

## DESPERATE FIGHT WITH BANDITS.

Russian State Bank Robbers  
Cornered After Long Pursuit and Captured.

KILLED THREE, WOUNDED NINE

Seized Chief's Pistol, Shot Him, Bar-  
raged Himself and Gave Battle  
To Pursuers.

Helsinki, Finland, March 1.—The pursuit of the bandits who last Monday night entered the Russian State bank here, killed the guardian and secured \$37,000, resulted today in another highly dramatic incident and cost four lives at Tammerfors, where two of the fugitives were cornered. One of the bandits got possession of the town hall and held it for hours, but finally was subdued by a stream of water directed by the firemen.

While Commissary of Police Balushin was examining the two captives, one of them grabbed a revolver from the belt of the chief of police and with it killed Balushin. The bandit then ran upstairs, where he barricaded himself in a room commanding the stairs and lobby and the street outside. Then he defied the police for three hours, meanwhile haranguing from the windows a crowd of thousands of persons, many of whom were in sympathy with his socialistic speeches.

A policeman who tried to pick off the desperado from a house opposite was killed by the bandit, who was an excellent marksman. After all other resources had been exhausted, the firemen were called and poured a flood of water into the window. Simultaneously a band of police and firemen stormed the stairs. One of the storming party was killed and nine wounded before the bandit, who fought desperately with a big knife, could be overpowered.

The robber, who is a Dorpat blacksmith, boasted in the Baltic revolutionary committee, and said the robbery of the Russian State bank was committed to swell the revolutionary war fund. Six thousand dollars of the booty was recaptured.

The population of Helsinki is greatly excited, and in view of the possibility of further crimes by the Baltic revolutionists, everybody is purchasing revolvers.

## WHY LEATHER IS HIGH.

August H. Vogel Believes the Vegetarians Are Responsible.

Chicago, March 2.—Vegetarians are largely responsible for the increasing price of shoe leather, is the belief of August H. Vogel of Milwaukee, who was the principal speaker last night at the semi-annual dinner of the Shoe and Leather Association of Chicago. He and other speakers complained that shoes in Chicago were sold too cheaply.

"The world's visible supply of hides," said Mr. Vogel, "is every year becoming less in proportion to the increase in population. The hide industry is dependent on the consumption of meat. People are eating less meat than formerly, and the consumption of cereal and vegetable foods is increasing every year and the price of leather is increasing proportionately."

"There has been advance of shoe leather all along the line and it would be natural and legitimate for shoe dealers to ask for from 10 to 20 per cent more for their goods, but they don't except in the cheapest grades."

## WANTS TO SAVE LOUISVILLE.

Vermonters Asked How Many Unsaved Are in City and Received Directory.

Chicago, March 2.—A dispatch to the Tribune from Louisville, Ky., says: "Send me a list of unsaved men and women of Louisville."

This message was received by Postmaster Baker from a man at Rutland, Vt., who said he had heard of the wickedness in Louisville and desired to do missionary work here. Postmaster Baker forwarded a city directory with a letter, saying that he was without a list of 250,000 names and he was certain that this plan would afford everybody in Louisville a square deal.

## ANARCHISTS TO HANG.

Minak, March 2.—Anna Ismailovich and Ivan Kulikoff, principals in the plot to assassinate the governor, prefect and other high officials during a funeral at the cathedral, were yesterday condemned by a military court to be hanged, though their attempt had miscarried. A bomb was thrown and four shots were fired without result. Anna Ismailovich is the daughter of a prominent general.

## BERTHOLD LOWENTHAL DEAD.

Chicago, March 2.—Berthold Lowenthal, 75 years old, died yesterday. In 1870 he was elected president of the International Mutual Trust company, the name of which was changed in 1872 to the International bank, which office he filled until the bank was consolidated with the Continental National bank in 1893. He was president of the Chicago Sinai congregation for ten years and from 1870 to 1872 was president of the United States Hebrew charities.

## WANT BILL DEFEATED.

Washington, March 2.—The territorial board of education of New Mexico and the Santa Fe board of education have petitioned Delegate Andrews to all in his power to defeat the Littlefield bill preventing gambling in the territories. It will not go into effect until 1907, as schools in the territory are largely supported with fees from gambling licenses. These fees for 1905 have been paid in advance and must be refunded in case the bill becomes a law.

