TRUTH AND LIBERTY.

VOL. VI. SALT LAKE CITY, UTAH TERRITORY, TUESDAY EVENING, SEPTEMBER 9, 1873. NO. 215

## BY TELEGRAPH.

SPECIAL TO THE "DESERET NEWS," PER WESTERN AND ATLANTIC AND PACIFIC TELEGRAPH LINES.

### Last Night's Dispatches.

### EASTERN.

**Investigation.**

WASHINGTON, S.—Gen. Sweet, deputy U. S. Commissioner of Internal Revenue, this a.m., began the investigation of the defalcation of Collector Harper, with closed doors.

**From Fort Sill.**

The following despatch was received at the war department to-day.

"Fort Sill, Arizona, *via* Caddo, Idaho, 6.

"To the Adjutant General of the United States Army: The reported capture of the fort published in all the papers is without foundation. Satanta and Big Tree will arrive to-morrow. There has been no trouble and none is expected.

(Signed) Gaines Hanson, Captain 25th Infantry commanding."

**U. P. and C. M. Suits.**

PHILADELPHIA.—A special from Washington, to the *Evening Bulletin*, says that Justic Hunt will preside over the Circuit Court of Connecticut, which meets at Hartford on the 16th inst. The suits against the U.P. R. R. and Credit Mobilier will be argued on both sides.

**Vote For Governor.**

BANGOR, S.—In this city the vote for Governor was 2348 against 3924 in 1872. Dingley received 1079.

**Election Frauds.**

NEW ORLEANS, S.—Startling statements were made here to-day regarding alleged frauds on the ballot boxes at the late Presidential election. It seems that Warmouth's supervisors and confidential agents, in order to be revenged upon him for what they term his neglect and ingratitude of late, have made what purports to be a full disclosure of the facts in the case, and they give documentary and tabular evidence in corroboration of the testimony of Blanchard, chief state register, who was appointed over the commission of election in the State under oath. It is that in New Orleans there were at one time, over 6000 fraudulent votes counted for the fusionists, and 3000 republican votes illegally struck off the register or taken out of the boxes. In the county parishes nearly thirty thousand republican votes and frauds, and 4000 republican votes were cast that were not counted. Their statements are well supported under oath of W. L. Castlen, late assistant secretary of State and others. O. F. Funcke, chairman, and others, and S. M. Todd, member of the return board, swear that the returns were never counted by them as a board, that they had been tampered with before coming into their hands, and that they never signed or authorized their signatures to be put there. As these statements are made under oath, there is no little consternation and excitement among the politicians of the South.

**$100,000 Fire.**

CHICAGO, S.—That which for years was the Munn & Scott elevator in this city, but which was recently re-christened the Fulton elevator, has reached the last of its many vicissitudes; it was consumed by fire on Sunday, and now lies a large mass of smoking corn, charred wood and melted iron. It was only last Thursday sold at a bankrupt sale, and bought by one of Munn & Scott's N. Y. creditors, who, however, will probably not be the loser, inasmuch as the court had not yet confirmed the sale. The loss by the fire is over $100,000.

**Indians En Route.**

The following from General Augur, was received to-day: "Special Indian Commissioner (Atkinson) reports that all the Potawattomies and about 250 Kickapoos have started from Mexico on the way to Indian Territory.

**Frost.**

There was a frost last night at a number of places throughout Illinois and Ohio, but not sufficient to do any material damage.

**Eighteen Persons Injured.**

NEW YORK, S.—About one o'clock this p.m., while the 71st regiment were parading at Williamsburg, a balcony on 4th St., on which were a number of ladies and gentlemen, suddenly gave way, and precipitated all to the pavement, a distance of 15 feet, creating so much consternation that the regiment halted and detailed a guard to look out for the injured. It is known that 18 are injured, one or two fatally.

**Drowned.**

To-day, as the steamboat *St. John's* was leaving her pier, two brothers named Delcharty attempted to jump on the pier. One fell into the water and his wife, seeing his struggles, fainted. This caused so much excitement on board that the crowd rushed to onside of the boat, causing the rope to give way, when five more were thrown into the water. The police saved them but, although it is thought some were drowned.

**Suicide Short of Bread.**

A late and most accurate report of the actual condition of the European harvest and of the probable requirement for consumption has been received, and there is no longer any doubt that there will be a serious deficiency in continental Europe, and countries which have heretofore been regarded as self-sustaining, and which have even produced small crops for exportation, will be compelled to be buyers. According to the best authorities the wheat deficiencies of Europe during 1873 and '74 may be estimated in round numbers as follows: Requirements of England 28 million bushels, France 83 million, of other European countries 50 million bushels; total 234 million bushels.

**Journalistic Changes—Pecuniary Difficulties—Fatal Blow—Approved.**

It is reported in journalistic circles here that John Russell Young, late of the *Standard*, is about to return from England to become the position of managing editor of the New York *Herald*, and that G. W. Smalley, correspondent of the *Tribune*, will become correspondent of the *Herald*.

For several days past Wall street has been filled with rumors of impending failures. To-day the New York Warehouse and Security Company, through their directors, called for an extension and called a meeting of creditors for Thursday. The company loaned money to construction companies and individual railroad builders in the south and southwest, some of whom are unable to respond. The company has a capital of 1 million dollars, and a nominal surplus of $60,000, and it has ample security in the shape of collaterals and endorsements. The directors expect, if the extension is granted, to be able to pay dollar for dollar.

