LONDON, 25.—The Marquis of Tengg has arrived here.

The passenger vessels *Hurunui* and *Waitara*, of the New Zealand Shipping Company, came in collision off Portland, on Friday night. The *Waitara* sank in two minutes; 25 persons were drowned. The *Hurunui* immediately launched her boats and rescued 16 persons struggling in the water. Among these was a lady saloon passenger to whom a sailor, also saved, had given his life belt. Two other saloon passengers were also saved. All the second-class and steerage passengers were lost. The captain of the *Waitara* was dragged aboard the *Hurunui* with the aid of ropes. The two vessels left London together on Friday. The *Hurunui* struck the *Waitara* end on, just in front of the saloon on the starboard side. The survivors state that no crash was heard, but the sides of the *Waitara* gave way like cardboard. More passengers might have been saved had the bark and steamer seen near by heeded the *Waitara's* signals of distress. The *Waitara* was an iron ship of 833 tons, and built in 1863. The *Hurunui* was also an iron ship.

Lynch, alias Norman, informer, who testified against the dynamite conspirators, is released from custody because of services to the government.

The show on Lake Como was in a large hall over the tavern. There were ninety persons in the hall. A Bengal light was used to prevent fire, and sparks from this set fire to a quantity of straw and firewood in an adjacent room. On perceiving the flames, the showman shouted "fire!" but the spectators thought the cry was merely a realistic detail of the show, and remained seated. Cries of "fire" were soon raised outside the hall. They did not discover their mistake until the flames burst into the room. After the fire was extinguished, forty-seven charred corpses were found near the table, including the bodies of the showman and his wife.

A large portion of the bodies at Darvjo, are women and children. The wounded were hurt by leaping through the windows. A child was flung out of the window by its mother and fell upon a pile of straw. This is the only one of the spectators present in the hall not hurt.

Developments further in the scandals at the trial at Nyrregh-haza of Jews charged with murdering a Christian girl have given rise to the belief that the prosecution will be abandoned. Several Jewish witnesses for the defense claimed that they had either been threatened at the preliminary inquiry or statements they had never made had been inserted in their depositions. It is elicited that the girl said to have been murdered had quarrelled with her mistress shortly before she disappeared, and that the friends of the girl when they missed her had an idea that she might have suicided. The employer of the sister of Esther Salomassy, the dead girl testified that he met Esther an hour after the alleged murder.

The magistrate's clerk deposed that the magistrate who examined Moritz Scharf threatened Moritz with lifelong imprisonment if he did not confess, and told him his father confessed, thus inducing Moritz to make his statement that he saw the murder committed in the synagogue before the mid-day meal was partaken of.

Dublin, 25.—Alderman Wm. Meagher has been elected Lord Mayor of Dublin.

Bernard MacHugh has been arrested on a charge of conspiracy in the murder of Justice Young, shot five years ago.

Later intelligence shows that the Curragh affair was between the North Mayo and Dublin militia men, and not between the former and British troops. It originated in a gambling dispute, during which the Mayo called the Dublin men "Careys" and "Invincibles." The fight lasted over an hour, each side using stones and firearms freely. The conflict was only quelled by the officers threatening to fire upon the men. One of the men killed was a sergeant.

The latest report is that seventeen men were wounded; no one killed.

Paris, 25.—Prime Minister Ferry has received a letter from the Marquis Tseng, Chinese ambassador, in which the latter states that his departure was due entirely to matters connected with family affairs. He will return to Paris immediately, if his presence is required.

It is reported that Challemeil Le-cour, Minister of Foreign Affairs, has resigned.

The foreman of the jury which returned a verdict of guilty against Louise Michel, has received a menacing letter. When the prisoner was sentenced yesterday the audience cheered her. The press generally considers her sentence excessive; even Legitimist and Union advocates predict commutation. The *Anarchist* paper reminds the president of the court which sentenced Louise Michel, that Judge Bodjean was shot by the Commune.

At a meeting of Irishmen here the execution of the Phoenix Park murderers was denounced as a massacre.

The municipality voted 10,000 fcs. to defray the expenses of delegates from Paris to the forthcoming Boston exhibition.

Berlin, 25.—A note from Cardinal Jacobini, Papal Secretary of State, expressing regret that Prussia had preferred legislation to negotiation on the church question, was handed Von Schlocher, Prussian representative at the Vatican on Friday last. The protest was merely a formal one. Prussia replied in a friendly spirit.

Prince Bismarck is suffering from severe pains in his side.

St. Petersburg, 25.—Hunt, United States Minister, is about to leave on a furlough.

Two thousand political and ordinary prisoners arrived at Tomsk, by steamers on which typhoid, diphtheria has been raging. The prisoners at Tomsk are full of dying men.

A number of warehouses used for storing herrings and cotton on the Island Gatajewsky, at the mouth of the Neva, are burning. Several vessels are also on fire. At the time the dispatch was sent it was impossible to estimate the amount of damage.

Later.—Grigorieff's warehouses and saw-mills, most of the private houses, a steam flour mill, belonging to the Crown, a chemical factory, bone mill and cotton store with three thousand bales of cotton were destroyed. Loss already, 1,500,000 roubles.

Hong Kong, 25.—The hostile Anamites are entrenched 25 miles from Hanoi, and well armed and confident. It is believed the French will make an attack as soon as they receive reinforcements, which are expected daily.

DAMietta, 26.—Of forty-two deaths yesterday, twenty-eight are known to have been from cholera; the rest it is supposed are from the same malady.

LONDON, 26.—Intelligence has been received from Sierra Leone, that the recent British operations against Chief Gllpome, were attended with great atrocities by the native allies who butchered and mutilated all their male prisoners. These allies lost over 100 men during the attack on the main fort, which was captured. Eighty-three of the enemy were killed by a single shell.

LONDON, 26.—There was a violent thunder storm in England yesterday. Four soldiers are reported killed by lightning at Chatham.

Lorillard's horses, Iroquois, Aranza, and Parthenia have left for the United States.

All Christian lawyers at Gireghaza, Hungary, where the trial of the Jews charged with murdering a Christian girl is proceeding, have adopted a resolution attacking the conduct of the public prosecutor because he scarcely conceals his belief that the case was fabricated by persons opposed to the Jews.

The trial of the Jews at Nyrregh-haza, Hungary, to-day brought out that the magistrate, Piezley, who aided in the preparation of the case for the prosecution, was once sentenced to 25 years' imprisonment for a brutal murder. Piezley admitted he signed depositions for several witnesses in the present trial, though he was absent when they were examined. Several witnesses deposed that the boy Moritz Scharf, who said he saw Esther Salomassy murdered in the synagogue, was beaten in the house of the Police Commissioner. The defense pointed out as a significant fact that Scharf's deposition contained a special clause denying that compulsion had been resorted to in his examination.

There are fears at Sourabaya and Rembaug, Java, of a rice famine. The disease destroyed 200,000 acres.

Doctors at Damietta refuse to inform foreign consuls of the number of deaths there from cholera. Steamers from Alexandria Tuesday were crowded with refugees from Damietta. All the steamer berths for a week to come are engaged.

Constantinople, 26.—In consequence of the energetic protests made by Gen. Wallace, American Minister, in the case of two American missionaries attacked and nearly killed by the Kurds, near Bitlis, the Governor of Erzeroum has been ordered to suppress brigandage at any cost.
