LOCAL AND OTHER MATTERS.

THE BLONDES.—A dull and drowsy feeling seemed to pervade audience and actors last evening, and from the beginning of the burlesque of "Tall" until the curtain dropped, the piece seemed to drag heavily. The effect of the great heat during the day and the intense sultry and oppressive atmosphere of the evening was very apparent to all. At the best, "Tall" is a burlesque that cannot be successfully produced without many auxiliaries and stage effects which it would be impossible for a traveling company to provide. The farce preceding the burlesque was played with more life, all the characters ably representing their different roles.

To-night, for the benefit of the British Blondes, "Sinbad the Sailor," with its witticisms, nursery rhymes, etc., and the capital farce of "Did you ever send your wife to Folsom" will be given. During the week the beneficiaries have produced a class of plays in which it would be hard to find their equals, and they deserve a bumper for their benefit.

To-morrow afternoon, for the benefit of families, a grand "Tall" will be given, when "The Forty Thieves" will be repeated. To-morrow night an immense bill will be offered for the last appearance of the British Blonde troupe.

FIKE.—The stable of Mr. John Cottam, on North Temple street, at the foot of the aqueduct, 16th Ward, took fire to-day about 11 o'clock, a. m., from some cause unknown. The flames spread rapidly, everything inflammable being dry as a tinder box, from the effects of the excessive heat of the past. His chair factory, adjoining the stable, was also soon in flames together with a small dwelling on the north. While we write the volumes of mingled flame and smoke ascend high in the air and it is feared that Bro. Cottam's residence will share the fate of the rest.

The citizens from all quarters rushed to aid in arresting the flames. The water sets were filled to their utmost capacity. It is exceedingly regrettable, however, that, from the excessive drought, so little water is accessible when so much is needed. We trust Bro. Cottam's losses will prove lighter than anticipated.

THE MATINEE.—To-morrow afternoon the British Blonde Troupe will give a grand Matinee, for the especial benefit of ladies and children. We hope to see the Theatre well filled with the little ones enjoying the celebrated burlesque of "The 40 Thieves," which is a grand and gorgeous show piece, and well calculated to interest and please juveniles.

DEPARTURE.—The gentlemen connected with the leading agricultural journals of the East, who arrived in our city on Monday, took their departure for the West on Wednesday afternoon. Their stay here was not sufficiently protracted to enable them to form much idea of the agricultural resources and developments of our Territory; still the information gleaned by them while on this journey may be the means of arousing additional interest in agriculture not only in Utah but in the whole of the great West, and on the Pacific. We trust it may be so.

PAINFUL ACCIDENT.—By letter from Bro. Armistead, Pleasant Grove, we regret to learn that a somewhat painful accident occurred, on the morning of the celebration, to Joseph, son of Bro. C. W. Moor, of that city. While the boy was preparing to fire his piece, to join in a salute, it was discharged accidentally, blowing off the finger of his left hand. Dr. Riggs, of Provo, was speedily in attendance and, under his treatment the youth was progressing favorably.

A CURE FOR CATARRHS ON FRUIT TREES.—Brother Alexander Wright, of Virgin City, Kane County, a man of large experience as a fruit grower, sends the following, which may be of great value to many of our readers:

"Having read in the News that the worms are destroying the apple trees, I send the following recipe to destroy them: Bore a hole in the tree with a gimlet, in depth one-third of the diameter of the tree; fill the hole with flour of sulphur and plug it with a wooden peg. This being decomposed and circulated with the sap, it is exhaled by the leaves, poisoning all the caterpillars and other insects preying upon the tree."

TWENTY-FOURTH IN THE SETTLEMENTS.—We have received letters detailing the proceedings of the Celebration on Monday, from Bountiful, Brigham City, Provo, American Fork, Nephi, Juab County, Coalville, Summit County, and Pleasant Grove, Utah Co. We should be glad to oblige our correspondents and our readers in the several settlements by publishing the proceedings in full, but space and time forbid. From a perusal of the various letters, we are apprised that the Celebration was one of the most hearty, joyous and general that has ever taken place in our history, and we are pleased to hear that the Saints have shown such appreciation of the importance of the labor consummated twenty-three years last Sunday by the Pioneers.

