CRITICAL ANALYSIS.

UNIVERSITY OF DESERET,
Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from **Alum, Starch, Flour, Bone Ash, Ammonia and White Earth;** and that it consists essentially of Cream of Tartar and Bi-carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

UNACQUAINTED WITH THE GEOGRAPHY OF THE COUNTRY, WILL OBTAIN MUCH VALUABLE INFORMATION FROM A STUDY OF THIS MAP OF THE

CHICAGO, ROCK ISLAND & PACIFIC R'Y.

Its central position and close connection with Eastern lines at Chicago and continuous lines at terminal points, West, Northwest, and Southwest, make it the true mid-link in that transcontinental chain of steel which unites the Atlantic and Pacific. Its main lines and branches include Chicago, Joliet, Ottawa, LaSalle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron, St. Joseph and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Minneapolis and St. Paul, in Minnesota; Watertown and Sioux Falls in Dakota, and many other prosperous towns and cities. It also offers a CHOICE OF ROUTES to and from the Pacific Coast and intermediate places, making all transfers in Union depots. Fast Trains of fine DAY COACHES, elegant DINING CARS, magnificent PULLMAN PALACE SLEEPING CARS, and (between Chicago, St. Joseph, Atchison and Kansas City) restful RECLINING CHAIR CARS, seats FREE to holders of through first-class tickets.

THE CHICAGO, KANSAS & NEBRASKA R'Y

(GREAT ROCK ISLAND ROUTE)

Extends west and southwest from Kansas City and St. Joseph to Fairbury, Nelson, Horton, Topeka, Herington, Hutchinson, Wichita, Caldwell, and all points in Southern Nebraska Interior Kansas and beyond. Entire passenger equipment of the celebrated Pullman manufacture. Solidly ballasted track of heavy steel rail. Iron and stone bridges. All safety appliances and modern improvements. Commodious, well-built stations. Celerity, certainty, comfort and luxury assured.

THE FAMOUS ALBERT LEA ROUTE

Is the favorite between Chicago, Rock Island, Atchison, Kansas City, and Minneapolis and St. Paul. The tourist route to all Northern Summer Resorts. Its Watertown Branch traverses the most productive lands of the great "wheat and dairy belt" of Northern Iowa, Southwestern Minnesota, and East-Central Dakota.

EVENING NEWS.

Thursday, February 2, 1888.

PACIFIC COAST NOTES.

CULLED FROM LATEST WESTERN EXCHANGES.

—A dispatch dated Spokane Falls, W. T., Jan. 29, says: At a late hour last night a report reached this city that the steamer *Kootenai*, belonging to the Cœur d'Alene Railway and Navigation Company, had been lost on Lake Cœur d'Alene. She was built in Portland with powerful engines, and was steel-armored to break ice and keep navigation open. She started out from Cœur d'Alene City five days ago with six days' rations for the crew and was breaking her way through 18 inches of ice on the lake, headed for Mission, to connect with the Corbin Railway. News has, however, just been received of her safe arrival at Mission, having opened navigation, which will not be closed again this season. This is good news, as hundreds of tons of ore are awaiting shipment to the reduction works at Wickes, M. T., Portland, Omaha, Denver, San Francisco and Newark, which could not be got out of the country any other way.

—Just before the curtain rose on "A Dark Secret" at the California Theatre last night, says the *Chronicle* of the 20th ult., a man in the gallery was thrown by three roughs and robbed of $890 in gold. The theatre was packed and the members of the orchestra were filing to their places, when Albert and Louis Mundheck, two young Germans, entered the gallery accompanied by their sister, a young lady. Albert carried in a sack, tucked away in his right hip pocket, $890, mostly in double eagles. A dense throng of people stood behind the rear tiers in the gallery and the little party had to fall in single file to move down to their previously retained seats. Louis pushed on in advance, with Albert close at his heels and the sister following. Albert had just begun the descent of the aisle when he felt a hand at his hip pocket. He turned quickly, but at the movement both of his hands were seized and wrenched in a rough and painful way behind him. He was bent forward, a knee was pressed on his back and he fell to the floor. There was a surge in the crowd and a great trampling about. Albert's pantaloons were torn at the knee, and his right hand as he lay prostrate was trod upon and crushed.

In another moment the grasp upon him relinquished and he leaped to his feet. He saw three men retiring through the crowd and shoving people violently about until they were lost to view.

CHANGING THE POSTAL LAWS.

MORE PRINTING PERMITTED ON MAIL MATTER OF THE SECOND, THIRD, OR FOURTH CLASS.

Official notice has been sent out that the laws in regard to permissible writing or printing on mail matter of the second, third and fourth classes have been changed, and were now:

"Second-Class Matter—Matter of this class shall contain no writing, print, or sign thereon or therein in addition to the original print, except the name and address of the person to whom the matter shall be sent, index figures of subscription book, either printed or written (which figures may indicate the number of copies sent), the printed title of the publication and the place where it is published, the printed or written name and address of the publisher or sender, or both, (without the addition of any advertizement), and written or printed words or figures, or both, indicating the date on which the subscription to the matter will end, the correction of any typographical error, a mark—except by written or printed words—to designate a word or passage to which it is desired to call attention, the words 'sample copy' where the matter is sent as such, and the words 'marked copy' when the matter contains a marked item or article. And publishers or news agents may inclose in their publications bills, receipts, or orders for subscriptions thereto; but the same shall be in such form as to convey no other information than the name, place, and subscription price of the publication to which they refer and the subscription due thereon.

