

GREAT CRISIS IS THREATENED.

England on Verge of Biggest in
Her History.

EXPORT TAX THE CAUSE.

Coal Miners' Delegates Recommend
Universal Closing of Pits as Pro-
test Against the Scheme.

New York, May 2.—A dispatch to the
World from London says: Chancellor
Hicks Beach's proposed export duty
on coal threatens to bring upon Great
Britain and unparalleled industrial
crisis.

The coal miners' delegates have recom-
mended the universal closing of coal
pits from Tuesday as a protest against
the export tax. The miners' leaders
say they can hold out six weeks by
which time every industry in the coun-
try would be paralyzed.

In parliament the threatened strike
is regarded as unwise and impracticable
now, whereas if the miners should
wait until the coal owners attempt to
recoup themselves for the tax out of
wages the sympathy of the whole coun-
try would be with them in the strike.
Chancellor Hicks Beach will now ad-
just absolutely to the tax, but it is ad-
mitted that if the strike should be or-
dered and maintained for a month the
budget proposal must be abandoned
and the whole government fall.

Public Debt Statement.

Washington, May 2.—The public debt
statement issued by the treasury depart-
ment shows that at the close of busi-
ness April 30, 1901, the debt less cash
in the treasury amounted to \$1,072,345,445,
a decrease for the month of \$4,357,445.
This decrease is largely accounted for
by the purchase of bonds for the sinking
fund. The debt is recapitulated as follows:

Interest bearing debt.....	\$955,350,380
Debt on which interest has ceased since maturity.....	1,557,840
Total.....	\$956,908,220

This amount, however, does not in-
clude \$770,342,389 in certificates in treas-
ury notes outstanding, which are offset
by an equal amount of cash held in the
treasury for their redemption. The
cash held in the treasury is classified as follows:

Gold reserve fund.....	\$150,000,000
Trust funds.....	770,342,389
General fund.....	140,919,371
Regional bank de- posits.....	98,322,828
Total.....	\$1,160,055,789

Against which there are demand li-
abilities outstanding amounting to \$853,345,389, leaving a cash balance in the
treasury of \$306,640,208.

TO HONOR M. LABOR.

Whole London Bar Will Turn Out
to a Dinner to Him.

New York, May 2.—The London bar
will rally in force at the coming dinner
of the Harwich society given in honor
of Maître Labor, in Holborn restaur-
ant, says the Tribune's London corre-
spondent. Nearly all the leaders of the
English bench and bar will join in this
tribute of respect to a great French
advocate.

RECEIPTS AND EXPENDITURES.

The Surplus for April Over Five
Million Dollars.

Washington, May 1. The monthly
comparative statement of the govern-
ment receipts and expenditures shows
that during April, 1901, the total re-
ceipts were \$47,751,831, and the dis-
bursements \$42,245,245, leaving a surplus
for the month of \$5,506,586. The receipts
from the several sources of revenue
showed increases or decreases as com-
pared with corresponding month of last
year were as follows:

Receipts—	Amt. Inc. or Dec.
Customs.....	\$13,131,718 *\$400,000
Internal revenue.....	26,023,311 *2,420,000
Miscellaneous.....	2,613,802 *60,000
Expenditures—	
Civil and miscella- neous.....	11,255,020 *1,500,000
War.....	10,102,739 *142,000
Navy.....	6,272,667 *1,500,100
Indian.....	455,282 *62,000
Pensions.....	10,196,912 *750,000
Interest.....	4,655,122 *200,000

The total receipts show an increase
over April, 1900, of \$2,720,000.

For the ten months the total receipts
were \$422,841,961, an increase as com-
pared with the corresponding period
last year of \$19,560,000.

Salisbury in Poor Health.

London, May 1.—The Sun today, in a
double-leaded item, describes Lord
Salisbury as perturbed by certain
revelations which the "financial adviser
of Lord Kitchener has unearthed."

The premier is also pictured by the
Sun as not in so good health as recent
announcements have led the public to
believe.

FORT HALL RESERVATION.

Attention to Indians Will Begin
Very Soon.

Fort Hall Indian Agency, Idaho, May
1.—In a few days United States Indian
Agent A. F. Caldwell expects to start
out with a force of men and a sur-
veyor to allot those Indians who elect
to remain on the ceded portion of this
reservation. This marks the initial
step toward the opening of this land
to settlers.

