Persons inquiring for the above letters are requested to state when advertised.

J. M. MOORE, Postmaster.

Judge Rockwood Hoar says of Ben Butler, "He began by trying to get on, then he sought to get honor, and now he is trying to get honest." Then he is doing what thousands of prominent men in this country need do.

THE business card of McKesson and Robbins, of 91 Fulton St., New York, advertises "Bloede's Ink Extracting Pencil," for instantaneously removing Ink, Writing Fluid, Iron Rust, and all similar stains from the fingers or skin in general. White cotton linen or woollen stuffs of every kind, wood, ivory, bone, engravings, printed books and un-sized paper. To the merchant and business man it is invaluable, as in the laundry, the workshop, the office, or the household. It is of a convenient size and can be carried in the pocket. We have tried it and found it to be all the inventor claimed for it. It can be had at Z. C. M. I., or the firm will send it to any address for 25 cents.

Persons afflicted with coughs and colds should try their "Honey of Liverwort." It is recommended as breaking up coughs and colds effectively. Read the advertisement.

WE would call the attention of co-operative boot and shoe establishments and all who use leather and shoe findings and shoemaker's "kit," to the business card of Turner & Ray, under the head of "Chicago Trade." This firm keeps at all times a very extensive and varied stock of goods in their line. It is one of the largest in the city of Chicago. They have been doing business with those who use their goods in this Territory for several years. We have conversed with parties who have had business relations with Turner & Ray, and they speak of the firm in the highest terms, as being gentlemanly and obliging, and their goods as of the best quality and low in prices. We have been personally acquainted with them for several years, and have always found them prompt and reliable. We can confidently recommend them to all who have to import goods in their line as being sure to deal with customers in an honorable manner. Read the advertisement, and send for catalogue.

Yes, women are unreasonable, and you may have remarked that when one of them sits down in a new silk dress on a chair where a neighbor's child has sat, she will go on about it just as bad as if it were two dollars' worth.

The Indianapolis Herald says: "The man who designed our State seal is dead. In the language of the Dutch poet, 'it is well.' Any man who would try to make people believe a full-grown buffalo bull would deliberately rush up to a granger who was chopping down a tree at sunrise ought to die."

The Cayuga Chief

Has been improved especially for this trade, and is now called the "WHEELER." The No. 5 is a light Mower, possessing great powers and endurance, and the easiest handled machine in the market. With the exception of the improved Ledger Plate, the Guard, it is the same as the Cayuga Chief No. 3, which has become such a favorite. The No. 6 is a combined machine, with controllable Self Rake, the gearing is all encased in an iron box, which excludes all dirt and grit.

This machine was awarded the California State Diploma last September, and has already taken the laurels from several competitors in Texas this year. We also have the