## LICENSE FOR BROKERS.

Washington, March 2.—Secy. Shaw appeared before the house committee on ways and means yesterday in support of the Payne bill for the licensing of commission brokers. He urged that the licensing of such brokers would tend to keep "shysters" out of the business. He also advocated the appointment of a solicitor of customs to represent the department taken before the board of appraisers.

Marion Devries and other members of the board of general appraisers also advocated the necessity of licensing brokers. Secy. Shaw also urged that the pay of special agents

## Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia, and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

JUDGE JACOB SEEMANN.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

He said the government loses from \$10,000,000 to \$40,000,000 a year on undervaluation of goods.

## TWO THOUSAND REFUGEES ARRIVE FROM RUSSIA.

New York, March 2.—Nearly 2,000 refugees from Russia arrived here today in steerage on the steamer Pennsylvania from Hamburg. Many of them left Russia several months ago, but were detained at Hamburg for a long inspection by health authorities before they were allowed to proceed to the United States.

## SPRINGFIELD SITUATION.

Police and Militia Have It Under Control, Being no Trouble Last Night.

Springfield, O., March 2.—Last night passed without a repetition of the riotous scenes of the two previous nights in this city. The military and police apparently have the situation well in hand and with the exception of two incipient fires early last evening, no incident occurred to disturb the peace. It was announced this morning that the troops will not be withdrawn until after Sunday.

Brakeman Davis is still alive, though his death is looked for at any moment. Jacob Koch was arrested early today for assault on Private Arnold last night. Koch was later taken before Arnold, who identified him as his assailant.

All guards were removed from duty in order rest for tonight.

## CHARLES H. WARD DIES.

Los Angeles, March 2.—Chas. W. Ward, the Boston attorney, died at the California hospital late last night. Ward shot himself Wednesday morning with suicidal intent.

It is expected that Ward, Sr., will arrive in Los Angeles from Boston today or Sunday.

## DISTRICT NO. 5.

Nominations for Officers Closed, But Incumbents Promise Trouble.

Pittsburg, March 2.—Nominations for officers of district No. 5, United mine workers, closed last night and the names of all candidates to be voted for at the special election on March 24 are now in the hands of Secy. Dodds. There are five to eight candidates for each office, and about two-thirds of the delegates to the recent convention have been nominated. Patrick Dolan's name appears among those suggested for the presidency, but he refused to take any part in the election and declares he will continue at the head of the organization, be the result what it may.

Remember the Congressman is in Congress to represent the people from his district and if a goodly number of citizens express their views to him, he secures a very sure guide to duty. Remember also that the safety of the people is assured by insisting that the will of the people be carried out, and not the machinations of the few for selfish interests.

This pure food legislation is a pure movement of the people for public protection. It will be opposed only by those who fatten their pockets by deceiving and injuring the people. Therefore, if your Representative in Congress evades his patriotic duty hold him to strict accountability and if necessary demand equitable and honest service. This is a very different condition than when a faction demands class legislation of the Congressmen. Several years ago the butter interests of the country demanded legislation to kill the oleomargarine industry and by power of organization forced class legislation really unworthy of a free people. Work people wanted beef suet butter because it was cheap and better than much unclean milk butter, but the dairy interests and the labor trust forced their acts relating to the butter legislation. The law should have provided that pkgs. of oleomargarine bear the statement of ingredients and then let people who desire pure butter for just what it is, and not try to kill it by a heavy tax. Manufacturers sometimes try to force measures in their own interests but contrary to the interests of the people and the labor trust is always active to push through bills drafted in the interest of that trust but directly contrary to the interests of the people as a whole. Witness the anti-pollution bill by which labor unions seek to tie the hands of our courts and prevent the issue of any order to restrain the members of that trust from attacking men or destroying property. Such a bill is perhaps the most infamous insult to our courts and the common people ever laid before Congress and the Representatives in Congress must be held to a strict accountability for their acts relating thereto. But when bills come before Congress that are drawn in the interest of all the people they should receive the active personal support of the people and their representatives be instructed by the citizens. The Senators also should be written to and instructed. If, therefore, you will remember your privilege and duty you will at once—now—write to your Congressman and Senator on this pure food bill. Clip and enclose the copy herewith presented and ask them to make a business of following it through the committee considering it. Urge its being brought to a vote and requesting that they vote for it.

