

THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays
and Contains All the Cream of
the Daily and Saturday News.

LOCAL BRIEFS.

Wedding Bells to Ring—Inspector W. W. Clark of the forest service has gone to Colorado to get him a better half.

Horticulturists to Meet—The Salt Lake County Horticultural society will hold a meeting Saturday, April 18, at the City and County building commencing at 1:30 o'clock.

Success to Consumption—Mrs. Emma Carter, wife of W. H. Carter, died last evening at St. Mark's hospital, of consumption aged 38. She will be buried from Hall's parlors at 2 p. m., tomorrow.

Chaplain Home Robbed—Another burglary was reported by Charles F. Chaplain of 25 North First west street. Some time Sunday night thieves entered the place and stole two pairs of trousers, an opal ring and \$20 in cash.

H. W. Smith Appointed—H. W. Smith has been appointed manager of the contracting department of the independent Telephone company, to succeed Mr. Coons, resigned to remove to Idaho. Mr. Smith was formerly a railroad conductor.

Burt Succeeds Musser—David Burt will be chief clerk to General Manager Wells of the Utah Light & Traction company, to succeed W. Musser, who retires tomorrow, to try his hand as a horny fisted son of toil on his Utah county ranch.

Daughters of the Revolution—The Daughters of the Revolution meet on Thursday at 3 p. m. at the Women's Exposition office, Templeton building. Topic of the day will be commemoration of the battle of Lexington, by Mrs. T. G. Webber and Mrs. Emmeline B. Wells.

Equestrians Meet Tomorrow—The Equestrian club will turn out tomorrow afternoon from the Cullen hotel for a ride in the country. The club will hold a business meeting at the Cullen hotel Friday night to increase its membership and complete organization.

Remedy for San Jose Scale—Members of the state board of horticulture and other orchardists have been visiting North Ogden, where systematic efforts are being made to exterminate the San Jose scale by spraying with a lime-sulphur mixture. The party found commendable progress was being made.

For National Highway—One G. R. Weir, an enterprising Denverite, has written a pictorial postal card to Gov. Cutler, asking if Utah would help to construct a great national wagon road between the two cities and to be called "the Roosevelt way." The governor will refer the matter to the next legislature.

Alabama Codes Received—Two sets of Alabama codes were received in the office of the Gov. Cutler yesterday in the shape of four bulky volumes published by the Alabama code commission. The office of the secretary of state will receive one set while the other will remain in the office of his excellency, the governor.

Conkling Succeeds Wells—The new paying teller at the Commercial National bank is J. L. Conkling, who leaves the receiving teller's window to take the position vacated by Charles H. Wells, who has been promoted to the Utah National bank. Mr. Conkling is the occupant of the receiving teller's desk at the Commercial is Ralph Sharkey.

Larson Loses His Money—W. C. Larson, employed at the Garfield smelter, reported to the police yesterday that on Saturday night someone entered his room in the Angelus on East First South street and robbed him of \$15 in cash and a watch. He believes that a man occupying an adjoining room compelled the thief to enter between the two rooms and he left unlocked.

Electrical Theater Circuit—Dr. W. L. Ellerbeck, Clarence McCormick and other Salt Lake citizens, are interested in a proposition to establish moving picture show houses with the graphic attachments in this city, Ogden, Butte, Pocatello, and Boise. Standard dramas are to be given in the pictures, and by the photographic records will be heard many of the best singers of the day.

Where is Burlington School?—The sum of \$100 is being held by Clerk L. P. Judd of the board of education, pending the finding of the rightful owner of the building. The building was left by the late Helen M. Burlington of Burlington, Vt., to the Burlington school of Salt Lake. There is no such school in this city, but there is a Burlington school in Burlington, Vt., and it may be this institution is the one meant.

Seek McDonnell's Relatives—Fellow workmen of Bart McDonnell, who was hurt while doing carpenter work at the Garfield smelter, April 6, are trying to locate relatives of the injured man. Little is known of him here, and McDonnell has not sufficiently recovered consciousness to tell anything of his antecedents. A card in his pocket bears the name of Miss Julia Home, Denver, believed to be a relative of McDonnell. The patient is at St. Mark's hospital.

Going Round the World—Messrs. Frank Knox and G. S. Holmes of this city, with John Hannon, the well known eastern shoe manufacturer, will take a trip around the world early in the fall, sailing west from San Francisco. They will visit the Sandwich Islands, Japan, the Philippines, China, India, sail through the Suez canal, go up the Nile to the great ruins of Luxor and Karnak, and then take in Algiers and southern Europe. They expect to be home again in time for the annual bank meetings.

