

AWAITING THE PRINCE'S ARRIVAL

All Preparations Made for His Reception and Entertainment.

WILL VISIT GRANT'S TOMB.

Upon It Will Place a Wreath from the Kaiser—Every Preparation Taken for His Safety.

New York, Feb. 21.—All preparations have been made for the reception and entertainment of Prince Henry of Prussia, who is expected to arrive tomorrow. The imperial yacht Hohenzollern, after having been cleaned up, lies at her pier at the foot of West Thirty-fourth street, awaiting the prince's arrival. Her main gangway has been placed directly opposite the door through which Prince Henry will land from the Kronprinz Wilhelm.

He will cross the pier and board the Hohenzollern. At the gangway he will be met by Admiral von Baudissin, while the other officers of the yacht will stand at the sides of the gangway. Behind, on the decks of the boat, the crew will be drawn up and the ship's band will play a national air as the prince steps on the boat.

The Marconi apparatus on the Hohenzollern has been tested and found to be in good working order. Tonight, the operator on board began to send messages in the effort to locate the prince's ship. On board the Cunarder Etruria the wireless apparatus is also in readiness and an operator on watch for signals from the Kronprinz Wilhelm.

An all-night vigil was kept up by the wireless operators on the Hohenzollern and the Etruria, with the view of coming in touch with the Kronprinz Wilhelm. Up to midnight their hopes had not been raised. On the Hohenzollern all the officers, from Admiral von Baudissin down, sat up the greater part of the night, hoping that any moment the prince might be picked from the various instruments in the cable.

Admiral Evans, Gen. Corbin and Asst. Secy. of State Hill, the president's delegates, will board the Hohenzollern, probably at the quarantine station, and will greet Prince Henry in the name of the United States government.

All arrangements have been made for the prince's visit to the city. The American press in honor of Prince Henry on Tuesday night next and Hermon Hilder, who has charge of the preparations for the banquet, says today that the number of acceptances received from leading representatives of the newspaper world was very gratifying.

The living face theater, where a gala performance is to be given tomorrow evening has been beautifully decorated and orders have been given for the festooning of the prince's box with American bay roses. Heinrich Conrad, manager of the theater, has had a special entrance broken through the wall on the fifteenth street side of the theater in order to permit the prince to enter the royal box immediately on stepping from his carriage.

Rehearsals for this performance "In Vessels Roesel," a 3-act comedy. The selection was made by request as the prince has thus far had no opportunity to see the play, owing to the fact that during the time when it was given in various cities of Germany he was in China.

Everything has been made ready for the prince's visit to the city. The American press in honor of Prince Henry on Tuesday night next and Hermon Hilder, who has charge of the preparations for the banquet, says today that the number of acceptances received from leading representatives of the newspaper world was very gratifying.

On Sunday, when Prince Henry visits the tomb of Gen. Grant, he will place two wreaths on the tomb, one from the Kaiser and the other the prince's own tributes. Both wreaths will be composed of American bay roses, lilies and orchids, and will have in the center a crown. In the emperor's wreath will be worked in flowers the initials "W. L. I.," William, imperator rex.

The pier at the foot of West Thirty-fourth street, where the prince will land, has been made a special police precinct, with two captains, eight sergeants, 10 roundsmen, 50 mounted policemen and 100 patrolmen. It is known as the Hohenzollern precinct. A Postal Telegraph office, with a direct connection with the German cable, has been established on the dock at the foot of Thirty-fourth street for the accommodation of Prince Henry and his suite, who will thereby be in instant communication with Germany at all times.

The last steps were taken this evening for the protection of Prince Henry from any possible interference by mobs. Capt. Titus of the detective bureau, after a conference with Col. Bingham, announced that police arrangements at Thirty-fourth street had been completed. Ten of the most reliable city detectives were selected as a special guard for the person of Prince Henry, and 10 were chosen to keep a constant surveillance about President Roosevelt during his stay in New York.

