Men from Fort Slocum Create Panic On a Trolley Car.

New York, Jan, 19 .- Riotuous soldiers from Fort Slocum created a panic on a trolley car bound for Mount Vernon Sunday morning and nearly mur-dered the conductor, Louis Ettinger. Big, good-natured Jeffries walked up the street and during the talk the writ-er had with him it was easily realized that he keenly feels the talk the Munroe bout is creating. It seems to be the one wish of Jeff's life to get another chance at Munroe and wipe out that single black mark on his record. "Talk about a lucky fellow," sa J^ff. "Well, I expect I am the limit. said must have been born on the 13th of some unlucky month. Here I am getting a decision rendered against me be cause a mark happens to stay four rounds with me, and there is Sullivan, who failed to knock out Wilson, Mc-Caffrey and Burke and not a word is seld. Corbett was to stop Sharkey in four rounds. Munroe failed to stop both Sullivan and Hayes in Montana last week, yet no decision is rendered against him. But you know what hap-pened to me up there.

"I am not worrying about the matter; my day will come. The only thing that did hurt was the story about Mun-ree knocking me down. No man living ever knocked me off my feet. You can go and gamble on that proposition. I have fought the best of them and they failed to do it, and a dub is not going to accomplish what champions failed to

"All this talk about Corbett meeting me is rot. Certainly he will meet me. He will get more money out of a losing end meeting me than out of the winning end with someone else. I will, however, fight him, and just as soon as I ar-five in the east I am going to bind the match. You watch how culst that bunch will be when I get to New York. They always get a bit mouthy when I am 3,000 or 4,000 miles away. I am the champion of the world, fought oftener in the same length of time than any other man that ever held the title, and what's more, am ready to again defend the same against any man who cares to aspire for the same and his reputation warrants it.

"Fitzsimmons is, of course, the best man I ever met, and the only one who was ever able to punish me. Next to me I think he has gat all the others beat, and if ever he wants to go back to the middleweight class he will wade to the middleweight class he will wade through them like ducks through water. We are both feeling well and our exhibition is the best ever given by bis men. I have no complaint to make at all concerning the financial result of our present tour."
