The Bankers Meet—Pass in Your Checks.

NIAGARA FALLS, 11.—Secretary Windom wrote a letter to the corresponding secretary of the Bankers' Convention which, after giving the known facts of the amounts of the three per cents, says: This plan for continuing the 6's proved entirely satisfactory, having been presented in due time for continuance at 3½ per cent. interest to the amount of $178,055,150, leaving to be paid off from the surplus revenue $24,211,400 for which the Treasury has ample resources. Having succeeded in disposing of the 6 per cents of May 12th the department gave notice that the coupon bonds of July 14th, 1870, and January 20, 1871, would be paid on July 1, 1881, with like privilege of continuing bonds at 3½ per cent. to such of the holders as might request, and at the same time the treasury offered to receive for continuance in like manner any uncalled registered bonds of that loan to an amount not exceeding $250,000,000, the remainder of the loan being reserved with a view to its payment from the surplus revenues. The continued 3½ per cent. bonds having a market price slightly above the par 5 per cents in question, were rapidly presented, and it became necessary to extend somewhat the limit fixed for the amount of registered bonds to be accepted for continuance. On July 1st notice for payment on October 1st, 1881, of registered 5's not continued was given, and the resources of the Treasury will be ample to meet their payment. Transactions concerning the 5 per cents are, as before stated, not quite completed. Probably there will be continued in all about $460,000,000 of this loan, leaving to be paid $39,708,050, the remainder of the loan having already been paid from surplus revenues. Under calls previously made by this plan the department has not only been relieved from embarrassment from the payment of coupon interest but reduced all 5 and 6 per cent. loans of the government to a loan payable at the option of the government and bearing interest only at 3½ per cent. per annum, and this with the trifling expense to the government of preparing the new registered bonds and paying the usual expenses of the London agency, at which only three persons have been employed for a few weeks issuing about $44,500,000 of continued bonds. The saving to the government through the continuance of these bonds is very gratifying.

On the 6 per cents, continued the annual saving hereafter in interest will be $4,451,378; on the 5 per cents, assuming $400,000,000 to be continued, the annual saving will be about $8,000,000, making a total annual saving hereafter in interest on the public debt of $10,451,378. Meanwhile, from March 1st to October 1st, 1881, when these operations will have been completed, there will be paid of the 6 per cents $4,211,400, and of the 5 per cents $69,320,650, making an additional annual saving in interest of $4,918,761; of interest charge in seven months, $15,370,095; in other words, the interest charge, which was on March 1st, 1881, $76,844,937, will be on October 1st, 1881, as nearly as can now be stated, $61,475,842. This saving of interest can hereafter be applied to the reduction of the debt, thus reducing it and the burdens arising therefrom more rapidly than heretofore.

Yours truly,
WILLIAM WINDOM.

Niagara Falls, 11.—At the American Bankers' Association to-day, Thomas Henry made a humorous speech, and the secretary of the association read a paper on government finances, by Secretary Windom. It deals with the redemption of the debt on refunding at 3½ per cent. Geo. S. Cook, President of the Executive Council read an address on "What shall be the currency of the future," Comptroller of Currency Knox was received with great applause and read an exhaustive address on the banking and currency of the country.

The Indian War.

DENVER, 11.—The *Tribune's* Santa Fe special says: Nana and his band of Indians are moving southwest, evidently endeavoring to slip through the scouts into Mexico. He has been closely pressed by Guilfoyle, who on the 4th, found two lead herders near the Ojo de Latierra, and who struck the band on the evening of the same day. After the fighting, in which two men were wounded, the troops captured eleven horses. The Indians left at night. Yesterday, Nana attacked Garner's ranch, twelve miles from Elita, on the Atlantic and Pacific road, killing five men and two boys, then moved on to the southwest, evidently for the Rio Quemada, where the volunteer company under Delegate Troquillino Luna is scouting. Three companies of infantry have been to day stationed along the line of the Atlantic and Pacific Railroad to guard the same. Besides Guilfoyle's detachments there are two other cavalry scouts south of Nana looking for him, and it is hoped his retreat will be cut off. Nana has been joined by at least 30 Navajoes, and he travels fast, driving nearly 100 animals and shooting jaded animals. Some Mescaleros are out on the Jornado del Muerto, and yesterday attacked some section hands near Rincon. General Hatch dispatched Lieut. Taylor with 40 scouts after them, and a report this evening states that the scouts had struck a hot trail. Capt. Cooney, who with two companies of troops is guarding the Mescalero-Apache reservation, reports that Chief Ramon Celquita, with 20 warriors, have returned to the reservation.