COMMENTS ON HENRY'S VISIT.

London, Feb. 21.—The weekly reviews make the impending arrival of Prince Henry at New York the occasion of another chapter on the Spanish-American war controversy.

The Spectator reviews at length the whole story of the diplomatic exchanges, with a view of controverting what it terms, "the distortion of the facts."

FRESH AND STRONG.

Food That Suits One Alone.

"I found a food at last that I could work on and that would keep me fresh and strong. I have been a school teacher for eleven years, and every year toward the last have felt more or less tired and have been bothered particularly with my stomach and regular constipation.

Last year I used Grape-Nuts regularly at both morning and evening meals and the result was really wonderful. I have been entirely cured of the troubles that I used to have and I don't know what it is to eat a dose of physic any more. The nervousness and sleeplessness have gone. No more do I lie awake nights sleep all night long in a whirl. Now I was the only teacher out of four in our public school, who did not miss a day on account of sickness during the last session. I have been able to do more hard studying than ever before, and took up the teachers' state board examination, completed the course and passed a successful examination at the last Institute.

Grape-Nuts in my case has proved the truth of the assertion that it is a specially recommended food for overworked school teachers, or any other brain workers." Name given by Postum Co., Battle Creek, Mich.

It is far easier to build up health and strength naturally with food than to crutch along on some kind of medicine.

WOMAN'S GENTLE NATURE CALLS FOR GENTLE TREATMENT

Delicately formed and gently reared, women will find, in all the seasons of their lives, as maids or wives or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative—is—Syrup of Figs. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant, aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Many of the ills from which women suffer are of a transient nature and do not come from any organic trouble and it is pleasant to know that they yield so promptly to the beneficial effects of Syrup of Figs, but when anything more than a laxative is needed it is best to consult the family physician and to avail the old-time cathartics and loudly advertised nostrums of the present day. When one needs only to remove the strain, the torpor, the congestion, or similar ills, which attend upon a constipated condition of the system, use the true and gentle remedy—Syrup of Figs—and enjoy freedom from the depression, the aches and pains, colds and headaches, which are due to inactivity of the bowels.

Only those who buy the genuine Syrup of Figs can hope to get its beneficial effects and as a guarantee of the excellence of the remedy the full name of the company—California Fig Syrup Co.—is printed on the front of every package and without it any preparation offered as Syrup of Figs is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere at 50 cents per bottle.

SHOT THE CHILD WHOM SHE LOVED

Servant's Insane Infatuation for a Little Girl.

SHE DREADED SEPARATION.

Having Tried to Kill Her Charge, She Turns Weapon on Herself, Inflicting Probably Fatal Wounds.

New York, Feb. 22.—A peculiar tragedy has occurred in the residence of William J. Simons at Cary, a suburb of Yonkers. It resulted in the serious wounding of Georgianna, the five-year-old Simons girl, and the probably fatal wounding at her own hands of Amelia Foscher, a Hungarian servant girl.

The cause of the shooting, which was done by the servant, is supposed to have been an insane fondness for the child, whom she feared being separated from through dismissal.

Mrs. Simons, mother of the child, went shopping, leaving the little girl in charge of the servant. When she returned there was no response to her ring, and she had to effect an entrance by breaking a window. She instantly detected a strong odor of gunpowder and heard groans on the top floor where are located the servant's room and the children's playing room. Hastening up stairs, Mrs. Simons was horrified to see the servant stretched out on the floor with the little girl lying by her side. A bracket had been wrenched from the wall and the room and hall were filled with gas. Mrs. Simons rushed to the telephone and notified the police.

Two small bullet wounds were found

in the child. Both were superficial and she soon recovered from the effects from the gas. Three bullets had penetrated the servant's body and she was removed to a hospital, where it is believed she would not recover.