In this connection it is not justice
to say that recently there has been
some unfair criticism of Agent Cald-
well in reference to the preliminary
work incident to the opening of this
land. It should be remembered that only
a small part of this land has been
sectionalized. The contract for this work
was let by the Indian office to three
different firms, and to date none of
them have commenced work. Under
these circumstances, it was manifestly
impossible for Agent Caldwell to allot
those Indians living on this land and
who decided to remain. Inspector W.
J. McConnell has instructions to ap-
praise the value of the improvements
of those who do not wish to remove to
subdivisions of land for his guidance.
No one is more anxious than Agent
Caldwell to push this work and be
satisfied with the results. He has been
unable to allot until the land on which
he is to do the allotting is surveyed,

There are a lot of them, such as switches,
wigs, dyes,—all used to hide hair-poverty.

Why not use the hair that nature gave
you instead of the hair that nature gave some-
body else?

Hair-poverty is your own fault. To be hair-rich
you have only to accept what science has to offer.

Ayer's Hair Vigor is a hair food. It brings
hair-riches. Your hair stops falling out, grows
thick and heavy, and any gray hairs are always re-
stored to their natural color.

"I have spent a great deal of money trying to find something to promote the growth of my hair, but I have
never found anything equal to Ayer's Hair Vigor, which is perfectly satisfactory in every way."

and any intimation that he is delaying
the work is unfair to him. Nor should
any criticism attach to the contract
surveyors. A great deal of this land
is quite high up, and even at this time
a surveying party would have consid-
erable show to contend with.

Oscar Sonnekab of Pocahontas, who
has the contract for running the bound-
ary line between the ceded portion
and the diminished reservation, has
been out at work for the past week
and a few more days will complete this
important part of the work. He is
also one of the contractors for sub-
dividing the ceded land. He expects to
begin this work within a week and
finish it as rapidly as possible.

Abram E. Arnold of the Fort Spo-
kane boarding-school, Washington, has
been appointed carpenter at this
agency. In the place of Thomas Har-
vey of Blackfoot, Idaho, who has been
filling the position temporarily.

A letter from United States Inspector
W. J. McConnell, written at Spokane,
Wash., states that he expects to visit
this agency in the near future, possi-
bly in the next ten days. Doubtless
he will be an official visit for the
purpose of prosecuting the work relative
to the opening of the ceded portion
of this reservation.

NOTED CHINESE MISSIONARY.

Dr. Ament Tells of Some Peculiar
Things in Orient.

Chicago, May 2.—Dr. William S.
Ament, the noted missionary, who re-
cently arrived in San Francisco from
the Orient, reached this city last night.
Upon his arrival he was met by his
wife, held in his arms for three years.
This morning they will leave for Owa-
saw, Mich., where Dr. Ament will meet
his aged father and mother. Here he
will prepare his report, which will be
presented to the Congregational mis-
sion board in Boston.

Speaking of the one-third indemnity
collected above the actual damages
sustained by natives during the siege,
Dr. Ament had this to say:
"Let it be understood that the clan is
the unit of Chinese society, not the in-
dividual. The clan is responsible for
the actions of its members. If a mem-
ber goes wrong the whole community
is held responsible. If one member
is promoted it works to the advantage
of the whole community. In the various
clans were people who had no prop-
erty. They had to be cared for
and it was for their support that the
extra one-third was assessed. This is
one of the principles of Chinese so-
ciety that is to be commended. In this

SYRUP OF FIGS

NEVER IMITATED QUALITY.

An Excellent Combination.

The pleasant method and beneficial
effects of the well known remedy,
SYRUP OF FIGS, manufactured by the
CALIFORNIA FIG SYRUP CO., illustrate
the value of obtaining the liquid laxa-
tive principles of plants known to be
medicinally laxative and presenting
them in the form most refreshing to the
taste and acceptable to the system. It
is the one perfect strengthening laxa-
tive, cleansing the system effectually,
dispelling colds, headaches and fevers
gently yet promptly and enabling one
to overcome habitual constipation per-
manently. Its perfect freedom from
every objectionable quality and sub-
stance, and its acting on the kidneys,
liver and bowels, without weakening or
irritating them, make it the ideal
laxative.

In the process of manufacturing figs
are used, as they are pleasant to the
taste, but the medicinal qualities of the
remedy are obtained from senna and
other aromatic plants, by a method
known to the CALIFORNIA FIG SYRUP

PACKARD'S LIBRARY GIFT.

Dr. Utter Praises the Giver in a Den-
ver Sermon.

