GALVESTON, 5.—News Fort Worth special: The west bound Texas Pacific passenger was derailed 11 miles west of Baird, early this morning. The baggage car and three coaches ran down a 14 foot embankment, making a fearful wreck. Seven were killed and 25 persons were injured, six very seriously. A special train with Surgeons Coughill and Allen of the Gould Hospital at Fort Worth have been dispatched to the scene. The wounded will be brought to Fort Worth in the morning. It required eight hours to clear the track.

Columbia, S. C., 5.—Forest fires have occurred in several sections of the State this week, caused by farmers burning brush to clear planting ground. Three miles east of Killians station, and seven miles north of Columbia, the fires swept away houses, mills, barns and fencing. The flames continued unchecked until the Wateree river was reached, a distance of 20 miles. Jones & Killian lost their mill and 400 barrels of rosin. Many persons doubtless are homeless. Communication with the devastated district is very difficult.

Charleston advises report as follows: In Allen County the damage was slight. In Chesterfield County the boggy swamp is reported on fire, and a number of buildings and out-houses were destroyed. Forests are on fire in Berkeley County, and several houses in the village of Cordesville are burned. Fire is reported from several other counties, but not of a serious character.

Raleigh, N. C., 5.—Reports of damage by forest fires continue. In Johnston County a fresh fire broke out, destroying a great quantity of timber, as well as several dwellings. The people are greatly alarmed, and they labor unceasingly night and day, combatting the flames.

Along the line of the Carolina Central Railroad the woods are burning for a distance of 60 miles.

In Moore, Robeson, Johnson, Cumberland, Pender and Richmond Counties, the bulk of the damage is done. A number of people are homeless. Nearly all the saw mills in some sections are burned, as well as churches and dwellings. Turpentine orchards of from 5,000 to 10,000 trees each are burned, almost ruining the owners. The fire is a heavy blow to the lumber industry in that part of the State.

Cincinnati, 5.—Three boys, driving across the railroad track this afternoon, were struck by an engine and instantly killed. The bodies were horribly mangled. They were all the sons of well known citizens.

Wilkesbarre, Pa., 5.—There is now forty feet of water in the Pellibone shaft of the Lackawanna Company. It will be weeks before work can be resumed.

RISEING SUN, Ind., 5.—Two masked men went to the house of John Smith, living in this vicinity, last night, and beat him insensible. They then ransacked the house for a large sum Smith is reported to have secreted. Failing to find the money, they lit a fire and swung Smith, who had recovered consciousness, back and forth over it in the hope of making him disclose the hiding place of the treasure. This was continued until Smith again became insensible, when the robbers departed, thinking him dead. The neighbors found Smith horribly beaten and burned this morning. A posse is in pursuit of the villains, and will lynch them if caught.

Pittsburg, 5.—A dispatch from Cumberland, Md., says that a prize fight came off at Hyndman, Pa., near the Maryland State line, at an early hour this morning, between a Hungarian named Neckvest, formerly of St. Louis, and an unknown alleged to be Vulrain the Boston pugilist. The fight was arranged a short time ago, and the party left Huntingdon, Pa., last night in coal cars, arriving in Hyndman at 3 o'clock this morning. During the trip a melee occurred on board the train, in which several persons were injured. Arriving at Hyndman, the ring was pitched and the fight began. Fifty-three rounds were fought, with the advantage about even, when the cry of "foul" was raised. A terrible riot ensued, in which pistols and knives were freely used. The riot lasted some time and at the conclusion three men, including Neckvest, were stretched on the ground dead, while several others were badly wounded. Neckvest was shot through the head. No arrests have been made.

NEW YORK, 5.—Stocks opened firm a fraction higher, but subsequently Union Pacific sold down $\frac{1}{2}$ to 71. The general list declined $\frac{1}{2}$ to $\frac{1}{4}$ in sympathy. The specie shipments to Europe to-day amount to \$1,825,000.

CINCINNATI, 5.—The bar association at a meeting this morning had a report from the treasurer that a balance of \$200 was due from the association for expenses previous to the fire. The most determined purpose was exhibited to restore quickly the lost library. There was an insurance of \$10,000 in four companies, but three had a clause exempting them from liability in case of loss by riot. An assessment of \$100 per member was ordered. This will produce nearly \$30,000. Subscriptions were taken in addition, ranging from 100 to 1,000 dollars, a large number giving from private libraries. It is thought the library will soon be restored as far as possible, but some volumes lost cannot be replaced.

