When I parted from all the brethren who speak English, and left the English shores, I began to feel in no small degree what a blessing it was to enjoy the society of af-fectionate Saints, with whom I could pray, sing, and position that it is sometimes dangerous to baptize openly, and if it is found out that even rervants associate, and converse in my own native tongue, openly; and if it is found out that even servants wherein I was born. The brethren had been anxiously looking out for me to come: and I met with such a warm reception, that I almost forgot I was in a land of strangers. We had a joyful meeting; my presence seemed to inspire them

Elder Forsagren, it seems, had felt seriously the
heavy responsibility that Elder Erastus Snow rolled upon his shoulders when he left. I took him into my room, prayed with and for him, comforted and blessed him according to his desire. He feels first rate now, and is doing well, and has been all the time. He has done a great and good work in this land, for which I feel thankful, and feel to pray for him with all my bear', that he may lead out many saints with him, and re-joice with them in Zion as the fruits of his labors.
