

## LOUIE LONG BEAT AURELIO HERRERA

Took Him Only Three Rounds To  
Whip the Little  
Mexican.

### CONTEST WAS A FIERCE ONE.

The Winner Will be Matched to Box  
Benny Yaeger on March 18th  
In Salt Lake.

Anaconda, Mont., Feb. 12.—In a fight tonight that was a whirlwind from start to finish, Louie Long of Oakland knocked out Aurelio Herrera of Bakersfield, Cal., in the third round of what was to be a twenty-round bout. The betting was all in favor of Herrera.

Long showed himself the Mexican's superior at both long range and in fighting. In the third round Louie landed a terrific right to the jaw and Herrera went down. During the excitement some one pulled the timekeeper's arm. Great excitement prevailed and the referee had to wave the men to their corners, and after a minute's rest they came together again, and Louie sent Herrera like a tiger, twice putting him to the mat, the second time putting him completely out.

From the above dispatch it would seem that Montana fight fans lost quite a bit of money on the little Mexican, but his defeat at the hands of Long is not a surprise. Long is a well known fighter in this city. In their former meeting, Long managed to get a draw with Herrera, and the latter was not in proper shape, having only had a few days in which to train from all accounts Long took his punishment. Illustrating what the pundits said about Herrera after his two contests with young Neary—that he has evidently lost his punch. The fight will now probably come to this city before he engages in another match. Manager Kelley of the Shamrock club has arranged for Long to meet Benny Yaeger here on the 18th of March, at the Grand theatre. Yaeger has been anxious to get a crack at Long for some time, and the latter says he is perfectly willing to take on the challenger. The proposed fight between Clifford and Jack O'Keefe, which is billed for the 14th of next month, is attracting a great deal of attention locally. Clifford is working hard at Thompson's, and O'Keefe will be here about the 14th to finish his training.

### TO FIGHT IN CHICAGO.

"Young Corbett" Willing to Meet Any of  
The Boys There.

"Young Corbett" will be seen in action in Chicago within two months, if sufficient inducements are held out. The champion will meet any of the local boys, although he desires chiefly to get on a fight with George Meigs, the Chicago boy who is making a name for himself by fighting his four-round draw in the west.

Harry Tuttle, the trainer of Young Corbett, is responsible for the statement that the champion featherweight will fight in a Chicago ring within two months' time. Tuttle says that while the Corbett-British match is off for the present he believes that the contest will be arranged for a later date and that after that the champion will fight his way back to New York.

"Corbett can still make 125 pounds," said Tuttle, "and as he won the featherweight title at that figure I can see no reason why he can't keep it. Corbett is in his best fighting and can now make as low a weight as he ever did and make it easier than he ever before. Those stories about his hard work to reduce for McDevitt and Hanlon were highly exaggerated."

### Will Fight March 31.

San Francisco, Feb. 12.—James Britt and Young Corbett signed articles tonight to fight March 31 before the Hayes Valley club under the same conditions as their previously arranged fight provided for.

### ABOLISH SPRING SHOOTING.

League of American Sportsmen Declares  
Against the Practice.

Columbus, O., Feb. 12.—The League of American Sportsmen has adopted resolutions to meet in June, 1905. Resolutions were adopted declaring against spring shooting in any of the states, and favoring the enactment of laws in all states requiring foreign born unaturalized persons to secure licenses before they can hunt. This is aimed to put an end to "sport hunting."

Following the adjournment of the league an organization was effected of the National Association of Fish and Game Wardens and Commissioners. Their purpose was the prosecution of law-breakers and the compiling of decisions touching their power in protecting fish and game. W. F. Scott, Helena, Mont., was elected president.

### Diamonds in His Teeth

A dispatch from St. Louis says: Robert Fitzsimmons, the prize fighter, whose hair dropped out as his youth and brilliant career passed by, and whose bald head has been the subject of no little ridicule, has added another chapter to the biography of his cranium, which should not pass by unnoticed. Fitzsimmons last week had 152 diamonds inserted in his teeth to improve the smile and his head which caused him trouble in the past. The diamonds are used in the filling and bridges and are for the most part invisible. The admiring dentist has the criticism run away with the necessities of the situation. On three of the teeth an letter has been set in small stones. On one a diamond, and on another the letter "T," and on the third "C," indicating the phrase, "Three times champion."

### A PLEASANT SURPRISE.

In Store For Those Who Doubt.