DETROIT, 5.—At Harrisville, Alcona

County, in the northeastern part of the State, three masked robbers last night entered the house of Carl Schultz, killed the son, beat the father, mother and daughter into a state of insensibility and secured \$3,000 in German gold.

HALIFAX, 5.—The steamer *Newcastle City* sailed from this port for Boston yesterday morning. During a thick fog she struck on a shoal and knocked several holes in her bottom. The Captain attempted to return to Halifax, but water poured into the steamer so fast that it became necessary to beach the steamer in order to save the lives of the passengers.

ALTOONA, Pa., 7.—Mrs. L. M. Bach, wife of a prominent physician, was discovered in her room this morning with her head almost severed from the body. The circumstances were so suspicious that the doctor has been arrested. He said he had already admitted to a member of the family that he committed the deed. Two large knives and cleavers used for amputating purposes were found beside the victim.

The directors of the Chicago, B. M. and Quincy Railroad Company have voted to give stockholders of the road the privilege of subscribing for Northwestern stock at par to the amount of ten per cent. of their holdings. The right is to subscribe for 69,578 shares. The subscriptions must be made on or before May 20th. New stock is issued to pay for the construction and equipment also and to build branches which are already authorized.

NEW YORK, 7.—A fire is raging in the St. George apartment house, a seven story building occupied by 14 families. The loss will exceed \$100,000.

Boston, 7.—A fire in the building occupied by the Grocers' Packing Co., and Henry May & Co., fish agents, caused a heavy loss on the contents; the building was slightly damaged.

Philadelphia, 3.—The Delaware County Republican Convention instructed for Blaine and Lincoln.