A fatal affray took place this p.m., between Fred. Verwonot and Ernest Ludge. Schmidt, who is a cart man, was upbraiding Ludge for the careless manner he had done some work for him. Ludge replied insolently, and Schmidt struck him with his fist under the jaw, and Ludge drawing a knife cut in a few seconds Schmidt's throat, and then gave himself up. Both are Saint Louis men.

The action of the Postmaster General in disapproving of the ten per cent. assessment of the salaries of the employes of the post office here, meets with general satisfaction.

Broadwell, the alleged defaulting receiver in this city, has given bonds to appear before the grand jury on the 16th inst. His defalcations amount to $75,000.

**Cable Survey.**

WASHINGTON, S.—Commander Geo. E. Belknap, commanding the U. S. steamer *Tuscarora*, reports to the Navy Department under date of Aug. 30, that he expected to proceed to sea from San Francisco on the 2nd of September on a special surveying route for a submarine cable from the west coast of the U. S. to China and Japan. The survey will be commenced from some point in the vicinity of Puget Sound, and from Puget Sound will proceed to Venetian Island, and it is expected that it will reach the Island of Ateha. It is not probable that much progress will be made in the survey this season, as the weather will soon be unfavorable for it. In that case the vessel will be employed until spring in getting the continental outline between San Francisco and the end of the California peninsula, sounding off shore until she ascertains the true ocean bed. An experience will then be gained to enable her to execute her orders with certainty. An official report from Commander Belknap states that he has a new sounding apparatus, made on the plan of Sir Wm. Thompson, and he has no doubt of the success of the survey. At Puget Sound he will first ascertain the most favorable spot to land a cable, his object being to secure one where the water is deepest and where vessels do not anchor.

**Instructions to the Sioux—Treasury Balances.**

The Commissioner of Indian affairs has instructed the Indian agent at Red Cloud to demand of his Sioux to return the property captured from the massacred Pawnees, and to inform them that by thus attacking the Pawnees they violated the treaty, and will be no more allowed to hunt buffalo outside their reserve.

The balances in the treasury at the close of to-day was—currency $43,398,985; coin $85,793,347, including certificates $47,562,000.

**Decision for Liquor Dealers—Indians Raiding.**

The Commissioner of Internal Revenue decides that regular liquor and tobacco dealers, holding special tax stamps, may close their ordinary places of business for the time being, and on registering the facts with the collector of the districts they may do business under said stamps at one stand in a fair ground situated in said district without the payment of an additional tax; but before opening again their regular places of business they should make a new registey with the collector of the district.

News from the Comanche agency says that a party of young warriors had started on a raid into Mexico.

**Escaped.**

LEXINGTON, Ky., S.—Seggel, the notorious horse thief, who has been confined in jail for several months, escaped this evening by making a rope ladder of his blanket. He was assisted by other prisoners, whose escape was prevented by a negro giving the alarm.

**$50,000 Fire.**

BROOKLYN, S.—At noon to-day, a fire destroyed Julius Chen's Varnish factory, at the corner of 99th and 6th streets, Williamsburg, and although the firemen were promptly on the ground the turpentine that filled the main yard was too much attraction for the fiery element, and all was consumed in ten minutes. The efforts of the department centered on the adjoining building, where there was stored $100,000 worth of costly varnish, in tanks. It was saved by almost superhuman efforts. Loss, $50,000, no insurance.

**Struck with a Bar of Iron.**

A desperate fight took place last night in a tenement house on Utica avenue. Wm. Keller, in an altercation with Rebecca Smith, seized a small bar of iron and struck her several blows on the head, rendering her insensible. Henry Laughlin then struck Keller on the head with a hammer, inflicting two severe wounds. Both Keller and McLaughlin were arrested. Miss Smith's injuries are reported to be fatal.

**Disappeared.**

ST. LOUIS, S.—Dispatches from Fayette state that the cholera has disappeared from that city. The total number of deaths to date is forty-seven.

**A Big Majority for Washburne.**

BOSTON, S.—Sufficient returns have now been received to insure a strong majority for Washburne in the convention at Worcester on Wednesday. The total is: Butler 375, Washburne 547, uncertain 63; Washburne over Butler 172. Washburne's majority 114. Butler has gained in six towns to-night, and Washburne in twelve.

**Fugitives.**

LITTLE ROCK, Ark., S.—Two fugitives from Shreveport arrived here to-night. They report everybody is leaving that can get away. Of three telegraph operators at Shreveport, one has the fever and another has left, leaving but one to do the work.

**Cholera Abating.**

LOUISVILLE, S.—News received from all parts of the State report that the cholera is abating. There are no new cases in this city.

**Election Returns.**

AUGUSTA, Me., S.—The election throughout the State passed off quietly, little interest being displayed in some quarters of the city. The vote will be about 70 per cent. of the full vote. Connor, Dem., 46,617; Titcomb, Rep., 46,844. The returns from eighty-five towns give Dingley 18,533, Titcomb 12,773. The same towns last year gave Perham 2,982, Kimball 2,881. These figures indicate a majority for Dingley over 12,000 in a vote of 80,000.

### WEST INDIES.

**Stab and Shoot.**

SAN DOMINGO, Aug. 23.—Colonel Reves attempted the life of General Lupron with a sword. Lupron evaded the blow, and shot Reves through the head.

### CUBA.

CHRISTIANSTADT, Sept. 4, *via* Havana, S.—Business is depressed on account of failures in Porto Rico, which caused heavy losses here.

JAGUEL, Aug. 28.—Tranquility continues to reign in Hayti. General Domingo is the popular candidate for the presidency.