DENVER, 11.—The *Tribune's* Las Vegas special says: News of the murder of seven persons at Elita was received at Albuquerque late last night. A special train, containing 40 well armed men, left Albuquerque yesterday for the scene of depredations; also another train of between 50 and 100 armed men left there at 4 o'clock this morning for the same place. Telegrams ordering arms are coming into Albuquerque from all quarters. The following was received to-day:

Elita, N. M., Aug. 11, 2 p.m.

A Pueblo Indian arrived at midnight, and says the Indians massacred his wife and two children. He started on a pony with a companion on a burro. The man on the burro is supposed to have been killed, as he has not been heard from. Mexicans and Pueblo Indians have been scouting the country all night. The scouts arrived this morning and report the band encamped at Salt Springs, 15 miles from here. The company which came from Albuquerque is unable to do anything on account of not having any horses. A squad of troops came from Fort Wingate this morning, and a few started out on a scout. It is thought Tranquillo Luna, who left Las Lunas with a company of men a day or two ago is driving the Indians this way. The Apaches are now reported in full force about 15 miles south of Acomo Station. Several ranches have been destroyed and a number of men killed and missing. An Acomo Indian, who was captured by the Apaches, says they will move in two parties, that one would strike the railroad near McCarty's, and the other east of Laguna. Sixty Laguna scouts are out, forty of whom are mounted.

Spoils—Political Assessments, Etc.

NEW YORK, 11.—Geo. William Curtis presided in the afternoon. He said this was the first national conference on civil service reform, and its purpose was an interchange of thoughts of the local organizations. Resolutions were adopted approving the bill of Senator Pendleton as calculated to remedy the abuses of the spoils system, and pledging support to it; favoring competitive examination; that a civil service reform league be formed for aiding the object of the meeting, authorizing the committee on civil service reform association of New York to aim at a provisional central committee of the league, and requesting the various organizations to designate one person each as a member; that the committee approve the bill of Representative Willis, of Kentucky, to prevent political assessments, opposing arbitrary removal from office, and the interference of Congress with the appointing power. Carl Schurz, P. Wheeler, D. B. Eaton and others participated. Adjourned.

The War that for a Space Did Fail.

Evidently the railroad war is not near ended. Vanderbilt is reported firm in refusing to make any agreement which do not place New York on the same footing with Baltimore or Philadelphia.

Stocks.

NEW YORK, 11.—Money easy; Governments quiet; Stocks closed steady; Western Union, 89½; Quicksilver, 15½; Pacific, 15; Mariposa, 2½; Wells Fargo, 134; New York Central, 143½; Erie, 43½; Panama, 260; Union Pacific, 125½; Bonds, 118; Central Pacific, 93½; Bonds, 116; Sutro, 1½; Mineral Creek, 50.

Disinfecting the Cattle.

SARATOGA, 11.—The cattle commission devoted to-day's session to discussing and preparing quarantine regulations for cattle imported from Europe; also to preparing regulations for the disinfection of cars to be used in the export cattle traffic, and devising means for definitely ascertaining the extent of the infected districts of the United States. Unwarranted discrimination on the part of the Government against cattle was also considered, and Dr. Thayer's report upon contagious cattle disease prevailing in Nova Scotia was read. A commission was permanently organized, with Prof. Jas. Lawe, of the Cornell University, as chairman; J. H. Sanders, of the *Stock Journal*, Chicago, secretary. All communications referring to the business or work of the commission must be sent to the secretary at Chicago. They decided to make a searching investigation of the Great Western cattle trade to ascertain to a certainty those points free from infection.

Maud Beats the World and then Beats Herself.

ROCHESTER, 11.—Maud S. went a mile in 2.10½, beating her record.

Another Republican Platform.

