THE LYENING NEWS. PUBLISHED DALLT. SUNDATS BECEPTED AT FOUR O'CLOCK.

Honday, . . April 27. 1874. DAVID O. CALDER, ROITOR AND PUBLISHER

NEWS OF THE DAY.

Tits London holders of stock in the Erie milway have appointed a thing for ladies to venture out at number of accountants to come to night, alone and unprotected. This this country, to make an investigation of the books of the company; the experts expect to sail for the United States, on Wednesday next.

There were two railway accidents in Ireland, last Saturday, in which twenty persons were injured, some fatally.

Estimates show that five million acres of land are flooded, and a hundred and seventy thousand people injured, many being rendered totally destitute, by the overflow of the Mississippi in Louisana.

Heavy storms of wind and snow have been experienced in several places East during the last two days. Twenty inches of snow fell at Danbury, Conn. At Rockland the shipping was damaged by the wind. New York State was visited by a terrific wind storm on Saturday, and at one place the snow was four feet deep. At Montpelier, Vt., a foot of snow fell on Saturday night; and there was a terrific gale and much damage at Bennington, Vt., the anow drifted ten feet deep A wind and rain storm did consi derable damage at Philadelphia.

nity.

Seventy-five tons of government provisions were sent to the submerged districts of Louisiana yesterday afternoon.

The Mississippi is falling; it was two inches below high water mark yesterday.

The Emperor William closed the Prussian Parliament on Saturday.

A London dispatch says the Suez Canal difficulty is settled.

Arms and ammunition have been sent from St. Louis to Little Rock, to Brooks, one of the contending Arkansas governors.

Internationalism is pronounced a they are so abundantly worthy. failure in the United States, and the organization is to be disolved.

WITHIN a few days past there have been chronicled in the NEWS three or four cases of insult or assault or

both, by men upon young ladies in the streets of this city, showing that it has become really a risky is a very different condition o things to that which prevailed in former years, when women and children could travel, in town or out, at any hour of the day or night, without the slightest risk or fear of assault, or insult, or haim of any kind, from man or woman, and very seldom from the Indians even.

Yesterday a lady, walking along the streets, remarked what a number of villainous looking men there were in the city, men whom, Judging from appearances, no woman would feel hercelf safe in meeting, by day or night, outside of reach of amount to 500 per cent." protection.

Provo Times, April 25-

But, in addition to the mines of There is a good deal of truth iron, we have a mountain of pure n this remark. This city has rock salt, a plate of which, as clear come to be a place wherein do con-gregate a large number of that the Great Exhibition at Berlin. Now, to the farmers of the West. peculiar class of humanity known who know that "Turk's Island" as "hard cases," men who have salt is imported into the United no particular respect for the rights States at the expense of millions of money each year, subject, also, to duty, how does it appear when told that around the shore of Salt Lake, of men or the virtue of women. and who are capable of many things inconsistent with the weland in this salt mountain, there is fare and happiness of any commucrystallized salt enough to supply for New York on Wednesday. the world for 1,000 centuries; salt of

a better quality than that imported? This being the case, and with the Why, then, is not this vast body why, then, is not this vast body of salt prepared by the rays of the sun, of a better quality than Turk's Island, utilized? And why do the people of the United States now pay millions of dollars annually to import what God has given them in mountains here? The answer is facts of recently perpetrated insults and assaults before her, every woman, youthful or elderly, who has any respect for herself, will see the propriety of staying within doors after dark, as much as possiplain. Freights on the Union Pable, unless accompanied by able cific railroad, constructed with the protection, and of not venturing, people's money, are so high that neither salt nor any other products, save ore and bullion, will bear transportation. Give us as cheap freights from here to Omaha, as from there to New York, and Utah even in the day time, beyond reach or call of assistance, thus avoiding the chance of unpleasant and possibly debasive acquaintance with individuals in the shape of men, but will stop the importation of salt who are destitute of the first spark in a single twelve month. of genuine manhood-respect for the gentler sex and protection to

In a single twelve month. Not only this, but we have here a mountain from which may be quarried by tons enough sulphur each month to supply the United States. Do your readers happen to know that all the sulphur used in the weak and defenceless. It would make every lover humanity glad to hear of some of the United States is imported from Slelly, and that millions of dollars these vile insulters of womanhood receiving their just deserts on the are sent there every year to pur-chase what lies here in mountains? instant of the perpetration of their Do they know that since the use of insults, and it may not be long earthy oils, sulphuric acid is used in before some of them do find themimmense quantities to clarify those selves receiving that of which oils; and that all this comes from abroad? Two years since, a gentle-

given.