Georgianna said she and the servant were in the children's room when Amelia said she was going down stairs to get some gum. She returned in a few minutes and immediately fired two shots at the child, who had gone into the servant's room when she heard Amelia coming upstairs. Then she turned the weapon on herself and fired three shots, falling on the floor by the side of the child. The revolver was a cheap affair of small calibre.

Mr. Simons is a wealthy lace manufacturer of New York.

Berlin, Feb. 20.—Emperor William has commanded Prof. Roessingh to paint a picture of the scene near the Chinese arsenal when Admiral Seymour, commander of the Peking relief expedition, gave the order: "The Germans to the front."

The phrase has thrilled Germany, and Prof. Roessingh, who, upon Emperor William's order accompanied the German expedition to China, has made a study of the battlefield and the arsenal with the painting of this picture in view. The picture will be hung in Emperor William's private gallery, and will represent the German forces on the double quick to the front with the American and British troops cheering them.

Popa Will Not Abiliate.

Tepeka, Kan., Feb. 21.—The Populists of Kansas, in session here today, decided last night that there would be no affiliation between the Populist and Democratic forces in Kansas this year. A strong faction, led by ex-Congressman Ridgely, favored absolute surrender to the Democrats, but there were enough of the old-time Populists to defeat this plan.

The meeting was a lively fight throughout. Majority and minority reports were filed by the committee on resolutions on the subject of fusion. They are in connection with the committee and a night session ordered.

At the night session exactly the same reports were submitted, one favoring and one opposing affiliation with the Democrats. The fight was still on.

All Good

All doctors are good, but only the best can cure the hardest cases. Just so with cough medicines. All are good, but only the best can cure the hardest coughs. Buy the kind the doctors prescribe,—Ayer's Cherry Pectoral.

"For three winters I had a very bad cough. I then tried Ayer's Cherry Pectoral. In a short time I ceased coughing, and soon was entirely cured." Mrs. Pearl Hyde, Guthrie, Conn., Feb. 11, 1902.

and finally resulted in accepting the majority report. No plans for the future conduct of the party were made, other than that the party would run its own affairs without the assistance of the Democrats.

Gladstone Describes Chamberlain.

London, Feb. 21.—L. Gladstone, formerly editor of the Evening Post of New York, writing to the Westminster Gazette with reference to Joseph Chamberlain, the colonial secretary, says that when Mr. Chamberlain deserted the Liberal for the local iron works which commenced May 20, 1901, a committee consisting of nine members of the civic federation has been appointed with instructions to visit the city and endeavor to adjust the troubles between the principal ship-building and iron working firms and the men still out on strike. Indian Famine Fund Exhausted.

Boston, Feb. 22.—A cable dispatch from the missionaries of the American board in western India states that the funds for the support of famine children are exhausted. This means that 2,000 orphans, who through the gifts of friends in America and elsewhere were taken up by missionaries within the past two or three years, are now without support.

This number is in addition to the 1,200 other orphans over whom the missionaries have had the oversight. The American board makes an appeal for funds, estimating that \$20 will support one orphan for one year, during which time the orphan will receive industrial training. Miss Emily C. Wheeler of 40 King street, Worcester, Mass., or Frank H. Wiggin, treasurer of the American board, will receive and forward contributions.

BRIGANDS STILL HOLD MISS STONE

Fifteen Days Have Elapsed Since Money Was Paid.

NO EXPLANATION OF DELAY

If Faith Has Been Broken, No Further Negotiations Will Be Entered Into—Will Pursue Outlaws.

Washington, Feb. 21.—It is estimated at the state department that fifteen days have elapsed since the money for Miss Stone's ransom was paid over to the agents of the brigands. At least five days have elapsed beyond the time fixed in the stipulation to place her in the hands of her friends. There is no explanation of the delay.

It is hoped that physical conditions, such as heavy snows and adverse weather, may account for the failure to secure her delivery. The officials are loath to believe that there has been a breach of faith on the part of the brigands, but even were this so they do not regard themselves as blameworthy for having trusted them.

