Lake, and local manager J. M. Forrestal held another conference yesterday afternoon in this city with the following named committee of the International Brotherhood of Electrical Workers: President Lind of Salt Lake, President of this district, R. Jessup, E. S. Jones and R. D. Sutton of the local union, in an endeavor to reach an amicable settlement of the difficulties that arose a couple of weeks ago between the Telephone company and 19 of the electricians, who went out on a strike because one of their men, a foreman, was required to do regular electrician's work, and was paid foreman's wages. The meeting yesterday lasted about two hours, at the close of which Mr. Forrestal gave out the following statement: "The indications are that the differences will be adjusted on agreeable terms to all concerned, and we expect to meet again Saturday when everything will be completed and our work will move along as usual."

The representatives of the electricians did not care to give out any further statement other than to say that the meeting yesterday was very satisfactory and they now hope to come to a quick adjustment of differences.

BROWNS IN DIVORCE COURT.
Divorce suit has been commenced in the district court by Ada Brown against Charles W. Brown. It is alleged in the complaint that they were married at Ogden City, Jan. 25, 1906, and that three minor children are living as issue of said marriage. The complaint also sets forth several occasions during the past few years when defendant has treated plaintiff in a cruel manner by striking her and knocking her down and on one occasion endeavored to run over her with a horse, that he is addicted to the use of intoxicants. For a long time the wife alleges, he has failed to provide his family with the necessities of life and has deserted them. It is further charged that defendant is owner of a one-fifth interest in the estate of the late William Brown worth \$5,000, and asked the court to restrain him from disposing of the same pending the hearing of the case, when, she prays for a decree of divorce, custody of the children, and asks that the interest in the property be awarded her and the children as permanent alimony. Attorney V. C. Gunnell represents plaintiff.

HELD FOR HORSE THEFT.

The physiological effects of feeble radioactivity have been a subject of investigation in France by E. S. Landon. Using a quarter of a grain of radium, he applied this to the forearm for brief intervals, and obtained a distinct reaction after a minimum exposure of 15 seconds. He suspended four grains of radium bromide in a cage about 18 inches long by 18 wide and 12 high. Three rabbits confined in this cage showed redness of the ears after 15 days, while burns soon appeared on the backs, and after 14 months the backs and heads were deformed of fur and covered with ulcers. Movements had become apathetic and slow, the hind legs being partially paralyzed. The eyes were affected, and post-mortem examination revealed changes and degenerations in the muscles, liver, spleen, kidneys and generative organs.

THE RECORD YESTERDAY.

Never were so many pianos sold in one day in Salt Lake City or any other city in the west, as we sold yesterday. This is the way they went:

- 1. Ridway Baby Grand.
- 1. Ridway Upright Grand.
- 1. Kimball Upright Grand.
- 1. Winter Upright Grand.
- 2. Eatey Upright Grand.
- 1. Vose Upright Grand.
- 1. Schaeffer Upright Grand.
- 1. Smith Grand.
- 1. Smith & Barnes Upright.
- 1. Rudolf Upright.

Twenty-seven pianos sold in one day tells its own story—tells us in stronger terms than anything we might say, how good the bargains are, and plainly indicates how the people appreciate an opportunity like this, to buy high class standard pianos at the remarkable saving in price and on terms of their own choosing.

And Salt Lake people didn't get all these bargains, Ogden, Park City, Murray, Lehi, Richman Junction, Leamington, Mercur and Malad, Ida., being represented among the buyers.

The prices at which these fine pianos are now marked are so ridiculously low, the great saving so apparent, that you will have no cause to be astonished that we sold 27 pianos yesterday.

The pianos are selling themselves. These old makes, the good makes, represented in this sale are being snapped up quickly by shrewd buyers. So come and select your piano today. Upright pianos that were ordinarily cheap at \$200, \$250 and \$275 can be had in this club sale for \$97, \$123 to \$148.

"On our own terms." Don't overlook that feature. Do you wonder that people are taking advantage of such an opportunity? Beautiful, large size, new, upright grand pianos, in rich mahogany, oak and pretty marbled walnut cases, for \$157, \$187 to \$198. Cash or payments, \$6, \$7, \$8 to \$10 weekly.

Knabe and Barnes Upright Grand, in rich mahogany case, at \$225 is still here. That \$500 upright grand, large

size Everett, 7-1-3 octave, three string, in pretty golden oak case, put in best possible condition, is only \$255. And there's that splendid, good action, Chickering square grand, at only \$300. Any of these \$10 down, \$4 to \$7 monthly. And again, there's that \$500 large, in rich mahogany, upright grand Kimball, at \$250. And there's a very neat Valley Gem, in solid oak case, at \$145. Terms, \$10 cash, \$6 monthly.

And there's another \$450 Lindeman upright grand, in very massive, hand carved, Circassian walnut case, has been used a little, but good as new, at only \$225. And there's a beautiful Willard piano (Smith & Barnes make), rented three months, big bargain, at \$195—cost \$375 when new, and so we could go on and on. There are bargains in nearly every well known make of pianos.

ORGANS, ORGANS, \$10, \$15, \$23, \$29, \$45.

For almost new ones. It would be almost a shame not to come and buy an organ for that little boy or girl of yours. They will do nicely for practice. Terms \$1, \$2 to \$5 monthly. Come see them.

SELF PLAYING DEPARTMENT OF PIANO, PLAYER AND PLAYER PIANOS.

Has some remarkable bargains to offer in this sale. Who loves music, but can't play? Who has a piano that is not in use? All these should come down at once and get a player. They're regular \$250 and \$300 players going at \$50, \$85, etc. And \$500 player pianos are being sold at nearly half price. You can buy a good used player and a good toned, well made, upright piano, this way for \$195, payments \$10 monthly. This is truly a harvest of music.

No matter where you live, it will pay you to come or write at once. We ship pianos anywhere in the west and guarantee safe delivery. Store open till 10 o'clock every night.
