

PRESENTATION OF PLENIPOTENTIARIES

Official Program Has Been Arranged by President and Asst. Secy. of State Peirce.

JAPANESE PRESENTED FIRST.

Half an Hour Afterwards the Russians—No Precedence is Recognized.

New York, Aug. 3.—Acting for the president, Third Asst. Secy. of State Peirce today communicated to Baron Rosen, the Russian ambassador, and Mr. Takahira, the Japanese minister, the official program for the formal presentation to the president of the Russian and Japanese plenipotentiaries to the Washington conference. This program has for weeks been a subject of much study on the part of the president and Mr. Peirce.

As the president's representative, Mr. Peirce will accompany Baron Komura and Mr. Takahira and their suites to the pier of the New York yacht club at East Twenty-third street at 9 o'clock Sunday morning, where the delegation will board the protected cruiser Tacoma, Commander Alexander A. Harp commanding, and the vessel will immediately start for Oyster bay.

Half an hour later, Mr. Peirce will perform a similar ceremony for Mr. Witte and Baron Rosen, the Russian plenipotentiaries, and their suite, who will go aboard the protected cruiser Chattanooga, Commander R. F. Nicholson commanding.

Mr. Peirce will board the converted yacht Sybil, which, steaming rapidly ahead, will take position at the front of the column. Arriving at Oyster bay about noon, the "peace squadron" will anchor, its arrival being loudly heralded by the firing of an ambassadorial salute of 19 guns.

The Japanese plenipotentiaries will come ashore from the Tacoma and be presented by Asst. Secy. Peirce. Half an hour later the Russian envoys will come ashore and be presented. Immediately the president will formally present the Russian and Japanese plenipotentiaries to each other.

A buffet luncheon in the cabin of the Mayflower will follow. At its conclusion the Japanese mission will take leave of the president and board the Dolphin. Mr. Peirce will go aboard the cruiser Galveston, and the president will then take leave of the Russian mission and go ashore, again receiving a salute of 21 guns.

Under convoy of the cruiser Galveston, Commander Cutler commanding, with Mr. Peirce aboard, the Russians on the Mayflower and the Japanese on the Dolphin, will sail for Portsmouth. The squadron will steam slowly, so as not to arrive there before 10 o'clock Monday morning.

Desirous of being strictly neutral in all the arrangements for the presentation, it was decided at the outset by the Washington government that the president would recognize no precedence based on successes in the present war. Because Baron Komura must take precedence over Mr. Witte, this, however, will be recognized only in the half-hour difference in the time of the presentation of the two missions.

M. Witte had an active day today. He has already seen Yonah, the Japanese financial agent at Washington. M. Witte left his hotel at 9 o'clock in an automobile on a ride through central park. Then he visited Grant's tomb and the stock exchange. From there he went to the top of the city, viewing downtown buildings to get a bird's-eye view of the city. This quite enchanted him.

M. Witte then went into the subway and took an express train uptown. Back

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and Always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, alluterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

26 Main St., Salt Lake City.

Provo Academy Ave., Park City.

Main St., Ogden, 30 5th St., Brigham City.

down into Houston street he went in the automobile, though the Chinese, Jewish, Russian and Italian quarters.

It was about 1 o'clock when M. Witte and Mr. Wilentz went into an uptown cafe for luncheon.

The Times tomorrow will say: "When the Russian and Japanese envoys begin their conference at Portsmouth next week on a day yet to be fixed, the first action of M. Witte, after the preliminaries are over, will be to ask for an outline of the Japanese terms as a basis of discussion. Upon the reply to this request will depend the continuance of the negotiations."

This is the explanation of the apparently radical utterances of the Russian peace commissioner since his appointment, and it is also the explanation of his repudiation of the way in which these utterances have been interpreted and extended.

DR. MCCLISH RESIGNS.

Was President of the University of the Pacific.

San Jose, Cal., Aug. 4.—Dr. Eli McClish, president of the University of the Pacific, has tendered his resignation to the board of control of the Methodist conference, to take effect Aug. 15 or whenever it is decided.

The statement is made that while Dr. McClish holds himself at the disposal of the California conference for an assignment to a charge, he has received a call to a leading Methodist church in Boston and that he will go there.

