ANTI-CIGARETTE LEAGUE.

Judge Willis Brown Working for the Suppression of Vice.

Special Correspondence.
Logan, Cache Co., Oct. 24.—Judge Willis Brown lectured at the Tabernacle on Sunday evening on the subject of "The Juvenile Court." The large auditorium was filled to overflowing, about 200 people being present.

Yesterday the higher grades of the district school were closed and the students were assembled at the tabernacle and Judge Brown talked to them, explaining the causes that lead to crime, the effects of cigarette smoking and succeeded in getting the boys who had smoked to stand up. Nearly 200 boys stood up. The judge then explained that it was a crime for boys under 21 years of age to smoke and he wished to organize an anti-cigarette league to assist the juvenile court officers in detecting the real offenders. Every boy present agreed to join the league, and it was organized there and then. The boys elected Vaughn, Haws president and Frank Blair secretary, and the girls elected Edna Nibley president and Edna Jorgensen secretary. Judge Carlson of the local court and Ariel Cardon, superintendent of the city schools, entertained Judge Brown while here and rendered him all the assistance possible.

The faculty of the Brigham Young college tenders the students the regular annual reception this evening at the college. President Joseph F. Smith and others of the Church authorities will be present.

The Bear River Land and Cattle Co. raised 35 bushels of oats per acre on 65 acres. Its firm threshed nearly 20,000 bushels of oats produced on about 400 acres of land.

The experiments which have been made in raising sugar beets here have resulted very satisfactorily. The "News" correspondent is not at present prepared to state number of tons raised here, but the quality and size of the beets have proven to be the very best. Special Correspondence.
St. George, Washington Co., Oct. 20.—A. T. Steinhorn, a U. S. Official, is here testing soils and making a preliminary map of the water-lowered and alkali lands in Washington Field, prior to the putting in of drains.

The fifth crop of lucern is being harvested.

Frost has killed the most of the tender vegetation in this region. The days are warm and pleasant, but the nights are quite cold.

There is considerable sickness in town. Many have bad colds and there is an epidemic of stomach troubles.

Last Monday night a citizens' convention was held in the Social hall under the auspices of the Democratic and Republican precinct committees, and a full city ticket was nominated to be voted for at the next election, November 7.

Last week the Inland Stock company appeared for three night in St. George.

TOM O'BROURKE HAS "PHENOM" FIGHTER

Reported that Old Time Trainer Has Discovered a Live One.

HIS NAME ARTIE EDMUNDS.

He is a Featherweight and it is Said He Can Make the Best of Them Go Some.

Tom O'Rourke has a new featherweight named Artie Edmunds. He hails from Toronto, weighs around 120-125, and, if reports of his prowess can be relied on, he is a very likely youngster. Good judges who have seen him say he is one of the best of the new ones, and that he can make any boy in the class step some. He has beaten pretty nearly everybody of his weight in Canada, and has been quietly tipped by the Canadian sports as the one best bet.

"I had heard of Edmunds several times," said O'Rourke, "and everybody touted him to be such a wonder that I decided to import him and try him out. I don't take much stock in these phenomena, and as I belong to the business, I like to have them exhibit for me. We tried Edmunds out with a couple of boys of fair caliber and he came out in the shape of a champion. I am now against the hardest boy we could find. We looked over the list, picked out a bunch, and we have a match on Wednesday night in the ring with Edmunds. Artie triumphed on his feet and handily, and he is now the champion of the class. There was no question about it at any stage. It was clean-cut, and the referee was in the ring with the referee. A number of those who saw the bout said Edmunds was a good one, and he is a very likely youngster. We are willing to take him on, however, give us a night and make a slug bet on the side."

Fight Fans Think He Will Beat One Round At Kaufmann.

San Francisco, Oct. 24.—Judging from the amount of discussion and the general interest taken in the coming fight between Philadelphia Jack O'Brien and Artie Edmunds, Woodward's pavilion should be crowded to its utmost capacity next Friday evening when the two big fellows clash before the San Francisco Athletic club. Betting on the fight has not opened as yet, but on account of his long ring experience O'Brien will probably be a 5 to 1 favorite over his famous "one-round" adversary. If the club management is already in receipt of many requests for seats from out-of-town fight fans, and having already sold a number of the principals the match bids fair to be well attended.

Kaufmann was in a particularly talkative mood while resting after a hard day's work yesterday. "If there is one man in the world I know I can beat that fellow is Martin Hart.
