Today's mail brought the following self-explanatory letter to President Joseph F. Smith from the Hon. William F. Doty, consul for the United States, Tahitl, Society islands, regarding the recent terrible disaster by wind and wave:

Consular services U. S. A., Tahiti, S. L. Feb. 15, 1906. President Joseph F. Smith, of First Presidency Latterday Saints, Salt Lake City. Dear, Sir-It gives me great pleasure to inform you that during the cyclone and high water at Papeete, Tahiti, Feb. 8, the "Mormon" Elders rendered conspicuous service at the American consulate, at the risk of their lives, to rescue the archives. The Elders were Messrs, Hall, Peck, Clawson, Pierson, Tibbetts, Miner, Wilkinson, Noall and Huffaker. Mrs. Hall and Mrs. Wilkinson also wore kind and hospitable to myself and my relatives during three days, while we were their guests.

ELDER HALL'S LETTER. Papeete, Tahiti, Feb. 18, 1906, President Joseph F. Smith and Coun-sclors, Salt Lake City, Utah. Dear Brethren—The steamer is here again so I avail myself of the opportunity of reporting to you the condition of this mission. You will see by the pa-pers that we have had a cyclone in this section which has done great damage to the low lands of many of these islands, and it may be many months before we learn all the dam-age which has been done. However, I

The cyclone or hurricane reached the velocity of 120 miles an hour. It struck the island about midnight on Feb. 7, and continued until about 4 o'clock on the next afternoon. The Island of Anaa, Tuamoutu group is believed to have been the center of the storm. At Papeete about 7 o'clock on the evening of February 7 the sea began to break heavily over the reef; the waves in the harbor washed over the quay. There was no wind. Many narrow escapes from drowning have been reported. Bridges and roads were badly damaged on the Island of Tahiti. The village of Tarona, near the arsen-af, was completely swept away. The postoffice at the fort reveals the symptoms of the fever. One of the postal clerks said yesterday that never before have there been so many letters sent to mothers, girls, and friends at home by the soldiers as within the last few weeks. #### Boulder Wants Dual Meet. But it Will Hardly be Granted This Year-Date Set for State Meet.

The athletic squad of the University of Utah is to have all it can do from now on in the way of training down for excellent work. The best efforts of the team will be needed, and the chance ahead instead of being the certainty of winning a Utah state meet, is to be the opportunity of winning the Rocky Mountain championship in track and field. The Utah yeam is entered for a conference meet to be held at the Boulder campus, Saturday, May 19, in which Colorado university, the University of Wyoming, the University of New Mexico, Colorado college, Denver university, the Colorado Agricultural college, and the Colorado School of Mines, will be entered. With hard work. Utah's chances to win are far from unfavorable.

Coach Joseph Maddock returned at noon today from the Rocky Mountain conference, held at Denver Saturday. and brought this information with him, as the result of his visit there.

#### UTAH IS RECOGNIZED.

UTAH IS RECOGNIZED. "One thing I noticed," he declared this morning, "Is that they no jonger consider Utah in a class to play prac-tise games upon. The way most Colo-rado teams went down in football, has suggested to Bouider that they would rather meet Utah than schools of their own state, and Boulder wants to come to Salt Lake this spring for a dual meet with us. I have not signed up for this, however, as I do not know that we have an open date. The Rocky Mountain meet will be annual, and next year will possibly be held at the Den-ver university track, and this gives Utah at least one big meet a year. The best men of the Rocky Mountain meet will be sent on to Chicago to enter the big middle west meet, at the ex-pence of the conference, and if Utah men will work, there are several with good chances to go."

All the low lands and the busi-ness part of town were flooded and every house broken to pieces or washed away, but so far only seven lives have been reported lost. The "Reor-ganite" mission which included a large meetinghouse and from 50 to 100 frame houses was entirely washed away and nothing but a sand bank left. Our Saints here in Papeete have not suffered to any great extent, but I am afraid that they have suffered greatly in Tuamotu islands, for there has been three islands reported flooded but no loss of life, and the rest of the islands have not been heard from yet.

Many subjects came up of a difficult nature to handle, as there was a gen-cral tendancy to hold differing opin-ions. However the spirit of arbitra-tion was strong, and finally only those things were agreed to which were agreeable to all concerned. The four year rule was adopted, but the rule against preps was discarded, as was also the three year rule, and the one year of residence rule. #### Crusade Now on in Earnest to Prevent It.

The crusade against truancy in the public schools of the city is now on in carnest and in connection with that matter two complaints were sworn to today by Truant Officer Clayton of the board of education against proprietors and managers of local business houses charging them with contribut-ng to the delinquency of boys under he age of 16 years by giving them imployment and thus preventing them from attending school. Their cases will come up for hearing before Judge Brown of the juvenile court fomor-

row. It is the intention of Supt. of Schools Christensen and the truant officer of the beard of education to lodge com-plaints against business men and also the parents of children of school age who are being kept out of school to work. The officers have been lenient with such offenders in the past and have given them sufficient warning and from how on they will have to answer from now on they will have to answer to the court for their action in the natter.
