

Y.M.C.A. DAY AT LAGOON RESORT.

First Annual Event of the Kind
To be Pulled Off by In-
stitution.

WILL ESTABLISH A RECORD.

First Real Opening of Lagoon as a
Field for General Amateur Sport-
ing Events—List of Officials.

Tomorrow at Lagoon the Y. M. C. A. will hold forth with the first annual field day pulled off under the present management of the institution. The occasion will be memorable in that it will establish records from which to work, and more than that will be the first real opening of Lagoon as a field for general amateur sports. A hundred-yard straightaway is being built for the day, and it is promised that this will be followed by the installation of all necessary equipment for amateur sports where records are as much an item as the fun.

The injection of this new and important element into the sport carries the name of Pierces. These are the Original Little Pierces. They've been much imitated but never equalled. Smallest, easiest to swallow, they're sugar-coated, anti-bilious granules, a combination of refined and concentrated vegetable extracts. Without disturbance or trouble, completely digestible, they're well received by the body. In the twentieth century they're a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and feeble weakness. It always helps. It almost always cures.

"I commenced taking your medicine, Favorite Prescription, six months ago and can truly say it is the only thing that ever did me any good," writes Dr. Wagner of 125 Main Street, Toronto, Ontario. "I could not walk any distance before using it. After taking six bottles of your Favorite Prescription I was well again. I am now in full health and greatly benefited in general health. Would advise all suffering women to use Dr. Pierces' medicine."

The first field day comes at an auspicious time for the amateur. The summer season of summer is just passing, and the vigor of fall training season is just getting its work by. For that reason some men are looking for a vacation. Many more will need consolation when future splinters and bumpers try to beat them. The number of men entered is large. In fact, over a thousand. Most of them are young, the training, too, and can be counted on to do good work. The officials named last night by Physical Director R. D. Burtner and his colleagues, Dr. G. Flummer, Sidney Bamberg, Fred Jepp, clerk of the course, Marshall Bressen, starter, R. D. Burtner,
