HON. THOMAS FITCH.

The Jamestown (N. Y.) Journal
speaks thus of Hon. Thomas Fitch
and a lecture he recently deliv-
ered.

The Senator is a middle-aged
man of nobility, presence, the culture
and great natural abilities. He
is the right figure, according to the
Colonial Times, on the Pacific,

beginning and closing his lecture
with an eloquent reference to the
dedication, by Vice-Navy. Name
the 15th, the "Revolution" of the
Unknown Country to Christianity
and civilisation; the description of
this wonderful Empire, its rich
mines, its fountains, its rivers, its
beautiful canyons, its medical pro-
perties, its stores of natural silver and
gold, its magnifico fruits, its pure
air, the wildness of its forests, its
tales, and yet kept within the sober
bounds of truth. For an hour and
a half the Senator had his audience
spell-bound, and the lecture was a
master-piece of painting, or as he referred to
the quaint humor of the Pacific, con-
victed with laughter. The wit of
the lecture was as keen as a *Da-*

lition, the wit of the lecture filled
the Sea of Utah. Such a lecture
fills one with pride in a country so
rich in scenery, so wealthy in all
its productions and capable of
such a future.

Especially it was calculated to
make one proud of the growing State
of Nevada, which has sent forth a
man of such talents, a real "act
of culture" so well worthy of
the honor he wears."

A Nevada contemporary thinks
the above very good, excepting the
allusion to Thomas, as a Nevada
senator, and the statement that he
is "not a mere politician."

**THE WOMEN AND FEELING
HUSBAND'S BILL.**

The following, from the Women's
Journal, was a part of the proceedings
of the centennial anniversary of
the Boston Tea Party, celebrated
at the New England Women's
Suffrage Association, Dec. 15—

"**SPONSOR OF HENRY B. BLACK-**
"WEIL."

"Having had the pleasure of read-
ing, in the *Evening Post*, the title
opposite page 1, I am sorry to say
it is a work of practical duty.

It is written that "Faith without
works is dead." You have shown
your faith by growing this bill
to-night. I ask you to show your
works by passing a resolution which
will be in my hand."

You are all aware that Woman
Suffrage has been well received in
an established fact in the Territories
of Wyoming and Utah. The
Wyoming women have voted and
served on juries for four years. We
have had nine years to rear the
young men of the State. The
Hon. John A. Campbell and other
eminent citizens, that the effect
of Woman Suffrage there has been
good, and that continually. Indeed
the citizens of the State have
just sterilized themselves by electing
a woman to the Legislature, being one-third
of that county is entitled. That is
equitable because women form one-
third of the population there. In a
measure which Dr. Campbell has
submitted to the Legislature of
Wyoming, the year past, an
unqualified *adult* in Utah no
evil result have followed the vot-
ing of women, and the same has re-
peated by the vote of the people
of that territory.

"A year ago the National Repub-
lican platform declared that the
Republican party, in mind of its
countrymen, would oppose the admission
of states to their state's delegation to
the cause of freedom, their admis-
sion to whatevers of usefulness
in the Union, and the protection of
honest demands of any class of
citizens for constitutional rights should
receive respectful consideration."

Yet will it be believed that Senator

Fredrichs, a Republican sena-
tor, has actually introduced a bill
which makes no provision for the

and imposed upon a woman to
vote, forbids her to serve on a jury,
and gives back to the semi-
barbarous ages and deprives every
woman in all the Territories
of the right of bearing arms, property,
her helpless dependents in the
house of her husband! In express
terms it subjects the women of the
Territory to the provisions of the
"Ethical Comity" Law it is based
upon, which requires that "any

practice exhibits somewhat of an
anomaly. Strictly speaking, there
is no sovereignty in a territory of
the United States but that of the
United States itself. Consequently
all the powers are committed
against the government and the
people, as far as I can see just
now, what are in the hands of the
territory?"

"The territory is a city but not
a city. The people here have

settled down a great deal, but shif-
ting is still good. The road up the
Ogden canyon is well broken, and
in the Ogden valley the snow, I
am informed, is now two and a half feet deep on the
level."

To-DAY'S DISPATCHES.

EASTERN.

Williams' Name to be With-
drawn.

CINCINNATI, 20.—A Washington
special says it is safe to say that
upon the reassembling of the Sen-
ate after the adjournment of the
Chamber of Representatives, it will
be ascertain'd that if a vote were to
be taken on the confirmation in a
full Senate, there would be a slight
majority in favor of the appointment
of Caleb Cushing as attorney for
the opposition. It is confidently
predicted that Caleb Cushing's
name will be sent in next.

News from Key West.

NEW YORK, 20.—Key West
despatch reports the arrival ther-
of the steamer *Kensington*, having
left San Francisco on Oct. 20. The
Canadairga arrived at Santan-
ago on Friday, and is now the only
ship in that port. The offices of the
steamship report that they were
supplied by long range in this
old and rugged port.

There are two regi-
ments of Santiago, one Cuban and
another Spanish.

Several vessels are
now in the harbor.

Violence and Suicides.

IN BROOKLYN, last night James
Galigan, drunk, threw his wife
down stairs, and, hitting her, left
the house to shoot and kill himself.

He fired at himself, but did not
hit him.

He was slightly injured.

Several vessels were driven ashore
near Key West during a storm.

RESOLUTION.

UTAH, 20.—A bill has been intro-
duced into the Senate of the United
States, by Senator Frelinghuysen
of New Jersey, which provides
for the admission of the Territory
of Utah, and to subject the women
of all the Territories to the provi-
sions of the English Common Law,
as far as it applies to the Territor-
ial Government.

It is intended to give the
Territory of Utah the same
status as the original colonies.

The resolution was adopted by
a single vote.

A TEA PARTY.

MANTA, Dec. 16, 1873.—
Editor *Deseret News*.

Man is alive and upright with
most importance. To-day the thing of
most importance on the tapis was a
grand demonstration, the object of
the meeting being to call attention
to the need of the *English* in America.

There were many excited, caught
and hung Henry to a tree, and when
he was taken down he was dead.

Two men were taken away.

The two very young men will
know better when their hearts have
grown.

As for the women, we take this
action of theirs as a graceful recog-
nition of the efforts made in this
territory in behalf of the sex.

As Utah has done so much for women,
it is perfectly fitting that they
should do something for Utah.

FEDERAL AND TERRITORIAL
ATTORNEYSHIP.

Supreme Court of the United States.

No. 30.—CONTRACT TERM, 1873.

Zerihabel Snow, Plaintiff in Error,

The United States, et al., Defendants,
ex rel. Charles H. Hempstead, At-
torney of the District At-

torney.

Mr. Justice Bradbury delivered the
judgment of the Court.

The only question raised in this
case is whether, in the Territory of Utah,
the attorney-general, or the attorney
of the legislature, is entitled to be
entitled to prosecute persons accused
of offenses against the laws of the
Territory.

The management of the territories
of the United States belongs, pri-
marily, to such agencies as Congress
may establish for that purpose.

During the term of their pur-
suit, the members of the legislature
are public functionaries, not nobles.

They are not, however, nobles.