While delivering a sermon on "Keep
Thy Heart" at Unity church in Denver
last Sunday, Dr. David Utter took oc-
casion to mention, in a flattering man-
ner, the magnificent gift of John Q.
Packard to the city of Salt Lake. After
a homily on the had effects of the greed
of wealth Dr. Utter said:

"On my visit to Salt Lake City I
found that a rich mining man there,
who was my friend in the days when
I lived in that city, has given the city
a building for a public library. The
building is not erected, but it is pro-
vided for, the land bought in the most
suitable place and all made secure ac-
cording to the wisest possible plans
for a library worthy of the city, and
sure to be a blessing for a century to
come, or centuries, it may be. This
man also I always believed in, and
honored, though he was much spoken
against as 'stingy,' simply because he
was economical and did not give to
every object that asked his assistance.
Carnegie's example may have influ-
enced him, though I believe that for
years he has counted himself the cus-
todian of his wealth, having in his
mind devoted it to the good of his fel-
lowmen in some shape. It's all very
well to be ready to share your vast
trust with a needy fellowman, but it
isn't the highest type of man who al-
lows himself to get down to his last
crust."

SKIDMORE BACK TO WORK.

Case of an Injured Mail-Carrier, whose
Recovery is a Marvel.

Samuel R. Skidmore, Jr., the mail
carrier whose survival through a most
serious injury sustained in a runaway
wreck has created widespread wonder-
ment, has been ordered by Uncle Sam
to either resume his position as letter-
carrier by May 16th or resign. The in-
dications are that he will not have to
resign. He is now going over his old
route, and his work only shows a lack
of familiarity that two years' lapse
would produce in anyone. His fellow
carriers are very willing to render him
any assistance in their power. This
friendship in this regard will manifest
itself as it did in the noble manner in
which they supplied his financial needs
during his long invalidism.

Skidmore had worked in the postoffice
eleven years before he was injured,
and was a most competent employee.

FUNERAL SERVICES.

The funeral of Peter Oscello, who died
Monday, was held yesterday afternoon,
under the auspices of the Italian soci-
ety. At St. Mary's cathedral, Father
Riley had charge of the ceremonies, and
at the grave C. Bonetti, president of the
society read the ritual of that organiza-
tion. The funeral cortege was led by
Held's band.

The funeral service over the remains
of Mrs. Emily Platts will be held to-
morrow afternoon at 2 o'clock, from the
home, 23 April street. The remains
may be viewed from 12:30 to 1:30 on the
day of the funeral.

The funeral of Joseph Price was held
from the Second M. E. Church this af-
ternoon.

The remains of Mrs. Mary Grosnell,
who died in this city two years ago,
were shipped to Muscatine, Iowa, yes-
terday afternoon for final interment.

HELEN KNOX SUES FOR \$80,000

W. E. Hubbard Made Defendant
on Charge of Indecent Assault.

FOUR SEPARATE COUNTS.

Dinny and McMaster Bring the Ac-
tions in Behalf of the Injured Girl
and Her Mother.

Suit for damages on four separate
counts of indecent assault has been
filed by 11-year-old Helen Knox,
through her mother, as guardian,
against W. E. Hubbard. The amount
of damages prayed for is \$80,000. Din-
ny & McMaster are plaintiff's attor-
neys.

LAND DISPUTE.

Fifteenth Ward Ecclesiastical As-
sociation vs. Helen Watson.

Trial was commenced before Judge
Hall yesterday in the case of the
Church of Jesus Christ of Latter-day
Saints vs. Helen Watson. Both sides
waived jury trial. The articles of in-
corporation and deed were offered in
evidence by the plaintiff. A motion
for non-suit by the defendant was over-
ruled. F. S. Richards and J. T. Rich-
ards represent the plaintiff and S. S.
Freeman the defendant.

This is an action brought to recover
from Helen Watson possession of prop-
erty in the Fifteenth ecclesiastical ward
which it claims to have owned since
August 3, 1896, and which defendant has
it is claimed, wrongfully occupied
since last August. The property is de-
scribed as lot 1 block 31, plat A, Salt
Lake survey and the rental is quoted as
\$10 a month.

In its prayers the church asks for judg-
ment against Helen Watson, recovery
of possession of the premises in dis-
pute, and the sum of \$10 a month from
the first day of August, 1900.

The defendant claims that her prede-
cessors have been in possession of the
premises long prior to August 3, 1896,
and denies that their rental would
amount to \$10 a month.

She says that her father, George
Chaffield, was in possession of the
premises in litigation in 1896, and that
she has been in possession ever since.
Chaffield died in 1900, and she claims
that she is the sole heir of his estate.
Mrs. Watson claims that Joseph
Pollard, the Bishop of the Fifteenth
ward, who was her father's spiritual
advisor, acquired an influence over
Chaffield, and that he executed a deed
mentally weak some time before his
death, and that taking advantage of
this mental and bodily weakness, the
Bishop took Chaffield away from his
home twenty-six hours before his death
and caused him to execute a deed of
conveyance without any consideration
to the plaintiff.

