

## HARRIMAN GIVES SOME GOOD ADVICE

Asked by Mayor for View. Said:  
"We Should Talk Less  
And do More."

### QUESTION OF RAISING MONEY.

Futile to Try to Raise It Unless Known  
Definitely How It Will Be  
Used.

San Francisco, May 3.—The committee appointed by Mayor Schmitz to discuss plans for the reconstruction of San Francisco met today. E. H. Harriman was chosen vice-chairman, P. H. McCarthy, second vice chairman, and Rufus P. Jennings, secretary. Mayor Schmitz called upon Mr. Harriman for an expression of his views. Mr. Harriman said:

"I am less qualified," he said, "to advance ideas than any member of the committee. While I represent large property interests, there are, perhaps, others better acquainted with the conditions and better able to throw valuable light upon the problems which confront us. I believe, however, that we ought to get to work. We should talk less and do more. I don't care if mistakes are made. It is better to be doing something than to remain idle. If you want me to work, I will pay my money to do it. If I can get him, but if I cannot I will go into the streets and pitch bricks myself."

Abraham Ruef suggested that a committee of five, to be known as the committee on organization, should be appointed by the mayor to draft a scheme of sub-committees, which should take up in detail the general outline of the work proposed to be accomplished. The mayor appointed for this purpose A. Ruef, William H. Mehon, Col. J. R. Howell, W. H. Leahy and Downey Harvey.

Gavin McNab suggested that the mayor should call into consultation all the representatives of the insurance companies, so that the public could be informed what could be expected in the way of collecting the insurance on destroyed properties. He said that no definite announcement had been made, and until the property owners knew when they were to receive their money no advance could be made toward rebuilding. The suggestion was adopted, with the understanding that the representatives of the several companies would meet the committee day after tomorrow.

Mr. Harriman said that it would be futile to attempt to raise money unless it was definitely known to what use the money would be put. He declared it would be impossible to go on the insurance market with a hazy idea of what the money was to be used for. Mr. Ruef thought it should be first decided what amount of indebtedness the city could carry. He wanted to know what the taxes would be if the city were bonded for a large sum, and whether it would be just to saddle the great indebtedness upon future generations. City Engineer Woodward came prepared with an elaborate scheme for the improvement of the burned district. He also recognized that finance would be a material factor in carrying out the scheme, but the end to be accomplished would outweigh any other considerations. This scheme provided for widening or extending a large number of streets.

Mayor Schmitz pointed out the danger of outlining work on an extravagant scale. He declared that the city was less able to reconstruct than it was when it was destroyed. He said that \$100,000,000 would hardly pay the cost. If the Burnham plan were adopted the expense would be an addition to this sum.

### BIRTH ABRAHAM CONVENTION.

New York, May 4.—The twentieth convention of the Independent Order of B'nai B'rith will meet Sunday morning at Tammany Hall. Eight hundred delegates will be present, to represent the 100,000 members of the order. The financial report of Jacob Setton, the grand secretary, will show the reserve, endowment and expense funds received during the year to be \$250,179; that the endowment fund paid out for 509 death benefits is \$233,530; the reserve fund was increased by \$122,860 and on Dec. 1 amounted to \$291,553. The aged benefit fund now is \$14,650, showing a growth of \$2,160.

The charity fund received was \$3,187 and hospitals and the needy received \$2,947.

### BANKERS ARRESTED ON CHARGE OF CONSPIRACY.

Milwaukee, May 3.—A special to the Sentinel from Ashkosh, Wis., says: Five lumbermen and bankers, representing an aggregate wealth for in excess of \$1,000,000, were arrested here today by the federal authorities on the charge of conspiracy to defraud the general government by means of alleged land frauds in the state of Oregon.

The men arrested are Leonard Choate, James Matt Bray, Benjamin Doughty, James Doughty and Thomas Daly, Mr.

## SALT LAKE CITY OLD FOLKS

Should Read This

"One of the saddest sights in the world is an aged person with tottering steps, and bowed down with the infirmities of old age," said Mr. Druehl of Druehl & Franken, "and if the publishers of the 'News' only realized the good Vinol will do for aged residents of Salt Lake City they would devote columns of space in their paper urging such people to take our cod liver oil preparation, Vinol."

