LOCAL AND OTHER MATTERS.

THERMOMETER 41° in the shade at one o clock to-day.

THEATRE. — Last evening there was a very excellent performance of the affecting play of the "Stranger," and this evening, by request, Mr. and Mrs Bates will appear again in their admirable impersonations of "Matthew" and "Margaret Elmore" in the beautiful play of "Love's Sacrifice."

To-morrow, Friday, evening is announced for Mrs. Bates' benefit, and Saturday the last night of the engagement of Mrs. Bates.

The performances at the Theatre are now characterized by the manifestation of a very creditable amount of ability and refined accomplishment. Mrs. Bates enjoys a high reputation as a careful, talented, and finished actress, and Mr. Bates very worthily supports her. He is a painstaking and impressive actor, always acquitting himself satisfactorily, and frequently displaying a high order of histrionic ability.

SUSPENDED. — We are requested, by Professor Careless, to announce that the usual weekly rehearsals of the Tabernacle Choir will be suspended from now until the first Friday after New Year's. On the evening of that day at 7 o'clock, a full attendance of the members of the choir is requested, up stairs, at the music store of Calder & Careless, East Temple St.

MISS INCE.—The management of the Theatre have received a communication from Miss Annette Ince, dated at San Francisco, December 1st, in which she expresses great regret at not being able, on account of severe illness, to appear at the Theatre here on Monday as was expected. She had made every arrangement for leaving San Francisco a week ago to-day, even to the purchasing of her ticket and engaging of her state room, but she was taken with such a severe attack of illness that she was totally unable to proceed on her intended journey. We are pleased to learn, from her letter, that Miss Ince's health is improving. She anticipates leaving San Francisco in a short time, when she expects to re-arrange with the management for her appearance on the boards of the Theatre here for a number of nights. Admirers of artistic acting will, doubtless, be pleased at the prospect of soon witnessing some of her truthful and vivid delineations.

THE HOME MISSION.—The appointment of Elders in various parts of the Territory to act as home missionaries in visiting and preaching to the Saints in the different settlements and wards is having an excellent and encouraging effect. The brethren appointed have been generally diligent in laboring with the people in the wards and settlements to increase among the Saints an interest in the work of God. Two days' meetings have been held in many places, and these gatherings have been generally characterized by the outpourings of the Spirit of the Lord, and it is to be hoped that the missionaries, and all other faithful Elders as well, will continue the good work by stirring up the people in the performance of the duties of their religion.

The holding of meetings in the city wards on Sunday afternoons during the winter, instead of having the usual meetings in the Tabernacle, is also having a beneficial effect. This arrangement places the partaking of the sacrament within reach of nearly all the Saints, many of whom were unable to attend at the Tabernacle on account of their living at long distances from that building. The afternoon as well as the evening meetings in the wards are being numerously attended, and a lively and comforting spirit is generally enjoyed in those assemblies.

ACCIDENT.—James Richards, a carpenter, residing in the Ninth Ward, met with a serious accident yesterday morning while at work on a building in the Twentieth Ward. While he was in a stooping position a bundle of shingles fell a distance of eleven feet, striking him on the lower part of the back, and inflicting serious injury on that part of his body. He was taken to his residence in a conveyance, and it is expected he will be laid up for a week or two.

SPECIAL TO THE DESERET NEWS.

SPRINGVILLE, Dec. 5, 1872.

Editor Deseret News.

In the Hall and Balden shooting case, Balden has been discharged, there not being sufficient proof to bind him over to another court.

ACCIDENT. — Last Thursday Joseph Knowles, son of Wm. Knowles of Logan, was in the kanyon logging when a huge log came down the slide; though warned of its approach, he was unable to get out of the way, and it struck him on the ancle. James Hobbs and others present picked up the wounded lad, cut off his boot and conveyed him home, where he suffered extreme pain, his injured limb being awfully discolored, and so terribly swollen that it could not be ascertained whether or not any bones were broken. He is still in pain, and his foot and ancle are in a critical condition.—*Ogden Junction, Dec. 14th.*

SUICIDE AND ATTEMPTED MURDER.—Some excitement was produced on the street to-day by the announcement that a man had murdered his wife and then committed suicide. The rumor was speedily confirmed in some of its particulars by the bringing to the City Hall of the body of a man, named Griffiths, a Welshman, who had committed suicide by shooting himself through the head with a pistol, after shooting his wife. The tragedy occurred on West Temple Street, near the corner of Third South.

It appears that Mrs. Griffiths a short time since left her husband on account of his abusive conduct towards her. About six weeks ago he was arrested and fined for being drunk, disturbing the peace and threatening to shoot his wife. When the police went to arrest him on that occasion he talked very quietly and appeared to be willing to accompany them to the City Hall, but made a sudden spring, and grasped and cocked a pistol for the purpose of using it, when Mr. Alexander Burt seized him and, after a severe struggle, took the weapon away from him. He was unable to pay his fine, $15, and his pistol was retained as security, and it was only the day before yesterday that he redeemed it.