When you read that a sufferer of  
many years' standing has been con-  
fidently restored to health by using  
Smith's Cure-all, you are inclined to  
doubt the statement and, in fact, have  
no belief in it whatever. The reason  
for this is that so much is claimed for  
the Cure-all it is impossible for any-  
one to believe it. If the advertiser con-  
fined his claims to the curing of one  
disease, as do the proprietors of other  
kinds of Cures, readers would have  
much faith in published testimonials.  
These familiar with this great remedy  
know that testimonials as to its merit  
may be relied upon implicitly, also that  
the cures brought about by its use are  
little short of marvelous. The genui-  
ness of the testimonial here given is  
vouched for and is but one of thou-  
sands.

"I wish to write you and tell you  
what your Pyramid Pile Cure has done  
for me. I have been troubled with  
piles for the past five years and used  
every remedy that was recommended to  
me. While some would give me relief  
for a while they never have cured. I  
was so bad this summer I could not get  
up or down without pain; could not at-  
tend to my household duties. Finally  
I got a 50-cent box of your Pyramid  
Pile Cure at the druggist's and it is now  
two months since I used the last of the  
box, and have had no trouble since.  
I can say it is really and truly a good  
remedy."

"I am so thankful I tried it as I know  
it did cure me, and if at any time I  
should have any such trouble again I  
would use it at once. Since I am cured  
I have recommended it to my friends,  
whom I know to be afflicted as I was,  
and I know they will use it too. I am  
so thankful I ever learned of your  
cure." Mrs. F. Hutt, 460 Second St.,  
Grand Rapids, Mich.

Pyramid Pile Cure is sold by drug-  
gists for fifty cents a package, or will  
be mailed to any address upon receipt  
of price by Pyramid Drug Co., Mar-  
shall, Mich. Write this firm for re-  
sults. Describing the cause and cure of

## WHAT SECY. HAY WANTED OF POWERS

He Suggested Propriety of Limit-  
ing Hostilities Within Small  
An Area as Possible.

Five of Them Enter the Colonial  
Club, San Francisco, and Hold-  
up Everybody.

### GERMANY FIRST TO RESPOND.

Great Britain Expressed Adherence to  
The Principle, but Did Not For-  
mally Accept It.

Washington, Feb. 12.—"To Russia and  
Japan the Washington government  
suggests the propriety of limiting hos-  
tilities within as small an area as  
possible, and of respecting the neutral-  
ity and administrative entity of China,  
that China may be free from distur-  
bances and foreign interests there from  
menace."

This the Associated Press is enabled  
to give as the substance of the note  
addressed by Secy. Hay on Feb. 10 to  
the St. Petersburg and Tokio gov-  
ernments. On Feb. 8, in a note to Ger-  
many, Great Britain and France, Mr.  
Hay invited those powers concurrently  
to address Russia and Japan the same  
suggestion, and on Feb. 10 this in-  
vitation was extended to Italy, Austria-  
Hungary, the Netherlands, Denmark,  
Spain and Belgium.

Germany was the first to respond,  
with a prompt acceptance of the in-  
vitation and the promise that she im-  
mediately would address the two com-  
batants.

Great Britain was heard from next,  
expressing adherence to the principle  
laid down in the note, but withholding  
formal acceptance pending an answer  
to an inquiry whether the "administra-  
tive entity" of China involved Manchu-  
ria. Japan was heard from quickly  
with the answer that she would act  
readily on the suggestion of the United  
States if a similar promise could be  
obtained from Russia.

Italy, Austria-Hungary and the Net-  
herlands expressed sympathy with the  
idea and promised an answer after con-  
sultation with their allies. There is  
reason to believe that Spain and Bel-  
gium also will accept the invitation.  
Russia thus far has been silent and  
attitude of France is one of hesitation.

This is the situation tonight. Mean-  
time it is learned that Germany is ad-  
dressing the combatants with a note  
in substance the same as that of Secy.  
Hay.

Regarding the attitude of Great Brit-  
ain it has been a matter of some regret  
to the officials here that as the principle  
is one for which the British government  
has stood in the past so staunchly, it  
is regrettable that it has not been ac-  
cepted of the invitation until it has learned  
further details. On the highest authority  
it can be stated that there are no de-  
tails to the secretary's note, as it would  
be manifestly impossible to hope for  
concurrent action by so many powers  
upon any but the most general lines.

That the officials of the Washington  
government could have and in mind the  
neutrality of Manchuria is declared on  
the face of it to be absurd. Manchuria  
is recognized by this government, with  
Korea, to be the natural theater of the  
war, and for this reason primarily is  
the suggestion made that hostilities be  
restricted.

