The readers of this paper will be pisased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in deing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Finding health is like finding money so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption,

Inexpensive Millinery Full of Style. An Innovation for Dressers of Taste.

With that spirit of progressiveness which has so firmly established this store as an authentic style center. we offer a praiseworthy selection of new headwear at popular prices.

The designers have been eminently successful in meeting the requirement of that class of trade which prefers to expend from only \$5 to \$10 on headwear.

The styles reflect exceeding taste. There is nothing cheap about the hats. They are examples of ? becoming headwear, the kind which many particular dressers wear.

We have a point of vantage in this fact: Keith-O'Brien Company is the first house to make effort to introduce fine desirable millinery at popular prices.

These hats cost the store considerably more than the kind which usually sells at from \$5 to \$10.

The reason the store is anxious to develop a strong demand for dainty, but inexpensive millinery is because it has been identified as handling only the finest creations.

So often the remark has been made that it is useless to go to Keith-O'Brien Company's for inexpensive headwear.

This season modestly priced millinery has received especial attention. It is our belief, shared by hundreds of correct dressers that Salt Lake never saw a more delightful showing of inexpensive millinery.

The most favorable comment is everywhere heard respecting this

In a letter telling of her remarkable cure, Mrs. Switzer said:

"In January, 1994. I was taken down with inflammation of the kidneys and bladder, and was laid up in bed for eligweeks. I had very severe palms across the back and kidneys and in the legs. I also had a terrible burning sensation in the affected parts. The doctor could not aid me. He told me frankly he thought there was no hope, and that I could not be cured. He proposed an operation, but I remembered reading of the remarkable cures credited to Warner's Safe Cure, and sent out for a bottle. I soon began to recover my former good health. Today I am on the fourth bottle and am now as strong as before I was taken sick. My cure is complete, and I fully believe Warner's Safe Cure saved my life.
