Another Good Man Gone.

Yesterday morning Elder John Benion, of North Jordan Ward, sprang upon a bare-backed horse, near his residence. In doing so his body received a sudden jar, causing a severe internal injury. He rode a short distance, and then, with great difficulty, got off the horse and reached the nearest house.

He said from the first, "No doctors can do me any good now." Medical assistance was procured from this city, he suffering severely in the meantime. At ten o'clock last night he seemed comparatively comfortable, but subsequently became much worse, and finally, at twenty minutes past eight this morning, he expired.

The deceased leaves a very large family to mourn his departure. We were personally acquainted with him, and are well aware of his many noble qualities of head and heart, he being, we sincerely believe, one of nature's noblemen, and a man full of integrity to the Lord and His work.

A short time prior to his demise he said he greatly desired that his family should live as he had taught them to, and remain faithful to the cause of God and truth.

The funeral services will be held at nine a. m. on Monday, at the residence of the late deceased. Friends of the family are invited to be present. The remains will be interred in the cemetery of this city the same day.

Evening Meetings. — It has already been announced that no Sunday School meetings will be held to-morrow. The meeting for the obsequies of President Young will be the only one held in the Tabernacle. The services will begin at twelve o'clock.

The usual Sunday evening services in the several Bishop's Wards will be dispensed with to-morrow. The funeral services of the beloved Leader and Prophet of Israel constitute an occasion of deep solemnity. A subdued and mournful feeling pervades the minds of the Latter-day Saints, and to-morrow should be mostly devoted by them to calm reflection upon the providences and work of the Lord. Their minds should be open to the impressions and operations of the Holy Spirit, that they may contemplate by its influence and under its dictates the greatness of the Lord, His Church and Kingdom, what has already been done in the work of His establishment, and the vastness of the field of operation that lies before us in the future; also on the goodness of God in having blessed the earth with so noble and great an instrument for the accomplishment of His purposes, as the one whose demise is now mourned by so many thousands.

The Vault. — The vault in which the remains of President Young will be laid is 7 feet 11 inches long by 4 feet wide and 3 feet 3 inches high, inside measurement. It is constructed of cut stone 12 inches wide, doweled and bolted with steel bolts. It is covered with large, flat stones, bolted together. The stonework is laid in cement and the whole cemented over, inside and out.

Stealing Harness. — On Thursday night a person entered the stable of William Grant, of Bonifant, and stole a set of harness. To-day Hyrum Grant, cousin to William, discovered the thief disposing of the harness at a second hand store in this city. He remained with the fellow till a policeman arrived, arrested him and took him to jail.

Sunday School Notice. — The regular monthly meeting of Superintendents and Teachers will be held on Monday, Sept. 3rd, in the 14th Ward Assembly Rooms, at half past seven o'clock p.m.

Fourth Quorum. — The Fourth Quorum of Seventies will meet at their usual place, northeast corner room in the Council House.

Meetings Suspended. — It is deemed advisable to suspend meetings in the different Wards during to-morrow.

WOUNDED, INCLUDING TWO OF THE LEADERS.

The Times' correspondent, with the Turkish army, telegraphs from Adrianople on Tuesday, that Bulgarian executions are still going on there, but the batches of victims are smaller than before, averaging four or five instead of forty each. The majority of those executed belong to the richer classes. This gives rise to suspicion on the part of the Bulgarians that they are sacrificed in order to confiscate their property.

The News and Standard published dispatches from eye-witnesses of Thursday's battle, which confirm in detail the serious Russian defeat on the Lom. Both correspondents agree that Popoff has been abandoned, and the Russian position completely turned. The Turks are continuing the pursuit.
