In the ante-bellum decade, marriages in Ohio averaged 23,000 a year; during the last five years the average has been 29,255. The increase in population in the meantime has been 37 per cent., against an increase of only 26 per cent. in the marriages. During the last preparing for a harvest, and doubtless quarter of a century the increase in they will be quite successful. We refer the foreign element inOhio-theGerman element in particular-has been rapid. Probably if the comparison were limited to localities in which the New Eng- cash, to whom they can advance land element still preponderates, the loans discrepancy would be found to be more the marked. The statistics of births show an even greater decline. In 1860, there were 71,170 births to 23,106 marriages, but in the last five years the average number of births has been but 68,458 to 29,255 marriages. That is, with an increase of 6,000 in the number of marriages, there has been an actual decrease of 2,700 in the number of births. "The Albany Journal, in a recent will number, furnishes some items of a similar character, gleaned from the census of that city. The Journal takes for comparison groops of three wards each, which are nearly homohis son-in-law. He had need to feel siderable preponderance of married been in financial embarrassment. During the day preceding the night person poisoned a huge dog belonging to the Reigans, evidently that the brute might not be around to give the brothers an alarm on the approach of the

At last accounts no clue to the perpetrator of the outrage had been discovered. It did not appear that the object was other than vengeance, as it could not well be supposed that the Reigans would have much money about them, owing to having made so large a purchase of cattle. Robbery was evidently not a part of the programme of the murderer.

BROWN'S

We have no doubt the reputed outrage is greatly exaggerated, but more than likely some kind of a demonstration and attack were made, the details of which will be obtained in course of time.

#### THOSE WHO FEED ON IT.

classes of people who would be placed at a decided disadvantage if "Mormonism" were "wiped out." Those who so ardently advocate that the extinguishment process be applied to them should think of these things not be too hasty lest and they produce lamentation, not to say suffering, among some of the human feed and fatten upon the carcass of the 'Mormon' question.

matter of a pretext for drawing pockets of ducats out of the Utah has placed Boor-a-Bool-a-gha and its benighted inhabitants in the background. But in addition to all this it has been one of the bugaboo book-makers' most prolific themes. The "stamping out" of the "Mormons" and consequently of the quesof which they form the tion head-centre would be a sad blow to that class of literary scavengers who paint hideous imaginary pictures of "Mormon" ignorance and depravity. They would have to seek pastures new purulent pabulum for their tor fictitious productions. But it would be difficult to find one regarding which there would be so general an inclination to gulp with astonishing voracity the most malicious Munchausenisms as if they were Gospel truths. Then there is the itinerant showman species, with his habitual truth-telling predilection. He could no longer interlard his panoramic exhibits with "orrible tales" of "Mormon" ferocity. But perhaps this class would not be so disadvantageously placed as the others enumerated, as he could, after the occurrence of the anti-"Mormon" annihilation, regale his listeners through eyes and ears, with what had been but was now no more. But there is one class those belong to which are, in connection with the profits it affords, feeding on whatever to the Indians." fatness anticipations of future developments give. These are the leeches that have worked with zeal worthy of a DECADENCE OF THE FAMILY better cause to fasten themselves to crush human liberty into the dust. the "Mormon" question, the pothe Under

#### LOGAN'S LAND GRABBING SCHEME DEFEATED.

IT will be remembered that a landjumping scheme of General Logan's in which he and his son-in-law, Major WE have enumerated some of the Tucker, paymaster in the army situated in Arizona, attempted to defraudi the Zuñis, a tribe of harmless, industrious Indians of the fields which they have cultivated for centuries, and the water to irrigate them with, was NEWSventilated through the It may be some months ago. remembered, too, that General Logan, geneous in population, and places while striving for the people's support in parallel columns the number of adults anti-"Mormon" birds of prey, who as a candidate for office took especial and of minors in each group. The group pains to repudiate all personal respon- of Irish wards show seven minors to sibility in the matter and throw it upon every nine adults, and points to a con-
