BREVITIES.
A gymnasium of mammoth proportions is projected in Paris, the building to cost six hundred thousand dollars. An immense swimming school for both sexes is to be attached to it.
Everybody was vaccinated in Paris last month—the ladies, of course, included. Many of them, however, disliked to disfigure their arms, and for this reason it became quite fashionable to be vaccinated in the leg.
"Pa," said a lad to his father, "I have often read of people poor but honest; why don't they sometimes say rich, but honest?" "Tut, tut, my son, nobody would believe them," answered the father.
Moxa McCann writes a speech for the negro Senator Revels, and then pronounces the effort of the speaker superior to the ability of Jeff. Davis. Oh, Moxa, how could you?—*Constitutionalist*
The Hartford *Courant* tantalizes its readers with this atrociously:
"Have you heard of the man who got shot?"
"Got shot? No, how did he get shot?"
"He bought 'em."

(SPECIAL TO THE DESERET NEWS.)
By Telegraph.

VIRGINIA.
Indignant at Yergers's Escape—Convicts attempting to escape—Steam mill exploded.
MEMPHIS, 21.—A Jackson telegram says that a resolution was adopted in the Mississippi legislature yesterday to appoint a joint committee to prepare an address to the Governor, asking for the removal from office and the imprisonment of Judge Shackelford, for releasing Yergers on bail; the committee will report on Monday.
WHEELING.—An attempt was made on Tuesday last by a number of convicts, confined in the penitentiary at Moundsville, to escape; they were fired upon and one of them seriously wounded. The remainder surrendered.
The steam mill at Wilford exploded a few days since, demolishing the mill and seriously injuring three men.

INDIANA.
A Narrow escape.
TERRE HAUTE.—The two robbers of the Vermillion County treasury, who were yesterday pursued by citizens, swam the river and came across two citizens, and compelled them, at the point of a revolver to strip, when the robbers put on their clothes and escaped. The naked citizens were captured for the robbers, and were taken to Clinton for trial, when their identity was discovered.

NEW YORK.
The Baptists in General Session—Paper Makers' Convention—Emigrants still coming—Female Teachers' Petition for the right to teach the Boys—Damage from Rising Water—Trial postponed—Legislation.
At the session, yesterday, of the Baptist Educational convention, Dr. Carry, of Richmond, made a remark upon the condition and prospect of education in the South, as affecting both races. He claimed that it was the duty of the Baptists to do all in their power to establish schools and colleges and to promote enlightenment. In the evening session, a paper was read upon the necessity of ministers receiving a good classical education.
A convention of the paper makers of the United States, met yesterday to establish such a union as exists in other trades, and to take steps to prevent the present over-production of paper, which has reduced the price of some grades below the cost of production at the mills represented. It was resolved to issue a call for a general meeting of the trade, to be held on the 20th of May.
A correspondent telegraphs that the statement that the British Government had applied for permission to send troops through our territory to the Red River country is simply a canard. No application of the kind has been made nor would it be granted on any conditions by the Administration, as there is not a single member of the cabinet who favors such a thing, and the British government is well aware of the fact.
It is stated on unquestionable authority that Thornton has not made a protest against the Darien Canal treaty, and it is not at all probable that any protest will be made.
About one thousand emigrants landed yesterday at Castle Garden, almost entirely Germans.
ALBANY.—Accounts from different parts of this county state that several bridges, houses, barns, and grist and saw mills were swept away by the flood yesterday; a number of persons narrowly escaped, but no lives were lost. The bill repealing the Registry law, except in New York City, has passed the Senate; also a bill removing disabilities from colored voters.
The New York Arcade Railroad bill has passed the Legislature.
A petition has been signed by the female teachers of the public schools, and presented to the board of education, asking the restoration of corporal punishment, as the women declare that experience has taught them that the rod alone is of any effect to keep an unruly class of boys in subjection.
The telegraph continues to report extraordinary high water throughout the region over which the recent storm passed. It is still raining in Maine and New Hampshire. The Merrimac is within a few inches of the height it reached in the great October freshet. The villages and towns in the Mohaw Valley are inundated and the whole valley is full of water. Much damage and loss are apprehended from the breaking of the lumber booms. The damage to the railroads by the rise of the Chemung is in a fair way to be repaired.
NEW YORK, 21.—The McFarland trial has been adjourned until Monday, in consequence of the illness of the Recorder.
ILLINOIS.
A Drunken Illinois Hart himself—Negro Jurymen—Lively Times expected in the House over the Georgia Bill—Judge Hackett Dangerously Ill—Trouble Likely at the Bank Fisheries.
CHICAGO.—At Jacksonville, Illinois, Capt. Ed. McConnell, son of General Murray McConnell, who was murdered in his office in that city over a year ago, rose in the night while laboring under delirium, induced by excessive drinking, and cut and slashed himself in the head, face and throat in a shocking manner with a penknife; he then went to the kitchen and took a sad iron and pounded his face and head almost to jelly. He was found in his room in the morning unconscious through loss of blood. His family had been apprehensive of something of the kind, and one of his brothers had drawn the charges from a revolver, which was found with