Zion's Savings Bank & Trust Co. Pays 4 per cent on deposits. JOSEPH F. SMITH, President. ANTHONY L. LUNY, Vice-President. C. E. BEBEE, Cashier.

Castle Gate, Clear Creek, Rock Springs, Lump and nut, \$5.50 per ton. MARTIN COAL CO.

Garden and Flower Seeds. Bailey & Sons Co., 63 East 2nd South.

ARBOR DAY. Go to Saltair with the Governor's Club.

Moon's Book Store is now located just south of Walker's Store.

CADETS IN SHAPE TO WIN APPLAUSE

High School Boys Up to Top Notch in Military Drill.

EVERYONE TO MAKE TRIP.

Not One of the Battalion Will Be Left Behind if Plans Now Laid Carry Success.

SIGHTSEEING PROGRAM. Saturday, May 2—Leave Salt Lake in the afternoon, passing over Lucin cut-off in daylight.

Monday—Arrive San Francisco, with seven mile tramp to Golden Gate park before making camp.

Tuesday—Visit Cliff house, and enjoy bath in ocean at Suto's.

Wednesday—Take sightseeing car for trip around San Francisco.

Thursday—March to San Francisco to watch the great fleet steam through the Golden Gate.

Friday—Parade with regular troops headed by a band of 45 pieces.

Saturday—Visit the battleship fleet commanded by Admiral Evans, a Utah Annapolis cadet appointed by Capt. Hooper, grandfather of Cadet William Caine.

The cadet battalion of the Salt Lake High school is today in a condition to pass muster as the peer of any similar organization of boys in the country. For half a dozen years it has been steadily growing better in form and more permanent in its organization, until at parade yesterday afternoon, not the slightest doubt was expressed of its ability to march through the streets of San Francisco in a manner to win tremendous approval, and to let the coast wise cities know that in Salt Lake at least the schoolboys were all that boys from any country can learn of the art of warfare, while they are still young.

ALL WILL GO. Capt. Webb addressed the boys concerning their proposed trip at yesterday's drill, and informed them of the details. It was told them that no boy would be left behind, that either all would go or none, and that today each boy was being taken up so urgently with the amount of money he could raise among his folks and friends. A program, printed above, was mapped out giving the details of each day's plans to see San Francisco and the fleet.

VALUE OF TRIP. Prof. Eaton spoke to the boys of the value of the trip to them in after life, declaring that it exceeded the value of the school training they would miss. L. P. Christensen followed this talk by pointing out how completely the preparations guaranteed success and a fine showing on the part of the boys in San Francisco, their drill form already having reached a point of perfection more complete than most organizations of citizen soldiery ever reach.

The cadets decided to assemble at school from now on at 8:15 in order to have a morning as well as afternoon drill. Tomorrow afternoon at the Commercial club, the committee on finances will meet and make a report which will decide the final fate of the proposed expedition. The committee consists of Mayor J. S. Bransford, Dr. C. G. Plummer, Dr. G. B. Proutz, Samuel Park, General E. A. Wedgwood, Captain Webb, Principal George A. Eaton, D. C. Callahan, B. F. Redman and Fisher Harris.

IF OF POUND A WEEK. At least, it what a young boy ought to gain in weight. Does yours? If not then, "Tommy" will be a baby. Give it McGehee's Baby Elixir and it will begin gaining at once. Cures stomach and bowel troubles, aids digestion, stops fretfulness, good for teething babies. Price 25c and 50c. Sold by Z. C. M. L. Drug Dept., 12-14 Main Street.

Grass and Clover Seeds. Bailey & Sons Co., 63 East 2nd South.

NEVADA'S FIRST BISHOP.

Bishop Spalding will be in Reno, Nev., on the 25th inst., in attendance on the reception to be given there to the first Episcopal bishop of Nevada, Bishop Robinson. Bishops from other dioceses will be present. Until recently, Nevada was divided between the bishops of Utah and California; but the state has grown so that its religious needs called for more attention than church superintendents living at such distances could give.

OBJECT TO STRONG MEDICINES. Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little if any swelling, there is no need of internal treatment. It is only necessary to apply Chamberlain's Liniment freely to get quick relief with the quick relief it affords. Price 25c; large size, 50c. For sale by all druggists.

