

FLOATING FRAGMENTS.

Meeting of the City Council to-night.
Roll in the subscriptions to rebuild the match factory.
The party who lost a lady's watch, on account of stock-taking.
Z. C. M. I. has been closed today, on account of stock-taking.
Shippers of freight on the Denver & Rio Grande R. R. should read the company's advt.
The 19th Ward Sunday School purpose having an excursion to Black Rock, on Friday next.
A paper devoted to the Irish Land League, called the *Rocky Mountain Celt* has been started at Denver.
Weber Flouring Mills and the store of S. H. Higginbottom & Co., near Ogden, were destroyed by fire on Sunday.
The grand benefit concert, in the Tabernacle will come on the 10th instead of the 7th inst., as heretofore announced.
A satchel containing a child's underclothing has been lost. The finder will please leave it at this office for the owner.
Besides the seven lights that will illuminate the interior of the Tabernacle on the occasion of the grand Deseret Hospital Benefit Concert, on the 10th inst., it is proposed to place one light in the square outside.
At 2 o'clock today, a regular Utahian cyclone blew up, lifted the mass of dust from the streets and whirled it about in dense clouds, filling the eyes, noses, ears and pockets of pedestrians, to their distress and annoyance. There was a good deal of grit in that wind storm. It played smash with numerous horse sign boards, awnings and other portable articles.
LOCAL AND OTHER MATTERS.
Off for Europe.—Elder Emil Anderson, of American Fork, left this city at 7 a. m. today, for Scandinavia, on a mission to which he was recently called.
Situation.—A girl or young woman, of good character, capable of doing general housework, can obtain a good situation by applying at this office. See advt.
Base Ball.—All who are interested in the game of base ball are invited to attend a meeting at 7:30 to-morrow evening at the office of Auditor Clayton, Hooper-Eldredge Block, for the purpose of organizing a club.
Washington Square.—We understand there is a movement on foot among base ball players and others, to obtain the use of the east half of Washington Square for base ball games, bicycle riding, etc., the parties using it to beautify and fix it up in this style. The City Council will be appealed to, by petition, on the subject.
Lost His Money.—Last night a Frenchman named Waldir Tolomae was the possessor of a yellow patent leather pocket book containing a check for a thousand francs and \$150 in greenbacks. Now he mourns over the mysterious disappearance of all this wealth. The manager of his slipping out of his possession is not at present known.
A Pestilential Fellow.—This morning a fellow named William Phillips was arrested for obtaining goods on false pretenses from and committing an assault upon Mr. Sanders, the greengrocer. It appears that Phillips obtained the goods in question, and when asked by Mr. Sanders for the pay, he struck the latter and uttered numerous scandalous epithets toward him.
The Distant South.—Brother Charles I. Robson wrote from Mesa City, Maricopa County, Arizona, on the 24th of July:
On Saturday evening the 22nd, Mrs. B. F. and J. E. Johnson arrived at this place, all well. Yesterday evening, the 23rd, President Macdonald arrived. The health of the people is good and they are enjoying the fruits of their labors in the shape of grapes, melons, etc., our early peaches and apricots being out of season.
Preserved Flowers.—Mr. O. F. Doe is an adept in the art of preserving natural flowers. He does it in such a skillful manner as to retain much of the natural freshness of appearance, while, after his treatment, they endure indefinitely. We have seen a number of specimens of his handiwork in this line. Among the last of his productions are the fine wreaths made from the flowers used at the funeral of the late respected Sister Mary Ann Angell Young, wife of the late President Brigham Young.
Wedded.—In this city, today, Aug. 1st, Lieut. Willard Young, son of the late President Brigham Young, and Miss Hattie Hooper, daughter of Hon. W. H. Hooper, were united in the holy bonds of matrimony, President Joseph F. Smith performing the ceremony.
The bridegroom is a worthy son of his great father, and the bride is handsome and accomplished. Both have a multitude of friends, with whom we unite in congratulations and in wishing the happy couple every blessing that will conduce to their happiness in time and eternity.
Home Again.—Today we had the pleasure of meeting Hon. John T. Cairns, a member of the Constitutional Convention delegation which went to Washington to advance the claims of Utah to admission into the Federation of States. After doing all that could be done in the interest of the commonwealth with which he and his colleagues were entrusted, Mr. Cairns left the Capital on the 5th of July, and, accompanied by Mrs. Cairns, spent a couple of weeks very agreeably in New York and vicinity. Coming west they stopped some time in Keokuk, Iowa, from which place they went to Council Bluffs. Both Mr. and Mrs. Cairns return home considerably improved in health.

FIRE NEAR OGDEN.