all the caps exploded, showing that he first tried to shoot himself.
Three negroes sat on a jury in the Justice's Court in this city yesterday being the first instance of the kind in the history of the State.
Washington specials say there is a prospect of lively times in the House when the Georgia bill comes up for action. When Butler first asked its reference to the reconstruction committee, Bingham objected, but afterwards it was so referred. The Bullock lobby is doing all it can to defeat the House agreement with the Senate, and Bullock himself is very busy in the House.
The *Tribune's* New York special says that Judge Hackett will not recover from the illness which caused the adjournment of the court to-day. His health has been poor a long time; he is suffering from heart disease, and there is little probability that he will be able to hold court to-morrow.
General O'Neil, in his farewell address to the Fenian Congress, yesterday, recommended an immediate movement on Canada.
The naval authorities are about to send to the fishing banks the steamer *Frolic* to look after our fishing interests. This is owing to the recent action of the Canadian Parliament, which has proposed to enforce the claim that American fishermen have no right to fish within three miles of the coast without Colonial licences.

OHIO.
Fatal Explosion.
TOLEDO.—A locomotive exploded here to-day, killing the fireman and fatally injuring the engineer.
MASSACHUSETTS.
Burlingame's remains.
BOSTON.—The remains of Burlingame are deposited in Farwell Hall; the public will be admitted to-morrow.

WISCONSIN.
Found hanged.
MILWAUKIE.—Mrs. Lydia Danville, of Greenfield, was found yesterday, locked in a room at her residence, suspended by a rope. A divorce suit was pending between her and her husband. The latter was arrested to await developments.

PITTSBURG.
\$10,000 Fire.
PITTSBURG.—Two hundred barrels of oil, in the refinery of P. W. Rosendurger, were burned to-night; the building was partly destroyed. Loss \$10,000.

FRANCE.
The Vote "No" Solicited etc.
PARIS.—The *Siecle* publishes a vigorous appeal to the electors of France, to vote "No" on the question of personal government. Among the signers of the appeal are Messrs Arge, Bancel, Cremieux, Gambetta, J. Henry, Garnier Pages and Jules Simon.
The *Figaro* says that M. Darn and Buffet left the ministry because they received a letter from the Duke d'Almeida, telling them to do so, else the Orleanists might vote for the Plebiscitum. *Figaro* adds that the Emperor has a copy of this letter in his possession. The committee in favor of the Plebiscitum has already collected three millions of francs towards paying the expenses.

SPAIN.
A Contemptible Pittance Refused—In-cessant Demonstration.
MADRID.—The family of Prince Henry de Bourbon has refused to accept the indemnity of six thousand dollars, imposed upon the Duke de Montpensier.
An industrial demonstration was made at Cadix yesterday, but was quickly suppressed by the local authorities. One of the rioters was killed and several badly wounded.
