ENLARGEMENT OF QUINCY SCHOOL

Board of Education Decides on Measure to Relieve Crowded Condition of Schools.

DESERTED BRIDE OF A WEEK

Now Seeks a Divorce—Fugitive Services—Alleged Fish Poachers—Weddings—News Briefs.

Ogden, June 18.—A special session of the board of education was held yesterday afternoon to determine on the proposition to increase the capacity of the Quincy school from a four room to an eight room building. It was decided to make the change and instructions were given the clerk to advertise for bids, so that work on the addition can be commenced at once and completed by the beginning of school in September. The board came to the conclusion that by making the improvement at the Quincy school, it will relieve the overcrowded condition at the Madison, Lewis and Dea schools which has been a source of trouble to the board for a couple of years. Up to the present time the Quincy school has had but four grades, but in the future all the eight grades will be taught. The board has also had considerable difficulty in caring for the school children of Nob Hill, but the enlargement of the Quincy school will provide a place for them.

W. N. Patterson, who has been county superintendent of schools and is considered one of the very best teachers in Ogden, was elected a teacher last evening, and it is expected will be made principal of one of the schools. Other teachers elected were Nellie McDermott, Mabel Lucus, and Fae Parry.

Miss Evelyn Dalrymple was chosen secretary of the principal's office for the coming school year. All of the factors were engaged to care for the respective buildings during the vacation at a small salary.

FUNERAL SERVICES.
Impressive funeral services over the remains of Mrs. Elizabeth Ann Wilson, who died Friday, were held at the Wilson ward meetinghouse yesterday afternoon at 2 o'clock. Bishop Stratford officiating. The music was furnished by the ward choir. The speakers were President C. F. Middleton, Elders David McKay, Charles Wright, Albert Bingham and Bishop Stratford, who spoke in kindly terms of the deceased, her exemplary God-fearing life, and comforted the husband and family in the principles of the gospel. The services were well attended. Interment took place in the Ogden city cemetery.

At the third ward meetinghouse yesterday afternoon a large number of relatives and friends of Mr. and Mrs. W. H. Collins assembled to sympathize with them in the bereavement in the death of their little son. Appropriate

U. C. T. CONVENTION.

Preparation About Complete for Big Event Friday and Saturday.

Provo, Utah Co., June 18.—A special meeting of the Commercial club was held last night to hear reports from committees having in charge the preparations for the U. C. T. convention Friday and Saturday. The reports showed that everything is moving along favorably and that preparations are made which will insure a big time for all who attend. The report of the finance committee showed that \$220.00 had been collected from Provo citizens to defray expenses.

Decorations are now being extensively made on public and private buildings for the occasion, and the street lighting and decorations will be all that can be desired. Speeches will be made Friday morning after the parade by the governor, Senators Simpson and Sutherland, and others from the balcony in front of the Reed Smoot building on Academy avenue.

Agents of the club will be on the excursion train from Salt Lake Friday morning to sell tickets for rooms to those who have not made arrangements for hotel accommodations, and these tickets will also be on sale at the Commercial club Friday and Saturday.

CAPTURES GILA MONSTERS.

Elder David O. McKay returned yesterday from a two weeks' visit with President Francis M. Lyman to the St. George and Parowan stakes in the southern part of the state. He says the people there are rejoicing over the bright outlook for a bounteous season. Peaches are now ripe at St. George and are very delicious. The season is somewhat backward, occasioned by the cold rains, which have swelled the streams, assuring an abundance of water for irrigation purposes. While traveling over the trail between St. George and the lava, he and his party captured a "Gila monster," a four-foot and a half long and a most beautiful specimen of the poisonous creature, which was formed and then placed in alcohol for preservation. It has been presented to the Weber Stake academy.

According to the allegations of a divorce complaint filed in the Second district court, George B. Porter, after one week of wedded life with Lilla V. Porter, willfully deserted her and has ever since failed to provide for her. They were married in Salt Lake City June 8, 1906, and on the 15th of the same month defendant abandoned his wife and has ever since refused to live with her.

CHARGED WITH FISH POACHING.

County Atty. N. J. Harris prepared complaints for infractions of the fish and game law, which were sworn to by County Fish and Game Warden John M. Groves, and warrants were issued out of Judge Murphy's court and placed in the hands of Sheriff Sebring. There are four counts against N. C. Mortensen, three against D. F. Woods and one against John Doe Larson, charging them with having in their possession fish unlawfully taken from the public waters. The men all live at Huntsville.

JURY JURORS.

The following named trial jurors have been drawn to serve during the July term of the Second district court: C. L. Leavitt, William Dick, William H. Voorhies, H. H. Kinsey, James F. Hadley, Alexander S. McBeth, David M. Moore, Elias A. Bowen, Samuel F. Guthrie, L. H. Ashton, Thomas S. Hutchinson, Herbert G. Adams, Simon S. Jensen, John McCready, of Ogden; Jesse B. Powers, Hooper, John A. Dyer, Nathaniel William Dick, of North Ogden; Carl E. Peterson, Huntsville; L. J. Taylor, Harrisville; John L. Alford, Parley Smoot, Slaterville; Royal N. Rasmussen, of Ogden; Charles D. McFarland, West Weber; William Knight, Plain City; Joseph M. Folkman, Warren.

WEDDING LICENSES.

