AMERICAN.

A Murderer and Mob Law in Indiana.

EVANSVILLE, 11.—At ten minutes past three this morning, about 100 men from Posey county on horseback quietly surrounded the county jail. The sheriff was warned only a moment before the mob arrived and before he could get to the outer door the mob was on him and held him prisoner. They then took a sledge hammer and battered in the door and then made their way into the cell of Redman, the wife murderer. They broke in his cell door, tied his hands and feet and then dragged him out and drove him off in a buggy. The police on their arrival commenced firing down the street in the direction of the mob, and one of them named Dave Murphy, living near redman's was killed. Another man named Mill, from the same neighborhood, now in jail, is supposed to be one of the mob.

The mob which took Redman from the jail and murdered him last night were opposed in every possible way by the jailor and sheriff, but were deterred neither by threats nor actual firing of pistols in their midst. They said when they were ordered to halt: We are from Posey county and come after Redman, and we are going to have him. When the mob had full possession of the murderer, they placed him in a buggy which was at once overturned by a fire wagon dashing into it. It was then decided to kill him on the spot, and one man hit him a powerful blow on the head felling him to the ground. A large force of police arrived at this point and opened fire on the mob, which retreated firing. The fight was a lively one and none of the lawless mob could be captured. The result of the battle was that Redman was killed, he having 24 balls in his body, L. Murphy, a brother-in-law of the murdered woman, was killed. The mob separated quickly when Murphy fell.

Two men were arrested, but one, a heavy set man, was released. It was learned later that he was the leader.

David McFadden, a reporter, was arrested. He was a brother of the murdered woman. A fourth and very pugnacious looking horseman was arrested later and all were found heavily armed. The mob numbered some 50 in all. The arrested men will not be allowed bail if charged with murder.

Reports float about this evening that an armed mob of 500 will come up from Posey County to-night to rescue the three men arrested in last night's mob. The sheriff here is prepared for them, having an armed force in the jail.

At a large meeting of citizens to-night, speeches were made and resolutions passed denouncing the lynching of Redman last night.

Railroad Rumors.

CHICAGO, 11. — Reports having been current for some years past that the Union Pacific had determined to build an extension to the Pacific Coast in opposition to the Central Pacific, and another by way of its Oregon branch to the Columbia River, a *Tribune* representative yesterday asked Mr. S. H. H. Clark, General Manager of the Union Pacific, what truth there was in these reports. Mr. Clark stated that there was no truth whatever for these reports, and no such extensions were contemplated. There was some talk about constructing a line from some point on the main line of the Union Pacific in Utah southwest to join the Atlantic and Pacific, and then build jointly to San Francisco. Since then, however, an agreement has been made with the Central Pacific, by which the latter is to be used as the Union Pacific western outlet for a number of years, and the scheme for building an independent line is abandoned. The Atlantic & Pacific, instead of joining with the Union Pacific and building jointly to San Francisco, has decided to build to the Colorado River only, and there connect with the new line built by the Southern Pacific. The Oregon branch of the Union Pacific will have its terminus at Baker City, as originally proposed, and there connect with the Oregon Railway and Navigation Company's line. The Union Pacific's arrangements for western outlets are so complete and favorable that there is no use of spending money upon new and independent lines.

Chicago, 11.—The Chicago, Hannibal & Missouri Railroad was incorporated at Springfield, with capital stock of $2,000,000, which Moses J. Richards, one of the leading incorporators, says has been all taken. The road is about 280 miles long, but the precise route is not determined. The incorporators expect to begin work in the spring and run the first train by May, 1844. Nothing positive is known about the enterprise beyond this.

The Western Union Telegraph Co.