WASHOE AND PIUTE INDIANS.

The War That They Have Waged For Many Years Finally Ended.

Reno, Nev., Aug. 4.—The long war waged for a century or more between the Washoe and Piute Indians, two of the strongest tribes in Nevada, has been brought to an end. Both tribes have declared peace, agreed to forget the past and in honor of the event will hold a big dance near here beginning Aug. 13. The dance will last for six days, and Indians from both tribes from every section of the state will attend.

EQUITABLE REAL ESTATE.

Morton Appoints Two Experts to Value Every Piece of It.

New York, Aug. 4.—Two experts have been appointed by President Paul Morton to value every piece of real estate in which the Equitable Life Assurance society has an interest, says the Tribune today. He is stated to have taken this action yesterday when he received the reports of expert accountants. These reports, it is alleged, indicate the possibility of extensive overvaluation. The society owns in this country and abroad real estate valued at approximately \$25,000,000. According to the Tribune, it is thought possible that this amount will have to be reduced while the valuation on parcels on which loans are outstanding may have to be reduced by at least 10 per cent.

The last report of the state insurance department gave the value of real estate owned by the society at \$28,955,647. Of this sum buildings occupied by the society in New York, Boston, St. Louis, Des Moines, Denver, Memphis and in Paris, France, Madrid, Spain, Vienna, Austria, Berlin, Prussia, Santiago de Chile, City of Mexico, Sydney, N. S. W., and Melbourne, Australia, are stated to be worth \$21,573,150, while buildings in New York City, Jersey City, Milford, N. Y., West Orange, Piscataway, Bayonne and Bergen Point, N. J., are valued at over \$5,500,000.

REMARKABLE ENGRAVING FEAT.

The cut shows a feat in engraving recently performed by one of the experts in the United States bureau of engraving and printing at Washington.

The limit of the engraver's skill was believed to have been reached when Lord's prayer was inscribed on a gold dollar.

Both Phones.

Bell 3025 Ind. 1053

About a year ago a Philadelphia bank note expert succeeded in engraving the entire English alphabet on the head of a pin. Now Clarence K. Young, a skilled government employee of Uncle Sam, has put two alphabets, a date and a name on the head of a pin only six-tenths of an inch in diameter. As shown in the cut it is magnified nearly a thousand times. The second alphabet is on the underside of the pin head.

FEDERAL CONTROL OF INSURANCE.

Is Congress Authorized to Enact Legislation Placing Companies in Government Charge?

LITTLE HOPE FROM THE STATES

Iroquois Club Discusses the Question And Will Appoint Committee to Investigate Subject.

Chicago, Aug. 4.—Three hours of discussion of life insurance problems by the committee of the Iroquois club yesterday left only one question in the minds of the investigators. It was: "Is Congress authorized under the present federal Constitution to enact legislation placing the companies under federal supervision?"

The possibility of improved state regulation is not regarded with much hope. A sub-committee of four attorneys who have made a study of the life insurance laws, will be appointed to look into the questions of constitutional limitations on congressional action and to report to the regular committee at the end of two weeks. It also is requested to investigate any measures to make more effectual the supervision of the state superintendents.

The committee members will confine their attention almost entirely to learning if the insurance business may be classed as interstate commerce, and thus come under the jurisdiction of Congress.

If the decision is reached that the legislation required is beyond the authority, measures for securing a constitutional amendment will be considered.

There are now two bills for the federal regulation of insurance pending in Congress, one fathered by Congressman Morrell and the other by Senator Dryden, who suggests a comprehensive system of control. Neither has been acted upon and the question of federal jurisdiction will be presented to the supreme court. It is to be supposed that the latter proposition that the Iroquois club and its supporters probably will turn.

A DASTARDLY OUTRAGE.

Attempt to Blow Up a Ship in Mid-ocean

San Francisco, Aug. 4.—An attempt to blow up a ship in mid-ocean has been reported by Capt. C. T. Tousey of the French ship Assier, which has arrived here from Swatara, loaded with coal. He left that port on January last and six weeks later when far out at sea, a dozen capped fuses such as are used by miners exploded charges of dynamite, were discovered in the hold of the ship among the coal. Had one of the fuses become ignited by a shock in a particular place where coal gas had accumulated, the ship would undoubtedly have been blown to atoms. Two or three of them had exploded, but fortunately at points where there was no gas, and consequently no damage was done.