Mrs. Watson says that her mother,
on learning of the conveyance, repudi-
ated it, but was informed that she and
her husband would retain a life estate
in the property. She adds that on
May 13, 1899, after Chaffield's death,
Bishop Pollard came to her mother, and
misrepresenting to her that she would
no longer have a right to reside on the

property unless she should execute a
lease showing that she only held a life
estate caused her mother, a devout be-
liever in the tenets of the Church, to
sign a lease with a nominal rental of
\$1 a month for the natural term of her
life. This rental was paid for the years
1899 and 1900, after which, believing
that she had been defrauded, she re-
fused to pay further and was not fur-
ther disturbed in her possession.

The plaintiff endeavors to show that
the conveyance was made at Chaffield's
own request and suggestion.

BROWN PLEADS GUILTY.

He and William Dean will be Sen-
tenced on Saturday Morning.

William Dean having been found
guilty by a jury of the charge of assault
with intent to commit crime, Frank
Brown, who was associated with him
in the deed was allowed to plead guilty
on the same charge. Both were
ordered by Judge Stewart to ap-
pear before him for sentence Saturday
morning.

Withdrawal of Exhibits.

In the case of John S. Scott, et al., vs.
James Crouch et al., Judge Hall
has entered an order allowing the
withdrawal of exhibits for the purpose
of attaching them to the bill of excep-
tions for which ten days were allowed
to prepare and file.

Suit on Goods Delivered.

Suit has been filed by the Boynton
Furnace company, of New York, to re-
cover \$2,533 claimed to be due it by the
Utah Store and Hardware company for
goods sold and delivered between Feb-
ruary 17 and May 22, 1900.

Transfer Trouble.

The B. & O. Transfer and Mercantile
company wants the district court to
grant it a restraining order against R.
D. Blackmarr to prevent him from
pursuing a draying and hauling busi-
ness in Salt Lake. The company
claims to have bought out Blackmarr
on Aug. 23, 1900, for \$4,000 on the un-
derstanding that he would not engage
in the business for a period of two
years.

Civil Jurors.

The following twenty-five names
were drawn from the jury box yester-
day afternoon for service in the civil
division of the district court, com-
mencing Monday: Charles W. W.
Cooper, John C. Smith, T. F. Mulloy,
John Smith, M. R. Evans, G. A. Hill,
William Bartling, D. H. Livingston,
R. Jones, H. N. Weir, Sharp Walker,
G. S. Ashton, Julius Meyers, A. J. Pen-
niet, John E. Heath, Oswald
dieston Jr., John E. Howells, Nicholas
Gulbransen, Charles Van Alstyn, all of
Salt Lake City; William Gibby and S.
W. Tarbell of Farmers ward, Andrew
Shulsen of West Jordan and Samuel
Hinton of Murray.

UTAH'S WOOL CROP.

Nearly Eleven Million Pounds Will be
Shipped to the East.

Between ten and eleven million
pounds of wool will be shipped out of
Utah in the next few weeks.

C. M. Hicklin, general western agent
of the Mallory Steamship Line, has re-
turned from a trip through the "Mormon"
state and reports business excel-
lent there. The wool shearing began
early this year. Most of the wool pro-
duct will go to Boston and Philadelphia
and by various routes. Some will be
hurried overland by trains, the rest
will go south to the coast and thence
by steamer to its destination.

Mr. Hicklin visited Utah to secure
for his company a share of the freight
on wool. It is worth about 10 cents a
pound now.—Denver Post.

Hint to old Folks.

Old age, like disease, brings infirmities; and with the advancing
years come the wasted muscles, the failing strength, the wrinkled
visage and uncertain step. In old age the vitality is lowered, the
heart beats with a feeble pulse and the blood moves through the
body at a sluggish pace. The digestion is easily deranged, the
nervous forces are weakened and the resistive powers are greatly
reduced. It is then that tonics and strengtheners are gratefully
received by the failing body; and when the tonic is combined with
a nerve-food and vitalizing principle such as DR. MILES' NERVINE
contains, the results are peculiarly happy.

"I have used Dr. Miles' Nervine for sleeplessness and nervousness, and have always found it an excellent remedy. My father, who is now in his 95th year was so nervous some years ago that he could hardly feed himself. He was in very bad shape, but by the use of Dr. Miles' Nervine the nervous trouble was overcome, and he has not been troubled in that way since."