At about half-past eleven o'clock to-day he met his wife in company with two other ladies, when he committed the horrible and bloody deeds by which he terminated his own life, and which will probably produce fatal effects on his wife.

As Griffiths shot himself through the brain he died instantly, and the attention of the surgeons called in, Drs. Benedict and Bush, was directed to the unfortunate woman. When the latter was shot she was running away from her husband and the ball took effect on the lower portion of her back, near the spinal column. An examination of the woman showed that the bullet was so deeply imbedded that it would be dangerous to extract it, as the whole length of the finger could be inserted in the opening without reaching it. The sufferings of the poor woman were most intense, while she is paralyzed on one side. It is possible that she may live, but we understand it is doubtful.

The body of Griffiths presented a hideous spectacle. His features were naturally unprepossessing, but with the unclosed eyes glazed in death and the pallid features covered with gore, the sight was one calculated to inspire the on-looker with feelings anything but pleasurable. His features are large and heavy, particularly the lower jaw, and his forhead is low and receding. He appeared to be a man of from fifty to fifty-five years of age, his hair and beard being iron grey. We are informed that Mrs. Griffiths is much younger, having probably not yet attained her thirtieth year. We understand that Griffiths has been in this Territory nearly eighteen years.

CHEAPER IRON.—There is one good piece of news in to-day's dispatches—the Western Iron Association have agreed to reduce the price of iron $12 per ton and nails four bits a keg. We live in the West, and of course expect to come in for the benefit of the reduction.

DIED.

In this city, at five minutes before 12 a.m., Dec. 5, RACHAEL ANN WARD, daughter of Bishop S. A. Woolley.

Born February 21, 1858, in Salt Lake City; baptized in 1860; died in the faith of the gospel of Christ.

CONGRESSIONAL.

SENATE.

WASHINGTON, 5.—This morning a number of petitions were presented for a prohibitory liquor law.

Logan presented a bill to facilitate the administration of justice.

Rice, of Arkansas, unsuccessfully attempted to call up his resolution asking why troops were to be sent to Arkansas.

On motion of Scott the secretary of war was requested to furnish a list of officers retiring or asking to be retired.

On motion of Morton that the president be requested to communicate information concerning the slave trade on the coast of Africa, and the measures to be taken by Great Britain and other governments for its suppression, Sumner said, in view of the reorganization of the committees, he would be compelled, by the instructions of his physician, to ask to be excused from service on any committee.

Morrill, Vt., called up the bill for the endowment of national colleges.

HOUSE.

Bills were introduced and referred—by Wheeler to incorporate a banking association with capital of a hundred millions, under State governors, and a manager in each quarter of the United States of America; by Myers, giving two thousand dollars to the wife of Gen. Meade; by Harris, to allow farmers and planters to sell leaf tobacco without restriction and modifying the tax on retail dealers.

Dawes reported a bill for the relief of the Boston sufferers, on which a discussion ensued, after which the bill passed unanimously.

The bill providing for ten sloops of war came up.

EASTERN DISPATCHES.

WASHINGTON, 5.—The President to-day sent to the Senate the following nominations: Ward Hent, of New York, Associate Justice of the Supreme Court; J. Larramie, Minister to Russia.

It is understood that after the adjournment of the Senate a Republican caucus will be held, to which the Committee on Revision of Committees will report. It is now certain that the Liberal Republicans will have no Committee positions assigned them, but will be left to arrange with the Democrats who shall fill the minority vacancies.

The Committee of Ways and Means have heard Commissioner Douglass in support of his proposed internal revenue bill.

The credit mobilier investigation has not yet met, owing to the absence of Gen. Banks.

The Committee on Appropriation this morning heard Gov. Cooke and A. R. Shepard concerning reimbursements for street improvements.

NEW ORLEANS, 5—Gov. Warmouth, has issued a proclamation declaring the result of the state election as certified to by the board, returning the officers appointed by him.

PITTSBURG, 5.—At a meeting of the Western Iron Association, held in this city yesterday afternoon, the price of iron was reduced $12 per ton, and the price of nails half a dollar per keg. The recent decline in the price of pig metal accounts for these reductions.

WESTERN.

SAN FRANCISCO, 5.—In the diamond fraud investigation, one person made a clean breast of all he knew about the salting process, giving names of the accomplices in the swendle.

Gold New York; greenbacks 88¼ @ 89.

EUROPEAN.

LONDON, 5.—The gas works at Newport, Monmouthshire, exploded last night, wounding several persons.