From the first the United States government has been averse to paying ransom, but in response to appeals from every quarter, reluctantly authorized Mr. Leishman to deal with the brigands.

However, if it turns out that the brigands have broken faith, and they either have taken the ransom money and spirited the captives away again, or that they have killed them, then they will be further urged to attempt to deal with the brigands on the part of the United States government, but its entire power will be directed upon Turkey and Bulgaria to procure swift and certain extradition of the brigands regardless of cost or effort.

LADY SEEN SATURDAY LAST.

London, Feb. 21.—Cabling from Ceres, Bazar Turkey, under date of Feb. 21, the correspondent of The Daily Graphic says that Miss Ellen M. Stone, the captive American missionary, was seen last Saturday, escorted by 25 armed brigands, in the Hozdagi mountains at the southern extremity of the Perin range, 40 miles from Ceres.

Mr. Gargiulo, the dragoman of the American legation at Constantinople, is still here, says the correspondent. He fears that if the foregoing be true, there is likelihood of an encounter between the brigands and the troops patrolling that country, in which case it is doubtful whether the brigands would allow the captives to escape alive.

Conditions in Macedonia are most critical, says The Daily Graphic's dispatch. The authorities admit that 200 Bulgarians have invaded the country, and that encounters with troops are occurring frequently. The brigands killed three soldiers at Ligostrich last Sunday. The Bulgarians are reported to be armed with Mannlicher rifles. Eighty Bulgarians are said to have been during recent attempts to cross the line of demarcation. The spring has come and the snow on the mountains is melting.

Raiding Vice in New York.

New York, Feb. 22.—Another wholesale raid has been made on resorts in East Fourteenth street and the upper end of the Bowery. Hundreds of the habitués were carried to the police stations. This is the third raid in a brief period, and it was said the crusade will be continued until the district is thoroughly renovated.

Among the places raided was Tom Sharkey's. Inspector Cross is said to have had a warrant for Sharkey but the pugilist was out of the city. "Sulicide" hall was among the other places raided.

Court to Settle Labor Disputes.

New York, Feb. 22.—The National Association of Builders, through its counsel, has issued a circular to all the labor organizations connected with the building trades, asking their cooperation in the establishment of a court in which all strikes and disputes between employers and workmen may be peacefully adjusted.

Sick People Warned.

THE PUBLIC AROUSED TO A TERRIBLE DANGER IN OUR MIDST—THE TRAFFIC IN "PATENT MEDICINES" CONTAINING COCAINE, OPIUM, MORPHINE AND OTHER DEADLY NARCOTICS MUST STOP.

Sleepless Nights, and Pain Racked Bodies Furnish the Evidence of the Ghastly Work of These So-Called "Tonics" and "Catarrh Cures."

Drs. Shores sounded the note of warning but recently, and already many have called on Drs. Shores to thank them for their warning. Several reported that the so-called "Cures" helped them temporarily, but as soon as they stopped they were THE TROUBLE CAME BACK and they found it IMPOSSIBLE TO SLEEP. WHY? Simply because they had been using these cheap and unwholesome "Tonics" and "Catarrh Cures" which contained Cocaine, Opium, Morphine or any other dangerous drug. Drs. Shores' treatment is as harmless as it is effective. Nothing to injure the most delicate child or woman. Drs. Shores' Prices and terms are low and within the reach of all.

Others reported severe shooting pains through the entire body—palpitation of the Heart, and other dangerous and painful symptoms.

IS IT NOT TIME A HALT WAS CALLED?

