

## FIND GREGORY GUILTY ON ALL THREE COUNTS

Jury Returns Verdict After Deliberating Short Time—Today's Proceedings.

The jury in the Gregory case at 2:30 p. m. returned a verdict of guilty, as charged in the first, second and fourth counts in the indictment.

The case of Ebon J. Gregory, charged with "sweating" gold coins, is now in the hands of the jury. The arguments of counsel were concluded at 12 o'clock noon, and Judge Marshall charged the jury as to the meaning and intent of the law in relation to the accused man and the charges with which he is confronted. The charge inquired four counts, the first of which are as to passing lightened gold coins; the third charging defendant with having fraudulently lightened the gold coins; and the fourth with using used nitric and muriatic acid as means for lightening the coins.

The jury then retired in charge of the court bailiff. It was expected at the opening of court this morning that Assayer F. M. Bishop would be called by the defense to testify as to further examination of the slugs used by Gregory and their contents, but Mr. Bishop was not called. The arguments were then begun, Assistant United States District Attorney William McCrea opening for the government. He was followed by Atty. J. G. Sutherland and Frank Hoffman for the defendant, and District Atty. H. E. Booth closed for the government.

Owing to the inability of Assayer F. M. Bishop to complete his assaying test of one of the "slugs" claimed to have been tested for platinum by E. J. Gregory, the testimony in the "sweating" case in the United States court was not completed yesterday. Mrs. Gregory, wife of the defendant, was placed on the stand. She told of a chemical laboratory maintained by her husband in the attic of their home, and had watched him experimenting with it, but knew very little of the nature of the work he was doing, and that two men used to come there and melt slugs in the furnace, but further than that witness knew nothing throwing any light on the case.

Edward Gregory, brother of the accused, testified that he knew of the apparatus kept by his brother in his home, and of the furnace in the shed in the rear of the house. His testimony added nothing to the information of the government regarding the case.

### BRAIN FILES SUIT.

Harry Brain entered suit in the district court today against Thomas H. Lindley, Albert Fisher, Dora P. Topham, National Bank of the Republic, the Citizens' Investment company, the Salt Lake Security & Trust company, Glen Miller, trustee for the Home Investment and Savings company, to recover the sum of \$10,000, with interest. Plaintiff claims that defendant Lindley is indebted to him in the sum named, and that the other defendants have certain rights in the building upon which plaintiff seeks to place a lien for labor performed and material furnished.

### ONE MORE ROBBERY.

Another robbery of a house was reported to the police last evening when H. S. Twining, 615 east Fourth south, complained that during the absence of the family, a thief entered the house by means of a skeleton key, stole a ladies gold watch, an overcoat and some minor articles and escaped. Detectives were sent to work on the case but have been unable to locate the thief or the stolen articles.

### SILVER ARRESTED AGAIN.

Police Are of Opinion That the Man Is Insane.

Fred Silver, who was arrested about a year ago and served a term in city jail on the charge of stealing money from the Salvation Army contribution boxes, and who wrote a number of threatening letters to Judge C. E. Diehl, was arrested yesterday afternoon by Patrolman Phillips, and, in all probability, will be charged with insanity. The man has been scattering cards attacking the Salvation Army, calling the officers of that organization "thieves," etc. He also advertised the sale of books at his room. The man seems to have an insane grudge against the Salvation Army and makes all sorts of accusations and threats against the organization.

### CONDUCTOR THONING DIES.

J. P. Thoning, a passenger conductor on the Idaho division of the Oregon Short Line, died at St. Mark's hospital this morning, aged 45, from complications. The deceased was struck by a baggage truck on the Minidoka station platform five months ago, breaking his leg. He was removed to the hospital where he remained for several weeks, but in the meantime he had been in and out of the hospital several times. He was a native of Denmark and had been connected with the Short Line for 12 or 15 years.

### MONSTER POWER PROJECT.

Big Scheme Comes to Light in State Engineer's Office.

