WM. P. AFFLECK President.

As the Tabernacle choir are going to Ogden on Wednesday, and as *Brother Stephens* must accompany them, his second class will be postponed until Saturday afternoon at the usual hour,

The sixth Ward Sunday school concert, which came off last night, was a pronounced success. The proceeds are being devoted to the obtaining of Sunday School prizes, to be distributed on Washington's birthday.

LOCAL AND OTHER MATTERS.

Lecture.—Elder William Fotheringham will deliver his lecture in the 15th Ward meeting house this evening, commencing at 7 o'clock.

An Address.—President Joseph F. Smith will delive an address in the Twelfth Ward Assembly Rooms on Monday evening, February 19th, under the auspices of the M. I. A.

Religious Services.—Religious services of the Church of Jesus Christ of Latter-day Saints will be held at the Assembly Hall, to-morrow afternoon, beginning at two o'clock.

Barnes & Davis.—In the NEWS to-day will be found a new advertisement of Barnes & Davis, wholesale and retail dry goods and grocery house, boots, shoes, etc. They are now closing out the winter stock, and invite the public to call and get bargains. New goods are arriving every day.

Attempted Robbery.—Last night, on First South Street, between First East and Commercial Streets, two men, named Sullivan and Wilson, pounced upon Adam George, with the evident intention of robbing him. The police happened to be handy, and caught the ruffians in the act. They were to have a hearing this afternoon.

Enjoyable Parties.—The party at the Thirteenth Ward Assembly Rooms, last evening, the last of the series, under the auspices of the Mutual Improvement Association, was a very enjoyable affair. Bro. Reading and those who assisted him in the management, are entitled to credit for the excellent manner in which the whole series has been conducted.

A Frustrated Thief.—About two o'clock this morning a family residing in the Sixth Ward heard a noise in a stable on the premises of Mr. Alex. Burt, and a young man got up and threw open a window. This was done none too soon, as a thief was in the act of leading Mr. Burt's horse out of the stable. On finding he was discovered he ran off with all the speed he could command.

Perhaps.—A dispatch from Chicago to-day says:

"A lumber man from Utah, named Harmon, has reached this city and wants to meet Mace's Maori or Elliott's Nebraska Giant. He is a man of immense size, 7 feet 2 inches tall, 28 years old and has never fought in the ring. He was born in Salt Lake City. He will spar in Milwaukee, at Captain Dalton's exhibition, to-morrow night."

Hot Blood.—Last night, in a down town restaurant, Frank Raymond and Dr. Bredemeyer had a dispute, which grew fast and furious. Raymond finally turned upon the Doctor with a pistol in his hand. Other parties interfered and took the weapon away. Raymond was arrested. This morning he waived examination before Justice Spiers and was held in $300 to answer to the grand jury.

More Opportunities.—Evan Stephens saw so many pretty children at the ball this week that he cannot resist giving them a chance of becoming members of his family of musicians. Over one hundred have joined his class during the last two weeks, and he will now form a new class for them, and admit 100 more. The class will then be full and the family complete. Monday is the day to join. Verily his family is getting numerous, especially in view of his being a bachelor.

Theatrical Attraction.—We are pleased to notice a return to the legitimate drama at the Salt Lake Theatre, in the production of Shiel's sublime play of Evadne, on Thursday, February 22nd. Miss Annie Adams and Messrs. McKenzie and Lindsay, supported by a strong company, will do ample justice to the piece, and we bespeak for them a bumper house.

Harry Miner's Comedy Company, announced to appear February 22d, have cancelled their dates, for some reason not yet explained.

A Groundless Charge.—A short time since a man named Dowd was arrested by the police and placed in jail for some common offense. It appears that while in prison a gold ring belonging to him, valued at $40, disappeared, and he accused the officers of stealing it. The groundless character of this charge was manifested last night when a man named J. Dayton offered to pawn the article at a saloon for liquor. He was in jail at the same time as Dowd, and purloined the ring. Dayton is once more in durance vile.

THE PLEASANT VALLEY STRIKE.

SOME OF THE MEN RESORT TO INTIMIDATION AND SEVERAL ARE ARRESTED.

The following, under date of Thursday, 15th inst., is from our special correspondent at Pleasant Valley, Emery County:

The Pleasant Valley miners struck on Dec. 7, because the company was going to screen the coal. On the 2d inst., they struck again, on account of a rise in powder, but the movement only lasted one and a half days. Mr. Williams, mining operator, did not compel the men to buy powder of him, so they clubbed together to get it elsewhere, and the result of this clubbing together was a "Miners Union." Last Monday Mr. Williams discharged Morgan M. Thomas, David R. Thomas and David W. Lloyd, all of whom belonged to the "Union," and the consequence was a strike next morning. About fifteen 'Mormons' who have families at the mines went to work, but were told in the evening that if they resumed work next day they would be stopped, for if persuasion would not do physical force would be employed.

"The strikers, who number about 85, said they would not commence work till the three men who were discharged were reinstated. This Mr. Williams refused to do, claiming it was his right to employ and discharge whom he pleased. He said that those who were dissatisfied could apply to him and he would pay them what was due and they could leave peaceably. He discharged some of the ringleaders, but they refused to bring their tools out of the mine till they were paid, and Mr. Williams would not pay till they would bring them out. Thus the case stood.

"On Wednesday morning no miner dared go to work on account of the threats of the day before. A public meeting was held at 2 p.m., which lasted between two and three hours. In this the subject was fairly discussed by both parties pro and con, but nothing was accomplished. Many miners acknowledged that they never heard an operator offer more fairly than Mr. Williams, yet they would not give in. Nearly every striker knows and admits that they have taken a very foolish step, but they will not retrace it because they have sworn to each other to do a certain thing and say they must conquer.

