ALL HALLOWS BASEBALL TEAM ROUNDING INTO SHAPE

Ideal weather during the past week brought out a large bunch of base-ball candidates at All Hallows college and the fight for the nine positions on the fight school league but as yet they have not won a championship. The team last year was one of the best the school has had, but the hardest of work on the part of Coach Tobin and the begs resulted in a failure to wrest the championship from the Salt Lake High school team. This season at the first call for candidates by Cap-tain Harroid King, a squad of over 39 responded and at one time 25 boys wore in suits contesting for the dif-ferent positions. At the head of the basedall squad was a new man and the way in which he whipped his green men into good shape was remarkable. Coach Harmon, a baseball player of a number of years' experience, is heading the initional sport this year at the college and if the lads do not make a showing in the league this year it will not be any fault of the coaching.

Although the college grounds are not ideal for a baseball diamond. It has enough slepe to afford good drainage and this enabled the squad to work-out a number of times while the re-maining high schools were waiting for their grounds to dry. Coach Har-mon took advantage of this and work-ed his men from the opening of the season. From the start the prospects for the witning team were good at a
