

be shut up in an ice-house" is a common expression in these days of July. But a butcher in Bridgeport, Connecticut, was recently engaged in hanging up beef in his ice box. Being a warm afternoon, and not wishing to lose more than necessary of his "cold air" he pulled the door partly shut each time as he went in. The last time he pulled just a little too hard, and the spring lock on the door caught with a snap, and he was fastened in. As he was all alone, there was no one to let him out, and stay there he must. He couldn't get out, but kick and pound, shout till he was hoarse, he had to shout, and stay he did for two long hours, until his little girl heard the noise, and ran into the house for his wife who soon had him out. One man has quit wishing for such a cooler.

**FROM "THE TIMES."**

Editors Times:—Seeing an article in your paper last week from Arnold Parker, I was impressed with the earnestness with which he appeals to you to continue to enlighten the world in regard to the means by which he was so miraculously cured of rheumatism and hip-joint lameness by using Kendall's Spavin Cure. The article to which he alludes by Dr. Bates, impressed me so favorably with the real merits of this remedy that I tried it also for several blemishes on my horses and found it the most perfect cure I ever tried for spavins and other blemishes, as it completely removes the enlargement in every instance by continuing its use for several days after the lameness had subsided. The perfect success I have always had with Kendall's Spavin Cure led me to use it on my own person, and for all the family with the very best results as a family liniment. While several of the cures made with it have been almost miraculous, none have been more satisfactory than several cures which I made with it of foot-rot and also sore teats as well as warts on teats of cows. I consider it a sure cure for sore teats or foot-rot in either cows or sheep. With the satisfaction this remedy has always given in every instance, I cannot refrain asking with my friend Parker that you continue to make known to the world this, the grandest discovery of the nineteenth century.

Yours truly,  
JAMES A. CAMPBELL.  
Herkimer, N. Y., Sept. 10th, 1881.  
The above letter, with one published last week, encourages us in our efforts to make our paper one of the most valuable journals in the country and to all our patrons, and we now ask others of our readers who have been alike benefited by the letter published one year ago from Dr. Bates that they send us for publication, statements which they may wish to make for the benefit of others.—[Ed.] ds&w.

Daily Ablutions with GLENN'S SULPHUR SOAP will banish the most obstinate eruption and render the cuticle wonderfully clear and smooth. Itch, Salt Rheum, in fact all scorbatic ailments promptly yield to the purifying action of this sterling remedy. It is peculiarly acceptable to the gentle sex on account of its beautifying action upon the complexion from which it removes every blemish arising from impurities of the blood or from the action of the sun and wind. Ladies going to the seaside or to any of our inland watering places cannot have a better protective against tan and freckles than this admirable clarifier of the skin, and it will be found to add materially to the benefits derivable from sea bathing. As a deodorizer and disinfectant of clothing or linen used in a sick room it is also thoroughly efficient.

Sold by Druggists. Price 25c. per cake. 1 Box (3 cakes) 75c., sent by mail, prepaid, on receipt of price. C. N. CRITTENTON, Prop'r, New York.