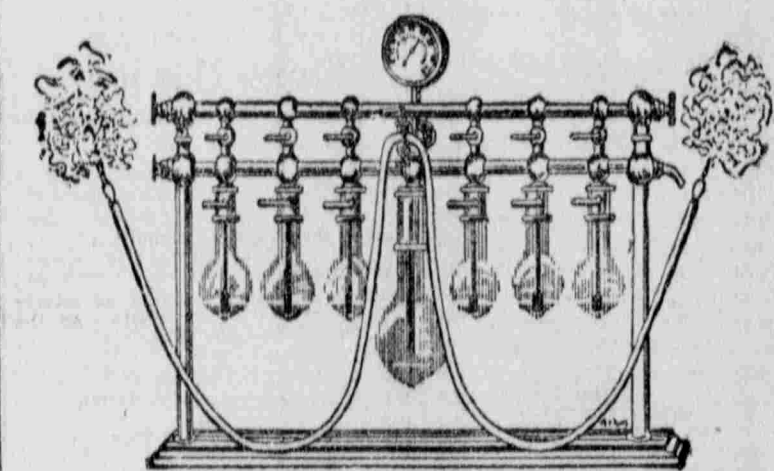

Beware of these so-called "Remedies." Doctors do not endorse them. ASK YOUR DOCTOR WHAT HE THINKS OF THEM. If you suffer from Catarrh, or any Chronic trouble, DON'T EXPERIMENT. Don't ruin your health, but come to Drs. Shores & Shores, the Doctors who CURE to stay cured. Drs. Shores do not use nor endorse Cocaine, Opium, Morphine or any other dangerous drug. Drs. Shores' treatment is as harmless as it is effective. Nothing to injure the most delicate child or woman. Drs. Shores' Prices and terms are low and within the reach of all.

EVERY CASE IS A SPECIAL STUDY

And requires special treatment to suit each individual case. CATARRH IS NOT A BLOOD DISEASE and cannot be cured by taking internal medicine. Catarrh requires careful local treatment, and treatment suited to the conditions existing in that particular case. No two cases are alike and seldom will two cases yield to the same treatment. Often the Stomach is involved and requires special attention and treatment. The kidneys and bladder sometimes become affected and unless they receive special attention serious trouble may follow.

If the lungs, the eyesight, or hearing is involved in the trouble you can readily see what villainous chemistry it is to advertise that a bottle of vile dope commonly called "Patent Medicine" will cure every ill that flesh is heir to. Drs. Shores & Shores' system of mastering Chronic Diseases appeals to common sense; no mystery, no experimenting, no "cure-alls," but each case is given careful scientific examination, and such treatment and medicines prescribed as will in their experienced judgment effect a cure quickly and safely and permanently. No ruined Stomachs, no Cutting or Cauterizing as "after effects" if you treat with Drs. Shores & Shores.

Drs. Shores' fees are low and uniform, within the easy reach of all. If you are sick consult RELIABLE DOCTORS—don't ruin your health and spoil your only chance of a cure by using cheap "Tonics" and "Catarrh Cures" which are smooth grafter to hypnotize you and rob you of money and time by pretending to cure disease without Medicine.

Desperate Fight with Outlaws.

Guthrie, O. T., Feb. 21.—Another desperate fight occurred today between Oklahoma officers and band of outlaws that killed Sheriff Smith and Beck at Anadarko a month ago. As a result one of the outlaws, Walter Swafford, is dead, and Deputy Sheriff John Fisher of Oklahoma is seriously injured.

The snow enabled the posse under Sheriff Miner of Shawnee, O. T., to trail the outlaws to an isolated house south of Wewoka, Okla. As the posse approached the outlaws, three in number, came from the house and opened fire on the officers. The fire was returned and for several minutes the battle raged.

Deputy Sheriff Jones was shot by Swafford, who opened the fight. When Jones fell the officers turned their attention to Swafford and he was shot several times, dying instantly. After the battle had continued several minutes longer, the other two outlaws surrendered—Sam Casey and Bill Watson. These three men are undoubtedly the gang that killed the Anadarko officers. Several other arrests have been made of suspects, but the officers have always held that Casey, Swafford and their gang were the parties who did the work.

Last night a bunch of horses were stolen near Asher. Early this morning Sheriff Miner, with Deputy Jones and several volunteers, started on the trail, which was easily followed through the snow. Nine thousand dollars is the reward offered on the heads of these men.
