

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Frank Evans of Coalville has been successfully operated upon at the Holy Cross hospital for appendicitis.

Plans for the proposed intermountain fair in 1907, will be discussed Thursday evening by the D. A. & M. society directors.

The T. J. C. of the University of Utah will give a dance in the museum building Friday evening, Jan. 12, to which the public is invited.

The Knights of Columbus installed their recently elected officers last evening. The local council of the order has now over 100 members, and is growing.

Judge Brown of the juvenile court yesterday fined Louis Simon, a West Temple street saloon-keeper, \$50 for selling liquor to minors. The man paid his fine.

If the dead Austrian who was found up on the mountain the other day, had not been identified within the next few days, he will be buried at the expense of the county.

Sergeant Snyder of the hospital corps at Fort Douglas, has been ordered to Fort Duchesne for duty. Winter gymnastic drills are now in full operation, and enjoyed by the men.

The Ladies' Literary club will listen to Shakespearean readings next Friday afternoon, from members of the club, and Mrs. A. S. Peters will sing, with Miss Judith Evans as accompanist.

The required tax on the carload of oleomargarine sold by State Food & Dairy Commissioner John Peterson on Monday was paid yesterday by the consignee, and the product was released, and will probably be placed on the market in this city.

All but 10 of the men subpoenaed for the January term of the federal court were yesterday afternoon dismissed by Judge Marshall, and returned to their homes. Those excused reside south of Provo and north of Brigham City. In case more jurors are required to try the cases remaining on the docket, an open venire will be issued.

Mrs. C. D. Fisher of Payette, Ida., has written to Postmaster Thomas, inquiring as to the whereabouts of her sister, Mrs. Jane Burt, from whom she has not heard for a number of years. Then R. Stuart of Baton Rouge, La., writes inquiring after his nephew, Jacob Stuart, an architect, formerly in this city and whom he has not seen for 10 years. Jacob Stuart is practicing his profession in Sacramento, Cal.

Dallas, Pa., Post—We are in receipt of the Christmas number of the Deseret News, published at Salt Lake City. It contains 116 pages, finely illustrated with half-tones and reading matter enough to last an ordinary family a month, all of which is of a very interesting nature. It shows what we have said many times, that the east does not contain all the hucksters. There is a good sprinkling of them out west and in Salt Lake in particular.

President P. J. Haynes of the Yellowstone Park Game Preserve, is here to look after the refitting of his Concord stage preparatory to the operations of the coming season. He says it will be possible for tourists to leave Salt Lake at night, and take supper the following evening at the park. All tourists can visit Salt Lake and have three days in the park. Mr. Haynes has ordered a number of new Concord coaches.

Rev. Dr. Coburn preached last evening on the preaching of Peter and Paul in the East Side Baptist church series of revivals. In the course of his remarks the speaker said that repentance is not an act of the emotions. It is to change your mind. Take God's thought in place of your own thought. Take God's plan in place of your own plan. Readjust your life. This is repentance. We must change our mind about Jesus, the Son, and see him as our Savior. Change our mind about the holy ghost who dwells in us and the ways of life. About the Bible, the church. This is God's message.

Thirteen cars of coal came over the Rio Grande, and 12 over the Short Line yesterday, or about 750 tons. Citizens are economizing on coal, and a lecture at the state university was cancelled Tuesday night, for that reason. The producers say they can do nothing beyond what they are now doing, and the town must go short all winter.

E. R. Cooper of Denver is in town in the interest of his project to establish a chain of hotels in this city, Pueblo, Omaha, Spokane, Portland and Seattle, in addition to the hotels now controlled by him in Denver and Los Angeles. Mr. Cooper says that with such an hotel system in operation tourists and travelers generally can be routed the same as over the railroads. Only, it will require about ten millions to carry out the idea.

The January number of the Western Homekeeper of Missoula, Mont., is handsomely gotten up, and is largely given to the idea of "See Your Own Country First," and the motto, "America for Americans—first, last and forever." It is especially prominent on the illustrated cover. The following epigram from Gov. Mead of Washington is also given particular prominence:

"Foreign travel no doubt has a broadening influence, but one should know his own country and his own people before he goes abroad. He is a better citizen, a more intelligent man, and the country generally is better off for his so doing." The first page and a half is given up to a special article by Hon. Fisher Harris of this city with a picture of Gov. Cutler and his invitation to the coming conference. Pictures of other western governors and their pithy observations on the "See America First" proposition are also printed.

