Well Known Bicycle Riders Return from Far Away

ARE HERE FOR THE SEASON.

Australia.

Little Jackie Captured the Championship of His Native Country by Defeating Best Sprinters.

After spending the winter in Australia ollowing the bloycle game, Jackie larke and Floyd McFarland, two of the Charke and Floyd McFarland, two of the most popular riders ever seen on a local track, have returned to this city, and will ride here during the secon at the Salt Palace, Saltair and Ogden tracks. Both are in good health and will go into training just as soon as the weather permits and will be in shape for the opening of the game on Decoration day. McFarlano received a number of flat-tering offers from eastern track mana-gers for he and Clarke to give Salt Lake the go by and travel east to race there for the series. But three tracks and hve race meets a week, with the pros-pect of fat jucy purses looks good to Mack and Clarke and they will remain here.

Little Clarke and they will remain here. Little Clarke comes back to Salt Lake with a championship title. He won the championship of Australia, defeating will the crack oprinters of that country. He defeated Horder, Farley and Thomas, the three fastest men in Australia. The Edding of Clarke was a revelation to the people of his narive country. He showed them a sprint that was second only to that of Kramer the champion of the world.

Many other speedy riders are coming and from present indications it is safe to predict that all of the tracks will have a busy time this summer.

Count the Cream

You would all eat Mapl-Fluke if it cost 10 cents per package. You would all want our maple flavor -our perfect cooking-were it not for that five-cent difference.

But what if Mapl-Flake is 15 cents?

Figure the whole cost-the food and the cream together. Cream costs as much on poor food as on good food. See how little you save.

You want Mapl-Flake because it tastes best. But that is of least importance. The vital fact is that Mapl-Flake is cooked best.

But all of the wheat is thus made digestible. By a shorter process it is not.

Starch, to be digestible, must be made soluble. The particles must be separated for the digestive juices. That requires proper cooking.

So our wheat is steam-cooked for six hours, then cured, then flaked, then toasted 30 minutes at 400 ·degrees.

That process is expensive, but it is necessary, else we would not employ it. For without it we could give you Mapl-Flake at 10 cents.

THREE DAYS' SHOOTS FOR CRACK SHOTS.

The three days' trap shooting tourna-ment to be held on Thursday, Friday and Saturday of this week will be held at Wandamere and promises to be a most interesting affair. Traps have been in-stalled at the beautiful resort and practi-cally everything is in readiness for the big shoot. It is estimated that at least 50,000 bluerocks will be hurled into the air for the crack shots to blaze away at, and about \$1,000 a day and many trophles will be a large crowd from Idaho and Montana will also send down some marksmen. The arrangements for the big shoot are of the very best. There will be no charge for speciators and they will have good seats while the shoot is going on.
