A Cattle dispatch states that considerable difference is being made on as to who is the best governor of Nevada. Some say that Frank Roll, being lieutenant governor, because acting governor by reason of the governor's death, following to constitutional order, cannot claim the salary, others hold that the governor and lieutenant governor, if the latter being dead, the president of the senate takes the place. Others say that the secretary of state becomes the party who really is governor.

NEW YORK'S FLOWER MARKET.
New York is now to have what almost every European city has—a market for cut flowers that ladies may visit without seeing or meeting with anything that is disagreeable. The idea of having a central flower market at Union square has by no means been abandoned, and the project is at a stand still for the present, and no active steps will be taken in the matter for some months yet. In the meantime the Market Fair's association of New York is making arrangements for a temporary market for cut flowers, which will be situated near Union square, and which will be opened early in September.

MISSOURI.
A sheriff came all the way from Texas to Cook county, after a horse thief recently captured on the farm of the Harrington. The fellow's head had in the Lumber State was a bunch of fifty range ponies. A reward of fifty dollars was paid the Wyoming officers who captured the thief.

CHICAGO.
Christine Evans, a boy of 15, was mysteriously slain at Chicago Friday night. The boy was riding home from his home when a shot was fired at him from the rear. The bullet struck him in the shoulder, hitting the bone and passing downward. No clue to the would-be assassin or his motive can be found.

COLORADO.
Two thousand marriage licenses have been issued in Pueblo county since May 2, 1891.

The prohibitionists of Laramie county will hold their convention at Loveland on Tuesday.

The Colorado college at Colorado Springs opened Wednesday with a very large attendance, about double that of the previous year.

There was a grand dedication of the new railroad station in Boulder last Thursday evening. Invitations were extended only to those who subscribed for the purchase of the stock on which the depot stands. Manager E. L. Meek and several other railroad officers were present.