NEW YORK, 11.—At the annual meeting of the Western Union Telegraph Company the following directors were elected: Norvin Green, Thomas T. Eckert, D. Morgan, John Van Horne, Augustus Schell, Harris Durkee, Jay Gould, Russell Sage, Alonzo B. Cornell, Sidney Dillon, Cyrus W. Field, John Pender, M. B., Henry Weaver, Percy R. Pyne, Robert L. Kennedy, Hugh Jewett, J. Pierpont Morgan, Fred. L. Eames, Edwin D. Dorchester, William D. Bishop, C. P. Huntingden, Geo. B. Roberts, Solomon G. Simmons, Samuel Sloan, Erastus Wiman, Amasa Stone, George J. Gould, Chauncy M. Depew, James W. Glendenning and Geo. T. Baker. The annual report shows a capital of $8,000,000, of which $20,000 belong to the treasury of the company. The bonded debt is $6,000,000. The surplus revenue at the first of the year, of net revenue, over dividends, interest and sinking fund, was $1,852,407. The surplus on June 30th was $1,654,240. The surplus does not include the surplus funds of the American Cable Company. Additional capitalization will be unnecessary, there being surplus enough to meet all constructions or purchases likely to be made for several years. The present dividends therefore will be continued for the present beyond doubt, and the rate will be increased when the board deems it wise. The gross receipts for the ensuing year are estimated at $19,000,000, and the profits at $8,000,000.

Democratic Gains.

COLUMBUS, Ohio, 11.—Returns today from the State election of Tuesday have been meagre, and no systematic effort is made to figure on the majority on the State ticket. The democrats, however, claim the State by 25,000 or more, though the republicans think the democratic majority will not exceed 20,000. The Congressional delegation will probably stand six to fifteen in favor of the democrats. The republicans claim the election of Taylor, Robinson, Keifer, Updegraff and McCormac, and consider the contest close on Morey, McClure and McKinley. The democrats claim the election of Follet in the first, Jordan in the second, Marray in the third, Lefevre in the fourth, Seney in the fifth, Hill in the sixth, Hurd in the tenth, Neil in the twelfth, Converse in the thirteenth, Geddes in the fourteenth, Warren in the fifteenth, Wilkins in the sixteenth, Wallace in the eighteenth, Page in the twentieth and Farren in the twenty-first districts, and concede the election of Morey in the sixth, Keifer in the eighth, Robinson in the ninth, McCormack in the eleventh, Updegraff in the seventeenth and Taylor in the nineteenth district.

Wheeling, West Va., 11.—Returns show increased gains for the republicans in this Congressional district. General Goff's majority for Congress is estimated as high as 1,000 by sanguine reports, and the democrats concede his election. Returns from the second district also give large republican returns, but not enough to elect John Mason, the republican candidate. He says he is beaten by about 400, a reduction of about 1,600. Gibson, democrat, is elected by 1,000 to 1,500 in the fourth district, and Kenna, democrat, is doubtless re-elected in the Kennewah district.

Tiffany Denies.

NEW YORK, 11.—J. C. Tiffany, late Indian agent at San Carlos, make an unqualified denial of the charges made against him at Tucson, and he brands the accusations as slanders. He says he never knew Hussler who is reported as an interpretor at San Carlos. The only interpreters there during his administration were Pah Ute Bill and Navajo Dick, two Indians. He invites the fullest inquiry into the acts of his administration of the San Carlos Agency.

Reported Negro Rising.

COLUMBUS, Ga., 11.—Information has reached this city of a contemplated uprising of negros in Lee County, Alabama. A number of families have fled to this city and points near here for protection. A trustworthy negro gave information to Robert Sasser of the intention of the negroes to burn the houses and massacre the whites, on Friday. The trouble is said to have grown out of a disturbance caused by a negro shooting a white man some weeks ago. The wildest excitement is said to prevail all over Lee county, particularly around the Chewacla lime works. Reports coming in cause some excitement here They are regarded as much exaggerated, but with some foundation.

The Comet's Crisis.

ROCHESTER, N. Y., 11. — Dr. Lewis Swift, of Dr. Warner's observatory, says the new comet discovered by Dr. Schmit at Athens is unquestionably a fragment of the great comet, broken off at its perihelion passage. This proves that the great comet must have grazed the sun and passed through a terrible crisis. This is the second instance on record where a comet has been disrupted, the first one being Biellas' comet of 1846.