A high official of the administration  
has given these details of the develop-  
ment of the situation, which led to the  
issuance of Secy. Hay's note:

"On Feb. 6 Baron von Sternberg, the  
German ambassador, under instructions  
from Berlin, called at the White House  
and laid before the president this propo-  
sition:

"That the powers upon upon Russia  
and Japan the expediency of preserv-  
ing the peace of the world, and the  
neutrality of the Chinese empire, and  
entirety of the administration of  
China. The German government in-  
vited the United States to the interest  
in European and far eastern affairs to  
issue the invitation. In the event, how-  
ever, that this was not practicable Ger-  
many expressed her willingness to take  
the initiative."

"The German ambassador called  
again the day following, Sunday, for  
a further conference with the president,  
to whom the idea at once appeared as  
exceedingly practicable and worthy of  
execution. Secy. Hay arrived in Wash-  
ington that night and had a conference  
with the president immediately after his  
arrival."

"The next morning the German am-  
bassador called at the secretary's resi-  
dence for a conference. It was then  
decided that probably the invitation  
could be issued more advantageously  
by this government and the notes to the  
peace and combatant powers were that  
day framed, those to Germany, France  
and Great Britain being cabled that  
night."

"Germany made this proposition to  
the United States without consultation  
with the other powers. It said that  
Russia had no knowledge in advance  
of Germany's intention to take this step.  
"It should be remembered that at the  
time the note was issued there was no  
official information that hostilities had  
actually begun. This fact necessitated  
a slight changing in the wording of the  
invitation to the other powers."

In diplomatic circles the fact that  
Germany and the United States took  
the lead concurrently in this important  
diplomatic move is regarded as having  
great significance. Both in official  
and diplomatic circles the belief has  
been general that Germany has a  
secret understanding with Russia in  
the far east, but it was said tonight that  
government is now convinced of the  
sincerity of Germany's intention to give  
along that her interests in the far east  
were largely commercial and that she  
wished the maintenance of the integrity  
of China.

### NO ANSWER FROM RUSSIA.

St. Petersburg, Feb. 12.—Russia is  
evidently not prepared at this time to  
give answer to the United States in-  
vitation. It is thought here that the action  
of the neutrality of China. As previously  
stated in these dispatches, hostilities  
having begun, the military authorities  
must be consulted, and the czar doubt-  
less will refer the matter to Viceroy  
Alexieff, if he has not already done so.  
Russia, it can be said, is certainly as  
anxious as the United States that the  
war cause no risings or disorders in  
China; indeed, the attitude of China is  
already causing some misgivings here,  
as she has not declared her neutrality.

It is thought here that the action of  
the Japanese in flooding Pekin with  
posters relating their victories, is part  
of a well laid campaign projected from  
the beginning to break down Russia's  
prestige in China for the purpose of ul-  
timately effecting a union of the two  
races, which would make the "yellow  
peril" a reality.

Russia has already learned of the po-  
sition taken by several powers regard-  
ing Secy. Hay's note.

Germany and Great Britain, it is un-  
derstood, both express sympathy with  
its purpose, but with an important re-  
servation concerning Manchuria, which  
is now the theater of war. Germany's  
views in this respect were anticipated,  
but Great Britain's failure to give  
Secy. Hay this unqualified support has  
caused surprise here.

## MASKED MEN MAKE BIG HAUL.

Water Commissioner Will Receive Com-  
pensation for Duties in Parley's.

Judge Lewis has rendered judgment  
in favor of plaintiff for \$150, with in-  
terest and costs, in the case of John  
Gabbott against Salt Lake City. The  
suit was brought to recover the above  
amount for services rendered the city  
by plaintiff as one of the board of water  
commissioners, the duties of which is  
to measure the flow of Parley's creek  
during the irrigation season and deter-  
mine the basis of the exchange of water  
between the farmers, who own the  
primary water rights in the creek, and  
the city. The city council offered to  
settle with Gabbott by paying him  
\$50, which the latter refused. He then  
brought suit and has recovered the full  
amount of the claim.

Gathered in by the Police.

Yesterday afternoon Detectives Chase  
and Raleigh arrested a man who gave  
the name of W. L. Eppinger, on the  
charge of obtaining money under false  
pretenses. It is alleged that Eppinger,  
who came here recently from San Fran-  
cisco and who has been stopping at the  
Teluride roominghouse, cashed a check  
for \$15 on Mrs. Bartlett, the proprietor  
of the place, and that the check is  
worthless. After cashing the check,  
Eppinger left the house and could not  
be found until yesterday afternoon  
when he was taken across him and  
placed him under arrest.