One of the largest power schemes in the western country is on foot at Provo, the scene of operations being on the Green river, in Emery and Grand counties. The proposition is brought to public attention today by filing in the office of State Engineer Tanner, by the Grand Canyon Power company, through W. B. Seale, Jr., an application for 2,000 second feet of water from the Green river, as above named, the quantity to be appropriated altogether be-

ing 25,000 acre feet. The water is to be taken from a dam to be located 25 feet down the stream at the junction of Coal Creek and the Greenriver. The length of the diverting channel will be 500 feet, with a head of 121 feet into the penstock.

The company proposes to install 10 great turbines from which will be developed 25,000 horsepower. There is over one-half the amount generated from turbines on the American side of Niagara Falls.

### CONFERENCE PAMPHLET NOW READY.

Full proceedings of the seventy-ninth semi-annual conference of the Church of Jesus Christ of Latter-day Saints held in the tabernacle and adjoining halls, Salt Lake City, Oct. 4, 5 and 6, are now ready.

This was one of the most splendid and interesting conferences held in many years. These sermons and addresses will not be printed in any other form. Price 25c post paid.

DESERET NEWS BOOK STORE,  
6 Main St.

### LATE LOCALS.

Local Bank Clearings—Today's local bank clearings amounted to \$128,095.47, as against \$56,384.93 for the same day last year.

Discuss Plans Today—At 4 o'clock this afternoon at the M. C. A. building the committee of the Civic League engaged in drawing up a plan of government to submit to the league tomorrow evening. It will hold a final session to prepare a working plan.

Eleventh Ward—The annual holiday concert in honor of the eleventh ward will take place in the ward assembly hall tomorrow, Friday, evening, at 8:15. A splendid program has been prepared, and it is expected this affair will be equal in every respect to its predecessors, which have been highly successful. The public is invited.

Coming From Idaho—Information received from O. E. McCutcheon of Idaho Falls is to the effect that the University of Idaho football team will be accompanied on its trip to Salt Lake for Thanksgiving day a large number of supporters. Mr. McCutcheon has written to the University asking him if an organ recital can be arranged for that day, as the visitors will be anxious to hear the famous instrument. The opening of the Holmes private gallery he says has already been arranged for.

### PERSONALS.

Judge E. V. Higgins has returned to Salt Lake to remain permanently after having spent a two years on the coast, where he entirely regained his former condition of health. The judge expects to reengage in the practice of law here.

H. J. Snyder, general agent of the Mexican Central and Mexican National railroad lines, with headquarters at San Francisco, is in Salt Lake today, making the rounds of "railroad day."

### EASTBOUND LOS ANGELES LIMITED TRAINS.

Will leave Salt Lake 12:05 p. m., effective Sunday, November 22nd.

### CHURCH NOTICES.

The regular meeting of Liberty Stake Primary officers will be held on Sat., Nov. 21, 1908, in the Ninth ward meetinghouse, at 2 o'clock.

The regular monthly meeting of the officers of the Esplanade Stake Primary association will be held Friday, Nov. 20, at 4 p. m., room 21 Memorial building.

Pecatolet conference, advertised to be held on Dec. 26th and 27th, will be held on December 12th and 13th instead.

The Hyrum Conference, advertised to be held December 26th and 27th, will be held on January 9th and 10th, 1909.

An invitation is extended to the members of the One Hundred and fortieth quorum of seventy and their wives and the wives of members of the quorum who are now in the mission field to be present at a reunion to be held in the Sugar House ward amusement hall, Friday evening at 8:30 o'clock.

### WEATHER REPORT.

There is a low barometric area approaching from the far northwest that may develop a change in the state of the weather that has continued so long. The barometric pressure is distributed but slightly since last report. The highest pressure remains over the middle plateau, Rocky mountain slope and Gulf states. Over the lake region and British northwest territory the air pressure is low. Fair weather prevails over the entire country and no precipitation of consequence is reported during the past 24 hours. The temperature changes are generally slight and unfavorable. Continued fair weather is anticipated tonight and Friday in this locality.

