WASHINGTON, D. C.

Deficiency appropriation bill.

WASHINGTON, D. C.—The Senate yesterday,

after coming out of executive session,

passed the bill authorizing the

payment of the salary of General

Schenck, as minister to Finland during

the time engaged as a member of

the high commission, stipulating that

he shall draw no other salary. The

H. use has yet to act on it.

The special House committee,

appointed to consider the Senate amend-

ments to the deficiency appropriation

bill, have agreed to make no recom-

mendation in regard to the bill for the

repeal of national bank notes,

but will report in favor of the action of

the House, accompanied by a strong

letter from the Secretary of the Treas-

ury, in favor of legislation on the sub-

ject.

NEW YORK.

From the New York Herald.

NEW YORK, 8.—A Versailles special

says the government troops carried the

Porte de Neuilly yesterday afternoon,

and crossed the Seine at 3:30 p. m.,

under a tremendous fire from the guns

and mitrailleuses of the insurgents.

They advanced up the avenue Neuilly,

driving the insurgents furiously back

toward the city, and advanced as far as

Porte Maillot. The slaughter was great,

but the troops held their position under

the heaviest fire from the city continually.

The greatest consternation prevails.

The insurgents suffered heavily.

The government troops fought most

bravely at Neuilly, when General

Canliet, who was killed, was badly

hit, but no particulars of the fight have

been received.

The Tribune's Scranton special,

at midnight, says the reports of the riot

are greatly exaggerated. So far there

has been no bloodshed and but a few

cases of arson. The miners who

were at work in the opposition have

been driven from the mines and the

work is stopped. The correspondent

says the stories of pistols and muskets

being used cannot be substantiated.

Stones and clubs were used, but no one

has been seriously hurt. Serious

troubles are hourly expected. The

affair is evidently well understood, de-

liberately planned and successfully

carried out. The plan was to permit no

miners, or any one else, to take out a

explosion, seriously injuring two fire-

men.

PENNSYLVANIA.

Fire.

HARRISBURG, 8.—The governor has

obtained writs of quo warranto against

the Philadelphia and Reading, Lack-

wanna and Bloomsburg, Delaware,

Lackawanna and Western, Delaware

and Hudson, and the Lehigh Valley

R. R. Co., to answer in the Supreme

Court the charge of violating their

charters by over-charging for the trans-

portation of coal.

PITTSBURGH, 8.—St. Bridget's Catholic

church was destroyed by fire this morn-

ing; loss \$40,000; insured for \$15,000.

The fire also destroyed a portion of the

central wing of the 11th Ward school

adjoining; loss \$30,000; fully insured.

CALIFORNIA.

Scalp Hunters—Vigilance committee

threatened.

SAN FRANCISCO, 8.—The Nevada, the

first steamer of the Australian line, will

sail this afternoon, having small

freight. Six white and six Chinese

passengers for Honolulu; eleven for

Auckland, three for Sydney, nine for

Melbourne, including U. S. Consul

Adams, wife and children, sail on

her.

A party of Sonora scalp hunters

carried a party of fifty hostile Apaches

near the borders of Arizona and So-

norra a few days since. The Mexican

government pays two hundred dollars

for each scalp, and the State of Sonora

the same.

A vigilance committee at Hamilton

Nevada, is threatened, unless the courts

enforce the laws more promptly.

Thirty Angola and Cashmere goats

have been killed by California lions

near Santa Cruz.

Hutchinson, Kehl & Co., San Fran-

cisco, have purchased all the trading

posts, goods, stations and vessels of the

Russian-American commercial com-

pany in Alaska and on the Russian

Asiatic coast.

FOREIGN NEWS.

CREAT BRITAIN.

Retaliation on prisoners.

LONDON, 8, 5 p. m.—The Paris dis-

patch of the Times says the insurgents

have already commenced to put into

effect their threats of retaliation on the

prisoners they have taken. The Com-

mission prevents the opening of churches.

Nearly all the priests have been thrown

into prison. Reports that a portion of

the Prussian army near Paris had

marched into the city are unfounded.

Marshal McMahon, who commands

the army of Versailles, has established

his headquarters at Petit Trianon. Gen-

eral Vinoy has charge of the reserves.

There is a circular of the 7th, says

yesterday General Darvius carried the

insurgents' position at Courbevoie. To-

day the insurgents' position at Neuilly

bridge was carried. The insurgents

losses are immense. The positions cap-

tured and destroyed are numerous.

The Telegraph's Versailles special

says the Assemblyists at Port Maillot

hold their position under the ramparts

and Vanvres have ceased firing.

The collapse of the insurrection is im-

minent.