The presence of the fuses among the coal was discovered only by accident, where during some rough weather men were sent down into the hold to level the coal, and found them.

The Assier belongs to the Societe Anonyme des Lignes Courriers Francais de Paris.

NEW RUSSIAN LOAN.

Plans Are Afoot to Float One in The United States.

New York, Aug. 4.—Plans are afoot to float a Russian loan in America and conferences with this object in view already have been held, says the Herald, between Mr. Sergius Witte, the Russian senior peace envoy, and representatives of the most prominent banking firms and institutions.

"It is understood," says the Herald, "that further conferences will be held and that the information which Mr. Witte obtains will have a highly important bearing on the outcome of the peace negotiations which are soon to begin."

"If Mr. Witte finds that he is able to place a loan in the United States, and it is believed by prominent financiers that if the terms are satisfactory, he can do so, the aspect of the Russian cause may be materially changed when the peace plenipotentiaries make known their positions to each other."

"Heretofore it has been believed that no Russian loan could be floated in this country unless it were based on a cessation of the war and the promise of internal reforms in Russia. Information was given Mr. Witte last night, however, that indicated the willingness of at least one, and possibly two prominent banking houses to consider the terms which Russia would pay for negotiating a loan."

YELLOWSTONE EXCURSION.

August 8th.

Via Oregon Short Line, Only \$45.50

Price includes round trip fare for the regular seven days' trip. This includes rail and stage expenses and hotel accommodations in the park. See agent.

A MONEY ORDER RAISER AND FORGER

Norman E. Roberts, Charged With Swindling Merchants in Many Cities, Arrested.

VERY SLICK IN THE BUSINESS.

Way is to Buy a Small Money Order, Erase Writing, Fill in Amount, Purchase Something and Get Change.

Chicago, Aug. 4.—Charged with swindling merchants of 21 cities out of thousands of dollars, Norman E. Roberts, alleged money order raiser and forger, was arrested last night at a subpost station.

Roberts said he was a salesman until a few months ago. He is 27 years old and comes from New York, but has a wife living in Baltimore.

Roberts' method has not differed from that of several other criminals, including one woman, who have been sent to the penitentiary from Chicago within the last three years.

The forger buys a money order at a sub-station, usually for 25 cents, and payable to some other person. Then all the writing is erased with chemicals and the blanks are filled out for any amount under \$1,000. In Chicago the signature of Postmaster Coyne was forged.

The raised order then is offered by the swindler to some business man in exchange for a small purchase, and the remainder, which the forger receives, represents the amount of his dishonest gain.

Roberts' itinerary included New York, Boston, Providence, R. I.; Pawtucket, R. I.; Woonsocket, R. I.; London, Conn.; Baltimore, Philadelphia, Harrisburg, York, Norfolk and Richmond; Cincinnati and Dayton, O.; Indianapolis, Chicago and Milwaukee.

AMBASSADOR WHITEHEAD REID'S LONDON RESIDENCE.

The beautiful structure herewith shown, Dorchester House, Park lane, London, has been taken by Whitehead Reid, the American ambassador who has succeeded Mr. Choate. It is one of the most imposing private mansions in London and is the property of Captain Holford, the king's equerry. It is in the ornate Italian style and is of brick faced with Portland stone. The Reids will not be cramped for room, since the house is 165 feet wide and 135 feet long. It has a grand marble staircase in the center and one of the most famous picture galleries in England.

SOCIETY GIRL WHO CAN ROPE A STEER.

Miss Lucille Mulhall, shown in the cut in the attire of a cowboy, although college bred and perfectly at home in good society, has the reputation of being the most expert rough rider of her sex in the world and able to rope a steer with as much grace and agility as any cowboy who ever lived. She is the daughter of Colonel Zack Mulhall of Oklahoma, who is the proprietor of an estate of 50,000 acres. She is only eighteen years of age, decidedly prepossessing in appearance, although very petite and weighing less than a hundred pounds, and is gentle and refined in her manner. She numbers among her friends many cultured persons who have partaken of the hospitality of her father's charming Oklahoma home. Miss Alice Roosevelt is one of them.