Record of the local office, United States weather bureau, for the 24 hours ending at 4 a. m. today:  
Observations at 4 a. m.: maximum, 52; minimum, 32; mean, 42, which is 3 degrees above normal. Total excess of temperature since the first of the month, 28. Accumulated deficiency of temperature, none. Fair weather. Total precipitation since first of month, 0.1 inch, which is 31 inch below normal. Accumulated excess since Jan. 1, 4.25 inches. Relative humidity at 6 a. m., 65 per cent.

TODAY'S TEMPERATURE.  
7 a. m., 48; 8 a. m., 48; 9 a. m., 48; 10 a. m., 48; 11 a. m., 48; 12 m., 48; 1 p. m., 48; 2 p. m., 48; 3 p. m., 48; 4 p. m., 48; 5 p. m., 48; 6 p. m., 48; 7 p. m., 48; 8 p. m., 48; 9 p. m., 48; 10 p. m., 48; 11 p. m., 48; 12 m., 48.

YESTERDAY'S RECORD.  
Highest, 52; lowest, 32.

## RAILROAD NEWS.

ADMIRAL A RAILROAD.

"Fighting Bob" Evans Chairman of Los Angeles Harbor Company.

Chicago, Nov. 19.—A dispatch to the Record-Herald from Los Angeles, Cal., says:

"Fighting Bob" Evans is to become a builder of railroads and a developer of harbor waterways. This became known yesterday when it was announced that he had been chosen chairman of the directors of the Los Angeles Harbor company, which is building a railway system from San Pedro harbor to points in southern California.

Lieut.-Gen. Charles, now a city official, was then elected to the original and naval friends of Admiral Evans urged him to come to California after his retirement from active service. Officials of the harbor company, state today that Admiral Evans is expected here to assume his duties before April 1.

### BIG TAX CASE IS UP.

Suit Involving \$15,000,000 Taxes Now In Illinois Court.

Ottawa, Ill., Nov. 19.—The \$15,000,000 tax case of the state of Illinois against the Illinois Central railway company was taken up yesterday before Judge William H. LaSalle in the Illinois supreme court on a demurrer filed by the defendant to the amended bill.

The suit was commenced by the state in the spring of 1897. A demurrer was then filed by the railway company and was heard in October of that year. The state took leave to amend and file its present bill, in which was stated the various claims made against the company. The principal charge is in making the semi-annual settlements provided for in the company's charter a sufficient amount was not paid.

Among other claims is that the company did not include income from investments in the bonds of other companies, and it did not charge itself for supplies hauled over the charter line for use on its non-charter line, that it deducted bridge arbitrations for traffic carried over its Cairo and Dubuque bridges, and that it has not divided earnings from traffic carried on both charter and non-charter lines on a mileage basis.

The company by its demurrer denies the right of the state to have included the income charged to have been omitted.

### ARE FRIENDS IN NEED.

Vancouver, B. C., Nov. 19.—Members of the Canadian Pacific Railway Mechanical unions have decided to extend financial assistance to their brethren on the eastern division of the road who have not been taken back to their former employment following the recent machinists' strike. Every unionist in the local shops when he drew his pay check this week handed over \$1 as the nucleus of a fund to be contributed to the needy mechanics in the east.

### SALT LAKE ROUTE IN COURT.

The supreme court of Nevada, has been asked by the Salt Lake Route to pass a petition for mandamus to compel the county commissioners of Esmeralda county to reduce the tax on the amounting to \$1.80 per \$100, on the ground that it is excessive. Judge C. O. Whittemore, counsel for the Salt Lake Route, contends that Goldfield is one of Esmeralda county's chief assets for taxation purposes, and should the town of Goldfield retrograde, the burden of taxation will fall almost entirely upon the property of the railroad company. The Esmeralda county commissioners are represented by Atty. Greene of Reno.

### S. P. TRAIN DERAILLED.

Fifteen loaded freight cars were piled up at Egan station, on the Southern Pacific, a few miles east of Sparks, Nevada, yesterday, when a wreck was caused by the breaking of a car axle. The train was on a temporary track 750 feet in length was required to get around the wreck with regular trains. Traffic was delayed several hours.

## MINE OWNERS PROTEST

Possible Reduction of Tariff Results In a Call for a Meeting.