### SOCIAL AND PERSONAL.

The prettiest cotillion ever given here  
was that at which Miss Katherine  
Junge was hostess last night. The  
event was given at the Ladies' Literary  
club house, which was beautifully lit-  
tled up and decorated for the occasion.  
The windows and wall panels between  
were hung with oriental drapings, while  
great sprays of plumosa and carnations  
hung from the chandeliers, whose  
globes were covered with Japanese lan-  
terns. Rugs and cushions and couches  
were everywhere, and the reception  
room down stairs was made into a  
smoking room, the rich rugs and drape-  
ries making it most attractive. The  
club in the dining room was a pic-  
ture with its tall vase of American  
beauties in the center, red shaded can-  
delabra, and edges festooned with  
broad streamers of red satin ribbon.  
The favors for the cotillion were clus-  
ters of red chrysanthemums, the sec-  
ond set, hats and ties, the third strings  
of hearts and ovals, the fourth valen-  
tines, and the fifth hats and ties, the  
fifth Miss Judge and Col. Sturgis led  
the cotillion. Mrs. John Woodward as-  
sisted the hostess in receiving.

Mrs. H. C. Edwards was hostess at a  
pretty valentine card party yesterday,  
the idea being appropriately carried out  
in strings of pink hearts, for decora-  
tions, and heart shaped valentines for  
snacks and favors. Pink carnations were  
in vases about the rooms. The prizes  
were won by Mrs. George Brice and  
Miss Leo Trent.

Mrs. S. Austin Whitney gave a child-  
ren's party yesterday, for her little  
girl Catherine, the occasion being her  
fourth birthday. The afternoon was  
spent in dancing and games, and sou-  
venirs of valentines, and heart-shaped  
boxes of candy were given to each  
guest. About 25 were present.

Mr. and Mrs. J. T. Harris leave next  
week for an extended stay in Los An-  
geles.

Mrs. J. E. Bamberger has returned  
from New York.

Mrs. Dana T. Smith will entertain at  
an afternoon party next Wednesday.

Miss Fannie Bird entertained infor-  
mally at dinner on Tuesday, in honor  
of Lieut. and Mrs. Foreman of Fort  
Douglas.

Mr. and Mrs. H. L. A. Culmer have

an interesting meeting at the home of  
Mrs. John Shea on Wednesday and de-  
cided to give a card party on the date

### AT THE PHONE.

Chinese Cook Calls Up Salt Lake Cen-  
tral With Weird Result.

Some time ago a Chinaman employed  
in a boarding house in Salt Lake City  
as an expert cook, was ordered to pre-  
pare mushrooms for luncheon. The  
Chinaman growing uneasy at the non-  
arrival of the coveted fungus plant  
and at the lateness of the hour, after  
searching the premises for some one  
to telephone for him, which proved fruit-  
less, he conceived the idea of sending a  
message himself. The Celestial was la-  
boring under the impression that the  
person was present, but Mrs. E. H.  
Parker, Mrs. N. J. Honn, was in  
hiding, and that lady is our informant.  
The Chinaman approached the phone  
and without taking double receiver  
and at the top of his voice: "What  
for you not bring me mushrooms, we  
all time wait, me ketchie hell." Of  
course there was no response to the  
gibberish interjections, when he re-  
newed his efforts and said: "Hello,  
mellian man; d-n h-l, send up mush-  
rooms; hi ki." and the excited Celestial  
rushed at the instrument in a pugilistic  
attitude and would have knocked his  
enemy out, but our lady informant,  
amid roars of laughter, appeared upon  
the scene of action and explained the  
workings of the phone to the exasper-  
ated cook, who said in reply: "Me alle  
same sabbe, lalee,"—Murry Eagle.

### DANDRUFF CAUSED BY GERM.

A New Discovery That Kills the Germ  
and Prevents Baldness.

Pretty nearly all the hair prepara-  
tions for dandruff have some merit in  
delaying itching of the scalp and in  
bringing a fairly good dressing for the  
hair, but there is only one that recognizes  
what causes dandruff, falling hair,  
and baldness, and that destroys the cause,  
a little germ—and that is Newbro's  
Herpicide. This germ eats its way into  
the scalp, it digs up the scalp into lit-  
tle white scales. Unless it is destroyed  
there is no permanent stopping of  
falling hair and cure of dandruff and  
baldness. Newbro's Herpicide kills the  
germ. Destroy the cause, you remove  
the effects. Sold by leading druggists.
