The Commissioner of Customs has instriced the customs officers to make a return at the close of each quarter of all the unclaimed merchandise in the public store, bonded warehouse or me Custom House. No such returns appear in the accounts of Collector as ow rendered.

It is ascertained that the engrossed bill authorizing the Attorney-Lieneral to begin proceedings looking to the amendment of patents obtained through fraud or misrepresentation, together with all papers relating to the measure, has disappeared from the files of the Senate. The bill was passed by the last House of Representatives and was referred by the Senate to the patent committee, but was not brought patent committee, but was not brought before the Senate for final action. Senator Platt, chairman of the committee on patents, has written to this city requesting a thorough investigation of the circumstances surrounding the disappearance of the hills Officers of the Department of Justice do not attach any improvance to the less attach any importance to the icss, holding that the Attorney General has ample nuthorly under the existing statutes to institute suits to test the validity of the patents.
The Commissioner of the Land Office has been informed that the operations of R. C. Bloomfield, an Englishman, manager of the Kansas Land and Cat-lie Company recently convicted at Denver of procuring fraudulent entries upon public lands, were of the most audacious character. All of the cow-boys in his employ were forced to make entries in his behalf and then he set up "paper men," or in other words, made entries in the names of persons who had no existence. His conviction, it is

four preceding structures of the same name that were successively destroyed by fire, the first one in 1845, and the last one in February of this year. The present theatre is larger and hand-somer than any of its predecessors. It has a capacity of nearly 2,000. Profiting by the experience of half a cen-tury's history, an effort has been made to have this new play house as perfect as possible in all its parts. It cost about \$200,000.

Commissioner Atkins, of the Indian Bureau, left this city to-day on a tour of inspection through the various Indian reservations. As the Holman investigating committee were about to visit southwestern agencies, the Commissioner joined the committee, which left this afternoon for the Indian Territory. From the Indian Territory Commissioner Atkin will proceed to San Carlos, N. M., and make a personal investigation of the condition of affairs at that agency and the troubles that led to the Geronimo outbreak. It is expected that about five weeks will be occupied in these investigations.

GALVESTON, 5.—A dispatch from Rusk, Texas, to the News says: Yesterday at the terminns of the Kansas & Gulf Shore line, near Lufkin, Texas, # convicts working on the road made a desperate break for liberty just as they had finished their supper. With deafening yells they started up in a body and rushed to the neighboring woods. The guards opened fire on the fleeing convicts with deadly effect. The latest report says 25 of them were killed or wounded. The prisoners ran in a large body and the guards simply in a large body and the guards simply emptied their repeating rifles and small arms into the moving mass. nors of an intended mutiny in this amp have been rife for some weeks ast. These rumors were strengthened by the fact that many of the convicts were serving life sentences and were known to be desperate charcters, and extra precautions were being taken. Every means possible is being used to recapture the thirty-five who succeeded in cluding the rifles of the guards. All avenues of escape are being guarded and posses are being organized to scour the country. The scene of the outbreak is some miles from any telegraph office.

There is a distinct and curious relationship between a tornado and a gen-eral storm center, which is always ap-parent in their uniform relative positions, the tornado always occurring southeastwardly from the centre of a low barometric pressure and at a distance of from one to 600 miles. The shape of the general storm centre, the direction in which its largest diameter lies and the appearance of the upper and lower clouds, enter as minor ele-

ments into the problem out of which the weather experts hope to work a complete system of tornado warnings. The visits of the tornado are commonly the hours of 2 and 6 o'clock p.m.
Their home is in the area which includes the whole of Iowa, all of Missouri except the southeastern corner, the north western corner of Arkansas, the northeastern part of the Indian Territory, Eastern Kansas, Eastern Nebraska, Southern Minnesota, Southern Wisconsin and Western Illinois. DESERET SUNDAY SCHOOL UNION.

The regular meeting of the Sunday School Union of this Stake was held in the Assembly Hallon Monday evening, Oct. 5th, Supt. John C. Cutler After the usual opening exercises of

chinese interpreter, also took me the same facts about setting fire to the houses, as the other Chinamen; that they were afraid the white man would find their meney and for that reason the Chinese set fire to the houses. An Quong said: China boy no likee American boy catch him things and China boy set fire to houses.

Mrs. Flenor Thirloway testified subing during the evening, and the close stantially as her husband and also that the Chinamen were seen running from the houses which immediately burst forth in flames as if touched off learning for themselves whether or not the Gospel was true, so that when the test came they would show themselves on the

Lord's side; and that they would, if

the alternative were offered them, pre-fer death with honor rather than life and liberty with dishonor. The speaker urged the children of those who were in prison to do all they could to assist in taking eare of and providing for their fathers' families; use economy, and not spend money uselessly; attend to their prayers and seek the help of the Lord in all they do.

Asst. Stake Supt. R. S. Horne, re-lated an interesting anecdote on the subject of prayer, the purport of which

was that we should never be ashamed to pray.

The school choir sang an anthem and the meeting was adjourned for one month, to meet at 7 o'clock. Benediction by Elder R. S. Horne.

The Hall was well filled with an attentive and appreciative audience. The singing by the Second Ward school under the direction of Brother John Robinson, was most excellently rendered. The pieces were short and appropriate to the occasion. At the next meeting the Third and Fourth Wards will furnish the singing exercises. Each Ward is requested to furnish one efficient doorkeeper to assist in maintaining the order and harmony of the meeting.