The possible reduction of the tariff on lead and lead ores has exercised the Utah mine owners and to defeat any such proposition a meeting will be held in the Commercial club rooms tomorrow night and an urgent invitation is extended to all interested to be present. The subject will be thoroughly gone over and a report forwarded to be presented to the ways and means committee of the house and also to be urged upon Utah's delegation in Washington.

At a meeting yesterday of officers of the Tintic Mine Owners association, the following message was authorized sent to Senators Shoop and Sutherland and Representative Howell at Washington: "The miners and ore producers of the Tintic mining district of Utah urge you to use every effort with the house committee on ways and means to maintain the present lead tariff schedule. Any reduction would cripple the lead mining industry of this state. The crippling of this industry would be detrimental to all occupations."

"JOHN DELEN, Vice President.  
"GEO. W. RIFER, Treasurer.  
"H. S. JOSEPH, Secretary.  
"LAFAYETTE HOLBROOK."

Petitions have been circulated in Bingham, Tintic, Park City and other Utah mining districts where they have received a large number of signatures and are being forwarded to the owners and operators generally. The several smelting companies have also given their endorsement to the proposition, believing it to be for the interests and the general welfare of the mining industry that the tariff on the product of lead ores be retained.

"Goodness only knows," said General Manager George W. Heinze of the United States Smelting Refining & Mining company today, "the price of lead is low enough now and it can readily be seen that if the market is flooded with lead from Mexico, Canada and other countries it will not be altogether conducive to the interests of the American lead mine owners. Hence, it behooves the mine and smelting men of the country to pull together and in proper ways and means committee of the Tintic mine owners to take the tariff off of lead now might mean the closing down of many lead mines that

## A Reliable CATARRH Remedy

Ely's Cream Balm is quickly absorbed. Gives relief at once. It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. ## BANKS' MILLINERY 116 MAIN

can be operated profitably now and throw thousands of men out of employment. This is a very important matter as it affects the general business welfare of this whole western country."

It is probable that the meeting called for tomorrow night will result in the selection of some competent person to go to Washington to represent the Utah mining and smelting men before the ways and means committee and the name of William F. James has been mentioned as a competent person to perform that duty. Mr. James is thoroughly posted on the subject which he would have to deal with before the committee; hence it is doubtful if a better selection than Mr. James could be made.

### WEEKLY MARKET LETTER.

Special Correspondence.  
Kansas City Stockyards, Nov. 18.—The cattle market took a sharp turn upwards last week, after the decline of Monday, and sales Wednesday were at the highest point of the season. There was a good run of Colorado here last week, and owners were uniformly well pleased with the market cattle bringing from 50 cents to 1.20 per cent. more than similar cattle brought a year ago. The week closed with a portion of the advance lost and the run of 18,000 cattle today is met by a still further decline, leaving cows 25 to 40 cents below Wednesday, steers 15 to 20 below the high time, but stockers and feeders have held up almost steady. The

### THE RIGHT MILK!

A commission of the most prominent English and German physicians have declared that the germs in Milk may contract Consumption, Typhoid Fever, Diphtheria and Scarlet Fever. The Elgin Dairy Creamery & Supply Co., have just installed in their plant one of the latest up-to-date pasteurizers. Their milk and cream is now pasteurized, heated to 180 degrees, and immediately cooled to 50 degrees, making all their products absolutely pure. Pure Milk is the greatest life giving food. Buy the best. Ask for ELGIN DAIRY products.

## Pioneer Sanded Roofing

The Roof that "proves," sun-proof and rain-proof; needs no paint or repairs. Following are a few "Wont's" about Rubber Sanded Roofing:

Wont'chip. Wont'twarp. Wont'tear. Wont'crack. Wont'trust. Wont'decay. Wont'shink. Wont'crumble. Wont'need repainting. Wont'absorb moisture. Wont'attract electricity. Wont'need any paint to preserve it. Wont'be affected by any climatic changes or conditions. Wont'cost as much, in the long run, as other roofing.

What Rubber Sanded WILL do is told in our booklet "ROOF TALK," which will be sent free upon request, together with samples of the Roofing itself.