The evening train brought U. S. Commissioner A. O. Smoot, and Sheriff John Turner, with two deputies to the mines. They gave both sides of the question a through investigation and were prepared to protect all who would go to work next morning. It was believed that the strikers would come down and leave the canyon or go to work.

On TThursday morning a few went to the mines for the purpose of working, but only one went in as some of the others were needed outside. The strikers kept sending committees to Mr. Williams, asking different questions. About 12 o'clock Sheriff Turner arrested John P. Rose, Joseph Lynn, of Union Fort, Alford Thompson, of Sandy, George Dallamore, of Lehi, David W. Lloyd, of Spanish Fork, Thomas H. Jones and Charles Wilson. Those arrested offered no resistance but believed they would be acquitted when tried. They settled up and left for Fish Creek at p. m., on a special train, amidst tremendous cheers from the Union Club.

"After the arrest of these men the camp became very peaceable. Quite a number of the strikers were paid off and it was understood they would leave in the morning. As many new men have arrived as will fill the vacancies made by those leaving. From all indications between three and four hundred tons of coal will be loaded on Friday."

LATER.—We learn that the men who were intimidated are resuming work, probably about twenty-five of them commenced to-day.

The Pleasant Grove Election.—We have received the following with a special request to publish:

Pleasant Grove, Feb. 15, 1883.

Editor Deseret News:

In your Wednesday's issue I noticed the result of Pleasant Grove election. The writer makes an assertion that the opposition party resorted to the trick of crossing Hyrum Winters' name off the genuine ticket, but gave no proof of the assertion. The figures in the case are: Total votes polled, 265, of which there were cast for H. Winters, 188; F. Beers, 66; J. O. Bullock; 1; John Smith, 1. Total 256. Leaving nine votes to be scratched as described, which the majority of the so-called opposition denies was ever done with their knowledge or consent. The members of the opposition also profess to be members of the People's Party, and in every sense of the word strict adherents of its principles, and will not hold themselves responsible for the so called (unproven) contemptible trick. Your's respectfully,

ONE OF THE 66.

The language of the NEWS, in commenting upon the matter was—"The opposition resorted to the contemptible trick of placing a faint pencil mark over the name of the candidate for the mayoralty on the genuine tickets and handing them to voters who folded the ballot and placed them in the envelopes in good faith, believing they were voting the full People's ticket."

It appears to be admitted that the trick was resorted to, and surely the correspondent will not attempt to deny that the perpetrators belonged to the "opposition" to the real People's ticket, of which there can be but one—that endorsed by the majority. How few or how many of the party of the "opposition" were in any way responsible in the premises we do not know, but that it came from that quarter is perfectly clear.

Those who constituted the opposition at Pleasant Grove profess membership in the People's Party and adherence to its principles, while at the same time, "bolting" from its ticket. This is a somewhat anomalous political position.

Missionary Work in Alabama.—Elder N. A. Empey, writing to President John Morgan, from Alabama, under date of the 9th inst., said:

"We are holding meetings regularly and have organized a Sunday school with about twenty pupils. We also have a meeting-house in course of erection, which will soon be completed. The power of God in the healing of the sick is made manifest in the administration of the Elders. Mr. Bullock, a non-member, was afflicted with a severe affection in the back. He applied to be administered to, and was immediately healed. Young Brother Coleman had large ulcers on his face. He was anointed with oil and the sores were all healed inside of twenty-four hours."

The locality from which Brother Empey writes is the same place where Elder Morgan and other brethren were attacked by an armed mob of about sixty men, about two years ago. In about six months after that difficulty, the Elders returned, and have since continued their labors unhesitatingly, and, as will be observed by the above extract, with gratifying results.

High Council.—The members of the High Council will meet at 7 o'clock on Monday evening at the Council House.

W. W. TAYLOR, Clerk.

The Conference To-morrow.—Remember the Mutual Improvement meetings, to be held in the Assembly Hall to-morrow, commencing at 10 a.m. and 6.30 p.m. A full attendance of the officers of Associations is requested. All are cordially invited. JOS. H. FELT.

Small Pox Corraled.—We are able to present to our readers the cheering news that there is now no smallpox in Logan City, all the cases not yet recovered having been removed to the hospital. The work of cleaning up the houses where there have been cases, has been in progress some days.—*Utah Journal.*

Pleasant Affair.—The party for the benefit of the Deseret Hospital, in the Fourteenth Ward Assembly Rooms, last evening, was a successful and interesting affair. The dancing exercises were interspersed with singing and other amusements. The party was under the auspices of the Relief Society and Young Ladies' Association.

A Fiendish Outrage.—Near Pleasant Valley Junction, on Thursday, a fiendish attempt was made to wreck the construction train of the Denver & Rio Grande W. R. R. It appears that three men who refused to pay their fare were put off the train by the conductor, and, in revenge, piled a quantity of ties on the track to wreck it. Fortunately the obstacles were discovered in time to prevent damage. The facts were communicated to Sheriff Turner, and two of the three fellows concerned in the outrage were arrested by that officer and taken to Provo. The third has since been secured, and has confessed. He will also be taken to Provo.

The Raid on Gamblers.—The police have been making a thorough raid on the gambling dens of this city, having lately made no less than forty arrests of gamblers and keepers of houses resorted to by characters of that kind. The accused have been mostly fined $50 each, notice of appeal being given in each case. We are pleased to note the fact that the city authorities are taking somewhat vigorous steps to repress a growing evil fraught with danger to the community. Gambling houses have increased of late, until there are now at least ten resorts of the kind. Not a few young men are being led into the pitfall they present—a rapid road to ruin. Therefore let the ordinances against gambling be vigorously enforced. The Mayor and city officers generally will be backed by the whole force of the respectable community in repressing the growing wrong.