"When a person reaches that time in life where they are on the downward path, all the organs act more slowly, the blood becomes thin and sluggish, and it is difficult to obtain sufficient nourishment from the food eaten to keep up strength and vitality. Vinol changes a decrepit old person into a healthy, cheerful companion, because it is nature's remedy for creating strength and vitality."

Vinol is not a patent medicine, as everything it contains is named on the back label of every bottle, but it is guaranteed to be a genuine cod liver oil, containing all the medicinal properties and strengthening elements of cod liver oil actually taken from fresh Cod's livers, with organic iron and other body building elements, and is guaranteed to be the best, pure, run down, debilitated and convalescent of Salt Lake City, that Vinol will repair worn tissues and replace weakness with strength or return money in every case where it fails."

Dr. H. H. Taft, president of the Bray & Choate Lumber company, and Choate is treasurer of that company. The Doughtys are of the Commercial National bank, and all of the men are large stockholders in that institution.

Each was placed under bonds of \$2,000 and the hearing adjourned to May 11. Besides the above defendants, warrants have been issued for August Anderson and Joseph Black of Shawano.

The charges contained in the indictments under which the men are being prosecuted is that of conspiracy to defraud the federal government by having the federal government pay for parties to make entries and buy homesteads in the state named.

### RUSSIA WILL SEND EXPEDITION TO MONGOLIA.

St. Petersburg, May 3.—Later developments increase the importance of the Russian expedition to Mongolia under Col. Novitsky, which is to leave St. Petersburg this middle of May to survey the hitherto unexplored region between the Manchurian frontier and Urgan. It is now announced that the expedition will consist of not less than 50 officers, and that its first work will be to make further surveys for a railroad from Kalkatta to Kalkin and another route from Urgan to Kalkin by which the eastern region of Mongolia will be thoroughly surveyed.

In this connection dispatches from Peking regarding the possibility of an Anglo-Russian understanding on the basis of hands off for Great Britain and for Russia in Mongolia are received with interest.

It is understood here that the Russian expedition to Tibet which starts the strife for Lhasa was first announced, like this one, to be for "purely scientific purposes."

### DOWIE'S MEETINGS.

Are Slimly Attended and He is Regaining no Foothold.

Chicago, May 3.—John Alexander Dowie is making little if any progress in regaining a foothold among his former followers in Zion City. The "first apostle" has been in Zion City for five days, and has held three meetings in Shiloh tabernacle, but the "faithful" are still loyal to their new leader, General Overseer Glen Voliva, and do not respond to Dowie's calls for reinstatement in their favor.

Dowie's third meeting since his return from Mexico, for the purpose of telling his side of the controversy, was held in the tabernacle tonight. Less than 300 Zionists attended the meeting, the remainder of the inhabitants of the city keeping away from the tabernacle in obedience to the wishes of Voliva.

Dowie's discourse was along the same lines as on the two former occasions. He dealt all the charges that have been made against him. Mrs. Dowie was on the platform with him tonight, and also addressed the meeting. Dowie's health seems to be improving, as he walked about the platform while addressing the meeting tonight.

### PLANS NOT STOLEN.

London, May 3.—Ambassador Reid emphatically denies the allegation carried to New York that the plans of the British battleship Dreadnought were stolen by an official of the British admiralty and sold to the United States.

### MIDSHIPMEN REINSTATED.

Washington, May 3.—Three midshipmen, dismissed from the naval academy for hazing, have been recommended by the president for restoration to the academy with a loss of one year. The midshipmen are Worth W. Foster, a member of the first class, and George A. Moulton and Richard J. Desautelle, members of the third class.

### ABBE MURDERED JESUIT PRIEST.

Murcia, Spain, May 3.—Abbe Morales today murdered the Jesuit Father Muniz in the sacristy of the San Domingo church and then committed suicide.

## COMMITTEE AND THE WAR DEPT.

Rumors of Misunderstanding Between Them Are Without Foundation.

