

It is contended in some quarters that a compliance with the spirit of the statute would have been the means of annulling a number of votes corresponding with the ballots fraudulently cast, and no more. This is idle talk, if not something worse. There are no legal means of identifying votes when once placed in the box; and unless the precise votes which were cast in opposition to law could be separated from the legal ones, it is easy to perceive how, by the indiscriminate rejection of a given number of votes, the innocent could be made to sustain losses for the wrong doing of the guilty; more than this, it is within the pale of possibility for every vote thus thrown out to be one that was legally cast; in any event, the perpetrators of the wrongs could not by any possibility lose anything, so that we find neither justice, equity nor wisdom in any such suggestion. It is true that the innocent suffered with the guilty in the action of the board, but there was no other certain method by which the wrong could be prevented from counting for the right, and *vice versa*; there was no other plan to re-establish the purity and legality of an election which disregard of law had defiled and disgraced. The result showed the correctness of the canvassers' judgment in the establishment of Mr. Coombs' claim; it demonstrated their impartiality throughout; and those whose ostensible ground of complaint is that all the votes were rejected where only a part of them should have been, but whose real grievance is that they remain unrepresented in the list of county officials, have only themselves to blame. Let them register and vote as the law requires, and there will be no opportunity for counting out or in; no such thing is desired in any quarter; but law is law, and must be obeyed, even if it should be the means of defeating every candidate on both sides. We had a system of voting once by which fraudulent ballots could be detected, and the "Liberals" clamored for secrecy in the exercise of the franchise. They have got it, and find themselves once more "hoist by their own petard."

Respectfully,
S. A. KENNER.

LITTLE COLORADO QUARTERLY CONFERENCE.

The 11th quarterly conference of the Little Colorado Stake of Zion was held at Saint Joseph, Saturday and Sunday, August 28th and 29th, 1880. There was present the Presidency of the Stake, Bishops or representatives of wards, and Elder L. H. Hatch, of the Eastern Arizona Stake.

Saturday, 10 o'clock a.m.

Opening exercises.
President Lot Smith expressed gratitude for the favorable circumstances under which we met, and called for the verbal reports of the different wards. The Bishops or representatives of wards then gave their reports. Feelings and health of the people generally good. Meetings and Sabbath schools well attended. Teachers alive to their duties. Crops were almost if not quite an average of the remaining places, yet generally the people did not feel discouraged or to complain, but sought to perform their duties. The dairy and live stock interests in Pleasant Valley were encouragingly spoken of, and the tannery at Millville was expected to turn out quite an amount of leather this winter.

Elder L. H. Hatch then remarked that we received every blessing upon certain conditions, we were to be tried, and the rebellious were not of Ephraim. President L. Smith, followed, who said our prosperity would depend upon our faithfulness in observing the commandments of God and the counsels of his servants.

Saturday, 2 p. m.

After the usual opening exercises, the clerk presented the General Church and Stake authorities, who with the home and Lamanite missionaries were unanimously sustained. He also read the statistical reports of the Stake and the Sunday schools for the quarter ending Aug. 1880. Elder M. Kartchner then bore testimony. Elder L. Harris spoke of his travels and experience among the Lamanites and Saints in Southern Arizona, and Elder S. G. Ladd, upon the history of the La-

manites and Jews, their downfall, and the promises made to the seed of Abraham.

Sunday, 10 a. m.

Opening exercises. Counselor W. C. Allen, Elders J. R. McNeil, J. E. Shelly, J. Bloomfield, A. L. Rogers and F. G. Nielson spoke upon our duties towards the Lamanites, to one another, and to all mankind, the judgments of God, and importance of being exemplary and studying the word of God.

Sunday, 2 p. m.

Opening exercises.
Sacrament was administered.
Elder L. H. Hatch spoke upon the gifts of the gospel; the importance of bearing testimony to the truth revealed; the dispensation of the fullness of times, and being energetic to comply with the requirements of the Lord.

Counselor John Bushman related his experience when called upon this mission, and spoke upon being energetic, depending upon the Lord to guide us, and the establishment of confidence among the people.

Prest. Lot Smith believed the time would come when everything the Saints did would be done in the name of the Lord; referred to the responsibilities that were fast falling upon the shoulders of the young, that they should qualify themselves and guard against evil, and be filled with integrity. We should not patronize Babylon but become an independent people. Thanked the Saints of St. Joseph for their hospitality and kindness.

Conference was then adjourned until the 27th of Nov., 1880. Place of meeting to be designated hereafter.

Elder L. H. Hatch extended an invitation to all the Saints who could to attend the Conference to be held at Snowflake, Sept. 25th and 26th, 1880.

Choir sang the hymn, "Great God attend while Zion sings."

Benediction by Elder Aser Pipkin.

F. G. NIELSON,
Clerk of Stake.

It is claimed by some medical men that smoking weakens the eyesight. Maybe it does, but just see how it strengthens the breath.

Kansas school-teacher: "Where does our grain go to?" "Into the hopper." "What hopper?" "Grass-hopper," triumphantly shouted a scholar.

"I can't trust you," said a publican to an impoverished customer. "You should let liquor alone. If you hadn't drank so much of it you might now be riding in your carriage." "And if you hadn't sold it," retorted the victim, "you might have been my driver."

NO REMEDY OF THE AGE is achieving more successful and widely appreciated results than Glenn's Sulphur Soap. It is confessedly the best specific for diseases of the skin, and by the feminine portion of the community it is recognized as an incomparable beautifier of the complexion. Those who have either experienced or witnessed its effects have been convinced in the most practical way possible that it is genuinely efficacious. It has largely superseded the use of Sulphur baths, which are among the best known of medicinal agencies, simply for the reason that it is quite as fruitful of curative results in cases of skin disease, gout and rheumatism, and does its work at far lighter cost. The cuticle through its influence acquires unwonted purity and smoothness, a consideration of no small importance to ladies troubled with complexional defects. Scalds, burns, cuts, sores, bruises and sprains are cured by it, and the pain which they cause speedily alleviated. Dandruff is dispelled by its use; a fact of moment to persons whose hair is prematurely falling out in consequence of a proper want of moisture in the scalp, a deficiency amply compensated for by Glenn's Sulphur Soap, which opens the pores and so keeps the scalp cool and moist. When clothing or linen becomes infected it may be easily disinfected by thoroughly washing and rinsing with the Soap, which for bleaching purposes is unrivaled, imparting to woolen, cotton and linen fabrics the whiteness of snow. Of obnoxious diseases caused by contact with the person it is an infallible preventive as well as an excellent remedy. Those diseases of the skin for which "Sulphur Ointments" were long and erroneously regarded as the only efficient remedy, are now eradicated with far greater certainty, by GLENN'S SULPHUR SOAP, which instead of soiling the linen, like the compounds alluded to, is eminently conservative of cleanliness as well as health. It is an article without a drawback, and with many and unmistakable points of superiority. Sold by druggists. Price 25c. per cake, 1 box (three cakes) 75c., sent by mail, prepaid, on receipt of price. C. N. Crittenton, proprietor, 115 Fulton St., New York.
