False Report.
WASHINGTON, 28.—The Senate com-
mittee on postoffice and postroads
has been investigating the publication
at the government printing office of an
alleged report of the committee and its
circulation through the channels pro-
vided for public documents. The docu-
ment, which must be the first of its
kind, was discovered yesterday, bears the
usual Senate heading, and is num-
bered (Report No. 1, Part 3). Members
of the committee were at a loss to un-
derstand how this document, of which
one of them had heard before, could have
been so carelessly published. The Sec-
retary's office, where alone the publica-
tion of such documents is authorized,
was called upon to explain, and the
clerk, who admitted the document, re-
sponded that it was a copy of a docu-
ment which had been passed through his
hands. The manuscript having been
received from another clerk in the Sec-
retary's office, whose duty it is to order
such extra work as may be required by
the committee and Senators at the
government printing office, and it was
also found that an order for 300 extra
copies, for the use of the committee, had
been issued. This clerk explains that
this paper was brought to his
desk, March 18th, this year, by the
clerk of the committee on postoffice
and postroads, bearing the usual Sen-
ate heading in the form, with an or-
der for 200 extra copies to be printed
for the use of the committee on prin-
ting. The clerk, who admitted the docu-
ment to have passed through the regu-
lar channels, and the order to itself
being proper, and the committee re-
sponding to the printing office where it
was set up and printed. The docu-
ment is entitled, "Report on Postal
Telegraph in the United States," and
is numbered (Report No. 1, Part 3).
The first five pages consist of
statements propounded to the President
of the Western Union Telegraph Com-
pany, and the remaining 11 pages are
devoted to a discussion of the ques-
tion of the proposed Pacific coast
cable. It is not indicated that any
of the questions to which the
Western Union Company were answer-
ing, nor does the document state any
reason for the publication of the
document. The document is in large
part from the columns of papers which
have been published in the Territory,
and the committee on postoffice and
postroads, which is in charge of the
publication of the document, has
been called upon to explain, and the
clerk, who admitted the document, re-

der for 200 extra copies to be printed
for the use of the committee on prin-
ting. The clerk, who admitted the docu-
ment to have passed through the regu-
lar channels, and the order to itself
being proper, and the committee re-
sponding to the printing office where it
was set up and printed. The docu-
ment is entitled, "Report on Postal
Telegraph in the United States," and
is numbered (Report No. 1, Part 3).
The first five pages consist of
statements propounded to the President
of the Western Union Telegraph Com-
pany, and the remaining 11 pages are
devoted to a discussion of the ques-
tion of the proposed Pacific coast
cable. It is not indicated that any
of the questions to which the
Western Union Company were answer-
ing, nor does the document state any
reason for the publication of the
document. The document is in large
part from the columns of papers which
have been published in the Territory,
and the committee on postoffice and
postroads, which is in charge of the
publication of the document, has
been called upon to explain, and the
clerk, who admitted the document, re-
sponded that it was a copy of a docu-
ment which had been passed through his
hands. The manuscript having been
received from another clerk in the Sec-
retary's office, whose duty it is to order
such extra work as may be required by
the committee and Senators at the
government printing office, and it was
also found that an order for 300 extra
copies, for the use of the committee, had
been issued. This clerk explains that
this paper was brought to his
desk, March 18th, this year, by the
clerk of the committee on postoffice
and postroads, bearing the usual Sen-
ate heading in the form, with an or-
der for 200 extra copies to be printed
for the use of the committee on prin-
ting. The clerk, who admitted the docu-