### DEPENDENT CLASS INCREASES

Food Outlook Bad—Discrepancy of Ten Millions Between Subscriptions and Amount Received.

San Francisco, Cal., May 3.—When the finance committee met this afternoon, Chairman James D. Phelan read a telegram, which was later sent to Secy. Taft. Any rumors of lack of harmony between the local citizens' committee and the war department because of the disposition of the funds appropriated by Congress, were dispelled by this message, which read as follows:

"San Francisco, May 2, 1906.—Hon. W. H. Taft, Secretary of War, Washington, D. C.—Telegram May 1 received. Finance committee directs me to acknowledge the same and to state that it fully understands the situation with which you are confronted and your authority in the premises. We have only to renew our thanks for the prompt manner in which you met our needs without even waiting for the action of Congress, and we plainly see that no disbursement of funds can be made except through the regular governmental channels. The advice we previously received was that Congress had voted large sums of money for San Francisco, and the impression was abroad that it would be disbursed by local authorities."

"The army organization under Gen. Greely has given us inestimable aid and has co-operated in systematizing the work of relief. We are under great obligations to the army and desire to express our acknowledgments. There is perfect harmony of co-operation between the government, the mayor, this committee, the army, and the Red Cross. We will communicate with you from time to time as to the supplies most needed. We suggest the fund be credited with articles not needed, as certain quantities of tents and blankets, and that so far as practicable you expend funds in California, to avoid transportation cost and to circulate money where it is most needed for rehabilitation of business."

"We are entering on a period of unprecedented privation. The assessable value of the city's property will be reduced by about two hundred million and the ability of the city government to maintain its institutions will be correspondingly decreased. Charitable institutions and hospitals depending on private contributions, paid patients and like sources of revenue are in absolute need, and those which have no endowment funds are in dire straits. In many institutions the buildings are destroyed."

"The poor, the old and young create a dependent class, which is augmented by the unemployed and certain classes of persons doing clerical work and engaged in domestic service. They will have to wait for the restoration of business and homes. The city with all its agencies, has been destroyed, and its manifold activities paralyzed. By limiting rations to women and children as a measure of restoring business, the money will be required to seek work of which there is much of a rough character, in cleaning up the city and repairing it for reconstruction."

"Apart from shelter, food and clothing, efforts will be made to restore the worthy to their employment. Dr. Levine and the committee are so engaged in the important work of systematic relief that these questions, which are of the greatest importance, are being handled by the committee."

"The committee is in the midst of a period of unprecedented privation. The assessable value of the city's property will be reduced by about two hundred million and the ability of the city government to maintain its institutions will be correspondingly decreased. Charitable institutions and hospitals depending on private contributions, paid patients and like sources of revenue are in absolute need, and those which have no endowment funds are in dire straits. In many institutions the buildings are destroyed."

becoming more necessary of solution every day, have not as yet been carefully worked out. We will be pleased to keep you fully advised, in order that you may wisely direct the expenditure of the fund in your keeping. JAMES D. PHILAN.

Chairman." Gen. Greely made a brief speech on the food situation. "I don't like to be an alarmist," he said, "but I want this committee to clearly understand what may happen in the future. I have free food on hand for just 11 days, and am receiving regulations for sanitation and many other things. It is the question of food that must receive the most earnest consideration, not the clearing of streets. Some of the people are in fearful condition. The army cannot furnish an ounce of food beyond that already purchased or in sight."

Gen. Greely thought the existing conditions might be met by appealing to towns and cities to send supplies that are not immediately usable. William F. Herin of the Southern Pacific company said such supplies would be sent free.

Dr. Devine remarked that there was a discrepancy of about \$10,000,000 between the reported subscriptions and the amount the committee has actually received.

IF YOU DON'T Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints. Mr. C. E. of Emory, Texas, writes: "My wife has been using Herbine for herself and children for five years. It is a sure cure for constipation and malaria fever, which is substantiated by what it has done for my family." Sold by Z. C. M. I. Drug Dept. 112 and 114 South Main Street.
