A man and a woman, both impeccably dressed, and a certain lady at the same time, were married the other day. The minister performed the ceremony, and the wedding was a most successful one.

"Domestic infidelity," which newspaper reporters nowadays make much of, is a very common thing. What husband or wife can be so foolish as to allow themselves to be constantly suffering from the effects of some dread disease? The husband's liver becomes torpid, and he experiences other disagreeable taste or nausea, or early sensations, alternating with heat and dryness of the skin of his body, pain in his chest, shoulders, or back, eyes and nose are tinged with yellow, feels all unwell, and dizzy. Though he is not ill, he becomes gloomy, irritable, and exceedingly irritable in temper. Instead of resorting to a remedy as a few drops of Dr. Pierce's Purgative Pills, and following up their action with the use of Golden Medical Discovery, to work the biliary system out of the system and purify the blood, he plays the part of a "young man and a young woman," and will attempt to economize by saving the small cost of medicine. Continuing in this nervous system, he becomes impaired, and he is fruitful in "domestic infidelity," or the good wife or husband, who is the subject of such chronic ailments as are peculiarly incident to her sex, and being reduced in strength, suffering from indigestion, nervousness, headache, neuralgia, and enduring pains so numerous to mention, she may become peevish and fretful—any thing but a genial helpmeet. In this condition, the condition of ill health, should she act wisely and employ Dr. Pierce's Favorite Prescription, it will in due time, by its tonic, and nerve properties, restore her health and vigor, and she will be able to do her duty as a wife and mother, and a happy, cheerful wife. Laying aside her duties, and speaking seriously, husbands and wives, you will find the daily medicine above mentioned, a reliable and potent remedy. For particulars of their properties and uses, see Pierce's Memorandum, which is given away by all druggists.

Almost every flower that possesses a desirable odor is used in the Perfumery made by Dr. Price. It is from these rich blossoms that Dr. Price's Perfumery obtains their peculiar sweetness and floral character. His Floral Riches are Rose, Hyacinth and Alibis, the most fashionable odors.

SALT LAKE CITY, July 28, 1877.
Buying at \$1.04; Selling at \$1.05 1/2.

LOCAL AND OTHER MATTERS.
Thermometer 96 degrees F. in the shade at 1 p. m. to-day. Clear.

Sixteenth Ward.—Elder George Teasdale is expected to preach at the 16th Ward Schoolhouse to-morrow evening. Services begin at half-past six.

Will Preach.—Elder George Q. Cannon will preach in President B. Young's Schoolhouse, in the 13th Ward, to-morrow. Services commence at half-past six p. m.

Religious Services.—Religious services at the Tabernacle, to-morrow afternoon, commencing at two o'clock, and at the meeting-houses of the several Wards in the evening, at the usual hours.

Beaver.—Elders W. Woodruff and E. Snow have organized the Beaver Stake of Zion, Elder John R. Murdoch was appointed President and Elders Ashworth and Shepherd his counselors.

Bathing.—Large numbers of Salt Lake people avail themselves of the facilities presented by the Utah Western Railroad, for a pleasant and cheap run to Lake Point, a bath in the briny waters of the "Dead Sea," and return, these summer evenings. It is a health-giving "out."

Committed.—J. H. Newby, the aged person who stole eight piglets from Heusser Bros. store, on Thursday night, had an examination, before Justice Pyper. In default of finding \$500 bonds, he was committed to await the action of the grand jury.

Accident.—Last Wednesday, Edward Earl, of the 10th Ward, while at work at the saw mill of Swift & Crocker, Parley's Park, had his left leg broken, a short distance above the ankle, by a log rolling over upon it. He was brought to the city and is being attended by Dr. Benedict.

Good.—To-day we were shown a specimen of dressed sheepskin, from Bishop Hunter's tannery, in the 10th Ward. It was soft, pliable, and beautifully white. We have not seen an article excelling it, either home-made or imported. The quality is all that could be desired.

Crash.—The Ogden Junction of the 28th says, in digging for the foundation of the large brick block on the ground lately devastated by the fire, the trench was run under or nearly under Mr. Canfield's property, on the north, and late last night the southern portion of his buildings tumbled with a crash to the earth.

Devry.—In early times dew were almost if not entirely unknown in this Territory. But, for a number of years past, it has been otherwise. Now the dew is heavy, and continues so through the season. This morning and yesterday morning, for instance, the vegetation was very wet with dew. But we might say it is the case every morning in this city in the growing season.

More Troops.—Another company of soldiers left Camp Douglas this morning, for Cheyenne, leaving but a meagre supply of the "boys in blue" at the post.

The whole country, excepting Utah, appears to have gone into the "spraying" business. A somewhat notable fact. How effectively is the refuge of lies swept away from the enemies of the Latter-day Saints. It will always be thus.

Trains Running.—The following special to the News was received, to-day, from Chicago:—"All trains on the Fort Wayne and Pennsylvania line are running regularly; between Chicago and eastern cities, both ways, and passengers by this line have every assurance that they can go through without any detention."

At Nauvoo.—The Nauvoo Independent says: "A young Pratt, son of Parley P., and one Madison, a couple of Brighamite Mormons of Salt Lake City, were in the city and called to see us, one day last week. While in the city Pratt went to visit his old home, the house in which the family lived while here, and which was built by his father several years before the expulsion of the Mormons. The house mentioned is the one which was used by the Catholics as a place for worship before the building of their new church a few years ago. It has since been used as a parsonage and school-house."