THE FLAMES CONSUMED SEVENTY THOUSAND DOLLARS' WORTH OF PROPERTY.

On Sunday morning the Weber flouring mill, owned by Hon. D. H. Peery, a short distance north of Ogden, was discovered to be on fire. The Ogden Herald gives a voluminous account of the burning. In the mill was about 1,500 bushels of grain and a large quantity of bran and shorts, all of which, together with the fixtures and machinery, were totally destroyed. There is nothing left of the establishment but the bare walls, and part of them have fallen.
The fire soon communicated itself to the store of S. H. Higginbottom & Co., which is entirely consumed. But through the unremitting exertions of the citizens much of the merchandise was saved from the fire fiend.
The fire brigade arrived on the spot as quickly as possible, but not in time to protect the buildings, which were also the property of Mr. Peery. They succeeded, however, in saving the residence of Mr. Higginbottom from the conflagration.
The loss which has accrued to Hon. D. H. Peery by this fire is estimated at fully \$80,000, no part of which was insured. The loss to Higginbottom & Co., is from \$8,000 to \$10,000, which is fully covered by insurances.
The firm is insured in the following amounts:
In the Phoenix Company, \$4,000
In the German American, 2,000
In the North British and Mercantile, 3,000
In the Commercial Union, 1,000
Mr. Peery is now in the East, returning from Virginia. Despatches have been sent to different points notifying him of the disaster. He is expected to arrive home some time during the present week. The fire is thought to have been caused by spontaneous combustion in the smut room of the mill, although it is said that room was empty, as it had recently been cleaned out and locked up, and the mill has been idle since the first of July.

The Coming Musical Event.—The night for holding the Grand Concert in the Tabernacle has been changed from next Monday to a week from Thursday, August 10th. It promises to be one of the greatest musical events that ever transpired in this city. A most delightful programme has been prepared, and an array of talent secured that cannot fail to insure its being a great artistic success. It will be conducted jointly by Messrs C. J. Thomas, E. Beasley and E. Stephens, and among the performers are Mr. J. J. Daynes, Miss Laura Nebeker, Agnes Olsen and Nellie Druce. Mr. Stephens' juvenile class will figure conspicuously on the occasion and the Mendelssohn Club will delight the audience with their finished and ably executed singing.
We understand that the management of the affair will announce a request that there be no boisterous applause, owing to the character of the building where the concert will take place. Also that encores will not be in order. We are pleased to observe this very judicious arrangement.
The interior of the mammoth building will be illuminated by seven electric lights, and will doubtless present a grand appearance. The entertainment is for the benefit of the Deseret Hospital fund, which fact alone, aside from the superb quality of the concert, should draw an audience that will fill the great hall.

Smallpox Spreading.—The following, from the Ogden Herald, shows that the contagious malady is spreading:
"There are some cases of smallpox in North Ogden. Some young men have been working on the Oregon Short Line Railroad, contracted the disease while out there. Since their return home, the smallpox has fully developed itself on them, and the County authorities have placed them under strict quarantine regulations, and adopted every precaution to prevent the further spread of the disease. In which efforts they will be assisted by the people in the district where the disease has broken out."
The attempts that have been made to suppress the fact of the existence of smallpox in the grading camps of the railroad named is highly reprehensible, as opposed to the safety of the public.

Killed by Indians.—From a letter received from Mrs. Janette Ferrin, of Pima, Graham County, Arizona, by Bishop E. W. Wade, of Pleasant View, in Weber County, we learn that Mr. Jacob Ferrin, of North Ogden, was shot and killed by Indians on the 19th of July, while freighting between Pima and Wilcox. No further particulars are given in the letter, except that the funeral took place on the 21st inst. Mr. Jacob Ferrin was one of the oldest settlers of Weber County, and a brother of Mr. Josiah Ferrin, of Eden. He was between 60 and 80 years of age and generally respected.—Ogden Herald

On Business.—Mr. J. B. Barney has arrived in our city, direct from New York. He is connected with the well known importers and jobbers of silks, dry goods, fancy notions, hosiery, etc., Bates, Reed & Cooley. This trip he comes supplied with a very complete line of samples of fall and winter goods, which have been selected with great care. They are especially suited for this market. During his stay Mr. Barney will be found at the Continental and those of our merchants who require goods in his line might find it advantageous to call on him.

Out for an "Outing."—Today the employees of Mr. H. B. Clawson, dealer in wool, hides, agricultural machinery, etc., have been at Ogden's, enjoying a genuine "outing." They were conveyed to the scene of festivities in the Julia Dean and the Pioneer Band Wagon. Mr. Clawson, with his characteristic generosity, which is proverbial, bears the expense of the affair.