LYNCHBERG, Va., 11.—The platform reaffirms adherence to republican principles, than which none is more sacred than the meeting of contracts. The republican party of Virginia should therefore especially protect the State credit which has been besmeared with repudiation by the gross mismanagement of the democracy. The republican party pledge themselves to free the State from the cloud hanging over her on account of moneys loaned and misapplied, and most solemnly pledge the payment of the whole State debt, save the one-third which justly falls on West Virginia.

There is a strong protective plank in the platform, a strong public school plank, and a strong elective franchise plank, demanding that manhood shall be the only qualification, and opposing the prepayment of capitation tax as a prerequisite to voting; but demands capitation tax for the support of schools, without the disfranchising effects; oppose the whipping law.

The committee on nominations reported as follows: For governor, W. C. Wickham; lieutenant governor, Major S. W. Yost; attorney general, Judge Willoughby; which was unanimously adopted.

Wickham and Yost declined, but urged the convention to stand firm. The convention then decided it inexpedient to make any nominations, but to hold fast to their principles, ignoring the readjusting principles. The convention then adjourned *sine die*.

The Railroads Resolute.

CHICAGO, 11.—At a special meeting of general passenger and ticket agents to day, new rates were made and agreement signed to maintain them. It was resolved after the 20th inst. to have limited rates from points east of Chicago and St. Louis to Kansas City and beyond on the $5 rate from Chicago to Kansas City and the $4 rate from St. Louis, using the regular local first and second class rates to Chicago and St. Louis as the basis. The same through rates may apply to Colorado and Cheyenne, and points west via Omaha as via Kansas City. The arbitraries west of Council Bluffs must be protected.

All Girls.

Another case of triplets at Decatur, Ills. The happy father this time is a newspaper man, Harry Pemberton. All girls.

Big Sale of Silver.

WASHINGTON, 11.—The Treasury Department to-day purchased 560,000 ounces of fine silver for delivery at the Philadelphia, San Francisco and New Orleans mints. This is the largest purchase of silver made by the department for some weeks owing to the high price asked.

A Christian Deed.

Christiana Tyler, an aged negress, confesses to day that she killed a little boy and girl, aged three and six years respectively, near this city on Saturday night.

Dividing the Estate.

DETROIT, 11.—Governor Bagley's will divides his large estate among his children and family, giving some handsome bequests to Protestant and Catholic charities and $5,000 to the city.

Funeral.

PHILADELPHIA, 11.—The funeral of General Robert Patterson occurred to-day. The pall bearers were Generals Sherman, Porter and Hancock, Joseph Patterson, John Welsh, Judge Biddel and W. H. Drayton. Many other Generals were present.

FOREIGN.

Estimates of French and English Grain.

LONDON, 11.—The *Times* publishes a long letter from a correspondent, who, after a tour of the principal wheat producing districts, estimates with ordinary summer weather throughout August, the yield should exceed by three million quarters last year's poor crop. The yield will apperently average thirty bushels to the acre. Exaggerated harvest estimates must, however, be rejected, as the plant was thinned by frosts and wind in the spring. The prospects in northern France are the same as those in England.

A Bitter Pill.

The *Times* says: The Lords have yielded to what they admit to be a paramount political necessity and accepted the land bill which they profoundly dislike and distrust. It can hardly be doubted the same motives which have hitherto actuated them will again prevail when they come to reconsider the points of difference with the Commons.

She Runs Between Rotterdam and Amsterdam.

The steamship *Edam*, 5,000 tons, for the Netherlands, American Steam Navigation Company, was launched to-day at Dumbarton, on the Clyde. She is to run between Rotterdam and New York, and has accommodations for 1,000 emigrants.

Our Dream of Conquest Gar.

VIENNA, 11.—The Viennas won the boat race to-day. Cornell started ear y in the race four lengths in the lead of the Austrian crew, but appeared exhausted when they reached a point on the course known as Berg Frhert, and when half the course was traversed, one member of the crew collapsed. They then relinquished the struggle. The trophy which the Vienna crew wins is valued at £250.

Death of the Groom.

OTTAWA, 11.—James Wetherell, aged 70, and Margaret Doherty, aged 50, having married, some roughs charivaried them from 11 p.m. 2 o'clock this morning, and then broke in the door, demanding money. The old man beat them off and then followed them out. This morning his dead body was found by the roadside with his head crushed.