The exercises of the day in the various settlements were very similar to those in this city, consisting of processions of the several religious and civil authorities, citizens and Sunday schools; orations, music, vocal and instrumental, besides toasts, dancing, firing of cannon, etc. At Pleasant Grove the orator of the day was Bishop John Brown; the committee of arrangements was B. W. Driggs, Lewis Harvey and M. L. Pratt; Chaplain, G. Holladay; Marshal, Joseph L. Fouts; Reporter, James Armistead.

The orator at Coalville was Alma Smith; A. Hinkley, T. Dobson, J. Fisher and others took a prominent part in promoting the general joy. At Fayette, Bishop Horne was the principal speaker. A social dinner was a conspicuous feature in the day's festivity at this place. The committee of the day at Brigham City was composed of Bishop Nichols, Alderman J. T. Packer and W. Box, Esq. Mayor Loveland acted as Marshal; A. Christensen was Reporter.

At Provo the committee of arrangements was composed of the following gentlemen: R. R. Hopkins, W. B. Pace, L. John Nuttall, W. N. Dusenberry, D. H. Ramsey, Peter Stubbs and David John. The following named gentlemen acted in

the same capacity at American Fork: James Hoggard, Stephen Mott, John Durrant, Alva Green and George H. Robinson. John Peters was Reporter on the occasion.

The orator of the day at Bountiful was Elder Benjamin Ashby.

At Nephi, Messrs. C. Sperry, John Klenke and David Casler acted as committee of arrangements, and Thomas Ord Reporter.

LOOK OUT FOR HIM!—Steam has wonderfully facilitated travel from Utah to the East, and from the East to Utah, and one result has been a more numerous influx of lecturers, showmen and persons of that class generally. This was expected, and when times are better here, they will be far more numerous than they have been. The latest importation that we have heard of is a professor of astrology, to whom Nature's arcana are no longer mysteries, and who professes to have the power to tell all about past, present or future, to any and all who are green enough to pay the required fee.

It may be that the writing of this notice will defeat one purpose we have in view, that of hindering this fellow from swindling any anxious to know what time alone can unravel; for it is a rule without an exception, that the more a nuisance is kicked the worse it stinks. It will, however, most certainly answer part of our design,—prepare some for this fellow's visits, and put them on their guard, if he attempts to carry out a game which we heard of this morning.

In one of the upper wards of this city, last evening, during the absence of the head of the house this impostor called and made many impertinent inquiries respecting the private affairs of the family, and for aught we know, of the people in the vicinity. This course, we have no doubt, the fellow is compelled to take in order to answer the inquiries put to him when playing his calling.

If this were all the mischief likely to accrue it would not be of much consequence; but who knows that this knave is not one of a band of thieves, and that while ostensibly revealing the secrets acquired from his acquaintance with the stars, he is noting places to which he may direct accomplices in carrying on a business more nefarious than fortune telling.

This professor has got to the wrong field, and the very best thing he can do is to vanish this ranch. "Mormons" view with very great distrust the prying visits of strangers to their dwellings, and if this individual will take the advice he will cease such visits as that paid by him last night in the 20th Ward.

ITEMS FROM THE MILLENNIUM STAR.—The following items are from the Star of the 5th ult:

A small company of 20 souls of the Saints left this port, June 28th, per steamship Colorado, for New York, one family only going right through to Utah. Elder George Taylor, accompanied by his brother, also embarked on the same vessel, on his return from a visit to this country.

From the Scandinavian *Sjorne* of July 1, we learn that the following Elders have been released from their respective fields of labor with permission to return home: Lauritz Larsen, C. D. Fjeldstad, S. Pedersen, M. Mortensen, James Jensen, Carl Larsen, Eric Johan Pehrson, John H. Hougard, and L. F. Borg; that Elder Jacob H. Jensen has been appointed Pres. over Aalborg, Elder John Ebrhrgren over Jankoping, Elder Peter Madsen over Aarhus, and Elder Mons Andersen over Christiania Conferences; and that Elders Soren Christensen Thyra, and Michel C. Christensen are appointed Traveling Elders in Aalborg Conference, and Elder P. O. Thomassen to assist in the Scandinavian *Sjorne* Office.