Mer Telephone.—In the course of a week or so the independent line between Salt Lake and Ogden, for the use of subscribers to the telephone exchange, will be in operation. The rate will be 80 cents for a conversation of five minutes duration, beginning from the time the connection is made.

Going to Castle Valley.—A Spring City, Sanpete, correspondent writes:
Under the auspices of the Ladies' Society, a picnic dinner was given to the citizens of this place in honor of Bishop T. Olsen's 58th anniversary of birth, he being called to leave this place for Castle Valley. About 200 sat down to a sumptuous repast, the brass band playing. Afterwards toasts, speeches, music and singing by the choir, the whole concluding with dancing.

Fifteenth Ward Entertainment.—The Fifteenth Ward is noted for the excellence of its musical entertainments. In the fine new hall of that section of the city, a concert will be given on Wednesday, (to-morrow) evening. Among the talented favorites who will sing on the occasion, we observe the names of Miss Nellie Druce and Mrs. M. C. Hull, and many others whose ability has been frequently recognized. The Glee Club will give the "Huntman's Song." The entertainment will be conducted by Mr. T. C. Griggs; Mr. H. E. Giles, accompanist.

Visit to Wood River.—This morning we received a call from Judge R. K. Williams, of Ogden, who has just returned from a trip to the Wood River Country, whether he went on business and pleasure bent. He says that, although the farming interest of that region has been almost totally neglected or ignored, it is an excellent agricultural section, especially from the mouth of Big Wood River to Bellevue, a distance of a hundred miles. The soil gives indications of being liberally productive and water for irrigation is abundant. Halley and Bellevue are about four miles apart and have a combined population of about 2,000.
Mining experts assert that that portion of the country is the richest in galena on the continent. The Minnie Moore mine, in which Colonel Shaugnessy purchased a large interest some time since, has turned out famously, its estimated value being now \$1,000,000. Judge Williams is interested in the Snow Fly, about seven miles from the same location. The property is only limitedly developed, but turns out ore that assays \$172 to the ton. The Judge brought a quantity of the ore down with him, which he took out of the mine with his own hands.

SPECIAL BUSINESS NOTICES.
J. D. FARMER'S ONE-PRICE SHOES.
That our customers may avail themselves of the very low prices at which we are now disposing of the residue of our Summer stock.

BENEFACATORS.
When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubts, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

FROM "THE TIMES."
Editors Times:—The veterinary department in your valuable paper is always read by me with great interest and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, relating the wonderful cures he had had in curing sprains and splints with Kendall's Spavin Cure, and his allusion to using it now in his practice for several human ailments on account of the success he has always had with it. The above statement from so prominent a Physician gave me great faith in its efficacy, and as I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured a bottle and as it has completely cured me I wish to proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men as well as for the poor horse, for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to you for ever mentioning it in your columns and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to make known to the world, the great value of Kendall's Spavin Cure both man as well as beast. Respectfully,
ARNOLD PARKER,
Rochester, N. Y., Sept. 1st, 1891. d&w

McCORMICK HARVESTERS,
TWINE BINDERS,
Combined Self-Bake Reaper and Mower,
Combined Front Cut Dropper and Mower,
Iron Frame Front Cut Mower.

Parties needing Machinery this season will find it to their interest to examine this Popular line of Machinery before purchasing elsewhere, as the experience of the past six years has fully established the fact that they are the MOST DURABLE, STRONGEST BUILT & LIGHTEST RUNNING Machines ever offered for sale in this or any other country.

Attention is especially called to the TWINE BINDER, which machine proved itself last season to be the ONLY SUCCESSFUL TWINE BINDER OFFERED FOR SALE, and this year, the only Twine Binder that can be HONESTLY RECOMMENDED to the farmers as a machine that will do its work properly in all conditions of grain. The Combined Machines are IRON FRAME, enclosed gear, and each Machine has TWO HARROWS, one for Reaping and one for Mowing, without which no Machine can ever be a success as a Combined Machine. The Iron Frame Mower is universally conceded to be the "BOSS." 300 of Them Were Sold Last Year By the Agent for this Territory, and this year sales bid fair to exceed those of last year. All machines are fully guaranteed and sold at prices as low as any first-class Machine can be sold.

J. I. Case T. M. Co.'s AGITATOR Threshers AND WOODBURY POWER.
This Splendid Machine is again offered to the public with a record second to none, the experience of last season having demonstrated the fact that it will thresh more grain and do it better than any other Machine. The Woodbury Power is the most durable and Lightest Running Power ever made, and gave universal satisfaction last year. The above Machines are for sale by