Some oppressively intelligent and carping critics may say this is simply an advertisement for Postum and Grape-Nuts. It is true that these articles are spoken of here in a public manner, but they are used as illustrations of a manufacturer seeking by example, printing on each pkg. a truthful, exact statement of ingredients, to shame other makers into doing the fair thing by the common people, and establishing an era of pure food, but that procedure has not yet forced those who adulterate and deceive to change their methods except this effort to arouse public sentiment and show a way out of the present condition of fraud, deceit and harm.

The undersigned is paying to the publishers of America about \$20,000.00 to print this announcement in practically all of the great papers and magazines, in the conduct of what he chooses to term, "an educational campaign," seemed to be of greater direct value to the people than the establishment of many libraries. That is held to be a worthy method of using money for the public good. Tell the people facts, show them a way to help themselves and rely upon them to act intelligently and effectively.

The reader will be freely forgiven if he entirely forgets the reference to Postum and Grape-Nuts, if he will but join the pure food movement and do things.

C. W. POST.

Vice President Uriah Bellingham and several members of the district board have taken the same stand and assert that they will not retire from office if defeated. It is not likely that anything further will be done until the present election, when the miners will ask the courts to remove the present officers. The district officials claim that the new election is illegal and was ordered with a view of removing Dolan as the official head of the district.

For many years he has devoted himself to the perpetuation and spread of the ancient vernacular of Ireland and his success has been highly gratifying. ## TEXT OF PURE FOOD BILL.

If it meets approval cut it out, sign name and address and send to your representative in Congress. Buy two or more publications from which you cut this. Keep one for reference and send the other to one of the U. S. senators from your state. Ask one or two friends to do the same and the chances for PURE FOOD will be good.

Be it enacted by the senate and house of representatives of the United States of America in Congress assembled, That every person, firm or corporation engaged in the manufacture, preparation or compounding of food for human consumption, shall print in plain view on each package thereof made by or for them shipped from any state or territory, or the District of Columbia, a complete and accurate statement of all the ingredients thereof, defined by words in common use to describe said ingredients, together with the announcement that said statement is made by the authority of, and guaranteed to be accurate by, the makers of such food, and the name and complete address of the makers shall be affixed thereto; all printed in plain type of a size not less than that known as eight point, and in the English language.

Sec. 3. That it shall be unlawful for any person or persons to purposely, wilfully and maliciously remove, alter, obliterate or destroy such statement of ingredients appearing on packages of food, as provided in the preceding sections, and any person or persons who shall violate this section shall be guilty of a misdemeanor, and upon conviction shall be fined not less than one hundred dollars nor more than five hundred dollars, or imprisoned not less than one month nor more than six months, or both, in the discretion of the court.

And any manufacturer, producer or dealer who shall refuse to supply, upon application and tender and full payment of the selling price samples of such articles of food to any person duly authorized by the secretary of agriculture to receive the same, shall be guilty of a misdemeanor, and upon conviction shall be fined not exceeding one hundred dollars, or imprisoned not exceeding one hundred days, or both.

Sec. 5. That any person, firm or corporation who shall violate sections one and two of this act shall be guilty of a misdemeanor, and upon conviction shall be fined not exceeding two hundred dollars for the first offense and for each subsequent offense not exceeding three hundred dollars or be imprisoned not exceeding one year, or both, in the discretion of the court.

Sec. 6. That any person, firm, or corporation, who shall wilfully, purposely or maliciously change or add to the ingredients of any food, make false charges, or incorrect analysis, with the purpose of subjecting the makers of such foods to fine or imprisonment under this act, shall be guilty of a misdemeanor and upon conviction shall be fined not exceeding one thousand dollars nor less than three hundred dollars, or imprisoned for not less than thirty days nor more than one year, or both.

Sec. 7. That it shall be the duty of every district attorney to whom the secretary of agriculture shall report any violation of this act to cause proceedings to be commenced and prosecuted without delay for the fines and penalties in such case provided.