Licenses to wed were granted by the county clerk to the following couples: George W. Murphy, Jr., and Miss Josie F. Clark, both residents of Ogden City. George D. Horrocks and Miss Chris-

CASE OF ASSAULT.

A young man who did not leave his name, called at the police station yesterday afternoon suffering from a bad scalp wound on the right side of the head. Dr. Condon, chief physician, was summoned and dressed the wound which required several stitches to close it up. He said that he went to the St. Louis rooming house yesterday afternoon and inquired of the landlady for a friend named Davis, but as he did not get a satisfactory answer, he went to the saloon in the room in the house. He would knock on the door and walk in. He knocked on one room and there met his Waterloo. A man punched him on the nose and gave him a severe beating, inflicting the scalp wound.

SUDDEN DEATH OF REED ALLEN.

Popular Young Man Called Without Warning.

Ogden, June 18.—Reed Allen, the 20-year-old son of Dr. and Mrs. J. X. Allen of this city, died very unexpectedly at 4:30 this morning at his residence, 365 Twenty-third street. The young man was in apparently good health yesterday, and was driving with Miss Belle Corsey, a daughter of his father, to the city. They had driven to Willard, in Box Elder county and had returned to the home of the young lady in the evening when Mr. Allen was stricken with a numbness all over his body. Dr. Rich was hastily summoned, but before his arrival the young man became unconscious. He was removed to his father's home, where he died without regaining consciousness at the hour given. The exact cause of death is not determined, but as deceased suffered with heart weakness, it is supposed that was the cause.

Mr. Allen was one of the most popular young men in Ogden. He was born in this city June 8, 1887, and was employed by Jesse Driver as a drug clerk at the time of his death. He had intended leaving for California this morning to visit a friend who was very ill. He was the youngest son of Dr. J. X. Allen, to whom his death comes as a terrible shock, being 7 years old. Funeral arrangements will be announced later.

BRIEFS AND PERSONALS.

The \$10,000 damage suit of N. B. Stowell against O. J. Stillwell was completed this morning in the Second district court, and went to the jury shortly before noon.

The court confirmed the sale of a piece of real estate belonging to the Matthias Gillette estate, the consideration being \$1,200.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking this great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists at fifty cents a bottle, and one-dollar size.

You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

About 200 persons were in attendance, the banquet being served in the Wightman hotel and the program and ball at the pavilion.

PILGRIMAGE OF THE UTAH PIONEERS.

SIXTY YEARS AGO TODAY.

SATURDAY, JUNE 19, 1847.

At 8 o'clock a. m. the pioneers resumed their journey once more, leaving the 16 men already mentioned in charge of the team at the crossing of the North Fork of Platte river. These men were instructed to come on with the next company of salaried men, who were expected in a matter of six weeks.

The camp started out in good health and spirits, and the teams were in very good order. It was remarked by several of the men that their stock had fattened so much while stopping at the ferry that they hardly knew them. The first six miles of the road from the ferry runs nearly due west, over several high bluffs, then it turns suddenly to the south and crosses a very high bluff, the ascent of which is fully a mile from foot to summit. There is some interesting scenery on the top of this bluff, especially a range of rough, coarse and sandy rocks of a dark brown color, rising abruptly above the surface of the land in huge masses. The descent on the south side was rough, crooked and uneven. After passing over several other steep pitches and rises, we halted for noon at 1 o'clock p. m. in an open good grass about a quarter of a mile from a small spring. This was the first water we came to after leaving the ferry, 11 1/2 miles distant.

The Red Buttes are nearly opposite to this place towards the southeast, and appear to be two high bluffs of red earth or sand, presenting a very singular yet interesting appearance. After stopping about an hour it was decided to move on to the spring, and we started accordingly. We found it to be a small stream of water rising out of the quicksand. At the distance of 12 miles from the ferry there is quite a lake of water supposed to be supplied by springs in the bottom. Indeed we could see water bubbling up out of the mud in several places. The grass on the banks of this lake was good and plentiful, but no timber within two miles or upwards.

After watering our teams at the lake we resumed our journey about 3 o'clock p. m., bearing nearly a southwest course over rolling prairie. At the distance of eight miles from the spring there is a steep descent from a bluff, and at the foot there is a high ridge of sharp pointed rocks running parallel with the road for nearly a quarter of a mile, leaving only sufficient space for the wagons to pass. At 20 minutes to 8 o'clock p. m. we formed our encampment in a small spot surrounded by high bluffs, having traveled this afternoon 10 1/2 miles and during the day 21 1/2 miles, which is the longest distance traveled in one day since we left Winter Quarters, and this is considered by all to be the worst camping place we have had on the journey; but we were obliged to take it, for there has been neither wood, grass or water since we left the spring, the land being perfectly sandy and barren and nothing growing but wild sage and small prairie grass. There is some grass in this place for our teams, but no wood, so the brethren have to make use of the sagebrush and buffalo chips to do their cooking. There are a few small streams of water, but the water is so strongly impregnated with salt and saleratus, and smells so bad that the cattle will not drink it. The banks of this creek are so soft and miry that an animal going down to drink will immediately sink in the thick filthy mud. It is, in fact, the most horrible and disgusting place I ever saw. It was found necessary to keep a guard

out to prevent the cattle from getting into it, but notwithstanding this precaution several oxen were nearly mired to death there in the evening. The mosquitoes are very bad indeed at this place, which adds to the loathsome solitary scenery around.

"During the afternoon and evening four buffaloes were killed by the hunters."
