paul spoke of the splendid vitality, the mental poise, the calmness of spirit, and the goodness of heart, that had made the maiden beloved at school, and admitted the sorrow and the disappointment that those who knew her best felt at her apparently premature death. "When the weak or the aged pass away, it seems natural, but for the dead resaper to mark for the silent tomb one who was so strong and so nobly beautiful, seemed out of order; that death should close those glorious eyes, and leave his stillness in his clustering hair, was a fact awful to contemplate; if we did not know that it is the Lord's will, God knew her and she did not need to remain longer on earth to prove her faithfulness."

The choir sang a choice anthem, and the benediction was pronounced by Elder William Nalder.

Mr. and Mrs. Pilling will return in a few days to their home in Canada.

### GLAD TO SEE HIM.

Our old and valued friend, Enjah F. Pierce, "the basket maker," is in town and called today on the "News," of which he is a constant reader. He still carries on his old business, but not in person. He shows the march of time, but is vigorous and active and we wish him continued life and happiness and prosperity.

## NEW AUDITOR FOR THE P. I. & N.

Another Salt Lake Man to Seve His Connection With O. S. L.

### E. M. HEIGHO GOES TO WEISER.

Assistant Chief Clerk for the Freight Claim Department Gets a Title and Substantial Increase in Salary.

What with the Salt Lake Route and other railroads drawing on the clerical forces at Oregon Short Line headquarters there are a number of minor changes taking place in the Deseret News Building daily. The latest is the appointment of E. M. Heigho, assistant chief clerk of the freight claim department, as auditor for the Pacific & Idaho Northern, with headquarters at Weiser, Ida. This announcement was forthcoming this morning on his return from Idaho.

The "Pin" is to be congratulated on securing such a competent man from the Eccles school of graduates. Mr. Heigho has been identified with the railroad business in America since 1894 when he entered the employ of the Washburn at Detroit as a clerk. Since that time he has worked for the Michigan Central, Union Pacific, Missouri Pacific and the Oregon Short Line. He was also cashier and car accountant for the Oregon Short Line before it was absorbed by the Short Line. He has been in the employ of the Oregon Short Line here for the past four years, and has made many friends. He will leave for Weiser on Saturday night to enter into his new duties. Mrs. Heigho and family, however, will remain in Salt Lake for some time.

The Pacific & Idaho Northern is a small road for 62 miles in length, but it does a big business, and is now extending. It is understood that it also expects to extend in the near future in the direction of the beautiful Payette lakes.

### FORCE TO BE INCREASED.

Maple Leaf Will Make a Great Effort in this Territory.

The Great Western extension to Omaha from Ft. Dodge will be completed and in operation by August 1. It is the intention of that system to put on a train service between Chicago and Omaha equal to any now operating between those points. The roadbed is being laid with heavy steel and ballasted with rock.

As soon as the road is opened the forces here will be materially enlarged and agents will start an aggressive campaign for business. Special attention will be given to the transportation of freight and live stock with dispatch and feeding facilities for stock in transit are being made a feature.

According to a circular issued from the general freight office the proposed new stations on the Omaha extension are as follows:

West Ft. Dodge, Moorland, Roslyn, Sarny, Kinard, Lohrville, Wrightman, Langboro, Liddersdale, Carroll, Halbur, Manning, Kinard, Irwin, Kirkman, Harlan, Tennant, Minden, Bentley, McClelland, Gilliat, Council Bluffs, Omaha.

### MORE O. S. L. APPOINTEES.

Salt Lake Route Gets Three More Men From Short Line.

General Freight and Passenger Agent Gillett of the Salt Lake Route this morning announced that he had increased his working force to the extent of recruiting two more men from the ranks of the Oregon Short Line. The appointments are C. H. Patten, night ticket agent at the Short Line depot, as ticket stock clerk, and G. W. Morton as tariff man. For two substantially new recently appointed car accountants at the Salt Lake Route, has appointed H. H. Arnold to be his assistant.

### SIXTY CARS OF WOOL.

Starweather Makes a Killing Up at Rexburg and Lands a Trainload.

Sixty-one cars out of a possible 75 is the record that has been established by General Agent Starweather and H. W. Pickett of the Great Western between Idaho Falls and St. Anthony this month. For two substantially new men to go into the territory and make such a killing right under the guns of the veterans is considered little short of a miracle. At the present time the Salt Lake Route is shipping 150 cars at Rexburg, comprised of 100 dozen or more small clips that have been bought by Rowe, Morris & Sumner and eastern buyers. The prices paid did not go over 14 1/2 cents, while the major portion fetched 15 cents. It is reported that Starweather is loaded down with wool owing to the fact that he did not get every car. Of the remaining 14 cars the Burlington got the biggest slice.

### NOT YET SETTLED.

Short Line-San Pedro Transfer Not Yet Definitely Tied Up.

From a private dispatch received in this city this morning it is learned that there will be no developments "for several days" in the San Pedro-Short Line deal. The necessary check that was to have been paid over by Senator Clark and his associates in the office of E. H. Harriman on Monday afternoon has not yet changed hands and the conferences relative to the details of the deal are still under way.

### SPIKE AND RAIL.

J. D. Simpson has been checked in as agent for the Rio Grande at Spring City.

The stockholders of the National Railroad company of Mexico, a Utah corporation, met yesterday by proxy and transacted business as previously outlined.

General Agent Donnell of the Colorado route has returned from a trip to California, where he was to take Mrs. Donnell, who is rapidly recovering from her serious illness.

The residents of Tooele will be overjoyed to know that commencing Wednesday next they will have a seven-day-a-week train, and mail service to and from Salt Lake for the first time.

S. V. Derrah, assistant general freight agent, who is to have charge of freight affairs at this end of the Rio Grande, leaves for Denver on Saturday for the purpose of receiving instructions relative to the change in policy which goes into effect July 1.

Those in charge of the Cambrian excursion to be given at Salt Lake July 16, announce that special trains will be run from Boxelder, Weber, Utah and Salt Lake counties and from Tintic and Tooele for the gathering of the Welsh.

### BUSINESS NOTES.

Dun's Review for the last week has this to say about business conditions in this city: Weather and crop conditions are quite favorable, and the outlook is regarded on the whole as satisfactory. Trade in seasonable jobbing lines is satisfactory, with a fairly steady business in groceries, hardware, drugs and notions. Sorting orders in dry goods, clothing and shoes are still rather light, but orders for fall delivery are fair. Retail business in most lines is fairly good and mercantile conditions have improved. Considerable activity is reported in the building line, and lumber and material are in good demand, but difficulty is had in securing sufficient men. Money is in very fair supply, with rates firm.