CIGARETTE BOY SOON DROPS OUT

Can't Keep up in Study at School With the Lad Who Will Not Smoke.

HABIT HAMPERS HIS SUCCESS

President Roosevelt Never Smokes or Uses Tobacco in Any Form—Some Timely Warnings.

Yesterday Rev. O. R. Miller of Washington, D. C., field secretary and legislative superintendent of the National Temperance society visited the Grant school, and made a brief address on the evil of cigarette smoking.

He made three points against cigarette smoking as follows:

1. "Cigarettes injure the mind. The poisonous drugs put in the cigarette tobacco and the cigarette wrappers make a boy dull, stupid, sleepy and dopey. The boy who uses cigarettes cannot keep up with his class in school and while other boys are being promoted he makes no progress, but before long is likely to drop out of school because his mind is so affected that he cannot study or he cannot remember what he studies to study. Hence he loses his interest in school, and sooner or later he drops out. Many a boy has even been put in the hospital for cigarette addiction. It also weakens his will power and stupifies his sense of right and wrong.

AFFECT THE HEART.

2. "Cigarettes injure the body. Cigarettes weaken the action of the heart and make it beat feeble and irregular. A healthy heart is like a strong pump which pumps the blood to every part of the body and it beats with the regularity of a perfect clock. But when a boy begins to smoke cigarettes the strength and regularity of the heart's action is injured. Anything that injures the heart injures the whole body, hence ought to be avoided. The United States government several years ago, when enlisting soldiers for service in the Spanish-American war, found that most of the young men who were rejected were victims of the cigarette habit. Not one young man in 10 who was a habitual user of cigarettes had a sound heart; hence tens of thousands of the young men of the United States failed to pass a satisfactory examination and were rejected because of the use of cigarettes.

"They have often been called 'cotton nalls,' because they hasten a boy into his coffin, for the more cigarettes a boy smokes the sooner he will be put into his coffin.

SUCCESS IN LIFE.

3. "Cigarettes injure success in life. Business men everywhere are more and more refusing to employ a boy or young man who smokes cigarettes, as cigarettes make a boy incapable of performing the best service. Hence a boy's chance of gaining a good position when he gets through school are greatly reduced if he smokes cigarettes. The boy who does not smoke cigarettes will get a better position than the boy who does smoke. The young men who are climbing to the top of the ladder of success never smoke cigarettes.

ROOSEVELT AGAINST CIGARETTES.

"President Roosevelt never smokes cigarettes, neither does he ever use tobacco in any form. Every one of the states have passed restrictive laws against the sale of cigarettes—most of them forbidding the sale of cigarettes to boys under sixteen years of age; and many states have absolutely prohibited the manufacture and sale of cigarettes to anybody, and every state and territory ought to do so. The Pennsylvania law forbids the sale of cigarettes to boys under twenty-one years of age. Our society is pressing a national interstate cigarette law before Congress to crush this evil.

Mr. Miller has spoken in many of the largest cities of the country on this subject, and has done much for the cause of reform.

Rev. Carlisle P. B. Martin, L.L.D.

at Waverly, Texas, writes: "Of a morning, when I am arising, I often find a headache, and it is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no other remedy so equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for their headache." 25c. and 50c. Sold by Z. C. M. L. TO MY FRIENDS AND THE PUBLIC.

After three months' rest, I am again in business and expect to get your trade for the following reasons:

That my experience in the Meat Trade extends over a period of 20 years—nearly 22 years located on Main street, opposite Z. C. M. L. Drug Dept.

That everything sold at my Market is of the best quality.

That should you "phone your orders or call at my Market or send a child the same uniform treatment will be accorded.

That you can depend upon the price and weights being right.

That I have built a spacious store and span on my own premises with facilities attached for handling hay, straw, grain and salt.

That you can depend on prompt delivery.
