The current affairs of the two embassies can be carried on by the charge d'affaires, but all negotiations of a political nature will be entirely suspended until the sultan yields to the French demands. The French govern-ment holds that the sultan has broken his word. He has promised full pay-ment of the long standing indemnities to the Frenchmen, amounting to twelve million france, but at the end of last week declined to pay the full amount and offered a reduced sum which was refused by M. Constans, who waited until yesterday and then departed. The sultan made a final attempt to induce him to stay. M. Constans had left Thereapla on board the Vautour for Stamboul, where was to take the Orient stamboul, where was to take the Orlent express. A court chamberlain arrived at Stamboul in post haste from the sultan, begging M. Constans to return to Therapia and promising that every-thing would be satisfactorily settled. M. Constans declined to return, declaring the time for promises was past, and that it was for the sultan to fulfil his undertakings.

The French government will take no further steps in the matter but will walt for the sultan to move. It is thought the sultan will not allow the present situation to last very long.

STRANCE SUICIDE AT SPANISH FORK.

Young Bookkeeper at Telluride Power Plant Takes Laudanum After His Wife Appears on Scene.

[Special to the "News."]

Spanish Fork, Aug. 27.-Another story of a dual life came to light here this morning when it was learned that Claire E. Kracaw, a young bookkeeper employed by the Telluride Power company, had committed suicide at Spanish Fork by taking a big dose of laudanum.

The young man came to this city about two months ago from Denver, in order to take a position with the Power company. He was of good address and pleasing in his manners, so that he soon made friends and began to move among some of the best people here: Kracaw proved to be quite a ladies' man and before many weeks had passed, he became on intimate terms with a number of young ladies here.

On Sunday he invited a young lady who resides here to drive over to Pay-son with him. The invitation was accepted and the two young people start- | dose of poison.

They had not been gone many minutes before a strange lady put in her appearance at Mr. Jones' residence where Kracaw had been boarding and where Kracaw had been boarding and asked for the young man. In course of further conversation, she stated that she was the wife of Kracaw and had come in search of him. As soon as this state of affairs was made manifest Mr. Jones harnessed his horse and started for Payson. He ultimately brought the young lady back with him, but left Kracaw behind.

NUMBER 239.

Yesterday morning, Mrs. Kracaw, who in the meantime had been staying at the Jones home, received a letter in which he wished her good bye. Taken all in all the general tone of the communication was of such a nature that she induced Mr. Jones to wire to the hotel. This was done with the result the startling intelligence was received that her husband was dead. Half an hour later a contradiction of this story was received and Mrs. Kracaw at once proceeded to Payson, but, before she arrived there her husband had left for Spanish Fork, where he took the fatal