Threatening Suicide.

CHICAGO, 11.—The *News* says: Frank L. Chase, chairman of the Cook County democratic committee has proven a defaulter for a sum estimated at $50,000 to $80,000. Drink, harlotry and speculation caused his downfall. He was a lawyer and the money had been confided to him by his clients, who trusted him without security. Mrs. Norton, the widow of Chase's protector, Judge Norton, loses $20,000 and through her the story first came to light. Chase managed to settle a small part of her claim to avoid the penitentiary, but other creditors have within a few days pressed him so hard that he has threatened to commit suicide, and a custodian has been placed in his house. Chase confesses his insolvency, but denies any criminal act. He says his attempts to get rich fast have resulted disastrously.

Cameron's Career.

PITTSBURG, 11. — A prominent business man of this city who has always been identified with the republican party, and who spoke for about 75 other business men, also republicans said this afternoon that they had made up their minds to vote the Independent ticket as the only way to rid the party in his State of machine rule. He believed the democrats would elect their candidates next month, but this would not kill or seriously cripple the republican party. Once rid of Cameronism, they could reorganize on a new basis which would give the people control, and would soon regain their lost ground with a prospect of retaining power for an indefinite period. The sentiments expressed by this gentleman are widespread here and elsewhere in the State, and there seems to be no chance for the Cameron ticket.

Yellow Fever.

PENSACOLA, 11.—There are 57 new cases and 7 deaths to-day. There have been 1,406 cases to date; deaths 122. The weather is warm and settled giving no hopes of an early frost.

Brownsville, 11.—There is a slight abatement in the ravages of yellow fever at Camarago and Mier, Mexico.

Snagged.

MEMPHIS, Tenn., 11.—The steamer *Plowboy*, enroute from Pine Bluff for Memphis, struck a snag yesterday morning in the White River cut-off eight miles above its mouth and sunk. She was owned by the Memphis and Arkansas river packet company and valued at $12,000, and insured for $5,000. The cargo consisted of 350 bales of cotton

Fires.

MASONVILLE, Ia., 11.—A fire yesterday destroyed Latimer Brothers' building and stock and four other places. The total loss is $14,000; insurance, $8,500.

Suncook, N. H., 11.—The Methodist church, the Suncook House and several stores burned. Loss, $35,000. Mrs. Daman was killed by a falling chimney.

Calais, Me., 11. — Every mill on the upper dam at Milltown and a large amount of lumber burned. Loss, $30,000.

Silver Mine.

BLOOMINGTON, Ill., 11.—There is great excitement at the little town of Secor, in Woodford county, near El Paso, and about 20 miles from Bloomington, over the discovery of a high grade of silver ore in Panther Creek, a small branch of the Mackinaw River, which flows among ragged hills and precipitous bluffs about a mile east of Secor.

Folger.

WASHINGTON, 11.—The fact that no action regarding Folger's resignation was taken at the Cabinet meeting yesterday strengthens Assistant Secretary New's declaration that Folger would hold on until after the election and afterward if defeated for the Governorship.

Bogus Census Returns

There is a scandal in the census bureau that will probably call for an investigating committee as soon as Congress comes together. It is alleged that the returns on which the last census was figured were made up on speculation and are worthless. Other irregularities are also charged.

FOREIGN.

The Land of the Pharaohs.

ALEXANDRIA, 11.—A native paper states that the strength of the Egyptian army will be 1,000 infantry, cavalry and artillery. Officers and soldiers suspected of participation in the revolt will not be admitted. The officers will be Turks or Circassians.

Tunis, 11.—Strong reinforcements have been sent to southern Tunis with the object of carrying on operations on a large scale against the insurgents during the cold weather.

London, 11.—A Paris dispatch says: Prince Bismarck in a recent interview with politicians, said he believed England intended to secure a majority of the shares of the Suez Canal Company and oust M. De Lesseps. She could do this by simply passing a law empowering the trustees to invest trust monies in the canal shares.