H. M. WYETH'S PATENT.

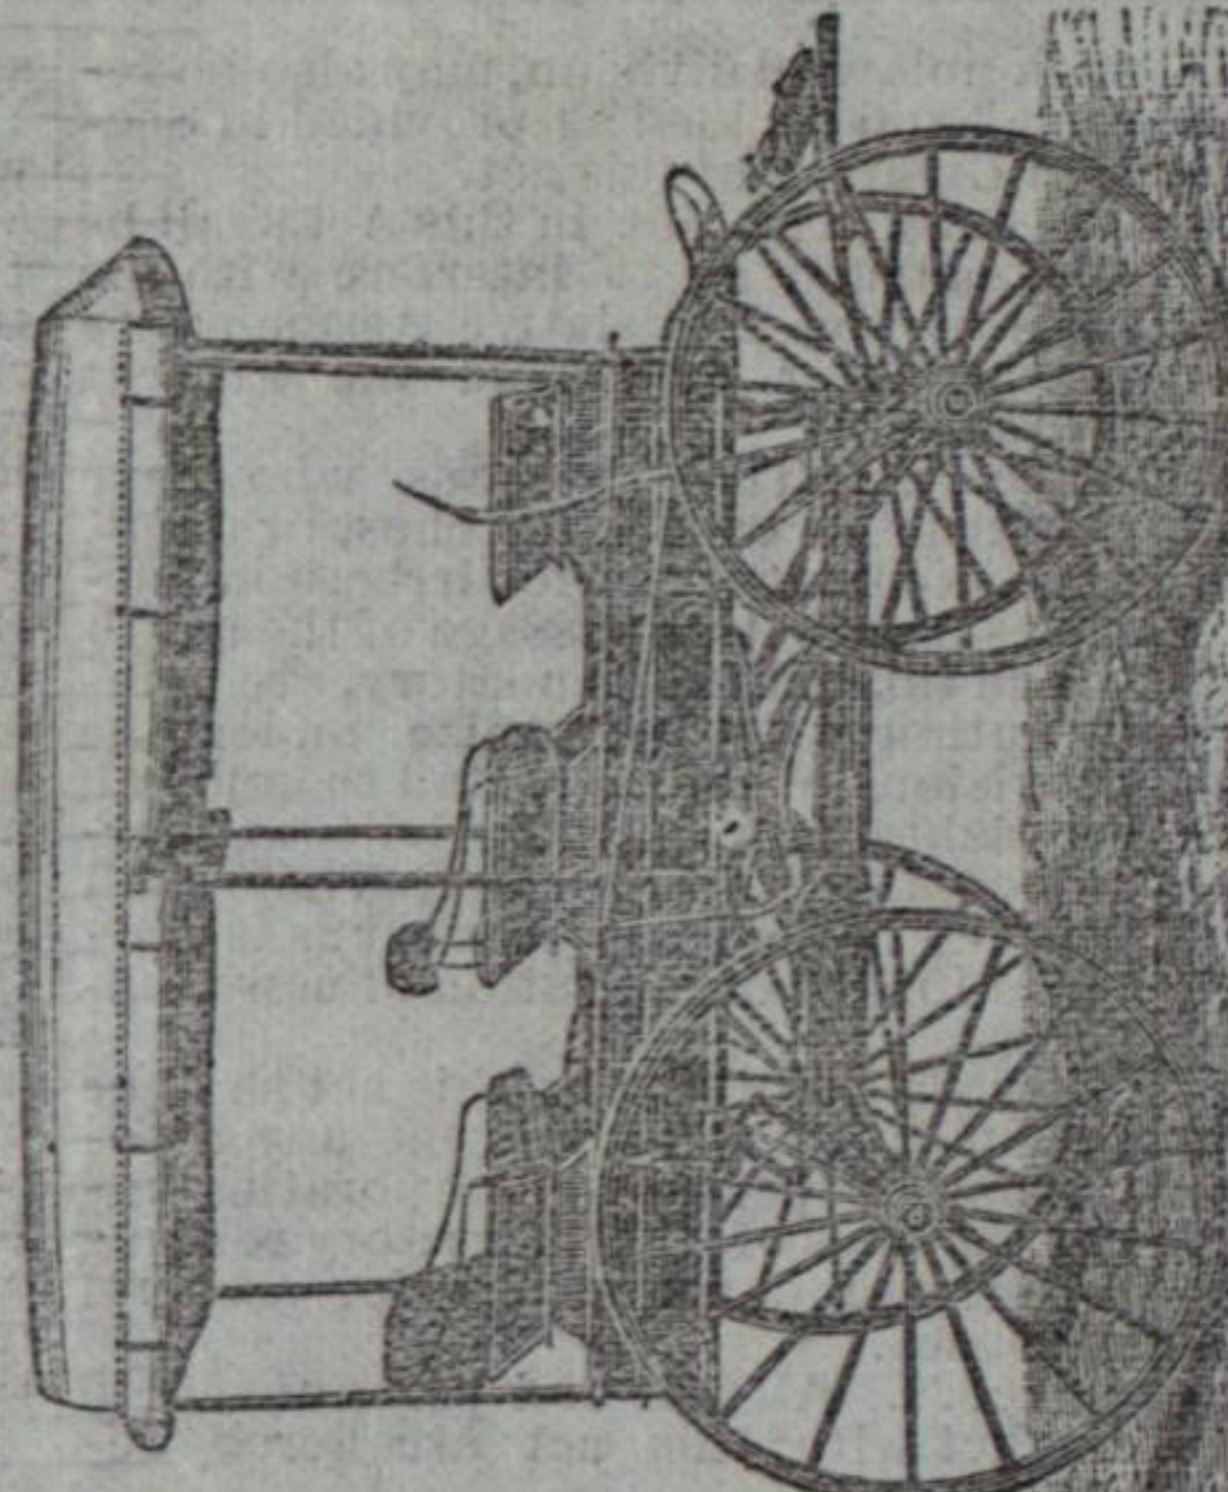

PATENTED JAN. 1st, 1884.

THE GREAT OBJECT REACHED AT LAST.

THE PUBLIC HAVE LONG NEEDED A pump simple in its construction, durable, cheap and not liable to get out of order. This desideratum H. M. Wyeth of Salt Lake City, Utah, has (after many years of experience) attained by inventing and patenting a Double Acting Anti-Freezing Force Pump. So simple in its construction that any person of ordinary mechanical genius can make it. Every farm or dwelling should be supplied with one or more for house use or for watering stock, gardens, yards or protecting buildings from fire, and it is warranted not to freeze in the coldest weather.

There is a general and increasing demand for pumps, and it is believed that this pump will ultimately take the place of all others in the market. Its manufacture and sale offer the best inducements to industrious persons for a continued and lucrative business and the broadest margin for safe investments and profitable speculation of any invention extant.

Any parties wishing to travel with a good pleasant and paying business in any part of the United States are invited to call on or address H. M. WYETH, Salt Lake City, City.