De Lesseps' Co. Dying of Yellow Fever.

PANAMA, 2.—The *Star* and *Herald* advises the Isthmus Canal Company to go to the United States for machinery, tools, etc., needful for the construction of the canal. There is much sickness among the workmen, and the same paper suggests improved hospital service. There have been many deaths from yellow fever the past fortnight in Columbia, as many as five a day. E. Tienue, subdirector, and next in office to De Lesseps, of the canal company, died from it on the 25th ult., at Aspinwall. On the 28th Barbiere, chief of the brigade Des Angeles, fell a victim, and on the 29th died. Zinbroski, chief of brigade and many other members of the canal, died from the feves.

More Yellow Fever.

HAVANA, 11.—During July there were 98 deaths from yellow fever, and during the week ending August 5th, 36, with 200 cases in the city. During June there were 235 deaths from yellow fever at Vera Cruz.

BRIEF TELEGRAMS.

Blaine has gone to Maine.

Mrs. Fillmore died yesterday at Buffalo, N.Y.

The Duke of Argyle is to be married on Saturday.

A Trenton dispatch of the 11th, says: The Parry House, Beach Haven, was burned to-day. The guests lost all their property.

Chicago, 17.—Detroits none. Chicagoes played their third errorless game inside a week. The Detroits made only one safe hit.

"If I Was President."

WHAT MR. BUTTERBY'S FAMILY WOULD DO IN THAT CASE.

"Now, if I was president," began Mr. Butterby, of Prospect Street, the other morning, as he passed his cup over for a second cup of coffee—"if I was president of the United States—"

"Which you aren't, you know," broke in Mrs. B., in an argumental and confidential tone.

"And not likely to be," added Mrs. B's mother, with a contemptuous toss of her head.

"No," assented Mr. B., pleasantly, "but I was just supposing the case—"

"Then suppose something in reason," retorted Mrs. B. snappishly; "you might as well suppose you were the man in the moon or the Man in the Iron Mask, or——"

"So I might, my dear, so I might," assented Mr. B., still pleasantly smiling, "but that has nothing to do with it. I was merely going to say that if I was president of the United States," I'd——"

"My!" burst in Miss Gertrude, aged 18, "wouldn't it be splendid if you was, pa? Just to think how those Wheedletop girls would change their tune when I met them, instead of throwing out their insinuations about people who consider it Christian-like to turn their last season's silk so they may have more to give to charity! But they might turn green with envy before I'd ever——"

"Yes, and wouldn't I warm it to Sammy Dugan, just!" chimed in Master Thomas, aged 12. "I'd go up to him and smack him on the nose with a brick 'fore he knowed where he was, an' he dassent hit me back 'cos it 'ud be treason, an' they'd hang him; and I'd slide on the sidewalk, an' shy snowballs at the p'licemen, an' sass Miss Fornie, an' play hookey every day when it didn't rain, an I'd——"

"Yes," chimed in Mrs. B., catching the infection from her enthusiastic progeny, "and then I'd be the first lady in the land, let the next be who she would; and the senators' and governors' wives would beg to be introduced to me; and I'd have balls twice a week and banquets every day, and——"

"And I'd have the management of the White House and run things," remarked Mrs. B.'s mother, her eyes sparkling with the prospects.

"Not much you wouldn't;"—from Miss Gertrude—"not if I kept my health and knew myself, you wouldn't;" not as long as I was the president's daughter——"

"Yah!" ejaculated Master Tom. "I guess the president's son would be the biggest plum in the dish! Wouldn't I be the Prince of Wales then—say? What 'ud you know 'bout——"

"Shut up—all of you!" commanded Mrs. B. "I reckon the president's wife is the best authority in the land! Anyhow there'd be a dusty old time if anybody questioned it, and I bet when the exercises were finished the survivors wouldn't ask any electoral commission to decide it over again. My! I'd like to see anybody—but, by the way, Mr. Butterby, what was it you was going to say you would do if you was the president of the United States?"

"Resign as soon as the Lord would let me," said Mr. Butterby, calmly, but determinedly.

And then a meditative silence fell upon the family, and remained there until the meeting arose.