The *Times* considers the suppositions unfounded, and believes M. DeLesseps more reasonable than might appear from his proceeding during the war. If those objectionable proceedings, it says, should be renewed at this critical time, England might be driven to adopt stringent measures for the safeguard of her interests, whether it adds to the project of a second canal being practical or not. The limits existing of the Company's various rights should be defined and an application of them brought within the jurisdiction of some independent and competent tribunal.

Hungarian Riots.

Pesth, 11.—In the lower house of the Hungarian Reichstag, Count Fiezs, President of the Council, replying to M. Mocasary, said he had not ordered a state of siege proclaimed at Pressburg, but he had furnished the commission with full powers to be used should occasion arise. He added that he would never have any consideration for the personal liberty of the robbers, incendiaries and murderers, and in case of necessity he would in future adopt measures similar to those taken to put down the Pressburg riots against the Jews at Pressburg.

Prince James;

Madrid, 11.—The *Correspondencia* states that at a meeting of the old Carlists yesterday it was decided, in consequence of Don Carlos' course of lite, that his son Prince James should be proclaimed the head of the Spanish Legitamist party.

A satisfactory compromise on the question of a reform in the constitution is being arranged. The official notification of the formation of a new party and a statement of its political views will be published during the week. The manifesto will be issued.

The Chili-Peruvian War.

Lima, 11.—The *Diario* of the 7th, states that General Montero, who is at Arequipa, has directed a circular to the diplomatic corps setting forth his intention to continue the war unless reasonable terms of peace be granted. He is protesting, in the meantime, against the actions of Chili.

La Patria gives a report of a skirmish at Chaiska with Montero's forces, of whom two officers and twenty-five men were killed and many wounded. Montero is likewise reported defeated at Ica.

Made Responsible.

Paris, 11.—The official liquidater of the Union Generale has taken legal proceedings to have the augmentation of the capital of the Union declared void and to have the managers, auditor and directors made responsible for the deficiency of 20,000,000 francs.

BRIEF TELEGRAMS.

The *Jeannette* board of inquiry were in session at the Navy Department yesterday morning.

The President arrived at Boston yesterday from Fall River. He received a brief but hearty reception. The streets were densely packed.

Damietta Rogosa, a companion of Overdank, the bomb thrower, was arrested at the railway station at Prato, Italy, and taken to Udine.

Another old landmark, the Brandeth house, corner of Broadway and Canal streets, in New York City, is to be sold Monday, and the house closed.

At Buffalo, N. Y., yesterday, Thos. Clark's will was filed for probate. He leaves an estate valued at $2,000,000. A considerable sum was lent in charity.

Henry Keneme, a carpenter, at work on the tower of St. Xavier's Catholic Church in Cincinnati fell a distance of sixty feet to the stone floor to-day, and was instantly killed.

The Smithsonian Institute received from the Academy of Vienna an announcement of the discovery by Schmidt, at Athens, on Oct. 8th, of a comet in right ascension and declination.

At St. Johns, N. F., the steamer *Neptune* has arrived, with the passengers, mails, baggage, specie, etc., from the wreck of the steamer *Herder*. The German Consul met the people on the wharf and had them all sent to comfortable lodgings.

An Indian from the San Blas district, on the Atlantic coast, brings a report that on Sept. 7, the day the earthquake occurred at Panama, four tidal waves overwhelmed six or seven little villages on the island and main land, and drowned over 70 persons.

The Chicago *Journal's* Pine Bluff (Ark.) special says: Daniel Plant, a well known planter, died from the effects of carlessly eating watermelon which he had poisoned for the benefit of thieves who made invasions on his patch. Three of his children, who also partook, are likely to die.

A train on the Texas & Pacific road ran through a bridge over sweetwater, some 200 miles east of Dallas, at an early hour yesterday morning. The report says five or six persons were killed and several wounded, but no one seems to have any definite information, and as no train has since come in from the east and the railroad men will not talk, no particulars can be given.
