EASTERN

The Indian Fraud Commission.

CHEYENNE, 23.—The commission consisting of Gov. Fletcher, Mr. Harris Faulkner, Professor Atherton, and Senator Howe, to investigate affairs at the Red Cloud and Spotted Tail agencies, are all here; they took the testimony of over a hundred witnesses during their absence, including officers and attachees at Fort Laramie and Red Cloud, and visited the cattle herds of the contractors. While the commissioners are disposed to be reticent, the impression left on the minds of the people with whom they converse is that the charges against the agents and contractors were mere hearsay, and have not been substantiated. Their official report will soon be made public.

More About the Reception.

NEW YORK, 23. — About two o'clock the team were driven up to the City Hall, and on their arrival they were received with three ringing cheers by the crowds. They then alighted and passed in by pairs to the Mayor's private office, Col. Gildersleeve and Gen. Shaler leading the line. After ten minutes informal conversation and hand-shaking with the Mayor, the party adjourned to the Governor's room. The crowds pressed after, and in a few moments the reception room and corridor and stairways were packed. General Shaler introduced the team, and Mayor Wickham welcomed them home in a brief speech. At the close of the address he shook hands with all the members of the team. Gildersleeve, replying, hoped the Mayor and the friends who had so kindly tendered them the reception, would accept their sincere thanks. They had gone away with some friends, and had returned to find many more. The place he was in should inspire him to give thanks in fitting terms, but the inspiration failed him. He spoke of the warmth of the team's reception in Ireland, and said that the title to American citizenship had been a passport everywhere abroad. At the close of the proceedings the team and the invited guests took their places in the procession and, under the escort of the 22d, 69th and 12th regiments, marched up Broadway to the Army and Navy club, where a banquet was given, at which speeches were made by the members of the team and the Club. The progress up Broadway was an enthusiastic one. Many buildings along the line of march were gaily decorated.

Confessions of Negroes.

AUGUSTA, Ga., 23.—Several prominent negroes connected with the troubles in the counties below here have made confessions. Jake Moorman, first lieutenant of a negro company, testifies on oath that nineteen counties were to be embraced in the insurrection, and that last Friday was appointed for the uprising; all white men and ugly white women were to be killed; pretty white women were to be spared, and the land and spoils were to be divided among the negroes. All who have so far confessed testify substantially to the same as Jake Moorman. Governor Smith arrived this afternoon from Waynesboro; he is determined to preserve peace, enforce the laws and do justice to whites and blacks.

Decrease in Tolls.

ALBANY, N. Y., 23.—The total amount of canal tolls collected on the New York State canals from the opening of navigation to, and including, the second week of August, 1875, is $74,247; the same time last year $1,411,097 was collected, showing a decrease of $706,850 thus far this year.

Damage By Frost.

MILWAUKEE, 23.—Advices from thirteen counties in different parts of the State show that there was a frost on Sunday morning and a heavy frost on Monday morning; the corn suffered great damage, and a report comes from some places that three-quarters of it is killed.

Black Hills Railway Company.

OMAHA, 23.—The Kansas Central and Black Hills narrow gauge railroad company, with a capital of $100,000, has been organized in this city. The road will be built at once from here through the agricultural country south of the Platte river, and will be pushed forward to the Black Hills as soon as the developments of that region will warrant it.

$50,000 Fire.

NEW HAVEN, Conn., 23.—A fire in South Norwalk, this morning, destroyed the dwelling house of John McQuahae, a harness store and shoe store and two grocery stores; loss $50,000, insured.

WESTERN.

Sheridan's Reception.

SAN FRANCISCO, 23.—The procession escorting General Sheridan is now marching up Kearney St. The General arrived at nine p. m., and was met at the wharf by the mayor and a deputation of citizens, the second brigade of the N. G. C. and a detachment of the U. S. 4th artillery, which fired a salute of fifteen guns. The procession is now on the way to the Grand Hotel, in front of which the military will be reviewed, and the board of supervisors will receive the General and extend the freedom of the city. The streets are crowded, and the demonstration is cordial and imposing.

FOREIGN.

GREAT BRITAIN.

Latest from Seo De Urgel—A Heavy Failure—The "Abbotsford" Report—U. S. Minister Ill.

LONDON, 23.—Madrid dispatches report that the Alfonsists at Seo De Urgel have seized the communications between the citadel and an outlying fort which defends it, and have cut the aqueduct which furnished the besieged with their principal supply of water.

Edward Hewitt & Son, provision dealers, have failed, with liabilities $1,250,000.

Moran, the United States minister to Portugal, is ill, in consequence of privation experienced during the wreck of the steamer *Bayo*.

In the delivery of the judgment in the *Abbotsford* investigation, the court of inquiry said that they were perfectly satisfied that the vessel was in good order, that the general character and conduct of the officers were perfect, and all that could be desired by critical owners or the most critical public; that the vessel made the journey safely until near Holyhead, and then, in a very few hours, was lost on the coast of Anglesey. Every precaution seemed to have been taken, and all that prudence dictated, all that the printed rules for the guidance of the officers required, had been done. Soundings were made regularly, and as the weather thickened a constant and doubtless vigilant and efficient lookout had been preserved, still the vessel was finally lost on a summer's day in a fog, and it remained for the court to ascertain the cause as far as possible. They were unable to accept the theory of a sudden disturbance of the compass, but they thought that when the observation was taken after leaving Holyhead, there was some gross error of calculation. They were of the opinion that the loss of the vessel was due, in the first instance, to the master's having misjudged the distance from Holyhead, and they also thought that sufficient allowance was not made for the force of the tide, and especially during the several times that the vessel was slowed or stopped for soundings, and they held that these mistakes were deserving of censure. They could not say that, considering the state of the weather after passing Holyhead, it was prudent to proceed at the rate of speed at which the vessel did, but they thought that the loss of the vessel could not be attributed to that cause. The captain's certificate would be returned to him.

The Grain Market.

The *Mark Lane Express* in its weekly review of the grain market, says—"The wheat crop in Great Britain has been gathered in much better order than was expected, and prices generally have yielded one @ two shillings, and in some cases two @ three shillings. The new samples look poor in comparison with those of last year, with less acreage and a diminished yield. The Paris market has felt the beneficial effects of the weather, the price of flour having declined two shillings per sack. In many parts of France the harvest has been gathered, but in no section will it be anywise like that of last year. Accounts from the continent are somewhat different, but all agree upon the fact that rain storms, with unusually large hailstones, doing immense damage, have visited France, Belgium and Holland. Prices are but little changed on the continent generally. In Germany the markets are firm.

In Paris.

Cardinal McCloskey will remain at Paris until the end of the month.

AUSTRIA.