"Third-Class Matter—On matter of this class, or on its wrapper on envelope, or on a tag or label attached, the sender may either write or print his own name, occupation, and residence or business address, preceded by the word 'from,' and may make marks (other than by written or printed words) to call attention to any word or passage in the text, and may correct any typographical errors. There may also be placed upon the blank leaves or cover of any book or other matter of this class a simple manuscript dedication or inscription not in the nature of personal correspondence. There may also be placed upon the envelope, wrapping, tag or label of matter of this class any printing that is not in its character unmailable as third class matter, provided there be kept sufficient space for a legible superscription and the necessary postage stamps.

"Fourth class matter.—With matter of this class, properly prepaid as such, the sender may enclose third-class matter, and he may write or print upon the cover, wrapper, or label thereof his name, occupation, residence, or business address, preceded by the word 'from,' and any marks, numbers, names or letters for purpose of description. He may also print upon the same anything that is not unmailable as printed matter and that is not in the nature of personal correspondence, provided there is left sufficient space for a legible superscription and the necessary postage stamps."

OBITUARY.

DAVENPORT.—At Parowan, on Sunday evening, January 22nd, 1888, at seven o'clock, after a brief illness, Thomas, son of Robert and Ann Davenport, aged 72 years, 8 months and 21 days.

Deceased was born in Brampton Moor, near Chesterfield, Derbyshire, England, April 1st, 1815; joined the Church of Jesus Christ of Latter-day Saints April 21, 1847; was ordained to the Priesthood and set apart to labor as a traveling Elder to preach the Gospel, November 16, 1847, and continued so to act until the month of November, 1849. He worked six days each week at his trade of potter and traveled and preached on Sunday. During that time he introduced the Gospel in quite a number of places in Derbyshire and Nottinghamshire and founded several branches of the Church, notably one at Bolsover, Derbyshire, over which he presided. He was instrumental in bringing about fifty persons into the Church at that place. In performing his mission he traveled on foot 1,834 miles, and 138 miles by conveyances.

He emigrated to the United States in Nov., 1849; lived in Council Bluffs, Iowa, until the spring of 1852; crossed the plains and came direct to Parowan, Iron County, Utah, where he resided until his death.

He was for many years a ward teacher, a Bishop's counselor, and at the time of his death a member of the High Council of Parowan Stake. He was at various times an alderman, a city councilor and city treasurer of Parowan City.

He enjoyed the gift of healing in the Church, having obtained the same by fasting and prayer during the years of his active ministry in his missionary labors. He was most exemplary in conduct, kind and affectionate to his children, and a thoroughly devoted and faithful Latter-day Saint.

Funeral services were held over his remains in the meeting-house, Parowan City, and attended by a sympathizing congregation.

He leaves a wife by a second marriage, (his former wife having preceded him to the Spirit Land) three sons, one daughter and 22 grand children to mourn his absence and cherish his worth and memory.—[COM

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

The Only Remedy

FOR

Contagious Blood Poison.

Mr. D. B. Adams, Union, South Carolina, writes: "I was afflicted with a terrible case of blood poison for about thirteen months. I was treated by the best physicians, and used various kinds of remedies, but received no substantial relief. I finally tried the Swift Specific, and about four bottles cured me sound and well."

Col. B. H. Kieser, editor and proprietor of the Opelika, Ala., Times, under date of August 3, 1887, writes: "When I was a young man, through indiscretion, I contracted a disease which has stuck to me for years. Some five or six years since I was troubled with pains, so as to make it difficult for me to walk. Having advertised the S. S. S. in my paper for several years, I concluded I would try it to see if there was any efficacy in the medicine. I commenced using it according to directions and used half dozen bottles. I was once at a way station and, getting left, I walked the seven miles and have never felt any return of the old malady. After experiencing the good effects I must say I am satisfied with the result. I am sixty-eight years of age and I feel now like a young man and can go to the case when necessary and set up from six to eight thousand ems without any inconvenience. I send you this without solicitation.

Mr. F. Woehl, 211 North Avenue, Chicago, under date of June 12, 1887, writes: "I deem it my duty to thank you for the cure I received from your excellent medicine. I contracted a very severe case of blood poisoning about two years ago. Hearing of your medicine, I went to a drug store, the proprietor of which persuaded me to buy a preparation of his own, which he said was a sure cure. I used six bottles of his stuff and grew worse all the time. At last I got disgusted and despaired of a cure. I met a friend who told me that your medicine had cured him. I went to the same druggist again and demanded your medicine. He reluctantly sold me twelve bottles, and I am now perfectly cured. I write this for the benefit of sufferers, to prevent their being deceived by false representations. I thank you again for the benefit derived from your medicine."

Dr. J. N. Cheney, a prominent physician, residing in Ellaville, Schley County, Georgia, in a letter recounting the infallible success he has in curing contagious blood poison cases in his extensive practice, writes: "Those who know the almost inevitable, permanently dangerous effects of mercury will welcome your discovery of S. S. S. as a boon to humanity. The medical profession, always wary of proprietary medicines, is coming slowly, and in some cases secretly, to the use of S. S. S. in cases of blood disorder. Of course a medicine that cures poisoning in its worst form must purify the blood of every disorder."