BLAMES MOTHER-IN-LAW. Last night L. O. Houton was arrested on the charge of drunkenness and battery. It is claimed that the man went home in an intoxicated condition and attacked his bride of five months. Houton declared to the police that the trouble was all caused by his mother-in-law. Houton went to police headquarters with his bride, and was fined a complaint against him.

RHEUMATISM. More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give relief. Give it a trial and you will see for yourself how quickly it relieves the pain and soreness. Price 25c; large size, 50c. Sold by all druggists.

HUMORS. Come to the surface in the spring as in no other season. It's a pity they don't run themselves all off that way; but in the spring they come out in various eruptions, they mostly remain in the system. That's bad.

Hood's Sarsaparilla removes them and cleanses the blood. It is a powerful and disfiguring trouble they cause. Nothing else cleanses the system and clears the complexion like Hood's.

CLUB'S NEW HOME IS NOW ASSURED

Twenty Year Gold Bonds Being Bought Exclusively Among Membership.

CENTER FOR PUBLIC OPINION

It Is Thought That This Will Most Effectively Solve Problems of Gaining Intermountain Trade.

With the addition of the names of Judge O. W. Zenger and L. Downing to the list of those owning a portion of the new Commercial Club building, to be erected by the citizens of Salt Lake, their own money, the total fund now assured is \$35,000, and the cent of the money comes from sources outside of Utah.

There still remains to be sold \$14,500 in gold bonds, and the board of governors of the Commercial club yesterday afternoon decided upon the exact form of the bond to be offered. It will be known officially as the "Salt Lake City Commercial Club Building and Equipment bond," and will carry an interest at 6 per cent, payable semi-annually. The club reserves the right to retire the bonds at any time, and at any regular interest period, upon giving 60 days notice.

Subscribers to bonds do not pay the face value at once, but in installments beginning with 5 per cent. In two months from May 1, and small percentages at subsequent dates until a total of 100 per cent will have been paid within 15 months.

WILL BE OVERSUBSCRIBED. It is the opinion of the Commercial club's committee that the bond issue will be oversubscribed, and that a premium before the money called for is needed on their new building.

The policy of the club for the future calls for only 10 weeks' required for Salt Lake is going to be the commercial center of a great west and that the city must "get the jump" on its rivals in the centers before other cities have time to break off. Because the new home offers a most advantageous center for this kind of a campaign is the reason it is being taken up so urgently, and the bonds sell with so little effort, the entire list of sales to date having been volunteered without solicitation.

POWER IN PUBLICITY. The membership committee is still working to raise 200 more members in order to get the 1,000 that has been fixed as the number required for the club's activities wholly representative, and consequently give them power as the united sentiment of the business interests of the city. The effort to reach this direction of publicity has been written by the board of governors to the membership committee calling attention to the fact that the club has no power in publicity, and that the club always keeps trying and comes back from one defeat to another attempt. The creating of public sentiment and the focusing of it upon Utah problems are matters that require constant work and patience against great difficulties.

SUMMARY OF WORK DONE. The club's work for the past decade has been tabulated to show what the future possibilities may be. Among the principal matters mentioned are the raising of \$35,000 to keep the public schools going when the board of education of Salt Lake proposed the raising of \$25,000 for the same purpose. The club's work in the establishment here of several enterprises; the See America convention, which railroad publicity experts have figured as Salt Lake more good advertisement than the expenditure of \$50,000 could have done through ordinary publicity channels; the raising of \$20,000 to assist in certifying the irrigation congress in its Ogden session; the raising of funds for Utah exhibits at other sessions outside of Utah, in which Utah exhibits have been the trade excursions to Idaho and Nevada; the Wool Growers convention; the Transmissouri Dry Farm convention; the securing of the present water supply for the city of Salt Lake; the securing of 50 in helping to develop the original conduit idea; and finally the completion of plans for a new and adequate club building.

The club, in the letter's conclusion, "can do its work best when it has the support and represents the opinions of the most people, and if Salt Lake is to crowd the work of its committee, the new west that is growing up, the city must first develop a center from which to do it. For this reason, the club's work is of the greatest importance, and the only reason given for anyone's refusing to join at this time."

A BABY SHOW IN SALT LAKE CITY would have many contestants; but it's safe to say that the healthiest baby would win the prize. No baby can be healthy who suffers from worms and other babies don't want to pay for them with White Cream Vermifuge. Acts quickly, yet mildly—it's own purgative. Mothers don't attempt to raise children without White's Cream Vermifuge. Price 25c. Sold by Z. C. M. L. Drug Dept., 12-14 Main Street.