When?—When will the people of this great republic learn to act fairly towards the people of this part of the Union? When will wisdom be learned in this matter? In 1837 there went up a great hue-and-cry falsely against the "Mormons," and a large and well appointed army was sent here to do fearful things. Soon after that army was badly wanted in reality to quell insurrection and civil war of a fearful character in the States whence it came. This year there has gone up like hue-and-cry falsely against the "Mormons," and a large and well appointed army is called for and sent from Utah back east to quell terrible and widespread rioting, incendiarism, and other acts of public violence.

When will the people of this great republic learn to act with fairness towards all classes of citizens? To learn wisdom through suffering is a hard way.

COUNTY CONVENTION.

The Salt Lake County Convention, for the nomination of a "People's Ticket," to be voted for at the approaching election, convened at the County Court House, at 11 a. m. to-day. A. H. Raleigh was elected temporary chairman, and John R. Winder secretary. The attendance was full.

On motion a committee on credentials was appointed, and after it had reported, the roll-call showed all present but five.

A permanent organization was effected, Z. Snow being chosen President, William G. Young, First Vice-President; Henry Dinwoody, Second Vice-President; Joseph E. Taylor, Secretary, and Isaac Brockbank, Asst. Secretary; Angus M. Cannon, Chaplain; Samuel H. Leaver, Sergeant-at-arms.

The committee on nominations, appointed on motion, for the purpose, presented the following report, which was received and adopted:

For Commissioners to Locate University Lands—John Rowberry, John Van Cott, and Lewis S. Hills.

Territorial Superintendent of District Schools—John Taylor.

Councilors to the Territorial Legislature—John W. Young, R. T. Burton, A. H. Raleigh, W. W. Cluff.

Selectman—Reuben Miller.

County Superintendent of District Schools—Theodore B. Lewis.

On motion of A. H. Raleigh, the People's Central Committee, for the County, was unanimously sustained.

After a unanimous vote of thanks was tendered to the President, the Convention adjourned sine die.

MILLARD COUNTY STAKE.
At Fillmore, at 10 a. m., a two days' conference of the Saints of Millard County opened in the State House.

On Saturday morning the meeting was addressed by Elders Woodruff and Snow upon the events which have transpired and are about to take place, and what the Lord requires of the Saints, and the duties and order of the priesthood.

In the afternoon addresses were delivered by Elders David Cannon, Wilford Woodruff and E. Snow, principally upon the necessity of union and how to build up Zion.

The saints were counseled by Elders Woodruff and Snow to renew their covenants by baptism.

At the Sunday morning's meeting Elder David H. Cannon, by request of Elder Woodruff, read from the Book of Doctrine and Covenants, the "vision" shown to Joseph Smith and Oliver Cowdery, at the near Locust Point this morning.

No disturbance. Up to noon twelve freight trains had left Cumberland for Baltimore. A company of United States regulars were with the first train.

CUMBERLAND, 28.—Freight trains on all the roads are running, except the Vandalia and I. and St. Louis railroad, on which trouble exists west of here. The N. and St. Louis sent out a mail car this morning, and the Vandalia sent a passenger train at 1 o'clock. The police are guarding the depot. There is a feeling of perfect security now, and all is quiet.

Troops Attacked by the Mob.—At the 28th, a train of the Baltimore and Ohio Railroad, en route for Baltimore, was attacked by a mob of about 100 men, armed with stones and pieces of metal. They were thrown at the windows of the cars with such effect. Volleys after volleys were poured into the train, crushing the windows and injuring a number of the soldiers. The train moved on, and the different attacks were made, the last and most serious was after the train had passed beyond the depot some distance. At this point the patience of the commandant, Col. Hamilton, Col. Hamilton, and reaching up, he pulled the bell rope to stop the train. The engineer and fireman were under a strong guard of soldiers, and they at once reversed the engine. In all probability this saved the lives of half on board the train, for at that point, just in front of the train, the switch had been mislaid, and a car, heavily laden with iron, was about to run into it, and be thrown over the embankment. When the train struck the switch it speed had been greatly checked, and the engine, tender, and two bags and three passenger cars left the track, and came in contact with the car of brick with such force that the rails and ties were torn up in a mass. Three cars were thrown completely around and lay crosswise upon the track. Col. Hamilton, of the First United States Artillery, was severely injured in the side, and several soldiers badly bruised by the concussion. The soldiers of the wrecked train remained at the siding till 6 o'clock, when the third section of the train was detached above the depot by the wreck, and was several times attacked by the mob. The soldiers of the wrecked train threw out a picket line and succeeded in arresting about one hundred of the rioters, of this number seventy-five or more will be brought to this city with the military this evening.

FOREIGN.
GREAT BRITAIN.
LONDON, 28.—The Times correspondent at Trieste, at the junction of the Jambali, Philippopolis and Adriatic Railway, writes, under date of July 19th, as follows: "There has been a horrible massacre of Bulgarians by Serbs. Serbs and Bulgarians, not a single soul would have escaped but for the arrival of the Turkish regulars. The Serbs, Bulgarians, and a great number of the Turkish regulars, passed the night in burning, robbing and pillaging."
